In the year 1492, the Inquisition has all of Spain in its grip. After centuries of pogrom-like riots encouraged by the Church, the Jews - who have been an important part of Spanish life since the days of the Romans - are expelled from the country by royal edict. Many who wish to remain are intimidated by Church and Crown and become Catholics, but several hundred thousand choose to retain their religion and depart; given little time to flee, some perish even before they can escape from Spain. Yonah Toledano, the 15-year-old son of a celebrated Spanish silversmith, has seen his father and brother die during these terrible days - victims whose murders go almost unnoticed in a time of mass upheaval. Trapped in Spain by circumstances, he is determined to honor the memory of his family by remaining a Jew. On a donkey named Moise, Yonah begins a meandering journey, a young fugitive zigzagging across the vastness of Spain. Toiling at manual labor, he desperately tries to cling to his memories of a vanished culture. As a lonely shepherd on a mountaintop he hurls snatches of almost forgotten Hebrew at the stars, as an apprentice armorer he learns to fight like a Christian knight. Finally, as a man living in a time and land where danger from the Inquisition is everywhere, he deals with the questions that mark his past. How he discovers the answers, how he finds his way to a singular and strong Marrano woman, how he achieves a life with the outer persona of a respected Old Christian physician and the inner life of a secret Jew, is the fabric of this novel. The Last Jew is a glimpse of the past, an authentic tale of high adventure, and a tender and unforgettable love story. In it, Noah Gordon utilizes his greatest strengths, and the result is remarkable and moving.

Born into a family of corpse washers, Jawad abandons tradition by enrolling in Baghdad's Academy of Fine Arts to study sculpting, but the conditions caused by Saddam Hussein's oppressive rule force a return home to the family business.

*“Whether depicting erotically charged harem intrigue or siege warfare, The Book of Saladin is an entertaining feat of revisionist storytelling” —The Sunday Times As victories mount and accolades are showered upon the great warrior Saladin, he is nearly deified. He conquers the infidel Franj, or Crusaders, and reclaims the holy city of Jerusalem while remaining true to his senses of honor, justice, and humor. When it comes time for Saladin to record his own story, he turns to a Jewish scribe. In the interlinking stories of The Book of Saladin, the mighty sultan deftly navigates the deep chasms separating Muslims, Christians, and Jews.*

*A late public intellectual and advocate for the Palestinian cause discusses in his final, provocative interview such topics as his approach to the study of culture, his dislocated existence, his love of literature and music, and his initiation into politics.*

*NATIONAL BOOK AWARD LONGLIST The first English-language story collection from “one of Iran’s most important living fiction writers” (Guardian), “a playful, whip-smart literary conjuror: a Kundera or Rushdie of post-Khomeini Iran” (Wall Street Journal) In Seasons of Purgatory, the fantastical and the visceral merge in tales of tender desire and collective violence, the boredom and brutality of war, and the clash of modern urban life and rural traditions. Mandanipour, banned from publication in his native Iran, vividly renders the individual consciousness in extremis from a variety of perspectives: young and old, man and woman, conscript and prisoner. While delivering a ferocious social critique, these stories are steeped in the poetry and stark beauty of an ancient land and culture.*

*Radwa Ashour skillfully weaves a history of Granadan rule and an Arabic world into a novel that evokes cultural loss and the disappearance of a vanquished population. The novel follows the family of Abu Jaafar, the bookbinder his wife, widowed daughter-in-law, her two children, and his two apprentices as they witness Christopher Columbus and his entourage in a triumphant parade featuring exotic plants and animals and human captives from the New World. Embedded in the narrative is the preparation for the marriage of Saad, one of the apprentices, and Saleema, Abu Jaafar's granddaughter a scenario that is elegantly revealed in a number of parallel scenes. As the new rulers of Granada confiscate books and officials burn the collected volumes, Abu Jaafur quietly moves his rich library out of town. Persecuted Muslims fight to form an independent government, but increasing economic and cultural pressures on the Arabs of Spain and Christian rulers culminate in Christian conversions and Muslim uprisings. A tale that is both vigorous and heartbreaking, this novel will appeal to general readers of Spanish and Arabic literature as well as anyone interested in Christian-Muslim relations.*

