*Essentials of Sociology a Down-To-Earth Approach 7th Edition (Soc 101) Rio Salado College*

*The Life of Paul R. Jones, African American Art Collector*

*Sociology Challenges Conventional Wisdom*

*Sociology in Our Times*

*Practical Application and Interpretation*

This best-selling comprehensive book conveys the relevance of sociology by presenting a timely collection of theories, research, and examples -- including its signature first-person accounts that open many chapters. These lived experiences are relevant to students and introduce themes that provide a framework for learning the chapter material. Kendall's vivid and inviting writing style, emphasis on applications, and eye for compelling current examples further highlight sociology's relevance to all students. Now in its eleventh edition, SOCIOLOGY IN OUR TIMES is acclaimed for being the first textbook to integrate race, class, and gender issues, and for its thorough presentation of sociological theory, including contemporary perspectives such as feminism and postmodernism. This edition focuses more on social/global change and on the contemporary world, presenting such current debates as bullying and social media abuse, digital-age methods to increase school attendance, food trucks and the spread of culture, modern slavery, and weight bias. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Examines the entire spectrum of family violence, focusing onsocial processes and social relationships. The seventh edition of Family Violence: Legal, Medical, and Social Perspectives by Harvey Wallace and Gill Roberson is a comprehensive introduction to the study of family violence that guides readers to a better understanding of the challenges involved in reducing or eliminating violence. The six major topics are: domestic partner abuse, child abuse, elder abuse, physical and psychological abuse, identifying when abuse occurs, and discussing the effects of the various types of abuse or violence. Learning Goals Upon completing this book, readers will be able to: -Understand the facets of family violence. -Discuss how violence may be reduced or eliminated. -Identify how each major type of abuse impacts the social and law enforcement agencies that are involved.

A user-friendly introduction to social inequality. This text is a broad introduction to the many types of inequality: economics, status, political power, sex and gender, sexual orientation, race, and ethnicity; in U.S. society and in a global setting. The author provides a wide range of explanations for inequality and, using the latest research on the multiple impacts of inequality, surveys in detail the personal and social consequences of social inequality. Learning Goals Upon completing this book, readers will be able to: Understand that inequality is multidimensional Understand that it is essential to understand the explanations of the various forms of inequality in order to further a resolution to any inequality's undesirable consequences Understand the discussion of inequality in its broader, historical cultural and international context

First published in 1994, this text is designed to be used by graduate-level social work students in courses on evaluation and program design. Over the course of 20 years and 6 editions, the goals of the book have remained the same: to prepare students to participate in evaluative activitieswithin their organizations; to prepare students to become critical producers and consumers of professional evaluative literature; and to prepare students for more advanced evaluation courses and texts. Grinnell, Gabor, and Unrau aim to meet these objectives by presenting a unique approach that isrealistic, practical, applied, and user-friendly. While a majority of textbooks focus on program-level evaluation, some recent books present case-level evaluation methods but rely on inferentially powerful -- but difficult-to-implement -- experimental baseline designs. This text assumes that neitherof these approaches adequately reflects the realities of the field or the needs of students and beginning practitioners. Instead, Program Evaluation for Social Workers offers a blend of the two that demonstrates how they can complement one another. The integration of case-level and program-levelapproaches provides an accessible, adaptable, and realistic framework for students to more easily grasp and implement in the real-world.

Family Violence

Inside Social Life

Race, Ethnicity, Gender, and Class

Exploring Social Change

A Down to Earth Approach

This is a life history of one of the leading collectors of African American art. The book chronicles the life of a man who grew up during the height of the Jim Crow segregation in Alabama and became one of the nation's leading collectors of African American art. His vision is to make African American art an integral part of American art. This book chronicles his life and his gift of a substantial part of the Paul R. Jones Collection of African American art to the University of Delaware.

