Horae Apocalypticae is a commentary on the apocalypse, critical and historical; including also an examination of the chief prophecies of Daniel. It is doubtless the most elaborate work ever produced on the Apocalypse. Editors Note, 2018 Quin. Ed. E. B Elliot finished his great work about the year 1860. The nature of the Historicist method of interpretation is such that the line of fulfilled prophecy is continually moving with the passage of time. speculation which must be verified before accepted as true. As well intentioned as many are the passage of time will overthrow the best of expositors on some points of which time would reveal to be mere speculation. Though the bulk of Mr. Elliot's work still stands the test of time, time has unveiled a more likely or true interpretation on some points. The editors herein have made some updates commensurate. Book 3 in the Dark Imperium series. The paths of Roboute Guilliman and his fallen brother Mortarion bring them inexorably together on Iax. Once a jewel of the Imperium, the garden world is dying, as the plans of the Lord of Death to use it as a fulcrum to drag the stellar realm of Ultramar into the warp come to deadly fruition. While Guilliman attempts to prevent the destruction of his kingdom, Mortarion schemes to bring his brother low with the Godblight, a disease

created in the Cauldron of Nurgle itself, made with the power to destroy a son of the Emperor. Primarchs clash on the ravaged landscapes of Iax. The gods go to war, and the wider galaxy balances on a knife-edge of destruction. As something powerful stirs in the sea of souls, only one thing is certain – no matter who wins the last great clash of the Plague War, the repercussions of victory will echo through eternity... The third volume in the four-volume commentary on the Book of Acts, this work presents a fresh look at the text of Codex Bezae and compares its message with that of the more familiar Alexandrian text of which

Codex Vaticanus is taken as a representative. It deals with Acts 13.1-18.23, the chapters that cover the first two stages of the mission to the Gentiles, with the intervening meeting in Jerusalem (14.28-15.41). For each section, there is a side by side translation of the Bezan and Vaticanus manuscripts, followed by a full critical apparatus which deals with more technical matters, and finally, a commentary which explores in detail the differences in the message of the two texts. Of particular interest in this part of Acts are the person of Paul and the unfolding of his character and theology. It is found that in the Bezan text Luke

portrays him as a fallible disciple of Jesus who, despite his powerful enthusiasm, is hindered by his traditional Jewish understanding from fully carrying out the mission entrusted to him in these first stages. The conclusion is drawn that the portrait of an exemplary hero in the Alexandrian text is a later modification of the flawed picture.

Against claims that Origen causes History to evaporate into barren idealism, his theology is shown to have no other source and aim than historical occurrences. Fronting assertions that he has no eschatological ideas, this Eschatology is explicated in

all its clarity. Light is cast upon the Aristotelian character of Origen's doctrine of "apokatastasis," proving this based on "ontological" necessity, not a "historical" one.