An ailing king attempts to unify the Christian and Muslim worlds of medieval Sicily in this “marvelously paced and boisterously told novel of intrigue” (The Guardian). Amid the chaos and misery of the Middle Ages, Sicily proved to be an island in more ways than one. Even after Christians reconquered the island, the citizens retained their Muslim culture. One ruler became a bridge between worlds, speaking Arabic fluently, maintaining a harem, and even taking on the dual titles of King Roger of Sicily and Sultan Rujari of Siqilliya. Aiding Rujari is the Muslim cartographer Muhammad al-Idrisi. As the Sicilian leader descends into old age and the island is pulled toward European values, al-Idrisi is caught between his friendship with Rujari and the plots of resistance brewing among his fellow Muslims. Pride and friendship collide with greed and lust in Tariq Ali’s rich novel of medieval Sicily.

On July 7, 2005, the murderous mayhem that Blair’s war has sown in Iraq came home to London in a devastating series of suicide bombings. Two weeks later, with apparent impunity, security forces shot dead a young Brazilian electrician on his way to work. Rough Music is Tariq Ali’s riveting response to these events. He lays bare the vengeful platitudes of Blair’s war on civil liberties, mounts a scorching attack on the cozy falsehoods of the government’s “consensus” on what the threat amounts to and how to respond, and denounces the corruption of the political-media bubble which allows it to go unchallenged. Finally, invoking the perseverance and integrity of the great dissenters of the past, he calls for political resistance, within parliament and without.

The hip break-out novel from 2016 Man Booker Prize winning author, Paul Beatty, about a disaffected Los Angeles DJ who travels to post-Wall Berlin in search of his transatlantic doppelganger. Hailed by the New York Times and the Los Angeles Times as one of the best writers of his generation, Paul Beatty turns his creative eye to man’s search for meaning and identity in an increasingly chaotic world. After creating the perfect beat, DJ Darky goes in search of Charles Stone, a little know avant-garde jazzman, to play over his sonic masterpiece. His quest brings him to a recently unified Berlin, where he stumbles through the city’s dreamy streets ruminating about race, sex, love, Teutonic gods, the prevent defense, and Wynton Marsalis in search of his artistic-and spiritual-other. Ferocious, bombastic, and laugh-out-loud funny, Slumberland is vintage Paul Beatty and belongs on the shelf next to Jonathan Lethem, Colson Whitehead, and Junot Diaz.

“Tariq Ali captures the humanity and splendor of Muslim Spain . . . real history as well as fiction . . . a book to be relished and devoured” (The Independent). The savagery of the Reconquest tore apart the world of the Banu Hudayl family. For the doomed Muslims of late-fifteenth-century Spain, the approaching forces of Christendom bring not peace but the sword. Capturing the brutality of a war both military and cultural—and the price paid by the innocent—Tariq Ali opens his Islam Quintet with a harrowing and profound historical fiction.

Who Killed Indira G?

The Assassination

The occupation of Afghanistan is over, and a balance sheet can be drawn. These essays on war and peace in the region reveal Tariq Ali at his sharpest and most prescient. Rarely has there been such an enthusiastic display of international unity as that which greeted the invasion of Afghanistan in 2001. Compared to Iraq, Afghanistan became the “good war.” But a stalemate ensued, and the Taliban waited out the NATO contingents. Today, with the collapse of the puppet regime in Kabul, what does the future hold for a traumatised Afghan people? Will China become the dominant influence in the country? Tariq Ali has been following the wars in Afghanistan for forty years. He opposed Soviet military interven- tion in 1979, predicting disaster. He was also a fierce critic of its NATO sequel, Operation Enduring Freedom. In a series of trenchant commentaries, he has described the tragedies inflicted on Afghanistan, as well as the semi-Talibanisation and militarisation of neighbouring Pakistan. Most of his predictions have proved accurate. The Forty-Year War in Afghanistan: A Chronicle Foretold brings together the best of his writings and includes a new introduction.

