The Julian Bream Guitar Library,vol.1

Recording the Classical Guitar

Recording the Classical Guitar charts the evolution of classical guitar recording practice from the early twentieth century to the present day, encompassing the work of many of the instrument's most influential practitioners from acoustic era to the advent of the CD. A key focus is on the ways in which guitarists' recorded repertoire programmes have shaped the identity of the instrument, particularly where national allegiances and musical aesthetics are concerned. The book also considers the ways in which changing approaches to recording practice have conditioned guitarists'

conceptions of the instrument's ideal representation in recorded form and situating these in relation to the development of classical music recording aesthetics more generally. An important addition to the growing body of literature in the field of phonomusicology, the book will be of interest to guitarists and producers as well as students of record production and historians of classical music recording.

World-class classical guitarist and well-respected educator Scott Tennant presents the most comprehensive technique handbook available for classical guitarists. This complete edition combines all three volumes of Scott's best-selling Pumping Nylon series. In addition to technical information not available elsewhere, it includes classical etudes by Carcassi, Giuliani, Sor, and Tarrega; musical examples by Bach, Turina, and Rodrigo; and original compositions by Andrew York and Brian Head. Learn easy to advanced repertoire pieces that are selected and designed to work with the techniques addressed, including arpeggios, tremolo, scale velocity, and more. The included DVD features Scott Tennant, and the MP3 CD features the playing of Scott Tennant and Adam del Monte. --

*Thirty-six classical masterpieces, including: Pachelbel's Canon * The Four Seasons * Greensleeves * Pavane (Pour Une Infant Defunte) * Ave Maria * Arabesque * The Swan * Clair de Lune * Moonlight Sonata and many more.*

Classical Guitarists fills a void in the special world of the classical guitar. Although this realm is inhabited by world-class musicians, much of what they think and feel has never been captured in print. The interviewees, including Julian Bream, John Williams, Sharon Isbin, Eliot Fisk, David Starobin and David Tanenbaum are a select group at the peak of their prowess who speak openly and thoughtfully about their opportunities, accomplishments, and lessons learned. Each has made important contributions from establishing significant academic programs to broadening the audience for the classical guitar. The author shares his reviews of their most important recordings and New York City concerts during the 1990s, as well as discographies of their recordings. There are also interviews with Harold Shaw, the most prominent artist manager in the history of the

classical guitar and several of today's most important composers for the guitar, including Pulitzer Prize winners George Crumb and Aaron Jay Kernis. An introductory chapter provides an historical perspective on classical guitar and a postscript explains how to create a basic repertoire of recordings.

The Classical Guitar Collection

With Tablature

The Baroque Era

A dazzling appraisal of the definitive classical music performances available today. For classical music lovers, there is nothing more beguiling and exciting than the range of technique and emotion that can capture or transform the great works in the hands of a conductor and musicians. But with hundreds of recordings released every year, discovering the jewels is a challenge, for newcomers as well as for connoisseurs. New York Times classical music critic Allan Kozinn offers the ultimate collector's guide, packed with a rich history of the composers and performers who stir our souls. From Bach's eloquent Goldberg Variations

performed by master pianist Glenn Gould at the beginning and end of his career in startlingly different interpretations, to a lyrical performance of Rimsky-Korsakov's Scheherazade conducted by Kiril Kondrashin shortly after his defection from the Soviet Union, Kozinn places each work in the greater context of musical development and stretches the listener's understanding of each pivotal composition. These original essays on the one hundred greatest recorded classical works provide both practical guidance for building a library and deep insight into the transcendent power of music itself.

(Guitar Solo). Bring the world of classical music to guitarists of all levels! This collection features classical guitar technical studies from Sor, Tarrega, Giuliani, Carcassi, and Aguado, as well as presenting fresh guitar arrangements of well-known classical masterpieces. Repertoire compositions are included from the likes of Bach, Beethoven, Brahms, Chopin, Debussy, Faure, Massenet, Mozart, Pachelbel, Ravel, Schumann, Tchaikovsky, Wagner and more. Many audio examples are also included with guitar solo performances by the author.

The British Catalogue of Music

A guide to the music of Britain's most prominent living composer, this volume contains the most complete listing available of Davies's works (unpublished as well as published) plus a comprehensive discography and a bibliography of nearly 1,000 items. Each entry is keyed to the discography and the annotated bibliography. There is also a brief biography. Maxwell Davies is extremely prolific, with nearly 300 compositions to his credit so far. He is also a conductor of distinction. This work will be of interest to scholars and students as well as

anyone interested in 20th-century composers. Davies currently holds the posts of Associate Conductor/Composer with the Royal Philharmonic Orchestra and the BBC Philharmonic, among other positions. Moreover, he has been a strong voice in support of music education in Britain and has composed many works for children and young performers. When he taught music to children, he encouraged them to compose, believing that most have a natural musical ability.

This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. To ensure a quality reading experience, this work has been proofread and republished using a format that seamlessly blends the original graphical elements with text in an easy-to-read typeface. We appreciate your support of the

preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

Notes

1998 supplement

Guitar Music in Print and Books on the Art of Guitar

LIFE

The Classical Guitar Compendium

"Julian Bream's influence is apparent in every area of the classical guitar repertoire, He transcribed Baroque works by Scarlatti, Buxtehude, Cimarosa, etc., and is acknowledged as one of the great interpreters of the music of J. S. Bach. He revitalised awareness of the early nineteenth century works of Sor, Giuliani, and Aguado, while bringing to the public the music of Spain from the sixteenth century to the present day and breathing new fire into Latin American music by composers such as Villa-Lobos, Ponce and Brouwer."

Essential Scores and Sound Recordings

A Critic's Guide to the 100 Most Important Recordings

Offering essays by the world's top experts in a full-color, coffee-table quality book, this is the first work to tell the complete story of the classical guitar and its repertoire, players and makers - from its 19th century European roots to modern international interpretations. This handsome softcover volume features lavish photography of classical guitars made by the best luthiers in the world.

Additional essays cover use of the classical guitar in pop music, different playing and teaching techniques, the collectors' market, and the science of the guitar. It also features profiles of legendary artists such as Andres Segovia, Julian Bream and John Williams, plus a full discography, a glossary, an index, a bibliography, and a guitar measurement chart.

These studies constitute an irreplaceable part of the standard study material for classical guitar. They are designed to aid in maximum development of right-hand technique.
