They serve BOTH as frontline personnel and as backend personnel. They need to be good communicators. They need to be able to adapt to different personalities and work styles of bosses and peers. The CAP ExamEssentials Study Guide provides extensive and in-depth coverage on a wide variety of business and office management topics to help you prepare for the exam. According to the International Association of Administrative Professionals (IAAP), both the Certified Professional Secretary (CPS) exam and Certified Administrative Professional (CAP) exam are multiple choice based. Starting from Nov 2011 the CAP exam will be offered as a single exam. The CAP Examination covers a wide range of topics. The new exam covers: Communication Organization and Planning Information Distribution Records Management Physical and Information Resources Document Production Financial Functions Human Resources As a candidate, you are expected to know almost EVERYTHING. You do not have to be an expert in everything, but your peers will all expect you have knowledge on almost everything. Keep in mind, the phrase administrative professional is a general title associated with administrative support staff - you need to provide support whenever requested. Support request can come from different sources and may involve different disciplines. Even though you may not always need to provide hands-on help, you do need to know how to properly "redirect" and "allocate" help requests to the proper places. Administrative professionals are expected to greet and assist company visitors and customers as well as managers, executives and their staff. They serve BOTH as frontline personnel and as backend personnel. They need to be good communicators. They need to be able to adapt to different personalities and work styles of bosses and peers. There isn't any affordable "official" self study guide on the market, so we fill the gap here by releasing the CAP ExamEssentials Study Guide.
