Taking a page from Jules Verne's classic tale, Monisha Rajesh embarked on an adventure around India in eighty trains. Indian trains carry over twenty million passengers daily, plowing through cities, crawling past villages, climbing up mountains, and skimming along coasts. Monisha hopes that her journeys across India will lift the veil on a country that had become a stranger to her.

“ Enthralling . . . Here we find an ugly, walleyed existentialist philosopher, the elegantly beautiful author of *The Second Sex* and the Gallic equivalent of a bevy of young starlets who share the bed of one or the other--or sometimes both. Readers will turn these pages alternately mesmerized and appalled. ” — Michael Dirda, *Washington Post Book World* Passionate, freethinking existentialist philosopher-writers Simone de Beauvoir and Jean-Paul Sartre are one of the world's legendary couples. Their committed but notoriously open union generated no end of controversy in their day. Biographer Hazel Rowley offers the first dual portrait of these two colossal figures and their intense, often embattled relationship. Through original interviews and access to new primary sources, Rowley portrays Sartre and Beauvoir up close. *T ê te - à - T ê te* magnificently details the passion, daring, humor, and contradictions of a remarkably unorthodox relationship.

It's an intimate conversation with myself, trying to make sense of anything my mind is brought to think about as I plunge deep inside the farthest corners of my mind looking for that evasive Truth which the wizards of old have tried to capture in vain.

It is to introverts—Rosa Parks, Chopin, Dr. Seuss, Steve Wozniak—that we owe many of the great contributions to society. In *Quiet*, Susan Cain argues that we dramatically undervalue introverts and shows how much we lose in doing so. She charts the rise of the Extrovert Ideal throughout the twentieth century and explores how deeply it has

She also introduces us to successful introverts—from a witty, high-octane public speaker who recharges in solitude after his talks, to a record-breaking salesman who quietly taps into the power of questions. Passionately argued, impeccably researched, and filled with indelible stories of real people, *Quiet* has the power to permanently change how we see introverts and, equally important, how they see themselves. *Francis Spufford's Unapologetic is a wonderfully pugnacious defense of Christianity. Refuting critics such as Richard Dawkins, Sam Harris, and the "new atheist" crowd, Spufford, a former atheist and Fellow of the Royal Society of Literature, argues that Christianity is recognizable, drawing on the deep and deeply ordinary vocabulary of*

human feeling, satisfying those who believe in it by offering a ruthlessly realistic account of the grown-up dignity of Christian experience. Fans of C. S. Lewis, N. T. Wright, Marilynne Robinson, Mary Karr, Diana Butler Bass, Rob Bell, and James Martin will appreciate Spufford's crisp, lively, and abashedly defiant thesis. *Unapologetic* is a book for believers who are fed up with being patronized, for non-believers curious about how faith can possibly work in the twenty-first century, and for anyone who feels there is something indefinably wrong, literalistic, anti-imaginative and intolerant about the way the atheist case is now being made. Mandy Hale, the creator of *The Single Woman*, the social media movement that rewrote the rulebook about singleness, challenges every woman to see that she is sufficient, acceptable, and complete. After years of trying to prove she was enough in the world's eyes, even working alongside Oprah and hitting the *New York Times* bestseller list, Mandy hit rock bottom. But as it turned out, that very rock bottom became the most firm foundation she had ever planted her feet on. A foundation so solid, it finally provided the springboard she needed to outrun the taunting shadow of unworthiness that she'd tried to escape her whole life. Now she wants readers to see that though life may not always be lighthearted and happy and shiny, each woman is deserving of the life she dreams of and hopes for. Nothing readers do can ever take

*The essence of nonviolence is our ability to awaken the consciousness to a higher level. Nonviolence is considered as the highest virtue because nonviolence has the capacity to transform individual, society and the world. Transformation happens slowly and silently in every single moment, without notice. Nonviolence is only for the brave men and women of the world because it requires courage - courage to love the beauty of life, beauty of humanity and the beauty of the world. It also requires courage to discard the old beliefs and the old ideas of religions and spirituality in the framework of true humanity and love. In this book Dr.Ray explained the practical ways of practicing nonviolence in daily life. The seeds of violence exist in the daily feelings of suppression, guilt, shame and disappointments. Diane Ackerman's poems reveal her intense response to the several worlds of nature, science, and society. Her lyricism fuses wit and sobriety, meditation and activism, and she confronts us with figures both real and fantastic. As always, her strong connection with the natural world, the realms of language and literature, myth and imagination, combines with her deep understanding of the sciences to offer her readers a singular American voice. This is not a voice crying in the wilderness, but one that gives forth songs of joy and wonder. Organized into seven sections, including "Timed Talk," "By Atoms Moved," and "Tender Mercies," *I Praise My Destroyer* is less an assorted collection than an organically coherent whole, one that

reveals Ackerman's true calling as a twentieth-century metaphysical poet of the highest order.
