Back on Earth with nothing more to show for his long, strange trip through time and space than a ratty towel and a plastic shopping bag, Arthur Dent is ready to believe that the past eight years were all just a figment of his stressed-out imagination. But a gift-wrapped fishbowl with a cryptic inscription, the mysterious disappearance of Earth's dolphins, and the discovery of his battered copy of *The Hitchhiker's Guide to the Galaxy* all conspire to give Arthur the sneaking suspicion that something otherworldly is indeed going on. God only knows what it all means.

adventure from two masters of modern fantasy is a story of magic, family, and the power in believing in both. Sarah Jane has always wanted to meet a fairy, but she has no idea that the tiny wounded man she discovers in the Tanglewood Forest is about to ensnare her in a longtime war between rival magical clans. When her six sisters are kidnapped and split up by the opposing sides, she'll need the help of several friends--from the reclusive Aunt Lillian to the mysterious Apple Tree Man--to bring them home. But if they don't untangle themselves from the feud quickly, they could all be trapped in the fairy world forever. In a starred review, Publishers Weekly noted

series The Sandman, Gaiman quickly became equally renowned in literary circles for Neverwhere, Coraline, and the award-winning American Gods, as well as the Newbery and Carnegie Medal-winning The Graveyard Book. For adults, children, comics readers, and viewers of the BBC's Doctor Who, Gaiman's writing has crossed the borders of virtually all media, making him a celebrity around the world. Despite Gaiman's incredible contributions to comics, his work remains underrepresented in sustained fashion in comics studies. But the actual life underneath these various legends remains elusive; what did he look like as a laughing child or young soldier? What did he say in his most personal letters? played out against the backdrop of the Portland punk scene, Beija was there, wearing her “Don’t Pet Me” bandana. Georges’s gorgeous graphic novel Fetch chronicles their symbiotic, codependent relationship and probes what it means to care for and be responsible to another living thing—a living thing that occasionally lunges at toddlers. Nicole turns to vets, dog whisperers, and even a pet psychic for help, but it is the moments of accommodation, adaptation, and compassion that sustain them. Nicole never successfully taught Beija “sit,” but in the end, Beija taught Nicole how to stay.
