The spells that keep Aeon Castle safe are crumbling. But the greatest threats are already inside the walls. . . Cameron can read people too well. Her power is to see their lies, their inconsistencies. And everyone lies. Until Thorne. He's different. He's better than anyone she's ever known. Aeon Society will wear those ideals down to nothing, unless he learns to play their games. She should know. She's spent months ferreting out secrets among their leaders. Everyone has an agenda for her power, and she's had enough of infighting and schemes. Thorne shouldn't have straight from under his feet. He was torn from Gaea and thrust into a world overwhelmed by magic. No one knows how he came to Aeon in the first place. But now that he's here, his power is changing Aeon a bit at a time. He's never tested his limits like this before. What he finds scares him even more. Because he's not sure he can go back to the man he was before. Amid faulty spells, old powers, and spiraling conspiracies, their choices just might change the world. But first they have to find something worth fighting for. How do we distinguish between our ancestors' ideas of God and close encounters of an extra-terrestrial kind?

One of history's greatest public figures rises to the occasion, delivering much needed leadership to a nation on the brink of war. The fifth volume of the acclaimed biographical masterpiece opens with Churchill's return to Conservatism and to the Cabinet in 1924 and unfolds into a vivid and intimate picture both of his public life and of his private world at Chartwell between the wars. Gilbert strips away decades of accumulated myth and innuendo, showing Churchill's true position on India, his precise role (and private thoughts) during the abdication of Edward VIII, his attitude toward Mussolini, and his profound fears for the future of European democracy. Even before Hitler came to power in Germany, Churchill saw in full the dangers of a Nazi victory. And despite the unpopularity of his views in official circles, for six years he persevered in his warnings. This book reveals for the first time the extent to which senior civil servants, and even serving officers of high rank, came to Churchill with secret information, having despaired at the extent of official lethargy and obstruction. Within the Air Ministry, the Foreign Office, and the Intelligence Services, individuals felt drawn to go to Churchill with full disclosures of Britain's defense weakness and kept him informed of day-to-day developments from 1934 until the outbreak of war. As war approached, people of all parties and in all walks of life recognized Churchill's unique qualities and demanded his inclusion in the government, believing that he alone could give a divided nation guidance and inspiration. “A milestone, a monument, a magisterial achievement . . . rightly regarded as the most comprehensive life ever written of any age.” —Andrew Roberts, historian and author of The Storm of War “The most scholarly study of Churchill in war and peace ever written.” —Herbert Mitgang, The New York Times

Cosmic Navigator

Detailed survey of Vivaldi's unjustly neglected chamber cantatas, showing them to stand comparison with his more famous works.

Gahl Sasson's second book, Cosmic Navigator, is like a GPS for the soul. It combines Astrology, the map of where and who we are, with Kabbalah the navigation system that tells us how to get to our goal and avoid those traffic patterns and areas of gridlock in our lives. This three part text is the first book of its kind. Not only is it the first book to use Astrology as a resource for self help, it also weds the wisdom of ancient Kabbalistic truths with the powerful archetypes of the zodiac to help you improve and change your life. The first part of the book introduces the basic concepts of Kabbalah and Astrology and how they work together. The second part teaches you how to interpret your own astrological chart as the road map of your life. The third and final part of the book, which is based on Gahl's twelve week workshop, walks the reader through the twelve signs and teaches them how to use each one to bring balance and success into their lives. Is your love life in need of more passion? Turn to the chapter on Scorpio and learn how to invoke that sexual mysterious energy. Do you need to be more assertive at work? Turn to the chapter on Aries and discover your inner warrior. Unlike other astrology books that simply offer stereotypical profiles, Cosmic Navigator teaches us how to take control of our astrological destinies.

In Houses of the Interpreter, David Lyle Jeffrey explores the terrain of the cultural history of biblical interpretation. But Jeffrey does not merely rest content to chart biblical scholarship and how it has both influenced and been influenced by culture. Instead, he chooses to focus upon the "art" of Biblical interpretation --how sculptors, musicians, poets, novelists, and painters have "read" the Bible. By so doing, Jeffrey clearly demonstrates that such cultural interpretation has deepened the church's understanding of the Bible as Scripture and that, remarkably, this cultural reading has contributed to theology and the practice of faith. Jeffrey's chapters effectively root the theological issues central to any hermeneutical enterprise (e.g., Scriptural authority, narrative, the Old Testament as Christian Scripture, the role of the reader, gender, and postmodernism) in specific authors and artists (e.g., Chaucer, Bosch, Sir Orfeo, C. S. Lewis) --and he does this in constant conversation with literature, both eastern and western.

