

The Bermuda Triangle Mystery Solved By Larry Kusche

Explores places discovered to have been used in the past for sacred rituals and ceremonies of the occult

On March 8th, 2014, Malaysia Airlines Flight 370, with 239 people on board, disappeared into the dark of the night, never to be heard from again. The disappearance of MH370 has been described as the "greatest mystery in the history of aviation." No one has been able to determine what really happened. Until now...

Presents information about the Bermuda Triangle and its reputation for unexplained disappearances and disasters, offering accounts of real incidents, theories that have been put forth about them, and scientific perspectives on the subject.

Ancient Alien Question, 10th Anniversary Edition

From the arid desert to the cities of Phoenix and Tucson, Arizona is rich in tales of the paranormal.

" . . . an important and outstanding contribution." --Erich von Däniken, bestselling author of *Chariots of the Gods* "The Ancient Alien Question provides a captivating adventure around the world and sheds an interesting perspective on the Ancient Astronaut Theory." --Giorgio A. Tsoukalos, producer of *Ancient Aliens: The Series* "Philip Coppens covers all the bases on this controversial topic. His research is thorough and he addresses each topic with a balanced overview that cuts through the jungle of confusion with a very sharp machete of reason." --David Hatcher Childress, author of *Technology of the Gods* The Ancient Alien Question reveals an array of astonishing truths, including: A radically different understanding of the pyramids and how they were constructed The extraordinary stories behind monuments such as the Nazca lines and Puma Punku How extraterrestrials came to our planet and the evidence that supports this Analyzing the historical and archaeological evidence, Philip Coppens demonstrates that there is substantial proof that our ancestors were far more technologically advanced than currently accepted, and that certain cultures interacted with nonhuman intelligences. Our ancestors were clearly not alone. Fifty years after Erich von Däniken posed these questions in *Chariots of the Gods*, Coppens provides clear, concise answers to the great historical enigmas in an accessible, readable format. Your view of human history will never be the same again!

There is no scientific evidence whatsoever for the existence of the Loch Ness Monster. That is the conclusion reached by

Get Free The Bermuda Triangle Mystery Solved By Larry Kusche

Ronald Binns in his book, *The Loch Ness Mystery: Solved*. "The real mystery of the monster," writes Binns, "is why it should periodically seize the wider public imagination and continue to be given credence, even when much of the evidence can be shown to be suspect." Loch Ness, the most famous stretch of water in the British Isles, is a strange and compelling place. Its dark waters are shadowed by mountains, its shores craggy and inhospitable. Loch Ness provides a gloomy, romantic setting for what has come to be known as the greatest riddle of modern natural history. Since 1933, there have been hundreds of sightings of the alleged monster. This is the definitive account of the alleged monster and its curious environment. Ronald Binns takes a new look at the enigma by investigating the original sightings of the beast and scrutinizing the eyewitness evidence for its existence. The book explains precisely what the monster is, and publishes for the first time many remarkable photographs. These pictures are shown alongside the "classic" pictures of the monster. Binns' pursuit and analysis of the evidence and his convincing solution of this great mystery are as enthralling as a detective story.

estranged father, Angus Wallace, a wily Highlander on trial for murder. Together the two plunge into a world where the legend of Loch Ness shows its true face. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied. Who doesn't love a great mystery? This book presents the eerie accidents and unexplained disappearances that have occurred in the region known as the Bermuda Triangle. Even before it was named, the Bermuda Triangle--roughly bounded by Miami, Bermuda, and Puerto Rico--had gained a mythic reputation. The Bermuda Triangle became famous for making boats and ships vanish, and for snatching planes right out of the sky. But are these stories true? And if they are true, is there a more sensible reason that refutes the bad karma of the region? With so many mystifying events to learn about, readers will love disappearing into this story. Investigates the baffling mystery and unanswered questions surrounding the disappearance of Navy pilot Lt. Charles Taylor as he flew through the Bermuda Triangle, presenting interviews with Taylor's Navy comrades, relatives, and friends

supranormal events and phenomena men have witnessed on the high seas.

The Bermuda Triangle, The Devils Triangle Call it what you will but this area off the coast of the southeastern United States has stirred peoples imaginations for hundreds of years You wont find it on any official maps, which hasn't actually stopped would be cartographers from adding it in anyway. As far as the U S Board of Geographic Names is concerned, it doesn't even exist. They do not recognize it nor do they admit to maintaining any official file on it. However, as fans of the unexplained will insist, the Bermuda Triangle is very real It is so named because of its proximity to the island of Bermuda, which forms one of its apexes. The others are roughly located in Florida and Puerto Rico, and together they cover an area of approximately 500,000 square miles That's a lot of area for craft to get lost in.

