The Hard Copy is a work that walks the line between the exotic artists ' book and the democratic, mass-produced multiple. Appropriating ideas and visual references from Stewart Brand's Whole Earth Catalog, Hard Copy represents the power that the tool bestows on the contemporary artist by listing, reviewing and appropriating information on a selection of 'artists' tools.

Lieutenant Jed Davies of the LAPD was enjoying his first cup of coffee of the day when the call that would change his life and the lives of some of his closest friends came in. A body showing up in the Hollywood hills was no big deal. Homicides were normal occurrences in the sprawl of Los Angeles. However, this particular homicide would set in motion a massive hunt for the killer, a hunt that would engage the entire country, bringing together the forces of the FBI and local law enforcement in a race to track down the killers before they strike again. As Davies and his colleagues delve deeper into the horrific crime, they become embroiled in a web of deceit, treachery, blackmail, and revenge that threatens the lives of innocent people. Author George Hess takes you on a roller-coaster ride in this fast-paced thriller filled with stories of love and death that will keep you up late into the night. You will be unable to put the book down as the plot twists and turns leaving the reader guessing until the very end.
