Only one man knows when the assassins will strike, and even he doesn't know where, how, or most importantly, who they are. He has only six days to track down the senator at the heart of the cold-blooded conspiracy. Six days in which he can waste no time, leave no trail, and trust no one. One wrong word, one false move, and both a nation and a dream will crumble. Master storyteller Jeffrey Archer keeps the pace sizzling in this daring political thriller where treason and betrayal threaten to topple an American dynasty.

With more than 2 million copies in print, the Clifton Chronicles has taken #1 worldwide bestselling author Jeffrey Archer to a whole new level. And the saga continues with Mightier Than the Sword. Bestselling novelist Harry Clifton's on a mission to free a fellow author who's imprisoned in Siberia-even if doing so puts Harry's own life, and life's work, in danger. Meanwhile, his wife Emma, chairman of Barrington Shipping, is facing the repercussions of an IRA bombing on the Buckingham. Some board members feel she should resign. Others will stop at nothing to ensure the Clifton family's fall from grace. In London, Harry and Emma's son, Sebastian, is quickly making a name for himself at Farthing's Bank. He's also just proposed to a beautiful young American, Samantha. But the despicable Adrian Sloane is only interested in one thing: Sebastian's ruin. Sir Giles Barrington, now a minister of the Crown, looks set for even higher office--until a diplomatic failure in Berlin threatens his prospects. Once again it appears that Giles's political career is thrown off balance by none other than his old adversary, Major Alex Fisher. But who will win the election this time? And at what cost?

Cat O'Nine Tales is the fifth collection of irresistible short stories from the master storyteller and bestselling author Jeffrey Archer. Ingeniously plotted, with richly drawn characters and Archer's trademark of deliciously unexpected conclusions, some of these thirteen stories were inspired by the two years Jeffrey Archer spent in prison, including the story of a company chairman who tries to poison his wife while on a trip to St Petersburg--with unexpected consequences. The Red King is a tale about a con man who discovers that an English Lord requires one more chess piece to complete a set that would be worth a fortune. In another tale of deception, The Commissioner, a Bombay con artist ends up in the morgue, after he uses the police chief as bait in his latest scam. The Perfect Murder reveals how a convict manages to remove an old enemy while he's locked up in jail, and then set up two prison officers as his alibi. In Charity Begins at Home, an accountant realizes he has achieved nothing in his life, and sets out to make a fortune before he retires. And then there is Archer's favorite, In the Eye of the Beholder, where a handsome star athlete falls in love with a three-hundred-pound woman...who happens to be the ninth richest woman in Italy. Jeffrey Archer is the only author to have topped international bestseller lists with his fiction, non-fiction, and his short stories. Cat O'Nine Tales is Archer at his best: witty, sad, surprising, and unforgettable.

The race to save the first woman president begins now... NEW YORK TIMES BESTSELLING author Jeffrey Archer-returns with a powerful tale of twins separated by fate and reunited by destiny. In Hartford, Connecticut, in the late 1940s, a set of twins is parted at birth-not by accident. Nat Cartwright goes home with his parents, a schoolteacher and an insurance salesman, while his twin brother begins his days as Fletcher Davenport, son of a millionaire and his society wife. During the 1950s and 1960s, the two brothers grow up apart, following similar paths that take them in different directions. Nat leaves college at the University of Connecticut to serve in Vietnam, then finishes school, earns his MBA, and becomes a successful currency dealer. Fletcher, meanwhile, graduates from Yale University with a bachelor's and a law degree, going on to

distinguish himself as a criminal defense lawyer. At various times in their lives, both men are confronted with challenges and obstacles, tragedy and betrayal, loss and hardship, before they both decide to run for governor, unaware they are brothers.... In the tradition of Jeffrey Archer's most popular books, *Sons of Fortune* is as much a chronicle of a nation in transition as it is the story of the making of these two men -and how they eventually discover the truth-and its tragic consequences. The Allegory of the Cave, or Plato's Cave, was presented by the Greek philosopher Plato in his work *Republic* (514a – 520a) to compare "the effect of education () and the lack of it on our nature". It is written as a dialogue between Plato's brother Glaucon and his mentor Socrates, narrated by the latter. The allegory is presented after the analogy of the sun (508b – 509c) and the analogy of the divided line (509d – 511e). All three are characterized in relation to dialectic at the end of Books VII and VIII (531d – 534e). Plato has Socrates describe a group of people who have lived chained to the wall of a cave all of their lives, facing a blank wall. The people watch shadows projected on the wall from objects passing in front of a fire behind them, and give names to these shadows. The shadows are the prisoners' reality.

