

## *Shiny Spooky Knights Scooby Doo Readers Level 2*

When Scooby-Doo and his friends join Santa at the North Pole at Christmastime, the cookies they bake disappear, and Scooby-Doo and Shaggy look for clues that an ice monster took them.

Scary science is introduced with humor-laced facts in this new nonfiction picture book series from a prolific, award-winning children's book author, starting with our tiniest invader—the common cold virus, and its more frightening relatives! How does a virus make us sick? How does it spread? And what can people do to beat them? Hi, I'm Virus! And I'm here to answer all these questions and more! In friendly, simple text, the most "common" virus, rhinovirus (the common cold), explains how viruses work and spread. With funny, engaging, and informative illustrations, this is the perfect way to explain viruses to young children who have questions in the wake of a pandemic. The nonthreatening common cold walks readers through the basics of viruses, and then features past viruses we have defeated, as well as introducing COVID-19. The start of a new series designed to make scary science more approachable, Science Buddies is here to explain the world to curious young minds!

From the first brilliant rush of horses to the triumphant sight of beautiful bays, chestnuts, shiny blacks, whites, grays, and paints galloping across the pages, Paul Goble's very special book will delight all who love horses and all who love stories that tell of the spiritual connection between people and animals. His magnificent, detailed paintings evoke an almost forgotten world as he recounts a stirring legend based on the oral tradition of the Pawnee. Focusing on a poor boy and his grandmother, adventure begins when the boy discovers an old, limping horse. Though ridiculed by his tribe, the boy cares for the horse and brings it back to health. In turn, the animal helps his friend achieve greatness, only to be betrayed. The boy's remorse is sincere, but will he be forgiven? Captivating readers, Caldecott medalist Paul Goble shows how a loving friendship changes the lives of a people.

Scooby-Doo and the gang are no strangers to mysterious monsters, but Scooby and Shaggy are still afraid of them. Join Scooby and the gang as they unmask the truth behind zombies, werewolves, mummies, and other spooky creatures!

***Over the course of American history, there have been only four presidents who have been forced to sacrifice their lives for their country at the hands of an assassin. These great men have not been forgotten, and their stories are told here in fascinating detail for history lovers of all ages. But those four presidents are not the only ones who have been close to death in the line of duty to the American people. This book, A Children's Illustrated History of Presidential Assassination, delves into all of the major assassination attempts throughout the history of the United States, in vivid detail, illustrated by Erin Kubinek.***