The story of a dying man and a waning empireThe Stone Woman has stood on the Sea of Marmara near Istanbul for generations. The ancient pagan icon has become a confessor, allowing people to release their guilt without consequence. Close to the Stone Woman is the family home of Iskander Pasha, a distant descendant of an exiled Ottoman courtier. When the aged Iskander suffers a stroke, his family rushes to his side to hear his last stories. As the dying man revisits his life, a complex family drama emerges, tracing the labored final breaths of an empire in decline. Through the diverse Pasha clan, Tariq Ali reveals sexual intrigue, political unrest, and domestic tension simmering in the ashes of the Ottoman Empire. In the third book of his acclaimed Islam Quintet, Ali draws a nuanced and powerful portrait of the Muslim world.

Who killed Mrs Gandhi? We know the name of the assassins, but did they act alone? In this fictional filmscript, Tariq Ali suggests that larger forces were at work, exploiting genuine Sikh grievances to settle their own score with a prime minister who, whatever her faults, was fiercely independent of Washington and safeguarded Indian sovereignty with a zeal inherited from her father. Provocative and suggestive, this script planned as the second of a series was never completed. The Assassination is published here for the first time and completes Ali’s trilogy, with The Leopard and The Fox and A Banker For All Seasons.

Pakistan 1968: the history of a revolution Even as they were taking place, the events that shook Pakistan in 1968–69 were underplayed in the Western media. Following a long period of tumult, a radical coalition—led by Zulfikar Ali Bhutto—brought down the military regime of Field Marshal Ayub Khan, just as it was celebrating its tenth “glorious” anniversary. Students, soon joined by workers and later by virtually every subaltern social stratum (including sex workers), took on the state apparatus of a corrupt and decaying military dictatorship created and backed by the United States. They were joined by workers, lawyers, white-collar employees, and, despite severe repression, they won. The fundamentalist party Jamaat-Islami opposed the movement and faced complete isolation. The most popular chants were “Socialism is on the way” and “Food, clothes, shelter.” Ayub was forced to resign. His weak-kneed successor had to permit the country’s first general election, probably the freest in its tormented history. In his riveting account, written in 1970 in the white heat of events, Tariq Ali offers an eyewitness perspective, showing that this powerful popular movement was the sole real victory of the 1960s revolutionary wave. The election cracked open all the contradictions of the old state, as Ali had predicted. The military and the West Pakistani ruling elite refused to accept the results and embarked on a civil war. The result was the birth of a new state, as East Pakistan broke away to become Bangladesh.

*Pakistan stands on the front line of the faith and politics of Islam Today, 23 percent of the global population is Muslim, but ignorance and misinformation about Islam persist. In this fascinating and useful book, Perry Anderson interviews the noted scholar of Islam Suleiman Mourad about the Qurʿan and the history of the faith. Mourad elucidates the different stages in Islam’s development: the Qurʿan as scripture and the history of its codification; Muhammad and the significance of his Sunna and Hadith; the Sunni-Shiʿi split and the formation of various sects; the development of jihad; the transition to modernity and the challenges of reform; and the complexities of Islam in the modern world. He also looks at Wahhabism from its inception in the eighteenth century to its present-day position as the movement that galvanized modern Salafism and gave rise to militant Islam or jihadism. The Mosaic of Islam reveals both the richness and the fissures of the faith. It speaks of the different voices claiming to represent the religion and spans peaceful groups and manifestations as well as the bloody confrontations that disfigure the Middle East, such as the Saudi intervention in the Yemen and the collapse of Syria and Iraq.*

In a wide-ranging conversation, filmmaker Oliver Stone and writer Tariq Ali discuss world history from the seventh century to today.