FOOLED BY FABLES? LED ON BY LEGENDS? MYTH-GUIDED? WONDER NO MORE, MYSTERY-PHILES: THE TRUTH IS IN HERE! What in the world (or out of it) made those giant crop circles? Did skydiving skyjacker D. B. Cooper really get away with it? Is Bigfoot a big fake? Are ETs just BS? If you 're tired of scratching your head over persistent puzzlers like these, mystery-buster Albert Jack has the cure for

Get Free The Bermuda Triangle Mystery Solved By Larry Kusche

your quizzical itch. He ' s gone hunting for the truth behind more than thirty of the most famous and baffling conundrums in history. Did a conspiracy or a calamity kill Marilyn Monroe? Is the Bermuda Triangle a tropical tall tale? Was a dead Paul McCartney replaced by a doppelg ä nger? How did Edgar Allan Poe meet his doom? In quick-witted entries on each enigmatic topic, Loch Ness Monsters and Raining Frogs offers answers certain to surprise, enlighten, amuse, and perhaps disappoint true believers. But Albert Jack never fails to fascinate and entertain as he spills the beans about the odd, the eerie, and the (no longer) unexplained.

The X Files, The Haunting, The Sixth Sense, and The Blair Witch Project clearly show that the public has a tremendous fascination with the paranormal and the occult, and the media is all too eager to cater to people's wildest fantasies and fears. At a time when there is growing acceptance of pseudoscience and claims of psychic phenomena, this penetrating analysis of so-called psychic abilities is a long overdue and thorough refutation of the whole psi craze. In regard to ESP, the Ganzfeld research, and the extraordinary claims of "mentalists," psychologist David Marks uncovers a long trail of deception, conjuring tricks, and scientific bungling. He also goes to great pains to examine the claims of serious parapsychologists such as Russell Targ, Harold Puthoff, Edwin C. May, the late Charles Honorton, Rupert Sheldrake, Jessica Utts, and Nobel Prize winner Brian D. Josephson. Not only does he provide an interesting account of what these leading figures think they have discovered, but he also offers lucid explanations of why they are mistaken. Included along with these fascinating investigations is a discussion of why so many people today are prone to

Get Free The Bermuda Triangle Mystery Solved By Larry Kusche

believe in the reality of psi phenomena. In the final chapter, titled "The Art of Doubt," the author explores the positive role of skepticism in the progress of genuine science. For all those who value science's ability to separate sense from nonsense, *The Psychology of the Psychic* will come as welcome relief. The devastating conclusions will shock those who believe that psi is a proven reality. This book gives psi the knockout blow!

Still unsolved, still baffling, still claiming new victims. Here are the untold stories. A pilot reports a strange haze enveloping his plane, then disappears; eleven hours after fuel starvation, as if calling from a void, he is heard 600 miles away. He requests permission to land, then vanishes forever. A freighter steaming over placid seas disappears without a trace. A pleasure yacht ghosts past without a soul on board. A pilot calls for help because a "weird object" is harassing his plane. A jet collides with an "unknown" and is never found. . . .

Into the Bermuda Triangle is the first comprehensive examination of these baffling disappearances in more than a generation. Drawing on official reports from the NTSB and other investigative agencies as well as interviews with scientists, theorists, and survivors, leading authority Gian Quasar not only sets the record straight on previously examined cases, he also offers a bulging file of new cases, the collective results of his twelve-year investigation. In meticulous detail this unflinching account: Documents confirmed disappearances of airplanes and ships Gathers new testimony and reexamines old interviews from eyewitnesses and survivors Explores possible explanations ranging from zero-point energy to magnetic vortices Challenges our assumptions with the

Limbo of the Lost

A Collection of Strange Beliefs, Amusing Deceptions, and Dangerous Delusions

History tells us the on 5 December, 1945, Flight 19 departed Ft. Lauderdale Naval Air Station at 2:10 pm. This was to be their last training mission prior to

Get Free The Bermuda Triangle Mystery Solved By Larry Kusche

graduation. 14 men and 5 TBM Avenger torpedo bombers departed, never to be seen again. This initiated the largest air and sea search in the history of the Navy, resulting in nothing found. Flight 19 was never hear from again. This started not only the legend of The Lost Patrol, but the legend of the Bermuda Triangle itself. 73 years and 6 hours later, on December 5, 2018, Flight 19 returns to Ft. Lauderdale International airport. All 14 men are the same age as when they departed. In a Star Trek meets Capatin(s) Marvel, 14 fully trained Super Heros emerge. Fully trained Navy and Marine soldiers/pilots are ready to take on Universal Savior duties with newly discovered weaponry and equipment they have used before. Warning: The action starts immediately and seldom slows down. Be prepared to finish this book un-interrupted. You will be unable to put it down, wondering what will be coming next.

