Evolve Your Brain

*Are you like so many people who have tried unsuccessfully to attain your goals with a vision board? Vision boards are based on the so-called, law of attraction; like always attracts like. As in the book, The Secret, if you think it and live it, the universe will deliver it to you. Unfortunately, the law of attraction does not work 99.9% of the time. In his thorough and candid analysis, Dr. Farber takes you through a fascinating history of the law of attraction as well as the good, the bad, and the ugly side of vision boards. As a certified "Advanced Law of Attraction Practitioner," Dr. Farber exposes the truth about the law of attraction. He shows how believing in this "law" may be detrimental to your health, inhibit your compassion for others, decrease your motivation, and lessen your chance of achieving goals. This is not just a book about what not to do. This book shows us how to upgrade our vision boards and boost our success by utilizing mind-brain science and positive psychology research. Dr. Farber has the solution to our goal-achieving desires. He introduces us to the "Key to Achieve Principles" and The Action Board goal-achieving system. As the inventor of The Action Board, Dr. Farber is the world's leading expert in this system!*
