

## Smiley

**Max is in trouble, SOS trouble, he's a prisoner in the middle of nowhere. His journal is the conclusive evidence that the next two weeks at summer camp are going to be absolutely miserable . . . or not! His parents signed him up to give him some "independence," but all it's given him so far is bug bites! It's super hot, he's got no video games, no salt and vinegar chips, and—worst of all—no friends. He even has to pretend to have fun and participate in activities! But despite all that, his roomies are cool, this girl Clara is kinda pretty, and he found a mysterious diary. . . .**

**Smiley's People A George Smiley Novel Penguin**

**Smiley és una història d'amor en lletres majúscules. Una llegenda japonesa diu que quan dues persones estan destinades a estar juntes, un fil vermell invisible lligat al dit petit de la mà esquerra les uneix des del dia del seu naixement. Aquest fil no es pot trencar, i pot lligar-les per sempre, encara que siguin molt lluny l'una de l'altra i malgrat que puguin ser molt diferents. Aquest sembla el cas de l'Àlex i el Bruno, els protagonistes de la comèdia romàntica que ha emocionat milers d'espectadors arreu del món.**

**Segurament no es fixarien mai l'un en l'altre, però un equívoc farà que el que ha començat com una cita qualsevol els acabi canviant la vida per sempre. Smiley és una història d'amor en lletres majúscules. Fa riure i emociona. Mostra les pors a les quals ens enfrontem quan ens enamorem i les contradiccions de les relacions afectives dins de la comunitat gai, marcades per l'influx de les noves tecnologies i les aplicacions de cites online. I, a la vegada, és una petita viquipèdia de l'ambient barceloní i un homenatge a les comèdies romàntiques de tota la vida, de Nora Ephron a Howard Hawks. Smiley és tot això i molt més, però per sobre de tot, és un cant a l'amor en totes les seves formes. Guillem Clua va estrenar Smiley, una història d'amor el 2012 a la diminuta Sala Flyhard de Barcelona.**

**Interpretada per Ramon Pujol (Àlex) i Albert Triola (Bruno) i amb direcció de l'autor, l'obra va estar en cartell a diferents teatres de la ciutat i en gira per Catalunya gairebé tres anys. La benedicció del públic (d'allò més divers: parelles heterosexuales, grups d'avies, famílies senceres...) va venir acompanyada de crítiques entusiastes i tota mena de reconeixements. Va fer temporada a Madrid i des d'aleshores ha voltat per tot el món en diverses produccions internacionals, de Santiago de Xile a Atenes, de Miami a Berlín, de Nàpols a Nova York. Les últimes ciutats on s'ha pogut veure són Brisbane (Austràlia) i Singapur. Smiley s'ha convertit així en un fenomen global, capaç de traslladar al mainstream una comèdia romàntica protagonitzada per dos homes, amb final feliç i petó de pel·lícula. Les relacions de parella, però, evolucionen. Algunes milloren i altres s'acaben... o es converteixen en tota una altra cosa. Què va ser de l'Àlex i el Bruno després d'aquell happy ending? Van aconseguir superar les seves**

*diferències i formar una parella estable? Van ser monògams o van iniciar una relació oberta? Feliços o infeliços? Smiley, després de l'amor, estrenada a l'Aquitània Teatre el 2020, respon a totes aquestes preguntes i moltes més, perquè han canviat moltes coses des d'aquella primera cita del 2012. Barcelona ja no és la mateixa ciutat, i l'Àlex i el Bruno... tampoc: ara els preocupen la crisi dels quaranta, el matrimoni, el final de la joventut i la pèrdua de la innocència. Aquesta edició reuneix elstextos de Smiley, una història d'amor i Smiley, després de l'amor. I qui ho sap, potser l'any 2030 ens tornem a trobar amb l'Àlex i el Bruno amb una tercera part que molts espectadors i lectors ja esperen amb impaciència.*

*My Life in Smiley (Book 3 in Smiley series)*

Vanni is furious when her fiance tricks her into attending a conference where his father's church is protesting the New Species Organization. She hates everything those vile bigots stand for. Vanni goes to the bar to cool off and ends up seated next to a handsome New Species. Things heat up fast when they are both drugged. Smiley doesn't want to believe the sweet human would dose them with the breeding drug. He's willing to trust her and determined to save her life. He'll hold her. Protect her. Offer up his body to distract them both from the pain. She is his female, even if she doesn't realize it yet.

Compiles examples of more than one hundred smileys, symbols created from keyboard characters, used to demonstrate emotions in electronic communication

Told in rhyming couplets, this book starts with simple line-drawings of faces—just a line and two dots—then moves to bigger, more colorful, and more varied types of smiling faces.

