It'd be hard to find anyone interested in comic books and their history who hasn't heard of Todd McFarlane's legal woes, but very few outside of McFarlane's immediate circle know just how many legal fights he was facing as the 1990s closed.

Virtually all of McFarlane's court cases came down to three decisions, made by him alone. The first was to name a mobster in his Spawn comic after a hockey player, Tony Twist. The second was to hire Neil Gaiman to write a single issue of Spawn and the third

Tony Twist trial was  
the beginning of a  
long, long period of  
uncertainty for Todd  
McFarlane and very  
nearly brought down  
the empire that he'd  
worked so hard to  
build. At its worst  
point, McFarlane was

without proper accounting, permission or payments. This, to the comic book industry at large, showed McFarlane to be no better than the corporations that he'd spent years rallying against - Marvel and DC Comics. It would take the better part of
