Mary Mapes’s Truth (previously published as Truth & Duty) was made into the 2015 film Truth, starring Cate Blanchett, Robert Redford, Topher Grace and Elizabeth Moss. A riveting play-by-play of a reporter getting and defending a story that recalls All the President’s Men, Truth center of the “60 Minutes II” story on George W. Bush’s shirking of his National Guard duty. The firestorm that followed that broadcast--a conflagration that was carefully sparked by the right and fanned by bloggers--trashed Mapes’ well-respected twenty-five year producing career. Dan Rather to resign from his anchor chair early and led to an unprecedented “internal inquiry” into the story...chaired by former Reagan attorney general Richard Thornburgh. Truth examines Bush’s political roots as governor of Texas, delves into what is known about his National Guard duty, of service-and sheds light on the solidity of the documents that backed up the National Guard story, even including images of the actual documents in an appendix to the book. It is peopled with a colorful cast of characters--from Karl Rove to Sumner Redstone-and moves from the Black Rock-CBS corporate headquarters-in New York City. Truth connects the dots between a corporation under fire from the federal government and the decision about what kinds of stories a news network may cover. It draws a line from reporting in the trenches to the gutter and back to the tradition of a independent media and asks whether it’s possible to break important stories on a powerful sitting president.

A riveting, deeply personal account of history in the making—from the president who inspired us to believe in the power of democracy #1 NEW YORK TIMES BESTSELLER • NAACP IMAGE AWARD NOMINEE • NAMED ONE OF THE TEN BEST BOOKS OF THE YEAR BY THE NEW YORK TIMES • NAMED ONE OF THE TEN BEST BOOKS OF THE YEAR BY THE NEW YORK TIMES • NAMED ONE OF THE TEN BEST BOOKS OF THE YEAR BY THE WASHINGTON POST • BOOK REVIEW NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The Washington Post • Jennifer Szalai, The New York Times • NPR • The Guardian • Marie Claire In the stirring, highly anticipated first volume of his presidential memoirs, Barack Obama tells the story of his improbable odyssey from young man searching for his identity to leader of the free world, describing in strikingly personal detail both his political education and the landmark moments of the first term of his historic presidency—a time of dramatic transformation and turmoil. Obama takes us on a journey from his earliest political aspirations to the pivotal Iowa caucus victory that demonstrated the power of grassroots activism to the watershed night of November 4, 2008, when he was elected 44th president of the United States, becoming the first African American to hold the White House. Reflecting on the presidency, he offers a unique and thoughtful exploration of both the awesome reach and the limits of presidential power, as well as singular insights into the dynamics of U.S. partisan politics and international diplomacy. Obama brings readers inside the White House Situation Room, and to Moscow, Cairo, Beijing, and points beyond. We are privy to his thoughts as he assembles his cabinet, wrestles with a global financial crisis, takes the measure of Vladimir Putin, overcomes seemingly insurmountable odds to secure passage of the Lilly Ledbetter Fair Pay Act, clashes with generals about U.S. strategy in Afghanistan, tackles Wall Street reform, responds to the devastating Deepwater Horizon blowout, and authorizes Operation Neptune’s Spear, which leads to the death of Osama bin Laden. A Promised Land is extraordinarily intimate and introspective—the story of one man’s bet with history, the faith of a community organizer tested on the world stage. Obama is candid about the balancing act of running for office as a Black American, bearing the expectations of a generation buoyed by messages of “hope and change” and the moral challenges of high-stakes decision-making. He is frank about the forces that opposed him at home and abroad, open about how living in the White House affected his wife and daughters, and unafraid to reveal self-doubt and disappointment. Yet he never wavers from his belief that the great, ongoing American experiment, progress is always possible. This beautifully written and powerful book captures Barack Obama’s conviction that democracy is not a gift from on high but something founded on empathy and common understanding and built together, day by day. Shampoo meets You’ll Never Eat Lunch In This Town Again in a rollicking and riveting memoir from the woman who for decades styled Hollywood’s most celebrated players.

With Amusement for All contextualizes what Americans have done for fun since 1830, showing the reciprocal nature of the relationships among social, political, economic, and cultural forces and the ways in which the entertainment world has reflected, changed, or reinforced the values of American society.

