

The Akhenaten Adventure Children Of The Lamp 1

A sensitively written, real-life story about a boy called Little Leap Forward, growing up in the hutongs of Beijing in the 1960s, at the time of the Cultural Revolution.

All twelve years of Eden's life have been spent in an antique oil lamp. She lives like a princess inside her tiny, luxurious home, but to Eden, the lamp is nothing but a prison. She hates being a genie. All she wants, more than anything, is freedom. When Eden finds a gateway to Earth inside the lamp, she takes her chance. In a moment, she's entered the world she loves. And this time, she won't be sent back after three wishes. Posing as the new kid at a California middle school, Eden revels in all of Earth's pleasures—but quickly learns that this world isn't as perfect as she always thought it was. Eden soon finds herself in the middle of a centuries-old conflict between powerful immortals. A ruthless organization run by a former genie will stop at nothing to acquire the lamp and its power—including hurting Tyler and Sasha, the mortal friends who have given Eden a home. To save her friends—and protect the magic of the lamp—Eden will have to decide once and for all where she belongs.

From the winner of the Nobel Prize for Literature and author of the Cairo Trilogy, comes Akhenaten, a fascinating work of fiction about the most infamous pharaoh of ancient Egypt. In this beguiling novel, originally published in Arabic in 1985, Mahfouz tells with extraordinary insight the story of the "heretic pharaoh," or "sun king,"—the first known monotheistic ruler—whose iconoclastic and controversial reign during the 18th Dynasty (1540-1307 B.C.) has uncanny resonance with modern sensibilities. Narrating the novel is a young man with a passion for the truth, who questions the pharaoh's contemporaries after his horrible death—including Akhenaten's closest friends, his most bitter enemies, and finally his enigmatic wife, Nefertiti—in an effort to discover what really happened in those strange, dark days at Akhenaten's court. As our narrator and each of the subjects he interviews contribute their version of Akhenaten, "the truth" becomes increasingly evanescent. Akhenaten encompasses all of the contradictions his subjects see in him: at once cruel and empathic, feminine and barbaric, mad and divinely inspired, his character, as Mahfouz imagines him, is eerily modern, and fascinatingly ethereal. An ambitious and exceptionally lucid and accessible book, Akhenaten is a work only Mahfouz could render so elegantly, so irresistibly.

When David moves in with Elizabeth Pennykettle and her eleven-year-old daughter, Lucy, he discovers a collection of clay dragons that come to life. Reprint.

An extravagant, lyrical novel in twelve parts about a city of poets and librarians at the height of the Renaissance. A city that never was. A City of Poets and Dreamers, Liars and Cheats... Tommaso Cellini, celebrated ruler of Cadenza, is dead, and the city mourns. For Carlo Mazzoni, an aspiring poet, it was the day of his arrival in the City of Words and the end of his dreams to walk side-by-side with the great man, two artists together. For Vittoria — known to all but a handful as the famed ink maid Hypatia — the death of a ruler is less troubling than her sadness and inability to write. Without it, her admirers will leave her, and with it her livelihood. With its ruler dead, the city plunges into turmoil amid rumours of war with its rival Venice. Surrounded by murder, intrigue, revenge and revolution, they must rely on new friends and sinister acquaintances to find their paths to freedom.

After two centuries of feuding the powers of the two families of magicians in mythical Caprona are too weak to stop an incipient war, but the younger members of the families find a way.

Twelve-year-old twins Philippa and John have more adventures when they become involved in an international adventure involving the Blue Djinn, the supreme arbiter of all djinn.

For over a decade Nefertiti, wife of the heretic king Akhenaten, was the most influential woman in the Bronze Age world; a beautiful queen blessed by the sun-god, adored by her family and worshipped by her people. Her image and her name were celebrated throughout Egypt and her future seemed golden. Suddenly Nefertiti disappeared from the royal family, vanishing so completely that it was as if she had never been. No record survives to detail her death, no monument serves to mourn her passing and to this day her end remains an enigma - her body has never been found. Joyce Tyldesley here provides a detailed discussion of the life and times of Nefertiti, Egypt's sun queen, set against the background of the ephemeral Amarna court.

The New York Times bestselling author of the Bernie Gunther novels reimagines the end of World War 2 in this gripping standalone spy thriller. Autumn 1943. Since Stalingrad, Hitler has known that Germany cannot win the war. The upcoming Allied conference in Teheran will set the ground rules for their second front-and for the peace to come. Realizing that the unconditional surrender FDR has demanded will leave Germany in ruins, Hitler has put out peace feelers. (Unbeknownst to him, so has Himmler, who is ready to stage a coup in order to reach an accord.) FDR and Stalin are willing to negotiate. Only Churchill refuses to listen. At the center of this high-stakes game of deals and doubledealing is Willard Mayer, an OSS operative who has been chosen by FDR to serve as his envoy. A cool, self-absorbed, emotionally distant womanizer with a questionable past, Mayer has embraced the stylish philosophy of the day, in which no values are fixed. He is the perfect foil for the steamy world of deception, betrayals, and assassinations that make up the moral universe of realpolitik. With his sure hand for pacing, his firm grasp of historical detail, and his explosively creative imagination about what might have been, Philip Kerr has fashioned a totally convincing thinking man's thriller in the great tradition of Eric Ambler and Graham Greene.

Nadia loves fun facts. Here are a few about her: - She collects bobbleheads -- she has 77 so far. - She moved from Egypt to America when she was six years old. - The hippo amulet she wears is ancient... as in it's literally from ancient Egypt. - She's going to win the contest to design a new exhibit at the local museum. Because how cool would that be?! (Okay, so that last one isn't a fact just yet, but Nadia has plans to make it one.) But then a new kid shows up and teases Nadia about her Egyptian heritage. It's totally unexpected, and totally throws her off her game. And something else happens that Nadia can't explain: Her amulet starts glowing! She soon discovers that the hippo is holding a hilarious -- and helpful -- secret. Can she use it to confront the new kid and win the contest? From political satirist and comedian Bassem Youssef, aka The Jon Stewart of the Arab World, and author Catherine R. Daly comes a humorous and heartfelt story about prejudice, friendship, empathy, and courage. Includes sections of black-and-white comics as well as lively black-and-white illustrations throughout.

Mummies, pyramids, and cool hieroglyphics make awesome movie props, but the ancient court of Amarna is full of over-sized scorpions, magical amulets, and evil deities determined to scare unwanted visitors away. If Jagger and Aria are to return safely home, they must find nine soul-infested gemstones, defeat an evil general, save the royal family, and figure out how to rescue themselves! Armed only with Jagger's knowledge of history and a few modern objects mined from his pockets and Aria's sparkly purse, the siblings have exactly one week to solve supernatural riddles and rescue the royal family. If they can pull it off, Jagger Jones just might return to Chicago a hero.
