Outsiders have always thought that Skull & Bones is the most mysterious and exclusive of Yale's secret societies. But they're wrong, dead wrong. It pales in comparison to the Devil's Den. Located in a haunting, windowless building in the middle of campus, the Devil's Den is so secretive that no one has ever been seen either entering or leaving its premises. Rumors abound as to who its members are and what goes on behind its closed doors. The Den's alumni supposedly include some of the country's most powerful businessmen and government leaders. But just how widespread is their influence? And just how far are they willing to go to achieve their goals? Justin Karl, a Yale senior and a columnist for the Yale Daily News, has always considered himself an outsider standing on the sidelines of life—an observer who simply records the activities and lives of other people. But everything dramatically changes for Justin once he becomes ensnared by the Den and its intricate scheme. When he finally discovers the truth, the whole terrible truth, Justin finds himself in a race against the clock to foil the Devil's Den and to prevent the course of American history from being drastically altered.

Be the cat that got the cream with this feline collection of easy sewing patterns for the cutest cat designs, all made using simple hand-sewing techniques. Featuring the most popular and distinctive breeds - including long-haired, short-haired, hairless and even big cats -each pussycat pattern comes with step-by-step instructions and full-size templates, making them purrfect for all abilities. The finished little kitties would make cute brooches, bag charms and home accessories, or can even be scaled up to make bigger plushes, all of which will make your cat-loving friends have kittens! Cats? But they're all the same, aren't they? Well, no not really! When you start to explore the many different breeds of cats, you realise just what a variety of breeds there is, and how different they are from each other. Author Alison J Reid has spent months beavering away in her studio, researching all different kinds of cats, both domestic and wild. She has checked out their colourings and markings, and spent so much time trying to perfect their colourful, beautiful eyes. It became an obsession! It was only by researching the various details that make each breed so distinctive, that Alison has been able to capture each of their unique qualities and differences. Pattern, colour and shape are key, so capturing these details in felt was important. Luckily, there are so many different colours of felt available, including fur-like mottled effects. Felt's non-fraying, double sided, robust qualities make it easy to create all the little details that make each cat breed so unique and instantly recognisable. She has also used small amounts of wool curls and roving to add texture for truly strokable results. Each cat pattern can be traced straight from the page (or enlarged if you want to see a larger plush), and simple instructions mean that even beginners can get started. And because all the cats are sewn by hand, you don't need a sewing machine and can sit on the sofa with your cat while you sew. Whether you choose to sew just your own favourites, or make cats for the other crazy cat people in your life, this book will provide hours of fun and inspiration.

Bonjour! Escargot is a beautiful French snail who wants only two things: 1. To be your favorite animal. 2. To get to the delicious salad at the end of the book. But when he gets to the salad, he discovers that there's a carrot in it. And Escargot hates carrots. But when he finally tries one—with a little help from you!—he discovers that it's not so bad after all! A charming and interactive picture book ideal for picky eaters and animal lovers alike.

The Rough Guide to Ireland (Travel Guide eBook)

The EBay Price Guide

With Love; Now & Forever

Utilizes explanatory diagrams and expert information to study the style, material, construction, decoration, finish, and relative value of all types of furniture dating from the late Middle Ages to 1940

Provides lists of selling prices of items found on eBay in such categories as antiques, boats, books, cameras, coins, collectibles, dolls, DVDs, real estate, stamps, tickets, and video games

As an essayist, philosopher, ex-pencil manufacturer, notorious hermit, tax protester, and all-around original thinker, Thoreau led so singular a life that he is in some ways a perfect candidate for the historical and biographical treatments made possible by the Historical Guides to American Authors series format.

William E. Cain, the volume editor, includes contributions on his relationship with 19th century authority and concepts of the land, which should help the volume's reach beyond those who read Thoreau for illumination to those general readers who love him for embodying the spirit of American rebellion.
