The purpose of this book is to present the Kemetiic tradition in it's purest Kemetiic, Afrikan context, and to demonstrate the fact that: despite the popular misconception about the tradition being a "dead tradition," everything that we need, that makes the tradition complete in its effectiveness, and its "Afrikaness," is available to us today, and more "supplemental information" is literally being uncovered daily. In other words, the Kemetiic tradition is not lost. The ritual information in the latter half of this book is to further demonstrate and solidify these points: The Kemetiic tradition is a living tradition The nTrw (deities) are real living forces In following the lead of our Ancestors, this tradition can work for us in the same manner that it worked for them. Every effort has been made to "stick to the script," as much as possible, to maintain the integrity of the tradition, and what you find in the following pages is an exegesis presented by the author, as a child of Afrika, a student and teacher of Afrikan Spirituality in general, and Kemetiic spirituality in specific, and the way that this tradition is currently being practiced by the community of Henenu.

This book is primarily concerned with the classical music catalog of Mercury Living Presence recordings recorded and published by the Mercury Record Corporation. Mercury Records made some of the finest and most natural sounding audio recordings ever made, mostly of excellent and committed performances of classical music. But this is not a history of Mercury records or even of the Living Presence series of recordings. My main focus was to create a list of all the Mercury Living Presence classical records. I am mostly interested in the stereo recordings, but there are also many earlier mono recordings of great interest, too, so I have included those also. Specifically, what is included is information on the SR 90000 series of stereo recordings and the MG 50000 series of mono recordings, but there is also a listing of the Wing classical reissue series. ***** Decades ago, when I began collecting Mercury records, and years later when I started collecting the CDs, I was looking for a complete list of all the Mercury Living Presence records and later the CDs. Though I found some information that was helpful, to get what I wanted, I had to make the list myself. I started with lists of records on the record sleeves of the albums, got some information from The Absolute Sound! magazine, and in the internet age, found useful information on several internet sites, but mostly to get the list I wanted. I had to dig up the information and build it myself. Having completed the list, it occurred to me that other collectors might find it helpful, too. So I put together a group of databases and spreadsheets in Microsoft Excel and Microsoft Works database format files and issued the databases I had created on a CD-rom disc in early 2013. By that time I had all the original series of CDs mastered by Wilma Cozart Fine, and many of the records that had been reissued on CD, and virtually all of the stereo records not issued on CD, plus most of the mono records in which I had a strong interest. Now it is available as a book. Among other things it includes the following lists: Complete Mercury Living Presence CDs, including every CD, with its track information, identifying Composer, title, soloist, conductor, orchestra, CD #, LP where originally published, and recording date. Complete Mercury Living Presence LPs including every LP with its track information identifying Composer, title, soloist, conductor, orchestra, LP #, CD on which it was reissued if any, and recording date. Different versions of the files are arranged by: Composer and Title, Recording Date, Record number, and CD number. There are also a listings of LPs and LP tracks that have not been reissued in the Mercury Living Presence CD series. Included are listings of all original Mercury Living Presence records in the SR 90000 and MG 50000 series, all CDs originally mastered by Wilma Cozart Fine, all SACDs, and the more recent reissues and new issues in the large 50+ CD box sets and the 10-CD box sets of Marcel Dupré and Janos Starker. There are also a few chapters of background information, little known facts, and other topics of interest.

Hopefully readers will find it interesting and useful.

In The Sound of the Dove, Beverly Bush Patterson explores one of the oldest traditions of American religious folksong, a national heritage of great beauty and dignity that remains vital in the lives and worship of predestinarian Primitive Baptists in the southern mountains. This unaccompanied and frequently unharmonized congregational singing challenges our assumptions about creativity, aesthetics, meaning, and identity. Patterson's revealing study incorporates interviews, field observations, historical research, song transcriptions, and musical analysis. She uses seventeenth-century English documents to trace historical antecedents of Primitive Baptist singing and to frame her discussion of religious belief and gender roles as they intersect with singing. One chapter is devoted to the role of women in this church.

Between the Lines comments on the hymns, tunes and readings in Singing the Living Tradition. It includes suggestions for introducing and teaching new material to congregations. Revised in 1998; a handy index has been added.

The life force, also known as "spirit," is the essence of being and the conscious and most important form of energy. Living energy is personal and within our conscious control, and by learning about it, we can use it to transform our life into vibrant and meaningful expressions of who we really are. Consciousness is purely energetic and therefore difficult to quantify in mechanistic terms. It is the characteristic of living energy and is the foundation of awareness. Consciousness is the thread running through all life. Living Energy is an introduction to the process of mystic spirituality. The reader is encouraged to attain a deep and meaningful connection to the divine with expanded awareness. The principles given in this book are equally relevant to the novice and the advanced practitioner. Robert explains how we may reveal our hidden potential by shifting our perception away from what is customary and comfortable to open the doors to greater spiritual awareness.