The New York Times Book Review

From the author of *Bunny*, which Margaret Atwood hails as “genius,” comes a “wild, and exhilarating” (Lauren Groff) novel about a theater professor who is convinced staging Shakespeare’s most maligned play will remedy all that ails her—but at what cost? Miranda Fitch’s life is a waking nightmare. The accident that ended her burgeoning acting career left her with excruciating chronic back pain, a failed marriage, and a deepening dependence on painkillers. And now, she’s on the verge of losing her job as a college theater director. Determined to put on Shakespeare’s *All’s Well That Ends Well*, the play that promised and cost her everything, she faces a mutinous cast hellbent on staging *Macbeth* instead. Miranda sees her chance at redemption slip through her fingers. That’s when she meets three strange benefactors who have an eerie knowledge of Miranda’s past and a tantalizing promise for her future: one where the show goes on, her rebellious students get what’s coming to them, and the invisible doubted pain that’s kept her from the spotlight is made known. With prose Margaret Atwood has described as “no punches pulled, no hilarities dodged..genius,” Mona Awad has concocted her most potent, subversive novel yet. *All’s Well* is a “fabulous novel” (Mary Karr) about a woman at her breaking point and a formidable, piercingly funny indictment of our collective refusal to witness and believe female pain.

NEW YORK TIMES BESTSELLER The shocking, definitive account of the 2020 election and the first year of the Biden presidency by two New York Times reporters, exposing the deep fissures within both parties as the country approaches a political breaking point. This is the authoritative account of an eighteen-month crisis in American democracy that will be seared into the country's political memory for decades to come. With stunning, in-the-room detail, New York Times reporters Jonathan Martin and Alexander Burns show how both our political parties confronted a series of national traumas, including the coronavirus pandemic, the January 6 attack on the Capitol, and the political brinksmanship of President Biden's first year in the White House. From Donald Trump's assault on the 2020 election and his ongoing campaign of vengeance against his fellow Republicans, to the behind-the-scenes story of Biden's selection of Kamala Harris as his running

mate and his bitter struggles to unite the Democratic Party, this book exposes the degree to which the two-party system has been strained to the point of disintegration. More than at any time in recent history, the long-established traditions and institutions of American politics are under siege as a set of aging political leaders struggle to hold together a changing country. Martin and Burns break news on most every page, drawing on hundreds of interviews and never-before-seen documents and recordings from the highest levels of government. The book asks the vitally important (and disturbing) question: can American democracy, as we know it, ever work again?

Gathering Dark

Growing up in the slums of East End London, Charlie Trumper dreams of someday running his grandfather's fruit and vegetable barrow. That day comes suddenly when his grandfather dies leaving him the floundering business. With the help of Becky Salmon, an enterprising young woman, Charlie sets out to make a name for himself as "The Honest Trader". But the brutal onset of World War I takes Charlie far from home and into the path of a dangerous enemy whose legacy of evil follows Charlie and his family for generations. Encompassing three continents and spanning over sixty years, *As the Crow Flies* brings to life a magnificent tale of one man's rise from rags to riches set against the backdrop of a changing century.

Spring 1994, Washington, D.C. - While the Clinton Administration grapples with its domestic policies, a sinister plot is being masterminded six thousand miles away in Baghdad. By using \$100 million as bait and spinning a deadly web of corruption, forgery, and terror, Saddam Hussein seeks to embarrass the U.S. with the ultimate revenge: to steal a treasured historical document and then destroy it before the world's media-on July 4, 1994. As the countdown to Independence Day begins, two agents stand in the way of his nearly flawless plan: Scott Bradley, a rising star in the CIA who is desperate to prove his patriotism, and Hannah Kopec, the stunning Mossad operative who has already lost so much that she fears nothing and trusts no one. Their unrelenting quest to prevent what would undoubtedly be the most humiliating day in U.S. history takes them across four continents and climaxes in a dramatic, triple-twist ending. Ingeniously plotted and as up-to-the-minute as today's headlines, *Honor Among Thieves* resonates with the brilliant pace that is the trademark of master storyteller Jeffrey Archer.

