

Still Factory Sealed Tv Guide Magazine 2016 Limited Edition Wall Calendar

Thirty million loyal TV Guide readers know where to find the best TV crosswords ever created. Puzzles with television themes from the most widely read weekly magazine in the world make this collection a television lover’s dream book. It’s spiral bound, oversize, and filled with hundreds of crosswords that will challenge anyone’s television IQ. There are classic favorites from the 1960s, ’70s, ’80s, and ’90s; take a walk down memory lane, and answer “_Masters in Rin Tin Tin” (just 3 letters). Try the best contemporary crosswords from TV Guide Crosswords Magazine. All that, plus brain teasers and fun trivia quizzes offer hours of fun.

Most human beings have their own private places, places to hide, places to conceal their most tender feelings, places to dream, cry, nurse wounds and heal, undisturbed by casual public scrutiny, uncaring passersby. I visualize my private place as a big, leafy-green bramble bush, full of protective thorns. These thorns are long and sharp, to be sure, but they are not poisonous. They are there to protect my private place and keep intruders away - - unless I decide to invite them in - - and they do provide safe, secure perches for visitors . . . like you. "I think of my life as a book. It has a beginning and an end, with a finite number of pages in between. Across the years, there have been certain moments, certain feelings and moods, certain experiences and observations, certain days - - good and bad - - that linger in memory, bookmarks in a commonplace life. I am not an artist but I try to paint my sketches and pictures with words, brush stroke word by brush stroke word."

Marketing Information Guide

"When huge alien spiders or ocean-dwelling mutant dinosaurs visit Earth, hell-bent on destruction, they seem to always stop in Japan first. And now, showcased here in one amazing book, is a cast of totally cool, totally ''sugoi'' creatures culled from the most popular Japanese children's TV shows of the last 40 years. Some of the toys featured here made their debuts in obscure Japanese live-action TV shows from the past 4 decades; others are from widely watched shows that have gained mass popularity around the world, such as Ultraman, Mighty Morphin' Power Rangers, & Space Giants. While the TV shows may have come & gone, the toys they inspired live on, a testament to the wild imaginations of their creators"--Publisher's description.

Popular Mechanics inspires, instructs and influences readers to help them master the modern world. The Rough Guide to Namibia (Travel Guide eBook)

Press, Radio & TV Guide: Australia, New Zealand, and the Pacific Islands

Popular Science gives our readers the information and tools to improve their technology and their world. The core belief that Popular Science and our readers share: The future is going to be better, and science and technology are the driving forces that will help make it better.

The most up-to-date and comprehensive travel book to a country that promises great adventures. Covering everything from the wildlife-rich Etosha National Park to the giant sand dunes at Sossusvlei. Perfectly set up for independent travel, Namibia is the second least densely populated nation in the world - the vast area hosts just 2.3 million people and you'll often have Namibia all to yourself. Self-drive here is safe and manageable, meaning the country can easily be included in a longer trip to Victoria Falls, which has its own chapter in The Rough Guide to Namibia. Whether you admire German colonial architecture in Lüderitz, indulge in fresh oysters at Walvis Bay, marvel at ancient rock art or take a sunset cruise along the Zambezi, The Rough Guide to Namibia covers everything you need to know to make the most of your time in this wild, bewitching country. Winner of the Top Guidebook Series in the Wanderlust Reader Travel Awards 2017.

Trademarks

A book from the U.S. underground, covering Abbie--in disguise--interviewing people, touring the FBI building, and organizing a campaign to save the St. Lawrence River. The articles are creative, funny, nervy, and political.

Popular culture is a central part of everyday life to many Americans. Personalities such as Elvis Presley, Oprah Winfrey, and Michael Jordan are more recognizable to many people than are most elected officials. With Amusement for All is the first comprehensive history of two centuries of mass entertainment in the United States, covering everything from the penny press to Playboy, the NBA to NASCAR, big band to hip hop, and other topics including film, comics, television, sports, dance, and music. Paying careful attention to matters of race, gender, class, technology, economics, and politics, LeRoy Ashby emphasizes the complex ways in which popular culture simultaneously reflects and transforms American culture, revealing that the world of entertainment constantly evolves as it tries to meet the demands of a diverse audience. Trends in popular entertainment often reveal the tensions between competing ideologies, appetites, and values in American society. For example, in the late nineteenth century, Americans embraced "self-made men" such as John D. Rockefeller and Andrew Carnegie: the celebrities of the day were circus tycoons P.T. Barnum and James A. Bailey, Wild West star "Buffalo Bill" Cody, professional baseball organizer Albert Spalding, and prizefighter John L. Sullivan. At the same time, however, several female performers challenged traditional notions of weak, frail Victorian women. Adah Isaacs Menken astonished crowds by wearing tights that made her appear nude while performing dangerous stunts on horseback, and the shows of the voluptuous burlesque group British Blondes often centered on provocative images of female sexual power and dominance. Ashby describes how history and politics frequently influence mainstream entertainment. When Native Americans, blacks, and other non-whites appeared in the nineteenth-century circuses and Wild West shows, it was often to perpetuate demeaning racial stereotypes -- crowds jeered Sitting Bull at Cody's shows. By the early twentieth century, however, black minstrel acts reveled in racial tensions, reinforcing stereotypes while at the same time satirizing them and mocking racist attitudes before a predominantly white audience. Decades later, Red Foxx and Richard Pryor's profane comedy routines changed American entertainment. The raw ethnic material of Pryor's short-lived television show led to a series of African-American sitcoms in the 1980s that presented common American experiences -- from family life to college life -- with black casts. Mainstream entertainment has often co-opted and sanitized fringe amusements in an ongoing process of redefining the cultural center and its boundaries. Social control and respectability vied with the bold, erotic, sensational, and surprising, as entrepreneurs sought to manipulate the vagaries of the market, control shifting public appetites, and capitalize on campaigns to protect public morals. Rock 'n Roll was one such fringe culture: in the 1950s, Elvis blurred gender norms with his androgynous style and challenged conventions of public decency with his sexually-charged performances. By the end of the 1960s, Bob Dylan introduced the social consciousness of folk music into the rock scene, and The Beatles embraced hippie counter-culture. Don McLean's 1971 anthem "American Pie" served as an epitaph for rock's political core, which had been replaced by the spectacle of hard rock acts such as Kiss and Alice Cooper. While Rock 'n Roll did not lose its ability to shock, in less than three decades it became part of the established order that it had originally sought to challenge. With Amusement for All provides the context to what Americans have done for fun since 1830, showing the reciprocal nature of the relationships between social, political, economic, and cultural forces and the way in which the entertainment world has reflected, refracted, or reinforced the values those forces represent in America.
