

The Black Flag Crimson Worlds Successors Book 3

The robotic legions of the First Imperium burst into human space, destroying everything in their path. Directed by the maniacal Regent, the enemy pressed forward with one goal: the destruction of mankind. The Superpowers of Earth, enemies for over a century, have banded together to face the threat from outside and their combined forces have fought delaying actions to buy time. But now, the Rim has fallen, and the heart of human space lies before the invaders. Erik Cain grimly leads his Marines and their new allies to Sandoval, to fight and hold that world against anything the enemy throws at it. But Cain plans more than just a defense: he intends to annihilate the enemy forces. And he'll sacrifice anything to win the ultimate victory. Even himself.

Highly illustrated with colour images and specially commissioned maps throughout, this is a unique exploration of the pirate world. Often romanticised in print and on the silver screen, real-life pirates were a brutal menace that plagued the high seas. In this book, Angus Konstam separates myth from reality, tracing the history of piracy through the centuries, from the pirates who plagued the Ancient Egyptians to the Viking raids and on to the era of privateers. He discusses the so-called 'Golden Age of Piracy' and colourful characters such as Blackbeard and Captain Kidd, before examining the West's initial encounters with Eastern pirates off the Chinese coast and the phenomenon of the modern pirate.

Bringing Sherlock Holmes from the Victorian Era into the dark days of World War II, this imaginative new thriller confronts the world's greatest detective with a killer emulating the murders of Jack the Ripper. London, 1942. A killer going by the name of "Crimson Jack" is stalking the wartime streets of London, murdering women on the exact dates of the infamous Jack the Ripper killings of 1888. Has the Ripper somehow returned from the grave? Is the self-styled Crimson Jack a descendant of the original Jack—or merely a madman obsessed with those notorious killings? In desperation Scotland Yard turns to Sherlock Holmes, the world's greatest detective. Surely he is the one man who can sift fact from legend to track down Crimson Jack before he completes his tally of death. As Holmes and the faithful Watson tread the blacked out streets of London, death waits just around the corner. Inspired by the classic film series from Universal Pictures starring Basil Rathbone and Nigel Bruce, which took Sherlock Holmes to the 1940s, this is a brand-new adventure from a talented author who brilliantly evokes one of mystery fiction's most popular characters.

As the Federation and Cardassia Prime celebrate their strengthening ties and the Cardassian ambassador to the Federation arranges a glittering diplomatic reception, forces who oppose the alliance prepare to make their move.

And now that she knows who the face behind the spray-paint can is, she can't seem to listen to her friends' sage advice and follow the safe path, leaving well enough alone. But in this contemporary twist to the Little Red Riding Hood fable, our red-headed heroine learns just how dangerous talking to strangers can be...to her heart.

Erik Cain joined the marines to get off death row. The deal was simple: enlist to fight in space and he would be pardoned for all his crimes. In the 23rd Century, assault troops go to war wearing AI-assisted, nuclear-powered armor, but it is still men and blood that win battles. From one brutal campaign to the next, Erik and his comrades fight an increasingly desperate war over the resource rich colony worlds that have become vital to the economies of Earth's exhausted and despotic Superpowers. As Erik rises through the ranks he finally finds a home, first with the marines who fight at his side and later among the colonists - men and women who have dared to leave everything behind to build a new society on the frontier, one where the freedoms and rights lost long ago on Earth are preserved. Amidst the blood and death and sacrifice, Erik begins to wonder: Is he fighting the right war? Who is the real enemy? Crimson Worlds II: The Cost of Victory - Available Now! In Flames of Rebellion, a group of rebels fighting for independence sows the seeds of revolution across the galaxy in this blockbuster military sci-fi adventure from Jay Allan, the author of the Crimson Worlds and Far Stars series. The planet Haven slides closer to revolution against its parent nation, Federal America. Everett Wells, the fair-minded planetary governor, has tried to create a peaceful resolution, but his failure has caused the government to send Asha Stanton, a ruthless federal operative, to quell the insurgency. Wells quickly realizes that Stanton has the true power. . . and two battalions of government security troops—specifically trained to put down unrest—under her control. Unlike Wells, Stanton is prepared to resort to extreme methods to break the back of the gathering rebellion, including unleashing Colonel Robert Semmes, the psychopathic commander of her soldiers, on the Havenites. But the people of Haven have their own idea. They are not the beaten-down masses of Earth, but men and women with the courage and fortitude to tame a new world. Damian Ward is such a resident of Haven, a retired veteran and decorated war hero, who has watched events on his adopted world with growing apprehension. He sympathizes with the revolutionaries, his friends and neighbors, but he is loath to rebel against the flag he fought to defend. That is, until Stanton's reign of terror intrudes into his life—and threatens those he knows and loves. Then he does what he must, rallying Haven's other veterans and leading them to the aid of the revolutionaries. Yet the battle-scarred warrior knows that even if Haven's freedom fighters defeat the federalists, the rebellion is far from over. . . It's only just begun.