"Terrace is arguably the most prolific developer of television reference material, with more than 30 books to his credit"—ARBA Covering the years 1945-2018, this alphabetical listing provides details about 2,923 unaired television series pilots, including those that never went into production, and those that became series but with a different cast, such as The Green Hornet, The Middle and Superman. Rarities include proposed shows starring Bela Lugosi, Doris Day, Humphrey Bogart, Barbara Stanwyck, Orson Welles, Claudette Colbert and Mae West, along with such casting curiosities as Mona Freeman, not Gale Storm, as Margie in My Little Margie, and John Larkin as Perry Mason long before Raymond Burr played the role.

When the first Disneyland opened its doors in 1955, it reinvented the American amusement park and transformed the travel, tourism and entertainment industries forever. Now a global vacation empire, the original park in Anaheim, California, has been joined by massive complexes in Florida, Tokyo, Paris, Hong Kong and Shanghai. Spanning six decades, three continents and five distinct cultures, Sabrina Mittermeier presents an interdisciplinary examination of the parks, situating them in their proper historical context and exploring the distinct cultural, social and economic landscapes that defined each one at the time of its construction. She then spotlights the central role of class in the subsequent success or failure of each venture. The first comparative study of the Disney theme parks, this book closes a significant gap in existing research and is an important new contribution to the field, providing the first discussion of the Disney parks and what they reveal about the cultures they are set in. There has been a lack of focus on cross- and trans-cultural analyses of theme parks generally and Disney theme parks specifically, until now. It is also particularly interesting – and will be welcomed for it – for the non-United States context of the study. This is a thorough examination of all of the existing Disney Parks and how they function within their respective cultures. While Disney themes and characters attempt to be universal, the author does a good job of arguing for where this is not possible and how glocalization is crucial to the parks’ successes. The writing is academic, but it is not inaccessible. It will have wide disciplinary appeal within academia, as tourism studies cross into a variety of fields including history, American studies, fandom studies, performance studies and cultural studies. It will be invaluable to those working in the field of theme park scholarship and the study of Disney theme parks, theme parks in general and related areas like world’s expositions and spaces of the consumer and lifestyle worlds. It will also be of interest to Disney fans, those who have visited any of the parks or are interested to know more about the parks and their cultural situation and context.

As the mother of hip-hop superstar Kanye West, Donda West has watched her son grow from a brilliant baby boy with all the intimations of fame and fortune to one of the hottest rappers on the music scene. And she has every right to be proud: she raised her son with strong moral values, teaching him right from wrong and helping him become the man he is today. In Raising Kanye, Donda not only pays homage to her famous son but reflects on all the things she learned about being his mother along the way. Featuring never-before-seen photos and compelling personal anecdotes, Donda’s powerful and inspiring memoir reveals everything from the difficulties she faced as a single mother in the African-American community to her later experiences as Kanye’s manager as he rose to superstardom. Speaking frankly about her son’s reputation as a “Mama’s Boy,” and his memorable public outbursts about gay rights and President George W. Bush, Donda supports her son without exception, and here she shares the invaluable wisdom she has taken away from each experience -- passion, tolerance, patience, and above all, always telling the truth. Ultimately, she not only expresses what her famously talented son has meant to her but what he has meant to music and an entire generation.

Miles discusses his life and music from playing trumpet in high school to the new instruments and sounds from the Caribbean.

Just as Jack Kerouac captured the beat of the ‘50s, his daughter captured the rhythm of the generation that followed. With a graceful, often disturbing detachment and a spellbinding gift for descriptive imagery, Jan Kerouac explores the tortured, freewheeling soul of a woman on her own road. From an adolescence of LSD, detention homes, probation, pregnancy, and a stillbirth in the Mexican tropics at age 15; to the peace movement in Haight-Ashbury and Washington state; to traveling by bus through Central America with a madman for a lover, Baby Driver moves with the force of a tropical storm.