The inspiring, unflinching true story of “blind” faith, as Major Scotty Smiley awakes in a hospital bed and realizes his world is permanently dark he must stretch his faith like never before. Courageous, heartfelt, and honest, Hope Unseen challenges readers to question their doubts, not their beliefs, and depend upon God no matter what. A nervous glance from a man in a parked car. Muted instincts from a soldier on patrol. Violent destruction followed by total darkness. Two weeks later, Scotty Smiley woke up in Walter Reed Army Medical Center, helpless . . . and blind. Blindness became Scotty's journey of supreme testing. As he lay helpless in the hospital, Captain Smiley resented the theft of his dreams—becoming a CEO, a Delta Force operator, or a four-star general. With his wife Tiffany's love and the support of his family and friends, Scotty was transformed—the injury only intensifying his indomitable spirit. Since the moment he jumped out of a

hospital bed and forced his way through nurses and cords to take a simple shower, Captain Scotty Smiley has climbed Mount Rainier, won an ESPY as Best Outdoor Athlete, surfed, skydived, become a father, earned an MBA from Duke, taught leadership at West Point, commanded an army company, and won the MacArthur Leadership Award. Scotty and Tiffany Smiley have lived out a faith so real that it will inspire you to question your own doubts, push you to serve something bigger than yourself, and encourage you to cling to a Hope Unseen.

*Drawing from disciplines as diverse as linguistics, cognitive science, psychology, and neuroscience, The Emoji Code explores how emojis are expanding communication and not ending it. For all the handwringing about the imminent death of written language, emoji—those happy faces and hearts—is not taking us backward to the dark ages of illiteracy. Every day 41.5 billion texts are sent by one quarter of the world, using 6 million emoji. Evans argues that these symbols enrich our ability to communicate and allow us to express our emotions and induce empathy—ultimately making us all better communicators. Vyvyan Evans's Emoji Code charts the evolutionary origins of language, the social and cultural factors that govern its use, change, and development; as well as what it reveals about the human mind. In most communication, nonverbal cues are our emotional expression, signal our personality, and are our attitude toward our addressee. They provide the essential means of nuance and are essential to getting our ideas across. But in digital communication, these cues are missing, which can lead to miscommunication. The explosion of emoji, in less than four years, has arisen precisely because it fulfills exactly these functions which are essential for communication but are otherwise absent in texts and emails. Evans persuasively argues that emoji add tone and an emotional voice and nuance, making us more effective communicators in the digital age.*

*In this comprehensive study of Jane Smiley's fiction, Neil Nakadate offers insight into the strikingly imaginative and intellectual range of a Pulitzer Prize-winning writer best known for A Thousand Acres. He provides close readings - from the early Barn Blind to The All-True Travels and Adventures of Lidie Newton - and presents the first extended account of the connections between her life and her work.*

*Paris, London, Germany, and Switzerland are the settings for a tale of espionage in which a final, conclusive confrontation takes place between George Smiley and his Russian adversary, Karla.*

*Perfect to use alone or in layers, these scalloped borders come in a pack of thirteen 3' x 2.25" strips for a total length of 39 feet! The strips are great for framing your bulletin boards and windows or for complementing charts and class creations. Borders are available in a variety of colors, styles, sizes, and prints to suit any classroom theme!*

***The George Smiley Novels***

Timothy Smiley has made ground-breaking contributions to modal logic, free logic, multiple-conclusion logic, and plural logic; he has illuminated Aristotle's syllogistic, the ideas of logical form and consequence, and the distinction between assertion and rejection; and his debunking work on the theory of descriptions is a tour de force. In this volume, an international roster of contributors discuss Smiley's work to date; their essays will be of significant interest to those working across the logical spectrum—in philosophy of language, philosophical logic and mathematical logic.

Howard Marks has been diagnosed with terminal cancer. But determined not to go quietly into the night, he has decided that it is time to release Mr Smiley, the story of his last, and arguably his biggest ever, drug scam at the height of the '90s ecstasy frenzy. On his release from prison in 1995, Howard had made a promise to himself and family that this time he was going to go straight...But some people are just born for the life, and it is not long before Howard finds himself trying ecstasy and rubbing shoulders with some of the king-pins of the pill trade that has set the Ibiza scene ablaze. Incredibly funny, moving and scabrous, Mr Smiley is a free-standing follow up to Mr Nice, which follows a journey to the heartland of the clubbing scene and British crime. It is also a fitting last word from one of Britain's best loved bad boys.

After a routine security check by George Smiley, civil servant Samuel Fennan apparently kills himself. When Smiley finds Circus head Maston is trying to blame him for the man's death, he begins his own investigation, meeting with Fennan's widow to find out what could have led him to such desperation. But on the very day that Smiley is ordered off the enquiry he receives an urgent letter from the dead man. Do the East Germans - and their agents - know more about this man's death than the Circus previously imagined? Le Carre's debut novel, Call for the Dead, introduced the tenacious and retiring George Smiley in a gripping tale of espionage and deceit.

Since 2011, the use of emoji - deriving from the Japanese, meaning picture character - has become a global phenomenon. We send over 6 billion emoji every day and regularly send emoji-only messages, and, when Oxford Dictionaries named the 'Face with Tears of Joy' emoji as their 'Word of the Year 2015', it received an enormous amount of criticism. Whenever emoji are covered in the popular media the same burning questions come up: Can an emoji really be a word? How language-like is it? Will

emoji make us dumber? Or more lazy? Will they make us less adept at communicating with our nearest and dearest? And does this signal the death knell for language as we know it? Drawing on findings from disciplines as diverse as linguistics, cognitive science, psychology, neuroscience, archaeology and anthropology, this groundbreaking book explores human capacity to communicate, and addresses these questions in the process. The Emoji Code sheds light on emoji's vital role in the expression of emotion in digital communication and more, pointing the way for the future of international communication in a provocative and entertaining way.

