

## The Crystal Cavern A Place Of Refuge Or A Deadly Trap

*Mordred is the son of King Arthur, bastard child of his union with his half-sister Morgause. Prophesied by Merlin to kill Arthur, Mordred is stolen away from his mother and raised in secrecy by a kind couple on an isolated Orkney island in the hopes that he will defy his fate. Mordred, known to history as a traitor and a murderer, is no villain, but a quick-witted young man, with hopes and dreams of his own. But try as he might, Mordred cannot escape Merlin's prophecy. For his mother, Morgause, has plans of her own. She tracks her son down and takes him back, then feeds the flames of Mordred's ambition, setting into motion a chain of events that will go down in history - and legend - as father and son are finally forced to confront each other one last time: on the wicked day of destiny, when Arthur's final battle will be fought. Mary Stewart's stunning Arthurian Saga began with The Crystal Cave, The Hollow Hills, The Last Enchantment and The Wicked Day. It concludes with The Prince & the Pilgrim.*

I loved the relationship between Star and Jasper ... if this isn't a best seller, I'll eat the manuscript!' Lynn Russell - Proof Reader 'How very charming! ... the cadence and word banter between the characters is spot-on ... it would delight a child ... and keep any adult reading long after the child had drifted off ... what better compliment?' Dr. S. B. Mason - Author and Psychologist Follow Star and Jasper as they embark on new adventures through a spectacular world of gold, silver, crystals, and gemstones in their quest to reach the Great Crystal Cavern, and ask the Great Sapphire to let them go home. Will the other crystals help or hinder them? Will they get a huge shock when they least expect it? Will their shining example of friendship, bravery and loyalty finally carry them through? Will they EVER get home? This uplifting adventure trilogy, full of heart-warming characters and humour, is sure to become a classic and definitely not to be missed! This is what happened. I saw it, and it is a true tale. So begins the story of Merlin, born the illegitimate son of a Welsh princess in fifth century Britain, a world ravaged by war. Small and neglected, with his mother unwilling to reveal his father's identity, Merlin must disguise his intelligence - and hide his occasional ability to know things before they happen - in order to keep himself safe. One beautiful afternoon, while exploring the countryside near his home, Merlin stumbles across a cave filled with books and papers and hiding a room lined with crystals. It is the home of Galapas, who becomes Merlin's tutor and friend, and who teaches Merlin to understand the world around him... and to harness the power of the crystal cave to see the future. Merlin will rise to power and enter history - and legend - as advisor to King Arthur. But all stories must begin somewhere. And this is his. The Crystal Cave is the first of Mary Stewart's brilliant Arthurian Saga, telling the story of King Arthur from the perspective of the extraordinary, mysterious Merlin.*

*"Kyle is a new kid in town who likes to draw. Vic is a cool cheerleader who's secretly a math whiz. Quiet Beth is a history buff, while goofball Harry likes performing magic tricks, with the help of his patient wingman, Nate. Five kids unlikely to form a team, for sure.*

***But then they're thrown together at summer camp, where they watch a grainy old movie about the history of their town, Windrose, and one of its illustrious citizens of a bygone era: the intrepid explorer-inventor Henry Merriweather. He's the one who established their camp. Merriweather's Camp Pathfinders' motto? Plus Ultra more beyond! Kyle, Vic, Beth, Harry, and Nate witness scenes from Merriweather's past and realize his experiments and eccentricities are pointing toward a path--that could lead to the rumored lost treasure of Windrose. This is the path our heroes are meant to follow, on a journey that will take them back and forth through time, through woods, and across waterways revealed by moonlight, right up to the looming Moon Tower itself--which holds Merriweather's secret...and the treasure!"--Provided by publisher.***

Book 1: BLUE JOHN'S CAVERN Traveling through caves, jumping through time. Nothing interesting ever happens in Diamond Falls, West Virginia, and that's doubly true for local teenagers Emma and Brody. Little do they know that their neighbor, a famous geologist, is about to show them the wildest time of their lives. When Mr. M's prized rock and mineral collection is destroyed before it can be displayed at the state museum, Emma and Brody jump at the chance to find new samples. The geologist accepts the offer, and promptly sends them back to the year 1775 to help! Back in time and across the pond in Derbyshire, England, Emma and Brody team with a mysterious young girl named Max to recover one of the rarest minerals in the world: Blue John Fluorite. Tapping into courage they never knew they had, the formerly ordinary West Virginians must protect a cave, avoid gun-toting soldiers, and return to the present before they're trapped forever. Book 2: RUSHER'S GOLD A time-traveling cave. A vicious band of miners...and pure gold. After a successful trip to 1775 England where they collected the rare Blue John Fluorite, Emma and Brody are quick to jump at the chance to travel to the California Gold Rush in 1851. When they arrive at the Gold Rush and meet an old acquaintance, they think the mission will be easy until they realize their friend may not be able to help them at all. When their actions in the past erase their future, can Emma and Brody right the wrong? With a hostile group of miners hot on their trail, Brody and Emma must collect the gold, save their friends, and salvage the future before it is too late. Book 3: BLACK'S OPAL Determined to find the perfect Black Opal, Emma and Brody with the help of Mr. M's granddaughter, travel to Lightning Ridge, Australia in 1925. As they navigate a herd of stampeding kangaroo, goat cart races, and flying boomerangs, the kids meet Rose, a young girl whose

mysterious secret will rock their world forever. When their attempts to collect the perfect opal anger the locals, the kids flee and accidentally land over 2000 years in the future in South Carolina. Can the kids figure out how to return to their own state and time? Will Rose's secret stop them from helping Mr. M? Will Max finally figure out who destroyed her Grandfather's prized rock and mineral collection and why? The answers are all inside but may leave you with a new mystery to solve. Book 4: EGERAN'S MOUNTAIN Teenagers Emma and Brody are at it again as they jump into the magical Crystal Cave and land in Italy in the year 2050 to collect a rare mineral from the top of the world's most dangerous volcano. Little do they know that the typically quiet Mount Vesuvius is just about to roar to life for the first time in over 100 years. When Rose sneaks to the future and finds that Emma and Brody are in grave danger, she races to find Max and asks her to help save their friends. As Emma and Brody team with a group of college students to climb up the crater's summit over 300 feet in the air to collect the prized samples, they must risk their lives to save their friends when a terrible rockslide turns into the nightmare of a full volcanic eruption. Will Rose and Max arrive in time to save Emma, Brody, and their best friend, Aspen? Will the secret of the crystal cave be lost forever? And, why did a simple rock and mineral collection put so many lives in jeopardy? As the mystery of who destroyed Mr. M's rock and mineral collection is solved, Max is shocked to learn the reason why and more determined than ever to save her friends...and her family.