NEW YORK TIMES BESTSELLER *Bill Belichick: "Julian is the epitome of competitiveness, toughness, and the great things that are possible when someone is determined to achieve their goals." Tom Brady: "It's a privilege for me to play with someone as special as Julian." The Super Bowl champion wide receiver for the New England Patriots shares his inspiring story of an underdog kid who was always doubted to becoming one of the most reliable and inspiring players in the NFL. When the Patriots were down 28-3 in Super Bowl LI, there was at least one player who refused to believe they would lose: Julian Edelman. And he said so. It wasn't only because of his belief in his teammates, led by the master of the comeback, his friend and quarterback Tom Brady-or the coaching staff run by the legendary Bill Belichick. It was also because he had been counted out in most of his life and career, and he had proved them all wrong. Whether it was in Pop Warner football, where his Redwood City, California, team won a national championship; in high school where he went from a 4'10", 95-pound freshman running back to quarterback for an undefeated Woodside High team; or college, where he rewrote records at Kent State as a dual-threat quarterback, Edelman far exceeded everyone's expectations. Everyone's expectations, that is, except his own and those of his father, who took extreme and unorthodox measures to drive Edelman to quiet the doubters with ferocious competitiveness. When he was drafted by the Patriots in the seventh round, the 5'10" college quarterback was asked to field punts and play wide receiver, though he'd never done either. But gradually, under the tutelage of a demanding coaching staff and countless hours of off-season training with Tom Brady, he became one of the NFL's most dynamic punt returners and top receivers who can deliver in the biggest games. Relentless is the story of Edelman's rise, and the continuing dominance of the Patriot dynasty, filled with memories of growing up with a father who was as demanding as any NFL coach, his near-constant fight to keep his intensity and competitiveness in check in high school and college, and his celebrated nine seasons with the Patriots. Julian shares insights into his relationships and rivalries, and his friendships with teammates such as Tom Brady, Wes Welker, Matt Slater, and Randy Moss. Finally, he reveals the story behind "the catch" and life on the inside of a team for the ages. Inspiring, honest, and unapologetic, Relentless proves that the heart of a champion can never be measured.*

EBONY is the flagship magazine of Johnson Publishing. Founded in 1945 by John H. Johnson, it still maintains the highest global circulation of any African American-focused magazine.

The Emmy award-winning news anchor of Outnumbered Overtime with Harris Faulkner and co-host of the talk show Outnumbered shares the lessons she learned growing up in a military family paying homage to the military ideals that shaped her and showing how everyone can benefit from bringing the wisdom of military service into their lives. Born into a military family, Harris Faulkner revered her father, a decorated career officer who served three tours of duty in Vietnam and raised his children with the values and ideals of the U.S. military.

Accompanying him from posting to posting, young Harris experienced firsthand how success in life was rooted in the knowledge, integrity, and leadership that came from her military surroundings. Indeed, these formative lessons in leadership and work ethic became the guiding principles for her career as a journalist, lessons she credits with her rise to become one of the top hosts on Fox News. Now, she shares the advice, wisdom, and tools that she absorbed through her military upbringing, examining how these ideals have shaped her professional and personal outlook and how everyone can incorporate them into their own lives. Using her father’s career as the backdrop to her experience, she explores the lessons in courage, duty, patriotism, and responsibility that helped her succeed, demonstrating the truth to the axiom that in military families everyone serves—together. Along the way she also interviews current and former military families, generals and other officers, and tells stories from her father’s career to illuminate how and why the message and mission of the military is so effective at changing lives both on and off the battlefield. Illustrated with sixteen pages of never-before-seen photos of her early life and career, this instructive book, part memoir, part motivational life guide, reminds us of our most important values—the keys to a successful life.

The bestselling classic that redefined our view of the relationship between beauty and female identity. In today’s world, women have more power, legal recognition, and professional success than ever before. Alongside the evident progress of the women’s movement, however, writer and journalist Naomi Wolf is troubled by a different kind of social control, which, she argues, may prove just as restrictive as the traditional image of homemaker and wife. It’s the beauty myth, an obsession with physical perfection that traps the modern woman in an endless spiral of hope, self-consciousness, and self-hatred as she tries to fulfill society’s impossible definition of "the flawless beauty."

