

*-The book integrates the latest evidence-based research from leading scholars with personal practical advice from a mother whose adolescent has Asperger Syndrome and from a young man who has Asperger Syndrome. -Written by professionals, one of whom is also a parent of a child with Asperger's. -Lifespan approach from early childhood to adulthood -Contains both research content as well as practical, first-hand advice with chapters written by parents, as well as a first-hand account of growing up with Aspergers.*

*Luke Jackson's unabridged and sparkling sequel to his best-selling user guide to adolescence Freaks, Geeks and Asperger Syndrome is the must-read handbook for teenagers and young adults on the autism spectrum. With devastating clarity, Luke focuses on the pitfalls involved in navigating the transition to adulthood, and the challenges of adult life. He covers everything from bullying and drugs to socialising, sex, negotiating relationships, and finding and keeping your first job.*

*Most people with Non-Verbal Learning Disorder or AS are underemployed. This book sets out to change this. With practical advice on everything from job hunting to interview techniques, from 'fitting in' in the workplace to whether or not to disclose a diagnosis, this book guides people with NLD or AS successfully through the employment mine field.*

*A Guide to Help Teenage Males with Asperger Syndrome Trouble-Shoot Life's Challenges*

*The Unwritten Safety Rules No-one is Telling You*

*Topics and Issues for Consideration by Teachers and Parents*

*Parallel Play*

*Adult Asperger's Syndrome*

*For Autism, Asperger Syndrome and ADHD*

*The ADHD-Autism Connection*

Offers insights by a teenager with Asperger's syndrome into the difficulties of the disorder, including information on fascinations and obsessions, sensory perception, sleep, bullies, moral dilemmas, eating, and socializing.

This proposed volume will provide in-depth coverage about a construct known as the broad autism phenotype (BAP).

This book is essential reading for anyone who works with adolescents or adults with high functioning autism or Asperger syndrome. This includes health, housing, social care, secondary schools, universities and employment agencies. This book is essential reading for anyone who works with adolescents or adults with high functioning autism or Asperger syndrome. This includes health, housing, social care, secondary schools, universities and employment agencies. The guidelines offered are the result of a three year Avon

Asperger Syndrome Project which Andrew managed. The guidelines are practical and clearly set out, based on good practice and the real needs of very vulnerable people whose needs are all too often not always addressed.

At last, long-awaited answers to the questions you 've been asking. Help for frustrated ADHD patients and their families. (As well as those with autism, PDD, Asperger 's syndrome, and other related conditions.) Attention deficit/hyperactive disorder (ADHD) is one of the most rapidly growing diagnoses of our generation. Often the diagnosis fails to provide real help, leaving patients, doctors, and families at a loss to know what to do next. But for the first time ever, new insights into the overwhelming number of similarities between

Autism and ADHD are giving those with ADHD genuine hope. For years, the label of Autism has carried a negative connotation. Parents were afraid to admit the diagnosis and banished the term from discussion. Finally, The ADHD-Autism Connection gives parents, educators, and doctors a reason to embrace autism with a renewed sense of hope and understanding. This book will show how these understandings can minimize the frustration, misdiagnoses, and misunderstandings ADHD sufferers and their families face.
