

Stoner John Williams Ebooks Guides Service File Type

WINNER OF THE 1973 NATIONAL BOOK AWARD By the Author of Stoner In Augustus, his third great novel, John Williams took on an entirely new challenge, a historical narrative set in classical Rome, exploring the life of the founder of the Roman Empire. To tell the story, Williams turned to the epistolary novel, a genre that was new to him, transforming and transcending it just as he did the western in Butcher's Crossing and the campus novel in Stoner. Augustus is the final triumph of a writer who has come to be recognized around the world as an American master.

The #1 New York Times–bestselling classic: A hilarious memoir of two parents, twelve kids, and “a life of cheerfully controlled chaos” (The New York Times). Translated into more than fifty languages, Cheaper by the Dozen is the unforgettable story of the Gilbreth clan as told by two of its members. In this endearing, amusing memoir, siblings Frank Jr. and Ernestine capture the hilarity and heart of growing up in an oversized family. Mother and Dad are world-renowned efficiency experts, helping factories fine-tune their assembly lines for maximum output at minimum cost. At home, the Gilbreths themselves have cranked out twelve kids, and Dad is out to prove that efficiency principles can apply to family as well as the workplace. The heartwarming and

comic stories of the jumbo-size Gilbreth clan have delighted generations of readers, and will keep you and yours laughing for years. This ebook features an illustrated biography including rare photos from the authors' estates.

Leading experts on the science, history, politics, medicine, and potential of America's most popular recreational drug • With contributions by Andrew Weil, Michael Pollan, Lester Grinspoon, Allen St. Pierre (NORML), Tommy Chong, and others • Covers marijuana's physiological and psychological effects, its medicinal uses, the complex politics of cannabis law, pot and parenting, its role in creativity, business, and spirituality, and much more Exploring the role of cannabis in medicine, politics, history, and society, The Pot Book offers a compendium of the most up-to-date information and scientific research on marijuana from leading experts, including Lester Grinspoon, M.D., Rick Doblin, Ph.D., Allen St. Pierre (NORML), and Raphael Mechoulam. Also included are interviews with Michael Pollan, Andrew Weil, M.D., and Tommy Chong as well as a pot dealer and a farmer who grows for the U.S. Government. Encompassing the broad spectrum of marijuana knowledge from stoner customs to scientific research, this book investigates the top ten myths of marijuana; its physiological and psychological effects; its risks; why joints are better than water pipes and other harm-reduction tips for users; how

humanity and cannabis have co-evolved for millennia; the brain's cannabis-based neurochemistry; the complex politics of cannabis law; its potential medicinal uses for cancer, AIDS, Alzheimer's, multiple sclerosis, and other illnesses; its role in creativity, business, and spirituality; and the complicated world of pot and parenting. As legalization becomes a reality, this book candidly offers necessary facts and authoritative opinions in a society full of marijuana myths, misconceptions, and stereotypes.

A New York Review Books Original Hav is like no place on earth. Rumored to be the site of Troy, captured during the crusades and recaptured by Saladin, visited by Tolstoy, Hitler, Grace Kelly, and Princess Diana, this Mediterranean city-state is home to several architectural marvels and an annual rooftop race that is a feat of athleticism and insanity. As Jan Morris guides us through the corridors and quarters of Hav, we hear the mingling of Italian, Russian, and Arabic in its markets, delight in its famous snow raspberries, and meet the denizens of its casinos and cafés. When Morris published *Last Letters from Hav* in 1985, it was short-listed for the Booker Prize. Here it is joined by *Hav of the Myrmidons*, a sequel that brings the story up-to-date. Twenty-first-century Hav is nearly unrecognizable. Sanitized and monetized, it is ruled by a group of fanatics who have rewritten its history to reflect their own

blinker view of the past. Morris's only novel is dazzlingly sui-generis, part erudite travel memoir, part speculative fiction, part cautionary political tale. It transports the reader to an extraordinary place that never was, but could well be.