Named one of the Fifty Best Spiritual Books of 2013 by SPIRITUALITY & PRACTICE in the JUSTICE category! The Occupy Wall Street movement and protest movements around the world are evidence of a new era of intergenerational activists seeking deeper spiritual meaning in their quest for peace and justice. This book is a call to action for a new era of spirituality-infused activism. Authors Adam Bucko and Matthew Fox encourage us to use our talents in service of compassion and justice and to move beyond our broken systems--economic, political, educational, and religious--discovering a spirituality that not only helps us to get along, but also encourages us to reevaluate our traditions, transforming them and in the process building a more sacred and just world. Incorporating the words of young activist leaders culled from interviews and surveys, the book provides a framework that is deliberately interfaith and speaks to our profound yearning for a life with spiritual purpose and for a better world. Each chapter is construed as a dialogue between Fox, a 72-year-old theologian, and Bucko, a 37-year-old spiritual activist and mentor to homeless youth. As we listen in on these familiar yet profound conversations, we learn about Fox and Bucko's own spiritual journeys and discover a radical spirituality that is inclusive, democratic, and relevant to the world we live in today. Hundreds of American soldiers were already dead. Battlefields in Massachusetts and New York were soaked in the blood of American patriots. And 11-year-old Nathaniel Knox was in the midst of it all, trapped in a swamp and fighting for his life. The air was thick with smoke and gunpowder. Bleeding soldiers screamed in agony. Through the trees, Nate saw the line of British redcoat soldiers – at least 100 men. Their blood-colored uniforms seemed to glow in the smoky haze. Gunfire blasted all around him. Nate knelt behind a rock, gripping his gun with shaking hands. The American Revolution had started as a glorious struggle for freedom. America was determined to tear itself away from England, out of the grips of King George III. The thirteen American colonies would become a brand new country: The United States of America! But King George was like a snake with America gripped in his fangs – and he didn't want to let go. So now it was war – brutal, bloody war.

What would you do for the cross of Christ? For two thousand years, Christians have courageously triumphed over beatings, stonings, burnings, wild beasts, and every form of evil to boldly proclaim one truth: the name of Jesus. Voices of the Martyrs AD 33 – Today is their story and your Christian heritage. In the 16th century, English preacher John Foxe created what would later be called the “second most important book in history” after the Bible: Foxe's Book of Martyrs. With dozens of images, modernized English, and up-to-date accounts, Foxe: Voices of the Martyrs faithfully binds the testimonies of more than 50 of Foxe's heroes from the Early Church to the Reformation with Christians in the Enlightenment, the Industrial Revolution, and through the twentieth century. More importantly, Foxe: Voices of the Martyrs unites past Christians with believers today. Building on over fifty years of ministry to persecuted Christians, The Voice of the Martyrs organization shares sixty-seven stories of Christians who have stood faithfully to the death since 2000. Their courage in the face of ISIS and the Taliban, brutal dictatorships, and government crackdowns will inspire you to boldness and remind you that the same Spirit of Christ Who strengthened Stephen, Peter, and Paul is at work in you today.

Welcome, welcome to Caraval—Stephanie Garber's sweeping tale of two sisters who escape their ruthless father when they enter the dangerous intrigue of a legendary game. Scarlett has never left the tiny island where she and her beloved sister, Tella, live with their powerful, and cruel, father. Now Scarlett's father has arranged a marriage for her, and Scarlett thinks her dreams of seeing Caraval, the far-away, once-a-year performance where the audience participates in the show, are over. But this year, Scarlett's long-dreamt of invitation finally arrives. With the help of a mysterious sailor, Tella whisks Scarlett away to the show. Only, as soon as they arrive, Tella is kidnapped by Caraval's mastermind organizer, Legend. It turns out that this season's Caraval revolves around Tella, and whoever finds her first is the winner. Scarlett has been told that everything that happens during Caraval is only an elaborate performance. But she nevertheless becomes enmeshed in a game of love, heartbreak, and magic with the other players in the game. And whether Caraval is real or not, she must find Tella before the five nights of the game are over, a dangerous domino effect of consequences is set off, and her sister disappears forever.