Creative Stress reveals with precision how we can and must transmute negative stress so that we can evolve individually and collectively. It offers the reader a steady climb to the higher reaches of human creativity and fulfillment, and is packed with compelling stories from O'Dea's exceptionally rich experience.

Singing the Living Tradition

In our Christian walk in this world, we are always presented with choices and subtle offers that can appear appealing. However, we often ignore the small print, either deliberately, or through ignorance. Interestingly, the Israelites, faced similar offers, as they 'negotiated' with Pharaoh for their freedom from slavery. Freedom Bargains explores five subtle offers usually presented to us as alternatives to God's ideal of real and total freedom. It provides lessons from the wisdom of Moses and his attention to detail, in avoiding these subtle traps (schemes), intended to keep believers in perpetual bondage and also provides vital biblical keys for walking in complete freedom. The book details the need to be alert to our life's purpose as spelt out by God, in being able to navigate past all the traps that are intended to trip us into living life below the level God intends for us. It encourages and challenges believers to re-examine God's original intention for setting us free. It encourages us to be alert to and remain steadfast in the liberty with which we have been set free and to let this be manifest in all areas of our lives. The book is written in a contemporary, conversational style with real life (personal, family, social and political) examples which speaks to current popular and social culture and makes it easily accessible to those new to engaging with the Bible as well as more mature believers. This notwithstanding, the book's message is strongly biblical and culturally informed. The chapters include contemporary real-life stories and quotations from a wide spectrum of well-known Christian and political leaders, which will make it easy for most readers to identify with. It is my desire for you to believe again that you can walk in complete freedom in all aspects of your life and to go ahead and live it. Above all, I desire that all believers will rise up and be outward looking to impart their freedom found in Christ, to other people in their various fields of endeavor.

What if you had been there on the night that Jesus was born? What if you could have held the infant Son of God, when He was only a few minutes old? How would it feel to have God Himself in your arms, vulnerable, approachable, and unassuming? In "A Ragamuffin Christmas" Craig Daliessio provides just that view of the Nativity. Far from the usual retelling of a baby, some shepherds, and the Virgin Mary; this is the story of criminals, broken hearted moms, scandalous characters, and legendary Saints, each granted their own visit with the newborn King of Kings. The people and images are unmistakable and the result of each interaction is life changing. This is the Christmas story as it's never been told before.

Though the acceptance of popular culture (and in the case of music, pop music) within the Christian church is now an established fact, its very normality across the face of virtually every variety of Christian theological persuasion is telling. In a climate of extreme multi-culturalism, pluralism, and relativism satiated with the notion that music is value-neutral and worldview-free, church music has been out off from history, tradition, theology, aesthetic norms, and ultimately the Word. The result has been a breakdown of church music standards along with a collateral weakening in other areas of life as well.

The Singing Cowboys is a nostalgic, back-in-the-saddle examination of the musical B-Western films of the 1930s, 1940s, and 1950s and the singing cowboys that made them so popular. The author, David Rothel, spent a fondly remembered portion of his youth sitting in the Lincoln Theatre in Elyria, Ohio, where the singing cowboys-Gene Autry, Roy Rogers, Tex Ritter, and all the rest-played out their adventures and yodeled their songs on the silver screen. Thousands, perhaps millions, of youngsters from that era shared this common experience during their formative years. First published in 1978, The Singing Cowboys has been out of print for many years. Now, Riverwood Press in association with The Lone Pine Museum of Western Film History has republished the book in an updated, expanded, and repackaged edition. We hope you enjoy!

This book is Sally Stanley's incredible journey and amazing testimony of God giving her 'The Power To Go On.' Stricken with a staph infection which produced large painful sores all over her body, she was rushed into surgery, where the surgeon accidentally severed the main artery to her heart, causing blood to flood her chest cavity, which resulted with her dying on the operating table. This resulted in her "after death or out-of-body experience" and miraculous encounter with The Lord, as He spoke these marvelous words, "You have been chosen by God and your work is not finished." Upon her immediate restoration, she spent weeks on a ventilator and had several months of physical therapy. Over the next several years, Sally has experienced and recovered from a fractured vertebrae, several strokes, and heart attacks. During this time period she also cared for her husband John, after he experienced seizures and strokes, which finally lead to his death on December 12, 2013. Then in May of 2014, while walking in a pedestrian crosswalk, she was suddenly hit by an automobile, suffering multiple injuries, including a shattered right shoulder and broken neck. Sally tells everyone that over the past 20 years, many miracles have happened in my life, but faith in Christ has given me "The Power To Go On." I hope that everyone who reads this book will understand that with God, all things are possible. It is so great to know that we have Jesus walking with us each and every day.