International bestseller and master storyteller Jeffrey Archer returns with a tale of fate and fortune, redemption and revenge with *A Prisoner of Birth*. Danny Cartwright and Spencer Craig never should have met.

One evening, Danny, an East End cockney who works as a garage mechanic, takes his fiancé up to the West End to celebrate their engagement. He crosses the path of Spencer Craig, a West End barrister posed to be the youngest Queen's Counsel of his generation. A few hours later Danny is arrested for murder and later is sentenced to twenty-two years in prison, thanks to irrefutable testimony from Spencer, the prosecution's main witness. Danny spends the next few years in a high-security prison while Spencer Craig's career as a lawyer goes straight up. All the while Danny plans to escape and wreak his revenge. Thus begins Jeffrey Archer's poignant novel of deception, hatred and vengeance, in which only one of them can finally triumph while the other will spend the rest of his days in jail. But which one will triumph? This suspenseful novel takes the listener through so many twists and turns that no one will guess the ending, even the most ardent of Archer's many, many fans.

A riveting, deeply personal account of history in the making—from the president who inspired us to believe in the power of democracy #1 NEW YORK TIMES BESTSELLER • NAACP IMAGE AWARD NOMINEE • NAMED ONE OF THE TEN BEST BOOKS OF THE YEAR BY THE NEW YORK TIMES BOOK REVIEW NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The Washington Post • Jennifer Szalai, The New York Times • NPR • The Guardian • Marie Claire In the stirring, highly anticipated first volume of his presidential memoirs, Barack Obama tells the story of his improbable odyssey from young man searching for his identity to leader of the free world, describing in strikingly personal detail both his political education and the landmark moments of the first term of his historic presidency—a time of dramatic transformation and turmoil. Obama takes readers on a compelling journey from his earliest political aspirations to the pivotal Iowa caucus victory that demonstrated the power of grassroots activism to the watershed night of November 4, 2008, when he was elected 44th president of the United States, becoming the first African American to hold the nation's highest office. Reflecting on the presidency, he offers a unique and thoughtful exploration of both the awesome reach and the limits of presidential power, as well as singular insights into the dynamics of U.S. partisan politics and international diplomacy. Obama brings readers inside the Oval Office and the White House Situation Room, and to Moscow, Cairo, Beijing, and points beyond. We are privy to his thoughts as he assembles his cabinet, wrestles with a global financial crisis, takes the measure of Vladimir Putin, overcomes seemingly insurmountable odds to secure passage of the Affordable Care Act, clashes with generals about U.S. strategy in Afghanistan, tackles Wall Street reform, responds to the devastating Deepwater Horizon blowout, and

authorizes Operation Neptune's Spear, which leads to the death of Osama bin Laden. A Promised Land is extraordinarily intimate and introspective—the story of one man's bet with history, the faith of a community organizer tested on the world stage. Obama is candid about the balancing act of running for office as a Black American, bearing the expectations of a generation buoyed by messages of "hope and change," and meeting the moral challenges of high-stakes decision-making. He is frank about the forces that opposed him at home and abroad, open about how living in the White House affected his wife and daughters, and unafraid to reveal self-doubt and disappointment. Yet he never wavers from his belief that inside the great, ongoing American experiment, progress is always possible. This beautifully written and powerful book captures Barack Obama's conviction that democracy is not a gift from on high but something founded on empathy and common understanding and built together, day by day.

Americans have built an empire on the idea of "race," a falsehood that damages us all but falls most heavily on the bodies of black women and men—bodies exploited through slavery and segregation, and, today, threatened, locked up, and murdered out of all proportion. What is it like to inhabit a black body and find a way to live within it? And how can we all honestly reckon with this fraught history and free ourselves from its burden? Between the World and Me is Ta-Nehisi Coates's attempt to answer these questions in a letter to his

adolescent son. Coates shares with his son—and readers—the story of his awakening to the truth about his place in the world through a series of revelatory experiences, from Howard University to Civil War battlefields, from the South Side of Chicago to Paris, from his childhood home to the living rooms of mothers whose children's lives were taken as American plunder. Beautifully woven from personal narrative, reimagined history, and fresh, emotionally charged reportage, *Between the World and Me* clearly illuminates the past, bracingly confronts our present, and offers a transcendent vision for a way forward.

