A staple of millennial lingo, the term #Sendnudes is used to request sexually explicit photographs, typically over text messaging and dating apps. Over time #Sendnudes has also evolved into a meme, deployed as a common punchline in image and video internet jokes. Today, #Sendnudes is making another transition - as the title of a carefully curated book of nude photography that celebrates the diversity of female beauty and body confidence.

Affective Health and Masculinities in South Africa explores how different masculinities modulate substance use, interpersonal violence, suicidality, and AIDS as well as recovery cross-culturally. With a focus on three male protagonists living in very distinct urban areas of Cape Town, this comparative ethnography shows that men's struggles to become invulnerable increase vulnerability. Through an analysis of masculinities as social assemblages, the study shows how affective health problems are tied to modern individualism rather than African 'tradition' that has become a cliché in Eurocentric gender studies. Affective health is conceptualized as a balancing act between autonomy and connectivity that after colonialism and apartheid has become compromised through the imperative of self-reliance. This book provides a rare perspective on young men's vulnerability in everyday life that may affect the reader and spark discussion

about how masculinities in relationships shape physical and psychological health. Moreover, it shows how men change in the face of distress in ways that may look different than global health and gender-transformative approaches envision. Thick descriptions of actual events over the life course make the study accessible to both graduate and undergraduate students in the social sciences. Contributing to current debates on mental health and masculinity, this volume will be of interest to scholars from various disciplines including anthropology, gender studies, African studies, psychology, and global health.

I Will Survive is the story of Gloria Gaynor, America's "Queen of Disco." It is the story of riches and fame, despair, and finally salvation. Her meteoric rise to stardom in the mid-1970s was nothing short of phenomenal, and hits poured forth that pushed her to the top of the charts, including "Honey Bee," "I Got You Under My Skin," "Never Can Say Goodbye," and the song that has immortalized her, "I

Will Survive," which became a #1 international gold seller. With that song, Gloria heralded the international rise of disco that became synonymous with a way of life in the fast lane - the sweaty bodies at Studio 54, the lines of cocaine, the indescribable feeling that you could always be at the top of your game and never come down. But down she came after her early stardom, and problems followed in the wake, including the death of her mother, whose love had anchored the young singer, as well as constant battles with weight, drugs, and alcohol. While her fans always imagined her to be rich, her personal finances collapsed due to poor management; and while many envied her, she felt completely empty inside. In the early 1980s, sustained by her marriage to music publisher Linwood Simon, Gloria took three years off and reflected upon her life. She visited churches and revisited her mother's old Bible. Discovering the world of gospel, she made a commitment to Christ that sustains her to this day. "Having been born a freeman, and for more than thirty years enjoyed the blessings of liberty in a free State—and having at the end of that time been kidnapped and sold into Slavery, where I remained, until happily rescued in the month of January, 1853, after a bondage of twelve years—it has been suggested that an account of my life and fortunes would not be uninteresting to the public." -an excerpt

patriarchal notions of race, gender, and sexuality through which fitness practice, commodities, and cultural products traffic. The book traces the imperial meanings and orders of power conveyed through “fit” bodies and their different configurations of muscularity, beauty, strength, and health within mainstream visual media and national and global public spheres. Drawing from a wide range of Brazilian visual media sources including fitness magazines, television programs, film, and social media, Daniel F. Silva theorizes concepts and renderings of modern corporality, its racialized and gendered underpinnings, and its complex relationship to white patriarchal power and capital. This study works to define the ubiquitous parameters of fitness culture and argues that its growth is part of a longer collective nationalist project of modernity tied to whiteness, capitalist ideals, and historical exceptionalism.

