Althusser and Law is the first book specifically dedicated to the place of law in Althusser's philosophy. The growing importance of Althusser's philosophy in contemporary debates on the left has - for practical and political, as well theoretical reasons - made a sustained consideration of his conception of law more necessary than ever. As a form of what Althusser called 'Ideological State Apparatuses', law is at the forefront of political struggles: from the destruction of Labour Law to the exploitation of Patent Law; from the privatisation of Public Law to the ongoing hegemony of Commercial Law; and from the discourse on Human Rights to the practice of judicial courts. Is Althusser still useful in helping us to understand these struggles? Does he have something to teach us about how law is produced, and how it is used and misused? This collection demonstrates that Althusser's ideas about law are more important, and more contemporary, than ever. Indeed, the contributors to Althusser and Law argue that Althusser offers a new and invaluable perspective on the place of law in contemporary life.

My Greatest Untold Missions and the Art of Being a Sniper

Little Ree

Full of "can't look away" moments, Dear Killer is a psychological thriller perfect for fans of gritty realistic fiction such as Dan Wells's I Am Not a Serial Killer and Jay Asher's Thirteen Reasons Why, as well as television's Dexter. Rule One—Nothing is right, nothing is wrong. Kit looks like your average seventeen-year-old high school student, but she has a secret—she's London's notorious "Perfect Killer." She chooses who to murder based on letters left in a secret mailbox, and she's good—no, perfect—at what she does. Her moral nihilism—the fact that she doesn't believe in right and wrong—makes being a serial killer a whole lot easier . . . until she breaks her own rules by befriending someone she's supposed to murder, as well as the detective in charge of the Perfect Killer case. As New York Times bestselling author of the Gone series Michael Grant says, Dear Killer is "shocking, mesmerizing, and very smart."

Report on the Experiments Conducted in

There's something in the earth deep below Elise Kavanagh's territory. A shadow is falling upon local demons to devour their flesh and harvest their souls. And it's coming for Elise next. The Union has an easy way out. They want to send Elise into hiding again with her former partner, James Faulkner. All she has to do is surrender the territory and trust that they can protect the ethereal ruins, the dark gate, and the city she's come to know as home. Greater powers have other plans for Elise and her fabled power as

Godslayer-plans that mean surrendering her life and blood to the most powerful demon alive. But if she descends, there's no turning back. Once she gazes into the abyss, it will gaze back into her...and Elise will be damned forever.

Paintings, magisterial and universal, that capture the essence of a vibrant African American community In his art Jonathan Green paints the world of his childhood and an ode to a people imbued with a profound respect for the dignity and value of others—the Gullah people of the South Carolina barrier islands. His canvases, beloved for their sense of jubilation and rediscovery, evoke the meaning of community in Gullah society and display a reverence for the rich visual, oral, and spiritual traditions of its culture. His art also reveals a keen awareness of the interpersonal, social, and natural environments in which we live. The 180 images assembled in this collection showcase the meaning, purpose, and beauty that Green finds in the small but critical tasks of life. His work elevates the everyday—preparing morning meals, doing the wash, accomplishing farming chores, finishing a day's work, relaxing in the evening—and celebrates the social and religious—community dances, baptisms, weddings, funerals. Green allows his audience the space and silence to observe people unobtrusively as they pursue life's mission of labor,

love, and belonging and as they work in harmony with nature's mysterious, ever changing fabric. While Green's paintings speak specifically to his own upbringing, they transcend racial, cultural, and ethnic boundaries, thus allowing individuals of all backgrounds to recall fond memories and to reflect on the place that purpose and dignity hold in their lives. In addition to a foreword by Pat Conroy, essays by Bettye J. (Mbitha) Parker Smith, Lynn Robertson, and Ronne Hartfield complement Green's images. They tell of the vitality of the Gullah community, the progression of Green's career, and the authenticity of his work.

New York Times bestselling author, Food Network star, and The Pioneer Woman herself, Ree Drummond brings us the first book in a brand-new picture book series! In Ree's own words: "I was all grown up when I moved out to the country. When I first arrived, I felt so out of place! But eventually, I looked around and discovered all the wonderful things about country life. So I decided to write a story about my experiences, as seen through the eyes of a little girl named Ree. Little Ree moves to the country and feels as scared and unsure as I was. But then she finds that if she sets her mind to it, being a country girl is a pretty cool thing. Come along on her adventures!" Little Ree trades in her city days for a country way of life when she moves with her family to her grandparents' ranch. She's excited to ride horses, swim in the pond, and help Grandma cook for everyone. But on her first day, she finds that living on a ranch can be tough. She has to get up at the crack of dawn, learn to herd cows, and make sure her horse, Pepper, doesn't eat everything in sight. And that's all before breakfast! Will she ever get used to this new place? Luckily, the end of the day brings a big family barbecue...and the happy discovery that being a country girl isn't about the right pair of boots, it's all about the right attitude. With warmth, humor, and stories inspired by life on the ranch, Ree Drummond's new picture book introduces us to a spunky new picture book star and treats us to a special pancake recipe at the end!

From the New York Times Bestselling Author and Co-Star of Fox's American Grit comes a rare and powerful book on the art of being a sniper. Way of the Reaper is a step-by-step accounting of how a sniper works, through the lens of Irving's most significant kills - none of which have been told before. Each mission is an in-depth look at a new element of eliminating the enemy, from intel to luck, recon to weaponry. Told in a thrilling narrative, this is also a heart-pounding true story of some of The Reaper's boldest missions including the longest shot of his military career on a human target of over half a mile. In Iraq and Afghanistan, Nick Irving earned his nickname in blood, destroying the enemy with his sniper rifle and in deadly firefights behind a

.50 caliber machine gun. He engaged a Taliban suicide bomber during a vicious firefight, used nearly silent sub-sonic ammo, and was the target of snipers himself. *Way of the Reaper* attempts to place the reader in the heat of battle, experiencing the same dangers, horrors and acts of courage Irving faced as an elite member of the 3rd Ranger Battalion, 75th Ranger Regiment, while also examining the personal ramifications of taking another life. Readers will experience the rush of the hunt and the dangers that all snipers must face, while learning what it takes to become an elite manhunter. Like the Reaper himself, this explosive book blazes new territory and takes no prisoners.