A collection of chilling and prescient stories about ecological apocalypse and the merging of human and machine. Welcome to Moderan, world of the future. Here perpetual war is waged by furious masters fighting from Strongholds well stocked "arsenals of fear" and everyone is enamored with hate. The devastated earth is covered in vast sheets of gray plastic, while humans vie to replace more and more of their "limb parts" with steel. What need is there for nature when trees and flowers can be seen through holes in the plastic? Who requires human companionship when new-machine mistresses are waiting? But even a Stronghold master can doubt the catechism of Moderan. Wanderers, poets, and his own children pay visits, proving that another world is possible. "As if Whitman and Nietzsche had collaborated," wrote Brian Aldiss of

R. Bunch's work. Originally published in science-fiction magazines in the 1960s and '70s, these mordant stories, though passionately sought by collectors, have been unavailable in a single volume for close to half a century. Like Anthony Burgess's *Invitation to a Beheading* and *Idiot's Paradise*, and like *1984* and *A Clockwork Orange*, Bunch coined a mind-bending new vocabulary. He sought not to divert readers from the horror of modernity but to make us face it squarely. This volume includes eleven previously uncollected Modern stories.

Emily Post has gone to pot. As we enter the dawn of a new "post-prohibition" era, the stigma surrounding cannabis use is fading, and the conversation about what it means to get high is changing. When it comes to being a respectful, thoughtful, and responsible consumer of pot, there is a lot you need to know. In *Higher Etiquette*, Lizzie Post, the great granddaughter of Emily Post and co-president of America's most respected etiquette brand--explores and celebrates the wide world of legalized weed. Combining cannabis culture's long-established norms with the Emily Post Institute's tried-and-true principles, this book covers the social issues surrounding pot today, such as:

- How to bring it to a dinner party or give it as a gift
- Why eating it is different from inhaling
- How to respectfully use it as a guest
- Why different strains affect you in different ways
- How to behave at a dispensary
- How to tackle pot faux pas such as "canoeing" and "lawn-mowed" bowls

This handy guide also provides a primer on the diverse world of cannabis products and methods of use, illuminating the many convenient and

accessible options available to everyone from experienced users to newbies and canna-curious. Informative, charming, and stylishly illustrated, this buzzworthy book will make the ultimate lit addition to your stash.

"Highly informative and remarkably entertaining." —Elle From forest trails in Korea to islands in Finland, to eucalyptus groves in California, Florence Williams investigates the science behind nature's positive effects on the brain. Delving into brand-new research, she uncovers the powers of the natural world to improve health, promote reflection, innovation, and strengthen our relationships. As our modern lives shift dramatically indoors, these ideas—and the answers they yield—are more urgent than ever.

Choosing a Focused Life in a Noisy World

On the Ides of March, our hero, Raleigh Whittier Hayes

(forgetful husband, baffled father, prosperous insurance

agent, and leading citizen of Thermopylae, North Carolina), learns that his father has discharged himself from the hospital, taken all his money out of the bank and, with a young black female mental patient, vanished in a yellow Cadillac convertible. Left behind is a mysterious list of seven outrageous tasks that Raleigh must perform in order to rescue his father and his inheritance. And so Raleigh and fat Mingo Sheffield (his irrepressibly loyal friend) set off on an uproarious contemporary treasure hunt through a landscape of unforgettable characters, falling into adventures worthy of Tom Jones and Huck Finn. A moving parable of human love and redemption, *Handling Sin* is Michael Malone's comic masterpiece.

Hilarious and true-to-life, witty, compassionate, and impossible to put down, *Straight Man* follows Hank Devereaux through one very bad week in this novel from Pulitzer Prize-winning author Richard Russo. William Henry Devereaux, Jr., is the reluctant chairman of the English department of a badly underfunded college in the Pennsylvania rust belt.

