offer encouragement and inspiration. That's not what you need. You need a warning." So begins Carl Hiaasen's attempt to prepare young men and women for their future. And who better to warn them about their precarious paths forward than Carl Hiaasen? The answer, after reading *Assume the Worst*, is: Nobody. And who better to illustrate--and with those illustrations, expand upon and cement Hiaasen's cynical point of view--than Roz Chast, best-selling author/illustrator and National Book Award winner? The answer again is easy: Nobody.

Following the format of Anna Quindlen's commencement address (Being Perfect) and George Saunders's commencement address (Congratulations, by the way), the collaboration of Hiaasen and Chast might look typical from the outside, but inside it is anything but. This book is bound to be a classic, sold year after year come graduation time. Although it's also a good gift for anyone starting a job, getting married, or recently released from prison. Because it is not just funny. It is, in its own Hiaasen way, extremely wise and even hopeful. Well, it might

The Last Lecture

The King's Speech is the previously untold story of the extraordinary relationship between an unknown and certainly unqualified speech therapist called Lionel Logue and the haunted young man who became King George VI. Logue wasn't a British aristocrat or even an Englishman—he was a commoner and an Australian to boot. Nevertheless, it was Logue who single-handedly turned the famously nervous, tongue-tied Duke of York into a

Read Online The Complete Book Of Speech
Communication A Workbook Of Ideas And
Activities For Students Of Speech And Theatre

man who was capable of being king. Had Logue not saved Bertie (as the man who was to become King George VI was always known) from his debilitating stammer and pathological nervousness in front of a crowd or microphone, it is almost certain that the House of Windsor would have collapsed. Drawn from Logue's personal diaries, *The King's Speech* is an intimate portrait of the British monarchy at the time of its greatest crisis. It throws extraordinary light on the intimacy of the two men—and on the vital role the king's wife, the late Queen Elizabeth, the Queen Mother, played in bringing them

Read Online The Complete Book Of Speech Communication A Workbook Of Ideas And Activities For Students Of Speech And Theatre

together to save her husband's reputation and his career as king.

Do you remember the topic of the last speech you heard? If not, you're not alone. In fact, studies show that audiences remember only 10% to 30% of speech or presentation content. Given those bleak statistics, why do we give speeches at all? We give them, says communications expert Nick Morgan, because they remain the most powerful way of connecting with audiences since ancient Greek times. But as we've evolved to a more conversational mode of public speaking, thanks to

Read Online The Complete Book Of Speech Communication A Workbook Of Ideas And Activities For Students Of Speech And Theatre

television, we have forgotten much of what the Greeks taught us about the nonverbal aspects of speech-giving: the physical connection with audiences that can create an almost palpable emotional bond. Morgan says this "kinesthetic connection" comes from truly listening to your audience—not just with your brain but with your body. In this book, he draws from more than 20 years as a speech coach and consultant, combining the best of ancient Greek oratory with modern communications research to offer a new, audience-centered approach to public speaking. Through

they tell you in high school. "Speak up for yourself--we want to know what you have to say." From the first moment of her freshman year at Merryweather High, Melinda knows this is a big fat lie, part of the nonsense of high school. She is friendless, outcast, because she busted an end-of-summer party by calling the cops, so now nobody will talk to her, let alone listen to her. As time passes, she becomes increasingly isolated and practically stops talking altogether. Only her art class offers any solace, and it is through her work on an art project that she is finally able to face what really happened at that terrible party: she was raped by an upperclassman, a guy who still attends Merryweather and is still a threat to her. Her healing process has just begun when she has another violent encounter with him. But this time Melinda fights back, refuses to be silent, and thereby achieves a measure of

behavior by changing one's reaction to them. This is a fascinating work and is thoroughly recommended for everyone.

This book addresses important issues of speech processing and language learning in Chinese. It highlights perception and production of speech in healthy and clinical populations and in children and adults. This book provides diverse perspectives and reviews of cutting-edge research in past decades on how Chinese speech is processed and learned. Along with each chapter, future research directions have been discussed. With these unique features and the broad coverage of topics, this book appeals to not only scholars and students who study speech perception in preverbal infants and in children and adults learning Chinese, but also to teachers with interests in pedagogical applications in teaching Chinese as Second Language.

"We cannot change the cards we are dealt, just how we play the hand."---Randy Pausch A lot of professors give talks titled "The Last Lecture." Professors are asked to consider their demise and to ruminate on what matters most to them. And while they speak, audiences can't help but mull the same question: What wisdom would we impart to the world if we knew it was our last chance? If we had to vanish

Activities For Students Of Speech And Theatre

tomorrow, what would we want as our legacy? When Randy Pausch, a computer science professor at Carnegie Mellon, was asked to give such a lecture, he didn't have to imagine it as his last, since he had recently been diagnosed with terminal cancer. But the lecture he gave--"Really Achieving Your Childhood Dreams"--wasn't about dying. It was about the importance of overcoming obstacles, of enabling the dreams of others, of seizing every moment (because "time is all you have...and you may find one day that you have less than you think"). It was a summation of everything Randy had come to believe. It was about living. In this book, Randy Pausch has combined the humor, inspiration and intelligence

that made his lecture such a phenomenon and given it an indelible form. It is a book that will be shared for generations to come.

Public Speaking Today will teach your students the public speaking skills that are used by presidents, generals, business leaders, and celebrities. This text is organized into a step-by-step approach beginning with "What is Public Speaking," then moves through the speech building process. A special chapter dealing with debate is also included.

On Friday, December 10, 2010, Vermont Senator Bernie Sanders walked on to the floor of the United States Senate and began speaking. It turned out to be a very long speech, lasting over eight and a half

Read Online The Complete Book Of Speech
Communication A Workbook Of Ideas And
Activities For Students Of Speech And Theatre

hours. And it hit a nerve. Millions followed the speech online until the traffic crashed the Senate server. A huge, positive grassroots response tied up the phones in the senator's offices in Vermont and Washington. President Obama reportedly held an impromptu press conference with former President Clinton to deflect media attention away from Sanders' speech. Editorials and news coverage appeared throughout the world. In his speech, Sanders blasted the agreement that President Obama struck with Republicans, which extended the Bush tax cuts for millionaires and billionaires, lowered estate tax rates for the very, very rich, and set a terrible precedent by establishing a "payroll tax

holiday" diverting revenue away from the Social Security Trust Fund, threatening the fund's very future. But the speech was more than a critique of a particular piece of legislation. It was a dissection of the collapse of the American middle class and a well-researched attack on corporate greed and on public policy which, over the last several decades, has led to a huge growth in millionaires even as the United States has the highest rate of childhood poverty in the industrialized world. It was a plea for a fundamental change in national priorities, for government policy that reflects the needs of working families, and not just the wealthy and their lobbyists. Finally, Sanders' speech-published here in its

For readers of the Book of Mormon, King Benjamin's speech is a treasure trove of inspiration, wisdom, eloquence, and spiritual insight. King Benjamin's Speech: "That Ye May Learn Wisdom" is the most substantial collection of studies ever to focus exclusively on this landmark address. The contributors examine this speech in the multifaceted contexts in which it was delivered: as a classic speech of a departing leader near the time of his death, as the focus of an annual festival season mandated anciently under the law of Moses, as part of a covenant renewal ceremony delivered within the sacred precinct of the Nephite temple in Zarahemla, and as preparation for the coronation of a new king. Historical and linguistic tools and information are employed in these essays to