One day Sophie comes home from school to find two questions in her mail: "Who are you?" and "Where does the world come from?" Before she knows it she is enrolled in a correspondence course with a mysterious philosopher. Thus begins Jostein Gaarder's unique novel, which is not only a mystery, but also a complete and entertaining history of philosophy.

The stunning conclusion to the Portal Wars trilogy. . . Jake Taylor and his cyborg soldiers have fought their way from one Portal planet to another, moving steadily homeward with one goal in mind – the utter destruction of the corrupt rulers who sent them to hell to fight and die as pawns in a dishonest war, one started not by the alien enemy, but by Earth's own government, as a tool in its plot to seize total power.And now, after the fighting, the suffering, the bitter losses. . .finally, it is time. Time for the final invasion of Earth. Time to liberate their homeland from the totalitarian government that controls it utterly, to find those responsible for all that has happened. . .and to kill them all.Jake and his warriors are hopelessly outnumbered, but they are determined to battle to the last, to sacrifice all for any hope of victory, however small. But Taylor and his soldiers are not alone in their fight, for in Earth's shadows, in the rotting slums and the remote countryside, in dark corners and crumbling cellars, a spark of defiance has survived and grown, men and women who remember liberty, and are willing to die for the chance to regain what they lost a generation before. They are preparing. . . and waiting. Waiting for the chance to strike a blow for freedom.But those who cling to power will not give it up easily. Indeed, the politicians who run UNGOV will see Earth a charred ruin, the dead lying in unburied heaps before they will yield their positions. The battle is about to begin. . . and it will not end until only one side remains. Is Jake Taylor willing to go all the way, to fight to the end, do whatever he must. . .to accept nothing less than death or total victory, whatever the cost?Also By Jay AllanThe Far Stars SeriesShadow of Empire (Far Stars I - Nov 3, 2015)Enemy in the Dark (Far Stars II - Dec 1, 2015)Fuceral Games (Far Stars III - Jan 19, 2016)All Far Stars books are available for preorderCrimson Worlds SeriesMarines (Crimson Worlds I) The Cost of Victory (Crimson Worlds II) A Little Rebellion (Crimson Worlds III)The First Imperium (Crimson Worlds IV)The Line Must Hold (Crimson Worlds V)To Hell's Heart (Crimson Worlds VI)The Shadow Legions (Crimson Worlds VII)Even Legends Die (Crimson Worlds VIII)The Fall (Crimson Worlds IX)Crimson Worlds War Stories (Crimson Worlds Prequels)Crimson Worlds Successors SeriesMERCs (Successors I)The Prisoner of Eldaron (Successors II)The Black Flag (Successors III - Coming 2016)Crimson Worlds Refugees SeriesInto the Darkness (Refugees I)Shadows of the Gods (Refugees II)Revenge of the Ancients (Refugees III - Coming 2016)Portal Wars SeriesGehenna Dawn (Portal Wars I)The Ten Thousand (Portal Wars II)Homefront (Portal Wars III - Coming Feb 2016)Pendragon ChroniclesThe Dragon's Banner (Pendragon Chronicles I)

They were the pioneers of American hardcore, forming in California in 1978 and splitting up 8 years later leaving behind them a trail of blood, carnage and brutal, brilliant music. Throughout the years they fought with the police, record industry and their own fans. This is the band's story from the inside, drawing upon exclusive interviews with the group's members, their contemporaries and the groups who were inspired by them. It's also the story of American hardcore music, from the perspective of the group who did more to take the sound to the clubs, squats and community halls of America than any other.

"When he succeeded his father in 1999, King Abdullah of Jordan released a batch of political prisoners in the hopes of smoothing his transition to power. Little did he know that among those released was Abu Musab al-Zarqawi, a man who would go on to become a terrorist mastermind too dangerous even for al-Qaeda and give rise to an Islamist movement bent on dominating the Middle East. Zarqawi began by directing hotel bombings and assassinations in Jordan from a base in northern Iraq, but it was the American invasion of that country in 2003 that catapulted him to the head of a vast insurgency. By identifying him as the link between Saddam and bin Laden, the CIA inadvertently created a monster. Like-minded radicals saw him as a hero resisting the infidel occupiers and rallied to his cause. Their wave of brutal beheadings and suicide bombings continued for years until Jordanian intelligence provided the Americans with the crucial intelligence needed to eliminate Zarqawi in a 2006 airstrike. But his movement endured, first called al-Qaeda in Iraq, then renamed Islamic State of Iraq and Syria, or ISIS, seeking refuge in unstable, ungoverned pockets on the Iraq-Syria border. And as the Syrian civil war broke out in 2011, ISIS seized its chance to pursue Zarqawi's dream of a sweeping, ultra-conservative Islamic caliphate. Drawing on unique access to CIA and Jordanian sources, Joby Warrick weaves together heart-pounding, moment-by-moment operational details with overarching historical perspectives to reveal the long trajectory of today's most dangerous Islamic extremist threat"—