Devereaux's reluctance is partly rooted in his character--he is a born anarchist--and partly in the fact that his department is more savagely divided than the Balkans. In the course of a single week, Devereaux will have his nose mangled by an angry colleague, imagine his wife is having an affair with his dean, wonder if a curvaceous adjunct is trying to seduce him with peach pits, and threaten to execute a goose on local television. All this while coming to terms with his philandering father, the dereliction of his youthful promise, and the ominous failure of certain vital body functions. In short, Straight Man is classic Russo--side-splitting, poignant, compassionate, and unforgettable.

For the first time, a collected edition of the major works of John Williams, including the acclaimed novel Stoner. John Williams's three major works have come to be recognized as modern American classics and are collected in this Library of America volume for the first time. In Butcher's Crossing, he unsettles the conventions of the Western novel to tell

the haunting story of a buffalo hunting expedition that exposes the savagery and greed behind the myth of the frontier. In Stoner, he portrays power politics in academe and the quiet heroism of a midwestern English professor dedicated to the honest and dogged pursuit of his craft. In Augustus, set in ancient Rome, Williams again takes on the subject of power—more particularly, in the author's own words, "the ambivalence between the public necessity and the private want or need." Rounding out the volume are three essays by Williams on writing fiction and his speech upon accepting the National Book Award for Augustus in 1973.

'A masterpiece' - Daily Mail 'A fascinating and funny look at what really goes into the making of a book' Sunday Times 'Inject this straight into my veins!' Lucy Mangan 'Engaging, informative, and fascinating!' David Bellos, author of Is That a Fish in Your Ear? Once upon a time, a writer had an idea. They wrote it down. But what happened next? Join Rebecca Lee, professional word-improver, as she embarks on the fascinating journey to find out how a book gets from

author's brain to finished copy. She'll learn the dark arts of ghostwriters, uncover the hidden beauty of typesetting and find out which words end up in books (and why). And along the way, her quest will be punctuated by a litany of little-known considerations that make a big impact: ellipses, indexes, hyphens, esoteric grammar and juicy errata slips. Whoops. From foot-and-note disease to the town of Index, Missouri - turn the page to discover how books get made and words get good. Or, at least, better.

A Systems Approach to Planning, Scheduling, and Controlling

Waiting for the Morning Train

The Power of the Dog

Warlock

Butcher's Crossing

This is the third and final text volume of the Clarendon edition of Robert Burton's The Anatomy of Melancholy. It contains "The Third Partition," "The Table," edited from 1624-1651 editions, textual apparatus, and an Index of Persons. Also included are three appendices: "The Conclusion of the Author to the Reader," which occurs only in the 1621 edition, a list of variant formes in the 1632

edition, and collation of the Synoptic Tables.

*A sly, funny novel about an American girl trying to make it in 1960s London—and discovering that she's in over head. In **The Dud Avocado**, Elaine Dundy revealed the life of the young expatriate in Paris in all its hilarious and heartbreaking drama. With **The Old Man and Me**, written when Dundy was living in England in the early 1960s, she tackles the American girl in London, a bit older but certainly no wiser. **Honey Flood** (if that's her real name) arrives in London with only her quick wits and a scheme. To get what she wants, she'll have to seduce the city's brightest literary star, no matter how many would-be bohemians she has to charm, how many smoky jazz clubs she has to brave, or how many **Lady Something-Somethings** she has to humor. But with success within her reach, Honey finds that in making the Soho scene, she's made a big mistake.*

*In a snowbound village in the heart of the Swiss Alps, a husband and wife find their lives breaking apart in the days and months following the death of their firstborn. Meanwhile, on the far side of the world in the couple's hometown of Sydney, a man on the margins of Australian society commits an act of shocking violence that galvanises international attention. As the husband recognises signs of his own grief in both the survivors and the perpetrator, his fixation on the details of the case feeds into insomnia, trauma, and an obsession with the terms on which we give value to human lives. **At the Edge of the Solid World** is a compulsive, compelling and lyrical novel, told with extraordinary empathy and emotional intelligence. It is the story of a child's life cut short after just one day. Of a mother and father bereft at the loss of the future they'd imagined. Of an unspeakable crime, public outrage, anguish on the streets and a media frenzy that engineers heroes and villains, martyrs and scapegoats. Most of all, it is a profound meditation on the nature of loss, the resilience and fragility of the family unit and the stories we tell to explain the world. **Praise for Blood and Bone** by Daniel Davis*