Several months after Nutrexo’s downfall, Andi plunges into a new mission: investigating a dietary supplement with unusual, potentially-dangerous side effects. Cyrus wants to help, but he’s hopelessly distracted by the painful secret he’s been hiding about his older brother. He can’t bring himself to tell anyone what really happened that night. Not even Andi. Meanwhile, Roya is vacationing on a remote island when she makes a chilling discovery. A human skeleton—and near it, a rusty iron key. Can the mysterious girl Roya glimpsed on the bluffs help her piece together some answers? Or will she drag her down into the dark undercurrents flowing beneath them? This sweeping sequel to When We Vanished takes the reader on a journey through time and place, from a 1970s island commune to a present-day corporate apple orchard, as it explores the question of just how far we’ll go to help the people we love.

The Islam Quintet concludes with a powerful portrait of life and loveTariq Ali’s epic quintet, which began on the streets of medieval Granada, culminates in present day with Night of the Golden Butterfly. The story darts between the past and present of Dara, a Lahore-born writer who now lives in London. Dara is called back to his homeland by an old friend, the hot-tempered and mysterious Plato, who, at seventy-five, has finally fallen in love. Dara is to help Plato’s newfound inamorata to write a book about his friend’s life. Dara retraces not only Plato’s steps but also his own, meeting old friends across the world as they retread the paths of their lives. Night of the Golden Butterfly is a gorgeous and lyrical capstone that finds heart and humor in the passage of time, the practice of reconciliation, and the irresistible draw of home.

Hiroko steps out onto the veranda. Her body from neck down a silk column, white with three black cranes swooping across her back. She looks out towards the mountains, and everything is more beautiful to her than it was early this morning. Nagasaki is more beautiful to her than ever before. She turns her head and sees the spires of Urakami Cathedral, which Konrad is looking up at when he notices a gap open between the clouds. Sunlight streams through, pushing the clouds apart even further. Hiroko. And then the world goes white. –From *Burnt Shadows* by Kamila Shamsie -- The morning of August 9, 1945 breaks dreary and unspectacular in the city of Nagasaki. Nonetheless, twenty-one year-old Hiroko Tanaka is elated: she is in love. Her emerging romance with the displaced German Konrad Weiss offers release from the greyness of wartime deprivation. In this time of heightened xenophobia, their affair must be kept secret, particularly as Hiroko's father has recently been outcast for questioning the patriotism of sending children on kamikaze missions. As Hiroko and Konrad furtively plan for a future after the war, there is no way they can comprehend the unspeakable devastation bearing down upon them. Two years later, Hiroko arrives in Delhi at the home of Konrad's sister Ilse and his brother-in-law James Burton. Upon Hiroko's back are crane-shaped scars, seared into her skin when her kimono was incinerated by the bomb. She is on the run from unbearable memories, as well as from the stigma of being branded a hibakusha, a survivor of the bomb. Ilse, in an uncharacteristically impulsive move, welcomes Hiroko into her home, seeing in the brave young woman a possibility of release from her own conscripted existence. Hiroko quickly destabilizes the frigid hierarchy of the household, much to the relief of Sajjad Ashraf, James's bored servant. Tensions are running high in the Mohalla with the looming partition of India and Pakistan. Will Sajjad remain in his beloved Dilli/Delhi, or depart with so many others for the promise of Pakistan? Sajjad's family has secured for him a wife, and he yearns for a legal career, still half-clinging to the hope that James will assist him. But James's only use for him is as a chess opponent, an idle distraction as the Raj winds to a close. The Burtons are preparing to decamp for England, having already dispatched their son Harry to boarding school. But what James does not know is that Ilse is making other plans. A romance blooms between Hiroko and Sajjad, much to the incredulity of the Burtons, whose own emotional lives have become entwined in the futures of their charismatic young charges. Despite outbursts of jealousies and a terrible act of betrayal, the Burtons nevertheless assist Hiroko and Sajjad in their flight to married life in Istanbul. Later the Ashrafs will move to Karachi to raise their son, Raza. The lives of the Ashrafs and the Burtons will remain entwined for decades, though in ways they cannot anticipate. Across continents and through geopolitical flux, each family will continue to act as a catalytic force upon the other, sometimes in life-saving ways, and sometimes causing great peril. Why is it that some bonds flourish in times of crisis, and why do some fail? What defines the character that survives the cruelest of circumstances? And how is it that entire populations can support unspeakable acts en masse, while relating as individuals with compassion? Longlisted for the prestigious Orange Prize for Fiction, Kamila Shamsie's *Burnt Shadows* is an enthralling meta-cultural epic, the panoramic tale of two families tangled together in some of the most devastating conflicts of modern history.