This book tells how I represented myself (with no law degree) to the Supreme Court of the United States to show how there was nothing to prove that I was the person that I was alleged to be. It also tells how everyone kept passing the buck and didn't want to investigate my case, or listen to anything that I had to the Supreme Court of the United States. It's all good. The opposing side never gave me a run for my money or challenged anything that I presented to any court. From the Circuit Court of Maryland in Baltimore City to the Supreme Court of the United States.

HAS THE GRACE MESSAGE BECOME LAWLESS? MANY MINISTRIES TODAY SAY GRACE IS FREEDOM FROM THE "THOU SHALT NOTS" OF THE BIBLE. SOME SAY WE LIVE UNDER GRACE, NOT UNDER THE LAW. BUT IS THIS WHAT GOD'S GRACE ACTUALLY MEANS?

Strindberg called these five highly original late works (from 1907) chamber plays to remind us of Beethoven's last quartets. Like the quartets, they are intensely disciplined yet elliptical creations. Written for the Intimate Theatre (founded with August Flack), they strive to reach elusive states of being. Strindberg breaks down for us the barriers between sensory perception and fantasy, between real people and their self-projections, between the living and the dead.

This book exposes the attempt to teach atheistic evolution to students, often ridiculing their faith in God. The classrooms in our schools have become the battlegrounds for the minds of our children. Since the introduction of evolution by Charles Darwin there has been a growing list of atheist professors who vigorously fight any religion. The classrooms of America should not be the battlegrounds of any religion, but evolution is a religion. It has no place in the classroom since it does not offer any information that improves the teaching of any science class, except evolution itself. There is no proof of evolution, only assertions, innuendos, credulity (belief without proof), and suppositions. Fully one-third of all geology textbooks deal with evolution, which is founded only opinion and undocumented assertions. Therefore, it should be removed from all textbooks. Dr. David Menton, who taught medicine at the Washington School of Medicine in St. Louis, Missouri, for twenty-five years, stated that he never once needed to reference evolution in any medical class. A coalition of organizations such as the National Academy of Sciences, whose members are 93% atheist or agnostic, and the National Center for Science and Education control most of the government grants intended for schools' use, fully support the atheism of evolution, and they attack any criticism of evolution.

Maiden and the Monster

Desperate to escape her life of slavery, Finn Eden disguises herself as a boy and finds her way onto a ship bound for anywhere that isn't Barbados. Serving as a cabin boy isn't so terrible, even if the captain forgot to mention the price on his head. Captain Inigo Sebastiano is surprised to discover his new cabin boy, Finn, is a woman in disguise. He may be a ruthless pirate, but he's also a gentleman, so he promises to help her keep her secret. The past has a way of catching up, and when it does, both Inigo and Finn are left questioning everything they thought they knew, and the gentle peace they've found in each other's arms is threatened. Each book in The Sebastiano Series is a standalone story that can be enjoyed in any order. Book #1: Eden's Pass Book #2: Tiger Eyes Book #3: When I'm With You This book contains candid reflections and practical applications of the effective Words of God communicated in and through Jesus and his Church. It would be a spiritually-nutritious 'Foodbank' for strengthening and enlivening of the people of God. It is a large 'Gift-package' of Scriptural reflections for Jesus' disciples who strive to be genuinely living their faith in daily chores. It would also be 'a sparkling lamp' for their feet, and a brightening light for their path of holiness. The specialty of the term 'daily' is: Every day is the only day left in hand with us, and it is the only chance entrusted to us. As our 'yesterday' gone and our 'tomorrow' in God's hands, everything happening within this day's 24-hours will never, ever be replicated in tomorrow. It is on such conviction this book is structured. In 'this day'-reflective light, the author underlines his main reason for writing this book: As I am personally striving to be an extraordinary disciple of Jesus at least 'one day at a time', according to my Master's demands which are spread through the Scriptures, I see many of my fellow-disciples of Jesus too, in this laser and rocket-speedy postmodern Age, fully benefit by 'living faith this day' in Jesus' Way, Spirit and Truth. This book would certainly assist the readers to listen keenly the voice of God in Jesus at everyday 'Breaking of the Word and Bread'.