Wood '[Blood and Bone] fulfils two objectives: shedding light on a dark past, and exploring intellectual and aesthetic problems that the writing of such a story might create. The story is grounded in factual material and Wood has filled the gaps with imagined scenes and conversations, but the tale is made seamless by a tight structure and a hypnotic style that seems to owe something to the work of Gerald Murnane.' —Kerryn Goldsworthy, *The Sydney Morning Herald*

"Dazzling. A novel that holds up to scrutiny a world of claustrophobic war zones, virulent social media and cities collapsing upon themselves, and then sets it down again, transformed by the grace of storytelling." – Siddhartha Deb, author of The Point of Return Anita lives in Karachi's biggest slum. Her mother is a maalish wali, paid to massage the tired bones of rich women. But Anita's life will change forever when she meets her elderly neighbour, a man whose shelves of books promise an escape to a different world. On the other side of Karachi lives Monty, whose father owns half the city and expects great things of him. But when a beautiful and rebellious girl joins his school, Monty will find his life going in a very different direction. Sunny's father left India and went to England to give his son the opportunities he never had. Yet Sunny doesn't fit in anywhere. It's only when his charismatic cousin comes back into his life that he realises his life could hold more possibilities than he ever imagined. These three lives will cross in the desert, a place where life and death walk hand in hand, and where their closely guarded secrets will force them to make a terrible choice.

Living in Italy: the Real Deal - Hilarious Expat Adventures

How to launch your own money-making idea in 30 days

The Gallery

What it Is, with All the Kinds, Causes, Symptoms, Prognostics, and Several Cures of It. In Three Partitions. With Their Several Sections, Members, and Subsections, Philosophically, Medically, Historically Opened and Cut Up

"The first book of real magnitude to come out of the last war."
—John Dos Passos John Horne Burns brought *The Gallery* back from World War II, and on publication in 1947 it became a critically-acclaimed bestseller. However, Burns's early death at the age of 36 led to the subsequent neglect of this searching book, which captures the shock the war dealt to the preconceptions and ideals of the victorious Americans. Set in occupied Naples in 1944, *The Gallery* takes its name from the Galleria Umberto, a bombed-out arcade where everybody in town comes together in pursuit of food, drink, sex, money, and oblivion. A daring and enduring novel—one of the first to look directly at gay life in the military—*The Gallery* poignantly conveys the mixed feelings of the men and women who fought the war that made America a superpower.

Longlisted for the Booker Prize Named a Most Anticipated Book of Summer 2021 by Entertainment Weekly, Time, and CrimeReads Named a Best Book of 2021 by Time An astonishing, visceral

autobiographical novel about a young man straddling two cultures: the university where he is studying English Literature and the disregarded world of London gang warfare. The unforgettable narrator of this compelling, thought-provoking debut goes by two names in his two worlds. At the university he attends, he's Gabriel, a seemingly ordinary, partying student learning about morality at a distance. But in his life outside the classroom, he's Snoopz, a hard living member of London's gangs, well-acquainted with drugs, guns, stabbings, and robbery. Navigating these sides of himself, dealing with loving parents at the same time as treacherous, endangering friends and the looming threat of prison, he is forced to come to terms with who he really is and the life he's chosen for himself. In a distinct, lyrical urban slang all his own, author Gabriel Krauze brings to vivid life the underworld of his city and the destructive impact of toxic masculinity. *Who They Was* is a disturbing yet tender and perspective-altering account of the thrill of violence and the trauma it leaves behind. It is the story of inner cities everywhere, and of the lost boys who must find themselves in their tower blocks.

