

## Sporting Gentlemans Gentleman

**Christine Berberich shows that the English gentleman has proven to be a remarkably adaptable and relevant ideal that continues to influence not only literature but other forms of representation, including the media and advertising industries. Paying particular attention to the relationship of nostalgia to 'Englishness', Berberich demonstrates that twentieth-century depictions of the gentleman have much to tell us about rapidly changing conceptions of national, class, and gender identity.**

**This book shows both the fun and stresses that an older gentleman faced every day in the early 1800's. Through historic images, historical information, and funny anecdotes, it shows an older gentleman juggling the family finances while fulfilling a large list of social obligations and taking his seat in parliament. These light-hearted looks at the longer Regency years are an easy to read overview of what people did and wore, and where they worked and played. There is plenty of information to interest history buffs, and lots of pictures to help readers and writers of historical fiction visualize the people and places from the last years of the 18th Century until Queen Victoria took the throne.**

**With more than its fair share of dramatic mountains, moorlands, lochs and rivers, Scotland is famously one of the most beautiful countries in the world. It is also known for the unique quality of its field sports, widely available to both visitor and local alike; wonderful salmon rivers, myriad brown trout lochs, grouse moors and outstanding red deer stalking. And throughout this wild countryside are the stalkers, gillies and keepers - men who have spent their whole lives on river, moor and hill caring for the iconic wildlife Scotland has to offer. In Glorious Gentlemen Bruce Sandison takes us on a magical journey around Scotland, as seen through the eyes of some of the country's best-known and most respected gillies, stalkers and keepers. The stories they have to tell are full of humour, kindness and patience as - sometimes under difficult circumstances - they help their guests, old and young alike, novice or experienced, in pursuit of the best possible chance of sport. Celebrating a way of life that has existed in Scotland for many hundreds of years, Glorious Gentlemen is a book for all seasons, of stories and tales told by the men who made them, all of which are, of course, true - and some even truer.**

**How did "America's National Game" evolve from a gentlemen's pastime in the 1850s to a national obsession in the Roaring Twenties? What really happened at Cooperstown in 1839, and why does the "Doubleday legend" persist? How did the commissioner system develop, and what was the impact of the "Black Sox" scandal? These questions and many others are answered in this book, with colorful details about early big league stars such as Mike "King" Kelly and pious Billy Sunday, Charles Comiskey and Ty Cobb, Napoleon Lajoie and "Cy" (Cyclone) Young. The author explores historically the four major periods of transformation of the game: the Gentlemen's Era, the Golden Age, the Feudal Age, and the incipient Silver Age. Attention is given to the changing face of the major league spectacle, the evolving style of the game, and the changing interests of players, fans, and owners, along with influential innovators and their innovations. There are a number of surprises in the book. For instance, several black players made the big leagues in the 1880s, only to be driven out by a rising tide of Jim Crowism. For three generations black players were to be confined to their own clubs and leagues. American baseball history reflects the nation's economic and social history, as author Voigt graphically demonstrates. On the fans' side, mass attendance at ball games reflects the rise of cities and the dilution of a work ethic with pursuit of leisure; on the owners' and players' side, organized baseball reflects the developing tension between big business and skilled employees. The result-despite ups and downs-is a typical American success story.**

### **Englishness and Nostalgia**

#### **British Sporting Periodicals**

##### **The London Magazine, Or, Gentleman's Monthly Intelligencer**

A comprehensive guide to transforming your dog into a valuable wing-shooting companion in the field and at home. Created by Mike Stewart of Wildrose Kennels, the Wildrose Way is a unique, low-force, positive training method that is field-proven for upland and waterfowl gundogs. The training prepares dogs for versatility—any game, any terrain, any destination—and makes them desirable companions for any situation. Now, for the first time, Stewart's methods are compiled in one indispensable reference book, fully illustrated with photographs and diagrams. Containing chapters on establishing essential behaviors, the core skills of the hunting retriever, and waterdog finishing work, as well as sidebars on such topics as breed selection and effective canine leadership, this step-by-step book is designed specifically for wing-shooters who want to transform their pup into a gentleman's gundog.

Bruce Sandison's "Rivers and Lochs of Scotland" is the only book on fishing in Scotland that an angler will ever need. This new, comprehensive and completely revised edition describes more than 5,000 freshwater fishing locations complete with access details, flies and tactics and where to obtain permission to fish. For anyone fishing in Scotland, this book is the angler's bible.

Coverage of publications outside the UK and in non-English languages expands steadily until, in 1991, it occupies enough of the Guide to require publication in parts.

Hunting in Britain Since 1066

Or, The Amateur Gentleman's Introduction to Noble Sports and Pastimes

Glorious Gentlemen

Gentlemen are not born, they are made

Rivers and Lochs of Scotland

Nearly a decade of divisive debate over foxhunting in Britain culminated with the passage of the Hunting with Dogs Act of 2004. But the battle over the future of hunting is not yet resolved, and polarizing right-or-wrong debates continue undiminished. This book recounts the history of hunting in Britain and offers a fresh perspective on conflicts.

Jeremy Paxman has created the perfect literary catch for fellow angling enthusiasts in this rich and varied anthology. Ten thoroughly entertaining themed chapters include 'Ones That Got Away', 'Ones That Didn't Get Away' and 'Fish That Bit Back'. Each is introduced by Paxman's own sharp, humorous observations and features both contemporary and historical writing about fishing in prose and verse, covering everything from tench tickling to piranha attacks. Some pieces are well known favourites, others are obscure, every one is a delight. 'A superb compilation because it roams from carp to cod, trout to tarpon and does not regurgitate the same old clippings. Paxman has clearly read widely and wisely in putting this together ... probably the definitive anthology of angling writing.'

Keith Elliott, Independent on Sunday.