*Have fun with face masks in this lift-the-flap, out-and-about adventure! Toddlers today are growing up in a world where adults wear face masks outside the house. Everyone is wearing them, from the bus driver to the shop assistant! In Smiley Eyes, Smiley Faces, their can take an interactive journey through the town, meeting different adults along the way. Toddlers can then lift the mask-shaped flaps to reveal the smiley faces underneath the bright, colourful masks. They can even lift their own mask at the end of the day with the surprise mirrored finale! Zoe Waring's bright artwork and charming characters encourage interaction and play as small children engage with the new world around us. (Please refer to the WHO guidelines for advice on children and the wearing of face masks.) This novelty Ladybird title:*

*Introduces the world Boosts motor skills Recommended for children aged 2+*

*A brilliantly insightful biography from Pulitzer Prize-winning author Jane Smiley With delectable wit and characteristic sensitivity, Jane Smiley presents a fresh, illuminating take on the life of Charles Dickens. Smiley finds a kindred spirit in the author of such classics as Great Expectations and A Christmas Carol, who was not only a prolific writer but also one of the first modern "celebrities." She offers interpretations of many of Dickens's major works, exploring his narrative techniques and his innovative voice and themes. Smiley's biograph is a perceptive profile of the great master and a fascinating meditation on the writing life.*

The first of his peerless novels of Cold War espionage and international intrigue, *Call for the Dead* is also the debut of John le Carré's masterful creation George Smiley. "Go back to Whitehall and look for more spies on your drawing boards." George Smiley is no one's idea of a spy—which is perhaps why he's such a natural. But Smiley apparently made a mistake. After a routine security interview, he concluded that the affable Samuel Fennan had nothing to hide. Why, then, did the man from the Foreign Office shoot himself in the head only hours later? Or did he? The heart-stopping tale of intrigue that launched both novelist and spy, *Call for the Dead* is an essential introduction to le Carré's chillingly amoral universe.

Drawing on extensive interviews and archival research, this biography uncovers the motivations and ideals that informed Smiley's commitment to covert action and intelligence during the Second World War and early part of the Cold War, often among tribally based societies. With particular reference to operations in Albania, Oman and Yemen, it addresses the wider issues of accountability and control of clandestine operations.

Essays in Honor of Timothy Smiley

**"From the Pulitzer Prize-winning author of *A Thousand Acres* and the New York Times best-selling *Last Hundred Years Trilogy*, a captivating, brilliantly imaginative story of three extraordinary animals--and a young boy--whose lives intersect in *Paris Paras* is a spirited racehorse at a racetrack west of Paris. At dusk, one afternoon she pushes open the door of her stall--she's a curious filly--and, after traveling through the night, arrives by chance in the City of Light. She's dazzled, and often mystified, by the sights, sounds and smells around her, but she isn't afraid. Soon she meets an elegant dog, a German shorthair pointer named Frida, who knows how to get by without attracting the attention of suspicious Parisians. Paras and Frida coexist for a time in the city's lush green spaces, nourished by Frida's strategic trips to the bakery and the butchershop. They keep company with two irrepressible ducks, and an opinionated raven. But then Paras meets a human boy, Etienne, and discovers a new, otherworldly part of Paris: the secluded, ivy-walled house where the boy and his nearly-one-hundred-year-old great grandmother live, quietly and unto themselves. As the cold weather and Christmas near, the unlikeliest of**

*friendships bloom among humans and animals alike. But how long can a runaway horse live undiscovered in Paris? And how long can a boy keep her hidden, and all his own? Jane Smiley's beguiling new novel is itself an adventure that celebrates curiosity and ingenuity, and expresses the desire of all creatures for true friendship, love, and freedom"--*

Far away in the deep rolling ocean lived Smiley Shark. Smiley Shark longed to dip and dive, jiggle and jive, dart and dash with a splish and a splash with all the other fish; but whenever he smiled at them they swam away. But when all of the other fish are trapped in a fisherman's net, it's up to Smiley Shark to find away to free them—and he saves the day with his big, toothy smile!

In this darkly satirical send-up of academia and the Midwest, we are introduced to Moo University, a distinguished institution devoted to the study of agriculture. Amid cow pastures and waving fields of grain, Moo's campus churns with devious plots, mischievous intrigue, lusty liaisons, and academic one-upmanship, Chairman X of the Horticulture Department harbors a secret fantasy to kill the dean; Mrs. Walker, the provost's right hand and campus information queen, knows where all the bodies are buried; Timothy Monahan, associate professor of English, advocates eavesdropping for his creative writing assignments; and Bob Carlson, a sophomore, feeds and maintains his only friend: a hog named Earl Butz. Wonderfully written and masterfully plotted, Moo gives us a wickedly funny slice of life.