The landmark project management reference, now in a new edition. Now in a Tenth Edition, this industry-leading project management "bible" aligns its streamlined approach to the latest release of the Project Management Institute's Project Management Body of Knowledge (PMI®'s PMBOK® Guide), the new mandatory source of training for the Project Management Professional (PMP®) Certification Exam. This outstanding edition gives students and professionals a profound understanding of project management with insights from one of the best-known and respected authorities on the subject. From the intricate framework of organizational behavior and structure that can determine project success to the planning, scheduling, and controlling processes vital to effective project management, the new edition thoroughly covers every key component of the subject. This Tenth Edition features: New sections on scope changes, exiting a project, collective belief, and managing virtual teams More than twenty-five case studies, including a new case on the Iridium Project covering all aspects of project management 400 discussion questions More than 125 multiple-choice questions (PMI, PMBOK, PMP, and Project Management Professional are

registered marks of the Project Management Institute, Inc.)
A New York Times, Wall Street Journal, Publishers Weekly, and USA Today bestseller "Newport is making a bid to be the Marie Kondo of technology: someone with an actual plan for helping you realize the digital pursuits that do, and don't, bring value to your life."--Ezra Klein, Vox Minimalism is the art of knowing how much is just enough. Digital minimalism applies this idea to our personal technology. It's the key to living a focused life in an increasingly noisy world. In this timely and enlightening book, the bestselling author of Deep Work introduces a philosophy for technology use that has already improved countless lives. Digital minimalists are all around us. They're the calm, happy people who can hold long conversations without furtive glances at their phones. They can get lost in a good book, a woodworking project, or a leisurely morning run. They can have fun with friends and family without the obsessive urge to document the experience. They stay informed about the news of the day, but don't feel overwhelmed by it. They don't experience "fear of missing out" because they already know which activities provide them meaning and satisfaction. Now, Newport gives us a

name for this quiet movement, and makes a persuasive case for its urgency in our tech-saturated world. Common sense tips, like turning off notifications, or occasional rituals like observing a digital sabbath, don't go far enough in helping us take back control of our technological lives, and attempts to unplug completely are complicated by the demands of family, friends and work. What we need instead is a thoughtful method to decide what tools to use, for what purposes, and under what conditions. Drawing on a diverse array of real-life examples, from Amish farmers to harried parents to Silicon Valley programmers, Newport identifies the common practices of digital minimalists and the ideas that underpin them. He shows how digital minimalists are rethinking their relationship to social media, rediscovering the pleasures of the offline world, and reconnecting with their inner selves through regular periods of solitude. He then shares strategies for integrating these practices into your life, starting with a thirty-day "digital declutter" process that has already helped thousands feel less overwhelmed and more in control. Technology is intrinsically neither good nor bad. The key is using it to support your goals

and values, rather than letting it use you. This book shows the way.

Who They Was

Lucky Jim

Project Management

Stoner

The Ritz London

Augustus

A hilarious satire about college life and high class manners, this is a classic of postwar English literature. Regarded by many as the finest, and funniest, comic novel of the twentieth century, Lucky Jim remains as trenchant, withering, and eloquently misanthropic as when it first scandalized readers in 1954. This is the story of Jim Dixon, a hapless lecturer in medieval history at a provincial university who knows better than most that “there was no end to the ways in which nice things are nicer than nasty ones.” Amis’s scabrous debut leads the reader through a gallery of emphatically English bores, cranks, frauds, and neurotics, with each of whom Dixon must contend in one way or another in order to hold on to his cushy academic perch and win the girl of his fancy. More than just

a merciless satire of cloistered college life and stuffy post-war manners, Lucky Jim is an attack on the forces of boredom, whatever form they may take, and a work of art that at once distills and extends an entire tradition of English comic writing, from Fielding and Dickens through Wodehouse and Waugh. As Christopher Hitchens has written, "if you can picture Bertie or Jeeves being capable of actual malice, and simultaneously imagine Evelyn Waugh forgetting about original sin, you have the combination of innocence and experience that makes this short romp so imperishable."