Rumi is now acknowledged as one of the great mystical poets of the Western world, with huge sales of the many collections of his poetry. Not much is known about his life except that he lived in thirteenth-century Anatolia (now Turkey), had a great spiritual friendship with a wild man called Shams, brought an adopted daughter into his family, and was distraught when Shams finally disappeared. Rumi's Daughter is the delightful novel about Kimya, the girl who was sent from her rural village to live in Rumi's home. She already had mystical tendencies, and learned a great deal under Rumi's tutelage. Eventually she married Shams, an unusual husband, almost totally absorbed by his longings for God. Their marriage was fiery and different and, in the end, dissolved by Kimya's death - after which Shams vanished. Rumi's Daughter tells Kimya's story with great charm and tenderness. Well written and thought-provoking, it is sure to draw comparison with Paulo Coelho's *The Alchemist*, and also to add something fresh and new to what is so far known about Rumi.

Baruch Spinoza (1632–77) is considered one of the great rationalist thinkers of the seventeenth century. His magnum opus, *Ethics*, in which he criticized the dualism of Descartes, solidified his reputation and greatly influenced the Enlightenment thinkers who would build from his work. Born in Amsterdam into a family of Sephardic Jews who had to take refuge there after they were expelled from Portugal, the precocious young scholar imbibed skepticism at an early age. By the time he was twenty-four, he had challenged what he called the “fairy tales” of the Old Testament and was excommunicated by the Synagogue. In this biographical play, Tariq Ali contextualizes Spinoza’s philosophy by linking it to the turbulent politics of the period, in which Spinoza was deeply involved. Ali originally wrote *The Trials of Spinoza* as part of a series on philosophy for British Channel Four television, and this publication also includes a DVD of that original television production. This work will be welcomed as a testament to the continuing interest in and relevance of Spinoza’s work and as an example of Ali’s eloquent and always politically engaged writing.

Tariq Ali s latest play, "The New Adventures of DonQuixote," can be read as a homage to Brecht. It is a blend of past and present as the echoes of history refuse to fade away. The balance of good and bad in the world today indicates that the latter is by far the heavier. As DonQuixoteand Sancho Panza, mounted on their beasts of burden, Rocinante and the Mule, ride into the twenty-first century, they are confronted by old vices familiar to them: war, greed, ethnic and religious prejudices, disappointed love, economic crisis. The mode is satirical, sometimes viciously so. The songs are sad and angry. But there are odd moments of happiness for Quixote, when he imagines that a wounded woman US colonel is Dulcinea and allows himself to be seduced by her in a military hospital in Germany. Primarily interested in discovering the meaning of life and how it is moulded by the world in which we live, Ali s theatrical device in this play is the conversation between the two animals Rocinante the philosopher and Mule the everyman who questions her relentlessly. Accompanied by numerous colour performance stills of the play from its 2013 production in Germany, this volume is as intellectually stimulating as it is uproariously humorous. "