SOCIOLOGY: THE ESSENTIALS, Tenth Edition, uses the theme of debunking myths to look behind the facades of everyday life, challenge common assumptions, and help students develop critical thinking skills as well as better understand how society is constructed and sustained. This thorough yet streamlined text employs a reader-friendly presentation and manageable structure, while maintaining a strong focus on sociology concepts, methods, and research. Updated throughout with coverage of the latest findings, trends, and themes, the text provides exceptional coverage of diversity, including social factors such as age, religion, sexual orientation, and region of residence in addition to race, ethnicity, class, and gender. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Current and relevant to today's students, SOCIOLOGY IN OUR TIMES, THE ESSENTIALS, 11th Edition presents the latest available data and new insights on behaviors, beliefs, issues, and trends in our nation and world from a sociological perspective. The new edition of this bestselling text emphasizes the themes of social change, the effects of social media on communication, and the intertwining nature of politics and social policy in the United States and worldwide. Students contemplate such issues as gun control, prevention of military suicides, environmental activism, and whether employers should be allowed to spy on their employees. New You Can Make a Difference boxes help students learn how to become involved in their communities and the world through such projects as campus kitchens and global networking to fight hunger. First-person accounts of individuals' lived experiences draw students into each chapter by illuminating topics that reflect the text's primary themes. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

The Third Edition of Our Social World: Introduction to Sociology is truly a coherent textbook that inspires students to develop their sociological imaginations, to see the world and personal events from a new perspective, and to confront sociological issues on a day-to-day basis. Key Features: \* Offers a strong global focus: A global perspective is integrated into each chapter to encourage students to think of global society as a logical extension of their own micro world. \* Illustrates the practical side of sociology: Boxes highlight careers and volunteer opportunities for those with a background in sociology as well as policy issues that sociologists influence. \* Encourages critical thinking: Provides various research strategies and illustrates concrete examples of the method being used to help students develop a more sophisticated epistemology. \* Presents "The Social World Model" in each chapter: This visually-compelling organizing framework opens each chapter and helps students understand the interrelatedness of core concepts. New to the Third Edition: \* Thirty new boxed features, including the innovative "Engaging Sociology" and "Applied Sociologists at Work" features \* Three substantially reorganised chapters (2. Examining the Social World, 3. Society and Culture, and 13. Politics and Economics) \* 315 entirely new references and 120 new photos.

Exploring Social Change provides a compelling analysis of theories that explain social change, innovation, social movements, and revolution, and concludes with reflections about how individuals do and should live in an uncertain and rapidly changing world. Written in a personal and clear manner, the authors provide definitions of key terms and analysis of theories and ideas from the study of social change. The seventh edition includes updated examples reflecting the social changes that have occurred in the world around us, including new discussions on the environmental and social landscapes, as well as updated methods and discussions that reflect that changing field of social change study.

Thinking About Women

American Constructions of Race, Sex and Gender, Social Class, Sexual Orientation, and Disability

Introductory Readings, Fourteenth Edition

SOCIOLOGY MATTERS

Sociological Theory

Known for its clear and engaging writing, the bestselling Race, Ethnicity, Gender, and Class by Joseph F. Healey, Andi Stepnick, and Eileen O'Brien has been thoroughly updated to make it fresher, more relevant, and more accessible to undergraduates. The Eighth Edition retains the same use of sociological theory to tell the story of race and other socially constructed inequalities in the U.S. and for examining the variety of experiences within each minority group, particularly differences between those of men and women. This edition also puts greater emphasis on intersectionality, gender, and sexual orientation that will offer students a deeper understanding of diversity. New to this Edition New co-author Andi Stepnick adds fresh perspectives to the book from her teaching and research on race, gender, social movements, and popular culture. New coverage of intersectionality, gender, and sexual orientation offer students a deeper understanding of diversity in the U.S. The text has been thoroughly updated from hundreds of new sources to reflect the latest research, current events, and changes in U.S. society. 80 new and updated graphs, tables, maps, and graphics draw on a wide range of sources, including the U.S. Census, Gallup, and Pew. 35 new internet activities provide opportunities for students to apply concepts by exploring oral history archives, art exhibits, video clips, and other online sites.

Fitness Professional's Handbook, Seventh Edition With HKPropel Access, provides current and future fitness professionals with the knowledge to screen participants, conduct standardized fitness tests, evaluate the major components of fitness, and prescribe appropriate exercise.

This book challenges sociologists and sociology students to think beyond the construction of social problems to tackle a central question: What do sociologists do with the analytic tools and academic skills afforded by their discipline to respond to social problems? Service Sociology posits that a central role of sociology is not simply to analyse and interpret social problems, but to act in the world in an informed manner to ameliorate suffering and address the structural causes of these problems. This volume provides a unique contribution to this approach to sociology, exploring the intersection between its role as an academic discipline and its practice in the service of communities and people. With both contemporary and historical analyses, the book traces the legacy, characteristics, contours, and goals of the sociology of service, shedding light on its roots in early American sociology and its deep connections to activism, before examining the social context that underlies the call for volunteerism, community involvement and non-profit organisations, as well as the strategies that have promise in remedying contemporary social problems. Presenting examples of concrete social problems from around the world, including issues of democratic participation, poverty and unemployment, student involvement in microlending, disaster mitigation, the organization and leadership of social movements, homelessness, activism around HIV/AIDS and service spring breaks, Service Sociology and Academic Engagement in Social Problems explores the utility of public teaching, participatory action research, and service learning in the classroom as a contribution to the community.