***'The dining room has long attracted old-world grandees and now enjoys a new stream of gastronomists eager to try Williams' "Menu Surprise" for the first time ... Extraordinary standards.'* - British GQ '[John William's] distinctive classical British dishes match their beautiful surrounding.' - Telegraph**

***'These establishments have long and illustrious histories, but the cooking at both has never been better than it is today.'* - Rebecca Burr, Editor of the Michelin Guide**

***'John's remarkable career is an example to anyone who wants to become the very best in the culinary world.'* - Andrew Oxley, Head of Hotel & Hospitality Services at The AA**

The Ritz: The Quintessential Cookbook is the first book to celebrate recipes of the dishes served today, at lunch and at dinner. The book features 100 delicious

recipes, such as Roast scallops bergamot & avocado, Saddle of lamb belle époque and Grand Marnier Soufflé, and is divided into the four seasons: spring, summer, autumn and winter. The recipes reflect the glorious opulence and celebratory ambience of The Ritz; seasonal dishes of fish, shellfish, meat, poultry and game. Desserts include pastries, mousses, ice creams and spectacular, perfectly-risen soufflés. There are recipes that are simple and others for the more ambitious cook, plus helpful tips to guide you at home. Along the way, John Williams shares his culinary philosophy and expertise. For any cook who has wondered how they do it at The Ritz, this book will provide the answers. There will be plenty of entertaining tales about the hotel and unique glimpses of London's finest kitchen beneath ground.

This “sort of detective story” by the New York Times bestselling novelist offers “farcical, reflective, luscious, gritty [and] stylish entertainment” (The New York Times). As a Boy Scout, Johnny Lundgren was given the nickname Warlock. Now, at forty-two years of age, Johnny has decided to take up that moniker again. It might be an odd name for an unemployed business executive living in Traverse City, Michigan. But perhaps it fits his new job working for an eccentric doctor as a personal trouble-shooter and

private investigator. Warlock suddenly finds himself on a range of bizarre assignments—everything from battling poachers in the haunted wilderness of northern Michigan to investigating his employer’s wife and son in the seamy underside of Key West. A comedy with one foot in the abyss, Warlock is “a rich and sparkling novel” by one of America’s most critically acclaimed authors. “Contemporary macho in a funhouse mirror . . . a hybrid born out of Faulkner’s dark hero of Satoris and all the Buster Keaton comedy that we love.”—Los Angeles Herald Examiner

Discover an American masterpiece. This unassuming story about the life of a quiet English professor has earned the admiration of readers all over the globe. The critic Morris Dickstein has said that John Williams's Stoner "is something much rarer than a great novel - it is a perfect novel," and in the last decade this austere and deeply moving tale of a Midwestern college professor has been embraced by readers all over the world. To commemorate the fiftieth anniversary of the publication of Stoner, NYRB Classics offers a special hardback edition of the book that also includes a previously unpublished correspondence between John Williams and his agent about its writing and publication.

Detailed Summary, Analysis and Reading Guide

Stoner by John Williams (Book Analysis)

A Novel

Digital Minimalism

NATIONAL BESTSELLER • A stunning “portrait of the enduring grace of friendship” (NPR) about the families we are born into, and those that we make for ourselves. A masterful depiction of love in the twenty-first century. A NATIONAL BOOK AWARD FINALIST • A MAN BOOKER PRIZE FINALIST • WINNER OF THE KIRKUS PRIZE A Little Life follows four college classmates—broke, adrift, and buoyed only by their friendship and ambition—as they move to New York in search of fame and fortune. While their relationships, which are tinged by addiction, success, and pride, deepen over the decades, the men are held together by their devotion to the brilliant, enigmatic Jude, a man scarred by an unspeakable childhood trauma. A hymn to brotherly bonds and a masterful depiction of love in the twenty-first century, Hanya Yanagihara’s stunning novel is about the families we are born into, and those that we make for ourselves. Look for Hanya Yanagihara’s new novel, *To Paradise*, coming in January 2022.

