shadows in the Moonlight is one of the original short stories starring the fictional sword and sorcery hero Conan the Cimmerian, written by American author Robert E. Howard and first published in Weird Tales magazine in April 1934. Howard originally named

Tarzan the Magnificent Edgar Rice Burroughs - The bones of a dead man, a black runner still clutching a cleft stick containing a message...Tarzan, mighty man of the forest, finds it and learns of the captivity of a white man and his beautiful daughter. Courageously going to their rescue, Tarzan finds they are in the hands of the Kaji, a mysterious tribe of warrior women who will mate only with white men. Thus begins Tarzan's most fantastic adventure, one that will keep you on the edge of your seat in excitement. Tarzan encounters a lost race with uncanny mental powers, after which he revisits the lost cities of Cathne and Athne, previously encountered in the earlier novel Tarzan and the City of Gold. As usual, he is backed up by Chief Muviro and his faithful Waziri warriors.

Tarzan cared little for the fate of adventurer Brian Gregory, drawn to the legendary city of Ashair by the rumor of the Father of Diamonds, the world's hugest gem. But to the ape-man the tie of friendship was unbreakable, and Paul d'Arnot's pleas moved him to agree to guide the expedition Gregory's father and sister organized for his rescue. The enigmatic Atan Thome was also obsessed with the Father of Diamonds, and planted agents in the Gregory safari to spy out its route and sabotage its efforts. Both parties reached their goal, remote Ashair . . . as prisoners of its priests, doomed to die in loathsome rites.

After encountering and befriendng Valthor, a warrior of the lost city of Athne (whom he rescues from a group of bandits known as shiftas), the City of Ivory and capital of the land of Thenar, Tarzan is captured by the insane yet beautiful queen Nemone of its hereditary enemy, Cathne, the City of Gold, capital of the land of Onthar. This novel is perhaps best known for two scenes; in the first, Tarzan is forced to fight Cathne's strongest man Phobeg in its arena. While an ordinary man might have been in trouble, Tarzan easily overpowers Phobeg.

The second scene, in which Tarzan is forced to fight a lion, starts with the ape man being forced to run away from a hunting lion, Belthar, which will hunt him down and kill him. Tarzan at first believes he can outrun the beast (lions tire after the first 100 yards at top speed). This lion, however, is of a breed specifically selected for endurance, and ultimately Tarzan must turn to face him, though aware that without a knife he can do little but delay the inevitable. His own lion ally, Jad-bal-ja, whom he had raised from a cub, arrives and intervenes, killing Belthar and saving Tarzan. Nemone, who believes her life is linked to that of her pet, kills herself when it dies.

Tarzan and the City of Gold (Tarzan #5) Annotated

Burne Hogarth is one of the most famous artists in the history of comic strips, the peak with Alex Raymond (Flash Gordon) and Hal Foster (Prince Valiant). In 1936 he followed Foster on the massively popular Tarzan comic strip, and set a standard for dynamics and excitement. This is the first of four exclusive volumes that will collect Hogarth's entire run, beginning with Tarzan and the Golden City. Restored and reproduced in an oversized format, these editions will finally do justice to one of the most lauded illustrators of all time, whose work has been

print for more than a decade. Details of illustrations: Full-color restorations of the newspaper strips, reproduced in the oversized full-page format made popular by current collections of Prince Valiant and Popeye the Sailor. Details of extras: Historical articles from Scott Tracy Griffin, author of Tarzan: The Centennial Celebration

Cruel slave traders had invaded the jungle of Tarzan of the Apes. Now they were headed toward a fabled empire of riches which no outsider had ever seen, intent on looting. And toward the same legendary land was stumbling the lost James Blakely, an American whom Tarzan had vowed to rescue. Following their spoor, the ape-man came upon the lost Valley of the Sepulcher, where Knights Templar still fought to resume their Holy Crusade to free Jerusalem.

All beasts of prey find hunting poor during a rain, and Tarzan was no exception to the rule. It had rained for two days, and as a result Tarzan was hungry. A small buck was drinking in a stream fringed by bushes and tall reeds, and Tarzan was worming his way upon his belly through short grass to reach a position from which he might either charge or loose an arrow or cast a spear. He was not aware that a group of horsemen had reined in upon a gentle rise a short distance behind him where they sat in silence regarding him intently.

Tarzan and the Forbidden City is a novel by American writer Edgar Rice Burroughs, the

twentieth in his series of twenty-four books about the title character Tarzan. The circumstances that brought Tarzan northward into Kaffa are not a part of this story. Perhaps it is enough that the Lord of the Jungle loves to roam remote fastnesses still unspoiled by the devastating hand of civilization. Unsated with adventure, it may be that Abyssinia's 350,000 square miles of semisavagery held an irresistible lure for him in their suggestion of mysterious back country and in the ethnological secrets they have guarded from time immemorial. Wanderer, adventurer, outcast, Greek phalanx, and Roman legion, all have entered Abyssinia within times chronicled by history or legend never to reappear; and it is believed by some that she holds the secret of the lost tribes of Israel. What wonders, then, what adventures, might not her remote corners reveal! And it was to one such corner that the strange white warrior in armor of ivory led Tarzan to the luxurious court of the most beautiful woman in the world, to slavery, to the arena, to the lion pit, to an atmosphere of love and hate, of intrigue and murder, to new friends and powerful enemies, to the throne of the Great God Thoos, to flaming Xarator, and to the horrors of the Grand Hunt. If you are bored by the humdrum of the daily grind of civilization, lay aside the badges of your servitude, don a loin cloth of lion skin, seize bow and arrows and spear, and tread the silent trails of the mysterious jungle toward high adventure with Tarzan of the Apes.
