### *Stranger Companies*

The Company of Strangers shows us the remarkable strangeness, and fragility, of our everyday lives. This completely revised and updated edition includes a new chapter analyzing how the rise and fall of social trust explain the unsustainable boom in the global economy over the past decade and the financial crisis that succeeded it. Drawing on insights from biology, anthropology, history, psychology, and literature, Paul Seabright explores how our evolved ability of abstract reasoning has allowed

## Read Book Stranger Companies

institutions like money, markets, cities, and the banking system to provide the foundations of social trust that we need in our everyday lives. Even the simple acts of buying food and clothing depend on an astonishing web of interaction that spans the globe. How did humans develop the ability to trust total strangers with providing our most basic needs? In an extraordinary blend of narrative history, personal recollection, & oral testimony, the author presents a sweeping history of Asian Americans. He writes of the Chinese who laid tracks for the transcontinental railroad, of plantation laborers in

the canefields of Hawaii, of "picture brides" marrying strangers in the hope of becoming part of the American dream. He tells stories of Japanese Americans behind the barbed wire of U.S. internment camps during World War II, Hmong refugees tragically unable to adjust to Wisconsin's alien climate & culture, & Asian American students stigmatized by the stereotype of the "model minority." This is a powerful & moving work that will resonate for all Americans, who together make up a nation of immigrants from other shores.

Citizen's and stranger's guide ...  
Embellished with engravings  
In the Company of Strangers  
shows how a reconception of  
family and kinship underlies the  
revolutionary experiments of the  
modernist novel. While stories of  
marriage and long-lost relatives  
were a mainstay of classic  
Victorian fiction, Barry McCrea  
suggests that rival  
countercurrents within these  
family plots set the stage for the  
formal innovations of Joyce and  
Proust. Tracing the challenges to  
the family plot mounted by  
figures such as Fagin, Sherlock  
Holmes, Leopold Bloom, and  
Charles Swann, McCrea tells the  
story of how bonds generated by  
chance encounters between

strangers come to take over the role of organizing narrative time and give shape to fictional worlds -- a task and power that was once the preserve of the genealogical family. By investigating how the question of family is a hidden key to modernist structure and style, *In the Company of Strangers* explores the formal narrative potential of queerness and in doing so rewrites the history of the modern novel.

keep alive?

"Starting in the late 1970s, a moral panic concerning child kidnapping and exploitation gripped the United States. For many Americans, a series of high-profile cases of missing and murdered children, publicized through an emergent twenty-four-hour news cycle, signaled a 'national epidemic' of child abductions perpetrated by strangers. Some observers insisted that fifty thousand or more children fell victim to stranger kidnappings in any given year. (The actual figure was and remains about one hundred.) Stranger Danger demonstrates how

racialized and sexualized fears of stranger abduction -- stoked by the news media, politicians from across the partisan divide, bereaved parents, and the business sector -- helped to underwrite broader transformations in US political culture and political economy. Specifically, the child kidnapping scare further legitimated a bipartisan investment in 'family values' and 'law and order,' thereby enabling the development and expansion of sex offender registries, AMBER Alerts, and other mechanisms designed to safeguard young Americans

and their families from 'stranger danger' -- and to punish the strangers who supposedly threatened them" Settled Strangers aims at understanding the social, economic and political evolution of the transnational migrant community of Gujarati traders and merchants in East Africa. The history of South Asians in East Africa is neither part of the mainstream national Indian history nor that of East African history writing. This is surprising because South Asians in East Africa outnumbered the Europeans ten-to-one. Moreover, their overall economic

## Read Book Stranger Companies

contribution and political significance may be more important than the history of the colonisers. This book is an attempt to provide some balance in the form of a history of the South Asians in East Africa through the lens of the actors themselves. It studies the kind of social, economic and political adjustments the emigrant Gujaratis had to make in the course of this migration. By using insights from the social sciences, including concepts like cultural capital, family firm, transnationality, middleman minorities and cultural change, this book aims to

*startling work of historical sleuthing and synthesis, Of Fear and Strangers reveals the forgotten histories of xenophobia—and what they mean for us today. By 2016, it was impossible to ignore an international resurgence of xenophobia. What had happened? Looking for clues, psychiatrist and historian George Makari started out in search of the idea's origins. To his astonishment, he discovered an unfolding series of never-told stories. While a fear and hatred of strangers may be ancient, he found that the notion of a dangerous bias called "xenophobia" arose not so long ago.*

*Coined by late-nineteenth-century doctors and political commentators and popularized by an eccentric stenographer, xenophobia emerged alongside Western nationalism, colonialism, mass migration, and genocide. Makari chronicles the concept's rise, from its popularization and perverse misuse to its spread as an ethical principle in the wake of a series of calamities that culminated in the Holocaust, and its sudden reappearance in the twenty-first century. He investigates xenophobia's evolution through the writings of figures such as Joseph Conrad, Albert Camus,*

Immigrants and immigration have always been central to Canadians' perception of themselves as a country and as a society. In this crisply written history, Valerie Knowles describes the different kinds of immigrants who have settled in Canada, and the immigration policies that have helped to define the character of Canadian immigrants over the centuries. Key policymakers and moulders of public opinion figure prominently in this colourful story, as does the role played by racism.