Now an award-winning Netflix film by Jane Campion, starring Benedict

Cumberbatch and Kirsten Dunst: Thomas Savage's acclaimed Western is "a pitch-perfect evocation of time and place" (Boston Globe) for fans of *East of Eden* and *Brokeback Mountain*. Set in the wide-open spaces of the American West, *The Power of the Dog* is a stunning story of domestic tyranny, brutal masculinity, and thrilling defiance from one of the most powerful and distinctive voices in American literature. The novel tells the story of two brothers — one magnetic but cruel, the other gentle and quiet — and of the mother and son whose arrival on the brothers' ranch shatters an already tenuous peace. From the novel's startling first paragraph to its very last word, Thomas Savage's voice — and the intense passion of his characters — holds readers in thrall. "Gripping and powerful...A work of literary art."
—Annie Proulx, from her afterword

An exultant novel of New York City at the turn of the twentieth century, about one man's rise to fame and fortune, and his mysterious murder—"engrossing" (Wall Street Journal), "immersive" (The New Yorker), and "seriously entertaining" (The Sunday Times, London). Andrew Haswell Green is dead, shot at the venerable age of eighty-three, when he thought life could hold no more surprises. The killing—on Park Avenue in broad daylight, on Friday the thirteenth—shook the city. Born to a struggling farmer, Green was a self-made man without whom there would be no Central Park, no

Metropolitan Museum of Art, no Museum of Natural History, no New York Public Library. But Green had a secret, a life locked within him that now, in the hour of his death, may finally break free. A work of tremendous depth and piercing emotion, *The Great Mistake* is the story of a city transformed, a murder that made a private man infamous, and a portrait of a singular individual who found the world closed off to him—yet enlarged it.

An international bestseller Andreas Egger knows every path and peak of his mountain valley, the source of his sustenance, his livelihood--his home. Set in the mid-twentieth century and told with beauty and tenderness, Robert Seethaler's *A Whole Life* is a story of man's relationship with an ancient landscape, of the value of solitude, of the arrival of the modern world, and above all, of the moments, great and small, that make us who we are.

How Words Get Good

Marilou Is Everywhere

A Selection

The Story of Making a Book

Cheaper by the Dozen

To celebrate the 20th anniversary of NYRB Classics, a handpicked anthology of selections from the series. In Greek mythology, Ariadne gave Theseus a ball of

red thread to guide him through the labyrinth, and the Red Thread offers a path through and a way to explore the ins and outs and twists and turns of the celebrated NYRB Classics series, now twenty years old. The collection brings together twenty-five pieces drawn from the more than five hundred books that have come out as NYRB Classics over the last twenty years. Stories, essays, interviews, poems, along with chapters from novels and memoirs and other longer narratives have been selected by Edwin Frank, the series editor, to chart a distinctive, entertaining, and thought-provoking course across the expansive and varied terrain of the Classics series.

Unlock the more straightforward side of Stoner with this concise and insightful summary and analysis! This engaging summary presents an analysis of Stoner by John Williams, which tells the life story of a man named William Stoner from the cradle to the grave. Stoner's life resembles the author's in many respects: he finds his vocation as a writer and teacher fairly early in life, and devotes the rest of his life to literature. Stoner's everyday struggles are not those of a traditional literary hero – indeed, he is exempted from military service – but he comes to realise that the battles he faces in the classroom are no less important for going unsung. Stoner was a relatively unknown novel during Williams' lifetime, but has come to be seen as a classic of 20th-century American literature in recent years. Find out everything you need to know about Stoner in a fraction