Now with SAGE Publishing, and co-authored by one of the foremost authorities on sociological theory, the Tenth Edition of Sociological Theory by George Ritzer and Jeffrey Stepnisky gives readers a comprehensive overview of the major theorists and schools of sociological thought, from sociology's origins through the early 21st century. Key theories are integrated with biographical sketches of theorists, and are placed in their historical and intellectual context. This text helps students better understand the original works of classical and modern theorists, and enables them to compare and contrast the latest substantive concepts. New to this Edition Chapter 1 now includes a discussion of colonialism as one of the forces that shaped modern society. The "Historical Sketch" chapters contain new material on the historical significance of early women founders, and on the contributions of W.E.B. Du Bois. Chapters on Marx, Durkheim, Weber, and Simmel now conclude with sections on contemporary applications of ideas from these 19th century thinkers. A new chapter focuses theories of race, racism, and colonialism, as well as theories about indigenous peoples and theories from the "Global South" that challenge the work of scholars from Europe and North America. The concluding chapter has a new section on theories of presumption, one of the newest developments in consumer theory. New material on colonization, women classical theorists, and race theory, as well as new timelines, added to history chapters.

Outlines and Highlights for the Meaning of Difference

Second Thoughts

*Introduction to Sociology 2e adheres to the scope and sequence of a typical, one-semester introductory sociology course. It offers comprehensive coverage of core concepts, foundational scholars, and emerging theories, which are supported by a wealth of engaging learning materials. The textbook presents detailed section reviews with rich questions, discussions that help students apply their knowledge, and features that draw learners into the discipline in meaningful ways. The second edition retains the book's conceptual organization, aligning to most courses, and has been significantly updated to reflect the latest research and provide examples most relevant to today's students. In order to help instructors transition to the revised version, the 2e changes are described within the preface. The images in this textbook are grayscale. Authors include: Heather Griffiths, Nathan Keirns, Eric Strayer, Susan Cody-Rydzewski, Gail Scaramuzzo, Tommy Sudler, Sully Vsuin, Jeff Bey, Faye Jones*

*Drawing on up-to-the-minute examples, cutting-edge research, and the most current data, Essentials of Sociology powerfully illustrates how a sociological imagination can make us more thoughtful members of our social world, better citizens, and more effective future workers. (NEW) "Employing Your Sociological Imagination" features highlight the practical value of sociology to a wide range of careers. Extensive pedagogy and innovative media help students not only succeed in the course, but also develop the skills necessary for life beyond college.*

*For thirty-five years and through thirteen editions, Jim Hoelsin's Down to Earth Sociology has opened new windows onto the social realities that shape our world. Now in its fourteenth edition, the most popular anthology in sociology includes new articles on our changing world while also retaining its classic must-read essays. Focusing on social interaction in everyday life, the forty-six selections bring students face-to-face with the twin projects of contemporary sociology: understanding the individual's experience of society and analyzing social structure. The fourteenth edition's exceptional new readings include selections on the role of sympathy in everyday life, mistaken perceptions of the American family, the effects of a criminal record on getting a job, and the major social trends affecting our future. Together with these essential new articles, the selections by Peter Berger, Herbert Gans, Erving Goffman, Donna Eler, Zella Luria, C. Wright Mills, Deborah Tannen, Barrie Thorne, Sidney Katz, Philip Zimbardo, and many others provide firsthand reporting that gives students a sense of "being there." Hoelsin also explains basic methods of social research, providing insight into how sociologists explore the social world. The selections in Down to Earth Sociology highlight the most significant themes of contemporary sociology, ranging from the sociology of gender, power, politics, and religion to the contemporary crises of racial tension, crime, rape, poverty, and homelessness.*

*This new edition provides an introduction to the sociological study of social psychology, interpersonal interaction, and the social shaping of human experience. The primary source articles feature both contemporary and classic theoretical statements as well as empirical studies.*

*Sociology: The Essentials*

The bestselling "textbook" that makes the familiar strange

Drawing from a wide selection of classic and contemporary works, the 60 selections in this best-selling reader represent a plurality of voices and views within sociology. In addition to classic works by authors such as Karl Marx, Max Weber, C. Wright Mills, David Rosenhan, Kingsley Davis and Wilbert Moore, this anthology presents a wide range of contemporary scholarship, some of which provides new treatments of traditional concepts. By integrating issues of diversity throughout the book, Ferguson helps students see the inter-relationships of race, social class, and gender, and the ways in which they have shaped the experiences of all people in society.