This Torah-based book will help clarify your understanding of the Messiah's Truth from a Hebraic perspective.

Live authentically, abundantly, and victoriously as you learn how to embrace God's will for your life. As one of the most sought-after realizations in this world, discovering your purpose is something countless self-help books will claim they can help you do, but they're missing the biggest piece of the puzzle: your relationship with God. If you're ready to wake up, shake up, break away from bondage, dust off the dullness, and discover genuine joy, it's time to take action and allow the Lord to take control of your life. True transformation can only occur when you're receptive to God's will for your life, and past sorrows and mistakes often prohibit you from moving forward and receiving Jesus's forgiveness and grace. But forgiving others-and receiving forgiveness from the Lord-is imperative for experiencing wholeness and freedom. Growing closer to God also requires some internal housecleaning. From chapters on dusting away anything that dulls the true joy of a relationship with God to receiving the living water from Jesus that quenches any thirst for fulfillment, learn how trusting God fully and seeking after His guidance are the real keys to receiving lasting contentment and transformation.

Let Yahshua Rock Your World

Widely used in British congregations, this British Unitarian and Free Christian hymn book contains lyrics and hymn tunes. (Christian)

The Wesleyan tradition was born in song. Early Methodist people found their true identity as the children of God through singing, and the hymns of Charles Wesley, in particular, shaped their self-understanding and praxis.

In this insightful book, Minister and Christian Life Coach, Karen O. Henry provides wisdom for living your life by following scriptural direction for your life's dreams, purpose and vision. Life is too Short not to Enjoy explores the elements of life we often take for granted and self-imposed limitations and barriers that prevent us from making your passion and dreams a living reality. Discover how to line up your thoughts, words and desires with what God says about you and you'll be on your way to living the life you have always dreamed of, a life of Passion, Potential and Enjoyment.

From the time European nations conquered Africa, they went on to condemn everything about the cultures they subjugated. Their religion was dismissed as mere paganism and their way of life was abhorred as subhuman. The effects of this so-called "civilising mission" are still being felt today and often manifest in Africans who hate their past and present, without the ability to discern where the rain began to beat them, as the writer Chinua Achebe said. In this book Nze Ezeoforkie C. Ezenwa argues, against conventional thinking to show that African traditional religion is both mystical and scientific, a belief system based on empirical experience and not given to blind faith.

For over two thousand years, the Catholic Church has relied on both Holy Scriptures and its Living Tradition to explain the Word of God. This highly readable and informative history of that amazing tradition recounts the major schisms, heresies, and slanders that were aimed at the Church in each danger-filled generation and how the Church countered those attacks. No student of the Catholic Church can ignore its traditions and its need for a teaching authority—a magisterium. From the Fathers of the Church to its saints, the human race has benefited by the teachings of the Church. This enjoyable and fascinating revelation of the Deposit of Faith from one generation to another explains the need to inculcate new cultures, new languages, new ways of explaining the road to salvation passed down from the lips of Jesus Christ to the Universal Church. While the audience for this brief but highly interesting book is expected to be high school, CCD, and home school students, any history buff or Catholic adult will find in it an excellent overview of the religious influence wielded by the Church over the years. An influence which cries out for acceptance in today's secular world.

The Bible's story of creation in Genesis names Adam as the first human in history. His story with Eve in the Garden of Eden is widely known-but what if he actually played a larger part in the story of humanity? In The Gospel of Adam, David L. Bishop takes well-known stories and characters from history and presents them through the eyes of Adam, as though he were living throughout all time on a mission to restore fallen humanity to a place worthy of returning to perfection. Following Adam through his profound struggles not only with his mission to help humanity but also his own internal doubts as a man of faith. In the vein of works like The Da Vinci Code and The Last Templar, Bishop's The Gospel of Adam weaves history, philosophy, religion, and politics throughout a thought-provoking first-person narrative that both challenges and inspires the reader to consider what it really means to be human.

Have you ever been on the receiving end of gross injustices, forced out of your home or country or endured life-threatening events because of misguided political or religious zeal? Are you and your descendants bearing the emotional and physical scars of inhumane brutality? Is it possible, under such circumstances, to simply survive, make sense of life let alone find true happiness, love and forgiveness?

Good Vibrations is my story of how I had my voice restored to functional use. It is a step by step account of the exercises I did, and the fears I encountered. It also contains email correspondence of two people who were diagnosed with SD and I instructed each of them in the exercises by email with their voices being improved.