of the time! This in-depth and informative reading guide brings you: • A complete plot summary • Character studies • Key themes and symbols • Questions for further reflection Why choose BrightSummaries.com? Finalist for the L.A. Times Book Prize for First Fiction One of NPR ' s Favorite Books of 2019 A SKIMM READS PICK A BELLETRIST BOOK CLUB PICK "This novel reads like a miracle." —NPR Consumed by the longing for a different life, a teenager flees her family and carefully slips into another — replacing a girl whose own sudden disappearance still haunts the town. Fourteen-year-old Cindy and her two older brothers live in rural Pennsylvania, in a house with occasional electricity, two fierce dogs, one book, and a mother who comes and goes for months at a time. Deprived of adult supervision, the siblings rely on one another for nourishment of all kinds. As Cindy's brothers take on new responsibilities for her care, the shadow of danger looms larger and the status quo no longer seems tolerable. So when a glamorous teen from a more affluent, cultured home goes missing, Cindy escapes her own family's poverty and slips into the missing teen's life. As Jude Vanderjohn, Cindy is suddenly

surrounded by books and art, by new foods and traditions, and most important, by a startling sense of possibility. In her borrowed life she also finds herself accepting the confused love of a mother who is constitutionally incapable of grasping what has happened to her real daughter. As Cindy experiences overwhelming maternal love for the first time, she must reckon with her own deceptions and, in the process, learn what it means to be a daughter, a sister, and a neighbor. *Marilou Is Everywhere* is a powerful, propulsive portrait of an overlooked girl who finds for the first time that her choices matter.

The celebrated writer reminisces about his boyhood in Michigan at the turn of the century. Soon to be a major motion picture from Academy Award-winning director Guillermo del Toro and starring Bradley Cooper, Cate Blanchett, Rooney Mara, and Toni Collette.

Nightmare Alley begins with an extraordinary description of a carnival-show geek—alcoholic and abject and the object of the voyeuristic crowd's gleeful disgust and derision—going about his work at a county fair. Young Stan Carlisle is working as a carny, and he wonders how a man could fall so low. There's no way in hell, he vows, that anything like that will ever happen to him. And since Stan is clever and ambitious and not without a useful streak of ruthlessness, soon enough he's going places. Onstage he plays the mentalist with a cute assistant (before long his harried wife), then he graduates to full-blown spiritualist, catering to the needs of the rich and gullible in their well-upholstered homes. It looks like the world is Stan's for the taking. At least for now.

"Born the child of a poor farmer in Missouri, William Stoner is urged by his parents to study new agriculture techniques at the state university. Digging instead into the texts of Milton and Shakespeare, Stoner falls under the spell of the unexpected pleasures of English

literature, and decides to make it his life. Stoner is the story of that life"--Publisher description (January 2007).

The Great Mistake

John Williams: Collected Novels (LOA #349)

The Anatomy of Melancholy

In his National Book Award–winning novel *Augustus*, John Williams uncovered the secrets of ancient Rome. With *Butcher’s Crossing*, his fiercely intelligent, beautifully written western, Williams dismantles the myths of modern America. It is the 1870s, and Will Andrews, ?red up by Emerson to seek “an original relation to nature,” drops out of Harvard and heads west. He washes up in *Butcher’s Crossing*, a small Kansas town on the outskirts of nowhere. *Butcher’s Crossing* is full of restless men looking for ways to make money and ways to waste it. Before long Andrews strikes up a friendship with one of them, a man who regales Andrews with tales of immense herds of buffalo, ready for the taking, hidden away in a beautiful valley deep in the Colorado Rockies. He convinces Andrews to join in an expedition to track the animals down. The journey out is grueling, but at the end is a place of paradisaal richness. Once there, however, the three men abandon themselves to an orgy of slaughter, so caught up in killing buffalo that they lose all sense of time. Winter soon overtakes them: they are snowed in. Next spring, half-insane with cabin fever, cold, and hunger, they stagger back to *Butcher’s Crossing* to ?nd a

world as irremediably changed as they have been.