A new edition of a popular college reference features thirty percent new articles addressing current issues of contemporary sociology, from politics and religion to crime and poverty, in a volume that links each article to related chapters in widely used introductory textbooks. Original. 35,000 first printing.

Essentials of Sociology, adapted from George Ritzer 's Introduction to Sociology, provides the same rock-solid foundation from one of sociology's best-known thinkers in a shorter and more streamlined format. With new co-author Wendy Wiedenhof Murphy, the Third Edition continues to illuminate traditional sociological concepts and theories and focuses on some of the most compelling features of contemporary social life: globalization, consumer culture, the internet, and the " McDonaldization " of society. New to this Edition New " Trending " boxes focus on influential books by sociologists that have become part of the public conversation about important issues. Replacing " Public Sociology " boxes, this feature demonstrates the diversity of sociology's practitioners, methods, and subject matter, featuring such authors as o Michelle Alexander (The New Jim Crow) o Elizabeth Armstrong and Laura Hamilton (Paying for the Party) o Matthew Desmond (Evicted) o Arlie Hochschild (Strangers in Their Own Land) o Eric Klinenberg (Going Solo) o C.J. Pascoe (Dude, You're a Fag) o Lori Peek and Alice Pothergill (Children of Katrina) o Allison Pugh (The Tumbleweed Society) Updated examples in the text and "Digital Living" boxes keep pace with changes in digital technology and online practices, including Uber, Bitcoin, net neutrality, digital privacy, WikiLeaks, and cyberactivism. New or updated subjects apply sociological thinking to the latest issues including: the 2016 U.S. election Brexit the global growth of ISIS climate change further segmentation of wealthy Americans as the "super rich" transgender people in the U.S. armed forces charter schools the legalization of marijuana the Flint water crisis fourth-wave feminism

Down to Earth Sociology: 14th Edition

Service Sociology and Academic Engagement in Social Problems

*REA's Essentials provide quick and easy access to critical information in a variety of different fields, ranging from the most basic to the most advanced. As its name implies, these concise, comprehensive study guides summarize the essentials of the field covered. Essentials are helpful when preparing for exams, doing homework and will remain a lasting reference source for students, teachers, and professionals. Sociology reviews sociological perspectives, methods of research, socialization and self-formation, cultures, society, theories of societies, social structure and the social process, social groups and organizations, deviance, law and crime, the family, social stratification, gender and sexuality, ethnicity and race, aging and the elderly, health care, collective behavior, social movements and social change.*

*Ideal for non-math majors, Advanced and Multivariate Statistical Methods teaches students to interpret, present, and write up results for each statistical technique without overemphasizing advanced math. This highly applied approach covers the why, what, when and how of advanced and multivariate statistics in a way that is neither too technical nor too mathematical. Students also learn how to compute each technique using SPSS software. New to the Sixth Edition Instructor ancillaries are now available with the sixth edition. All SPSS directions and screenshots have been updated to Version 23 of the software. Student learning objectives have been added as a means for students to target their learning and for instructors to focus their instruction. Key words are reviewed and reinforced in the end of chapter material to ensure that students understand the vocabulary of advanced and multivariate statistics.*

*Co-authored by Karen A. Cerulo, the Eastern Sociological Society's Robin L. Williams Lecturer for 2013-2014 Do birds of a feather flock together or do opposites attract? Is honesty the best policy? Are children our most precious commodity? Is education the great equalizer? Adages like these shape our social life. This Sixth Edition of Second Thoughts reviews several popular beliefs and notes how these conventional wisdoms cannot be taken at face value, but instead require careful second thoughts. This unique text encourages students to step back and sharpen their analytic focus with 25 essays that use social research to expose the gray areas of commonly held beliefs, revealing the complexity of social reality and sharpening students' sociological vision.*