Book Six Of the Clifton Chronicles

To Kill the President

Only Time Will Tell; The Sins of the Father; Best Kept Secret; Be Careful What You Wish For

The Payoff

The history of presidential dealings with disasters shows that whatever their ideology, presidents need to be prepared to deal with unexpected crises. In recent years, the expectations have grown as the disasters seem to appear to be coming more frequently. Since 2001, numerous unpredictable crises, including terror attacks, massive storms, and an economic collapse, have shaken Americans to their core. It seems as if technology, for all of its beneficences, also provides mankind with increasingly powerful ways to wreak destruction, including nuclear explosions, bioterror attacks, and cyber-attacks. In addition, instantaneous and incessant communications technologies send us word of disasters taking place anywhere in the nation far more rapidly, giving disasters an immediacy that some may have lacked in the past. In 21st century America, the eyes of the American people look to the president to lead the response to whatever disasters happen to strike. President Obama and his team learned this and were taken aback by the sheer number of crises that a president needed to deal with, including swine flu, BP's Macondo oil spill, and the Somali pirates who attacked an American ship. Many of these did not quite reach disaster status, but Obama's reaction to the constant stream of crises was both revealing and unnerving: "Who thought we were going to have to deal with pirates?" In Shall We Wake the President?, Tevi Troy, a presidential historian and former senior White House aide and deputy secretary of the Department of Health & Human Services, looks at the evolving role of the president in dealing with disasters, and looks at how our presidents have handled disasters throughout our history. He also looks at the likelihood of similar disasters befalling modern America, and details how smart policies today can help us avoid future crises, or can best react to them should they occur. In addition, he provides information on what individuals can do to prepare for disasters. This book includes sections on how American presidents have dealt with a variety of disasters, including health crises, terror attacks, economic upheaval, bioterror and cyber-attacks, natural disasters, and civil breakdown. In doing so, Shall We Wake the President? will provide lessons from presidents of the past that will inform policy strategies for presidents of the future. Lobbyist, White House Lawyer, and Senate Aide on the Power of America's Plutocracy to Avoid Prosecution and Subvert Financial Reform

Beginning in January 2009, *THE PAYOFF* lays bare Washington's culture of power and plutocracy. It's the story of the twenty-month struggle by Senator Ted Kaufman and Jeff Connaughton, his chief of staff, to hold Wall Street executives accountable for securities fraud, to stop stock manipulation by high-frequency traders, and to break up too-big-to-fail megabanks. This book takes us inside their dogged crusade against institutional inertia and industry influence as they encounter an outright reluctance by the Obama administration, the Justice Department, and the Securities and Exchange Commission to treat Wall Street crimes with the gravity they deserve. On financial reforms, Connaughton criticizes Democrats for relying on the very Wall Street technocrats who had failed to prevent the crisis and Republicans for staunchly opposing real reforms primarily to enjoy a golden opportunity to siphon fundraising dollars from the Wall Street executives who had raised millions to elect Barack Obama president. Connaughton, a former lawyer in the Clinton White House, illuminates the pivotal moments and key decisions in the fight for financial reform that have gone largely unreported. His arch, nonpartisan account chronicles the reasons why Wall Street's worst offenses were left unpunished, and why it's likely that the 2008 debacle will happen again.

Cometh the Hour is the penultimate book in the Clifton Chronicles and, like the previous novels - all of which hit the New York Times bestseller list - showcases Jeffrey Archer's extraordinary storytelling with his trademark twists. It opens with the reading of a suicide note, which has devastating consequences for Harry and Emma Clifton, Giles Barrington and Lady Virginia. Giles must decide if he should withdraw from politics and try to rescue Karin, the woman he loves, from behind the Iron Curtain. But is Karin truly in love with him, or is she a spy? Lady Virginia is facing bankruptcy, and can see no way out of her financial problems, until she is introduced to the hapless Cyrus T. Grant III from Baton Rouge, Louisiana, who's in England to see his horse run at Royal Ascot. Sebastian Clifton is now the Chief Executive of Farthings Bank and a workaholic, whose personal life is thrown into disarray when he falls for Priya, a beautiful Indian girl. But her parents have already chosen the man she is going to marry. Meanwhile, Sebastian's rivals Adrian Sloane and Desmond Mellor are still plotting to bring him and his chairman Hakim Bishara down, so they can take over Farthings. Harry Clifton remains determined to get Anatoly Babakov released from a gulag in Siberia, following the international success of his acclaimed book, *Uncle Joe*. But then something unexpected happens that none of them could have anticipated.