"Solveig Hisdal is not only aware of the knowledge housed in Norway's museums, she has also learned how to use it. She has visited museums throughout the country, searching eagerly for the treasures that her ancestors left behind. She has found textiles, chests, cabinets and old folk costumes that have later become her greatest source of inspiration. This book is a result of her quest, and it shows how the creativity of the past has inspired her to make beautiful knitted designs. It contains wonderful knitting ideas for almost all occasions, from a child's christening outfit to an exquisite, knitted bridal cardigan with beads and silk. Whether you wish to be inspired by the beautiful pictures, or knit some of the outfits -- enjoy the book!"--P. [4] of cover.

itinerant astrologer and a spiritualist mother. He grew up in poverty, scratching a living in various legal and illegal ways -robbing the oyster beds, working in a canning factory and a jute mill, serving aged 17 as a common sailor, and taking part in the Klondike gold rush of 1897. This various experience provided the material for his works, and made him a socialist. "The son of the Wolf" (1900), the first of his collections of tales, is based upon life in the Far North, as is the book that brought him recognition, "The Call of the Wild" (1903), which tells the story of the dog Buck, who, after his master's death, is lured back to the primitive world to lead a wolf pack. Many other tales of struggle, travel, and adventure followed, including "The Sea-Wolf" (1904), "White Fang" (1906), "South Sea Tales" (1911), and "Jerry of the South Seas" (1917). One of London's most interesting novels is the semi-autobiographical "Martin Eden" (1909). He also wrote socialist treatises, autobiographical essays, and a good deal of journalism.

In this acclaimed story collection, Chilean transgender performer and author Iván Monalisa Ojeda delivers an irreverent, honest and full-throated love song to New York City from the perspective of a group of trans Latinx immigrant friends who walk the streets, smoke crystal meth, compete in beauty contests, look for clients on their impossibly high heels, and fall prey to increasingly cruel immigration policies. Drawing from his/her own experience as a trans performer, sex worker, and undocumented immigrant, Iván Monalisa Ojeda chronicles the lives of Latinx queer and trans immigrants in New York City. Whether she is struggling with addiction, clashing with law enforcement, or is being subjected

to personal violence, each character chooses her own path of defiance, often responding to her fate with irreverent dark humor. What emerges is the portrait of a group of friends who express unquestioning solidarity and love for each other, and of an unfamiliar, glittering and violent, New York City that will draw readers in and swallow them whole. On every page, Iván Monalisa's unique narrative talent is on display as he/she artfully transforms the language of the streets, making it his/her own -- rich with rhythm and debauchery. This bold new collection positions Ojeda as a fresh and necessary voice within the canon of world literature.

As a matter of fact, the book showcases the star player's private, more intimate life captured by Domenico Dolce's creativity and unfailing eye. The photographs will be printed on special gold and silver paper. The images lay bare the emotions, moods, and passions of this young athlete, who has succeeded in bravely overcoming adversity in order to fulfill his dream: to become the number one among the world's top soccer players.

Pamela Gillilan was born in London in 1918, married in 1948 and moved to Cornwall in 1951. When she sat down to write her poem Come Away after the death of her husband David, she had written no poems for a quarter of a century. Then came a sequence of incredibly moving elegies. Other poems followed, and two years after starting to write again, she won the Cheltenham Festival poetry competition. Her first collection That Winter (Bloodaxe, 1986) was shortlisted for the Commonwealth Poetry Prize.

God's view? Are you surprised to know that the two might not line up? Stepping away from religious tradition, *Sex in the Bible* compares scripture to scripture to find out exactly what God has to say about human sexuality—and what it reveals may shock you. Providing a technical and thorough explanation of his findings, author Evan P. Turner begins his in-depth study by clearly defining what sin is, according to the Bible, so as to make evident what is not sin. Is masturbation wrong? What does God think of divorce? Is it okay for single people to have sex? Navigating these controversial questions, along with many more, the author points out key words and explains the significance of certain Hebrew and Greek terms to further elucidate what the Bible actually says about any given topic. Though there are certainly forbidden acts, you will begin to see that God actually offers a surprising amount of freedom when it comes to sex. Discover the life-giving truth about sex in this revolutionary study of the Bible.