Do you know that the flag of Switzerland is square in shape and not rectangular? It is one of the only two square flags in the world, the other being the flag of Vatican City. And do you also know that the flag of Nepal is neither square nor rectangle? The national flag of Nepal is a combination of two triangle-shaped flags colored in crimson red and bordered by blue. The flags you see representing different countries are more than a piece of fabric. A flag is a country's national symbol. It represents their identity as a nation. The colors and designs on a flag has its cultural, political, historical, religious and regional significance. Many countries with a predominant Christian population would have a cross on their flags while Muslim countries would have a crescent moon on theirs. African countries like Benin, Republic of Congo, Mali and the others would have the green, yellow and red colors on their flags which are the colors of the Ethiopian flag. The use of the said colors signifies giving honor to Ethiopia the oldest independent country in Africa. The green, white, red, and black colors are Pan-Arab colors that are common on the flags of many Arab countries like Jordan, Libya, Sudan and others. More fascinating information and trivia about 196 flags of different countries around the world are featured in this book especially made for young learners.

When the forces of humanity have beaten back the First Imperium invasion. For the first time, the enemy has been defeated in battle. The cost was high in blood and suffering, but the Line held. The heart of human-occupied space has been saved from annihilation. For now, there is little time for the victorious warriors to savor their triumph or mourn their dead. The First Imperium has been driven back, but it has not been defeated. No one expects the fruits of victory to be more than a brief respite. Augustus Garret, Erik Cain, and the rest of the human high command have a decision to make. Do they stand on the defensive, waiting for the massive second invasion that they all know will come? Or do they consider another option, one that compels them to face overwhelming odds, and launch a strike that could end the war in one campaign? The attack ship Hornet returned home after a miraculous run through enemy space, and her crew brought with them priceless intelligence...the location of a world of the First Imperium. In the capitals of Earth, the ruling classes call for caution, for the armed forces to stand on the defensive. But on the frontier, Garret and his compatriots are planning something different, and they do not intend to be deterred. They are going to take the war to the enemy. They are going to march into hell's heart.

The Search for Erik Cain... The Superpowers of Earth have fought their final war, leaving Earth a devastated ruin, populated only by scattered groups of survivors living in primitive squalor. Out in space, however, humanity moves forward, and the former colonies of Earth's dead nations are now free from the yoke of the despotic governments that had long ruled over them. For many, it is their first taste of liberty. But a thousand free worlds, varying enormously in wealth and power, cannot long exist in peace, and soon they begin to fight, to seek to bend their neighbors to their wills.Darius Cain is the commander of the Black Eagles, the most feared and renowned of all the mercenary companies that fight the colonies' wars. His veteran warriors have fought dozens of battles, and they have never met their equals. The wealthiest colonies compete to hire the Eagles, for contracting with Cain's warriors is the surest guarantee of victory in any dispute. But there is another power, one whose very existence has been the most closely-guarded secret in human history. The Triumvirate. For decades, it has operated in the shadows, interfering secretly in the affairs of the former colonies while steadily building an invincible war machine. It has come to fear the Black Eagles, and the decision has been made. Darius Cain's private army must be destroyed utterly before the final invasion of human space can begin.A message reaches the Black Eagles' base, with evidence that the father he'd thought long dead might still be alive, a captive of the shadowy enemy, held on a planet called Eldaron. Darius Cain is skeptical, a man slow to believe what he is told without incontrovertible proof. But Cain didn't build the greatest military force in human space by being cautious or timid...and even the slightest chance his father was alive compelled his course of action. The evidence points to a world on the edge of human space, a highly-developed planet called Eldaron, an insular world, ruled by a dictator who calls himself the Tyrant.Darius knows he is walking into a trap, but he has no choice. He will free the prisoner of Eldaron...or he will extract a vengeance beyond anything the Eldari can imagine in their worst nightmares.The Crimson Worlds Successors SeriesMERCs (Successors One)The Prisoner of Eldaron (Successors Two)The Black Flag (Successors Three) - Coming February, 2016Also By Jay AllanCrimson Worlds Series: Marines (Crimson Worlds I) The Cost of Victory (Crimson Worlds II) A Little Rebellion (Crimson Worlds III) The First Imperium (Crimson Worlds IV) The Line Must Hold (Crimson Worlds V) To Hell's Heart (Crimson Worlds VI) Even Legends Die (Crimson Worlds VII) The Shadow Legions (Crimson Worlds VIII) The Fall (Crimson Worlds IX) War Stories (3 Crimson Worlds Prequels) Crimson Worlds Refugees SeriesInto the Darkness (Refugees I)Shadow of the Gods (Refugees II) - September, 2015Portal Wars SeriesGehenna Dawn (Portal Wars I) The Ten Thousand (Portal Wars II) Pendragon Chronicles SeriesThe Dragon's Banner (Book I)The Sword of the King (Book II) - Coming Soon
