In a year-long qualitative study, the author explored whether college-study-skills courses taken by a group of Black students could help them academically and socially integrate in a predominantly White private university. Using in-depth, audiotaped interviews, the author analyzed the data by applying Vincent Tinto's theory of student departure. Tinto's theory illustrated three stages: separation, transition, and incorporation. This book is not only about Black students' initial academic struggles and study-skills courses