Bermuda native Rosemary Jones provides her firsthand insight into the best this balmy island has to offer, from shopping for duty-free treasures in the capital of Hamilton to exploring St. George's, home of the island's first settlers. Jones also offers creative travel ideas, such as Vacation with the Kids, On the Wild Side, and A Romantic Retreat. With expert advice on lounging on pink-sand beaches, golfing at the famous Mid Ocean Club, and scuba-diving on shipwrecks, Moon Bermuda gives travelers the tools they need to create a more personal and memorable experience. This full-color guide includes vibrant photos and helpful maps.

Like my first book published in 1999, *The Historical Roots of Proper Islamic Governance in Bermuda*, this

is a history book. It clarifies some points in my first book, but more importantly, it addresses questions about the Bermuda Triangle that are continuously asked by Muslims the world over, both by many of the Ulama as well as ordinary Muslims, and also asked by non-Muslims. No one prior to me has discovered the answers I relate in this book about the Bermuda Triangle. The so-called mystery is solved by me, a Bermudian Muslim, and all praise is due to God. Why shouldn't God's mercy allow a Bermudian to discover something unique about Bermuda? The Bermuda Triangle Islamic Perspective: Within the Context of Bermuda Muslim History begins to unfold in the year 2000 and takes us up to present day. It is a new perspective of untold proportions.

cases of people disappearing in it throughout history, and provides possible explanations, including mechanical failure, human error, or strange weather.

**Includes pictures *Includes accounts *Includes online resources and a bibliography for further reading *Includes a table of contents "They that go down to the sea in ships, that do business in great waters; these see the works of the Lord, and his wonders in the deep. For he commandeth, and raiseth the stormy wind, which lifteth up the waves thereof. They mount up to the heaven, they go down again to the depths: their soul is melted because of trouble. They reel to and fro, and stagger like a drunken man, and are at their wit's end." - Psalm 107:23-27 Most scientists believe that mankind was originally spawned in the salty waters of the seas, and that over millennia creatures managed to evolve into today's primates. If this is so, the oceans have made it abundantly clear that have no desire to take their offspring safely back; from the time of the earliest sailing ships, there have been countless accidents and tragedies where numerous lives were quickly lost. In fact, the planet's waters have likely taken more lives than all the wars in human history, so even though lifelong sailors live much of their lives on the water, they rightly fear it. For centuries, sailors were a superstitious bunch, and there are plenty of stories and phenomena that have defied easy explanation. The 15th and 16th centuries had*

Get Free The Bermuda Triangle Mystery Solved By Larry Kusche

their tails of sea monsters, and the 20th century had its tales about the Bermuda Triangle. What many don't realize about the latter is that the stories of mysterious disappearances in the Bermuda Triangle date back to the early days of the American republic. The first ships lost in that area, with its points at the tip of Florida, Puerto Rico and Bermuda, were powered by wind, not engines, and fewer questions were asked when they vanished because shipwrecks and other similar disasters were more common. Thus, it was only later that questions about the Bermuda Triangle were widely raised. By the mid-20th century, there were rumors and tales that soon evolved into theories that ranged from the practical to the outlandish. Then, as satellite technology improved both communication and navigation, the stories died down again, as it became easier to explain the previously unexplainable and to save those who might otherwise have been lost. Today, one rarely hears stories about the Bermuda Triangle, even as some of its greatest mysteries have never been solved, from the disappearance of the USS Cyclops during World War I to the five TBM Avenger torpedo bombers that vanished in the area shortly after World War II. As a result, questions and conspiracy theories remain. Was there ever anything truly unusual going on in the Bermuda Triangle, and, if so, will it ever happen again? The Bermuda Triangle:

Get Free The Bermuda Triangle Mystery Solved By Larry Kusche

The History and Mysteries of the Devil's Triangle looks at the history of the area, the mysterious disappearances, and the theories attempting to explain them. Along with pictures of important people, places, and events, you will learn about the Bermuda Triangle like never before, in no time at all. I didn't believe in time travel or teleportation until it happened to me. I'm Bruce Gernon, and I flew through the heart of the Bermuda Triangle before I'd even heard the term. Skeptics have dismissed the Triangle as a nonmystery, but they weren't in my airplane when the fog surrounded my craft and I leaped ahead 100 miles. I documented what happened and memorized every detail of that flight. Now I'm ready to explain that there is no Bermuda Triangle! Instead, there is a continuing mystery that has resulted in thousands of disappearances of crafts and loss of life over decades and centuries: a phenomenon I call electronic fog. In Beyond the Bermuda Triangle, Rob MacGregor and I present multiple cases of pilots and others who have experienced electronic fog in the air, in the water, and on land. We also examine UFO and USO cases and their possible relationship with space/time warps. Among the fascinating topics we explore: Time travel and teleportation. Lost crafts, including Flight 19. The Dragon's Triangle. The Underwater Area 51. The man who is building a warp drive. A remote viewer who takes on the Triangle.
