along a path of discovery for more than 50 years. The contents of this book might be one of the most unique, intriguing, and challenging accounts of Islam and the Sufi path that has been published in North America. Just a little over a year ago, the author of this book died -- several times -- in the emergency room of a local hospital. This book starts with those events and, then, expands outward to talk about an array of experiences (including spiritual abuse) that has shaped his understanding of Islam, the Sufi path, life, and himself. In addition, the book critically reflects on a series of issues that have relevance in today's world. These ideas range from: Sam Harris, to topics such as: Education, religion, mysticism, science, and shari'ah. While each of the book's four sections has something to

offer readers with respect to assisting a person to work toward developing a deeper understanding of Islam and its mystical dimension (as well as a number of other topics), the book's section on shari'ah might prove to be the most illuminating and thought-provoking facet of the book. More specifically, Dr. Whitehouse introduces readers to a way of engaging the topic of shari'ah that is quite different from what is normally thought of in conjunction with that term and, if God wishes, could serve as a way of helping to bring the Muslim world and the West closer together in a variety of constructive and harmonious ways.

Home cooking is a multibillion-dollar industry that includes cookbooks, kitchen gadgets, high-end appliances, specialty ingredients, and more. Cooking-themed programming flourishes on television, inspiring a wide array of celebrity chef-branded goods even as self-described "foodies" seek authenticity by pickling, preserving, and canning foods in their own home kitchens. Despite this, claims that "no one has time to cook anymore" are common, lamenting the slow extinction of traditional American home cooking in the twenty-first

century. In *Look Who's Cooking: The Rhetoric of American Home Cooking Traditions in the Twenty-First Century*, author Jennifer Rachel Dutch explores the death of home cooking, revealing how modern changes transformed cooking at home from an odious chore into a concept imbued with deep meanings associated with home, family, and community. Drawing on a wide array of texts--cookbooks, advertising, YouTube videos, and more--Dutch analyzes the many manifestations of traditional cooking in America today. She argues that what is missing from the discourse around home cooking is an

understanding of skills and recipes as a form of folklore. Dutch's research reveals that home cooking is a powerful vessel that Americans fill with meaning because it represents both the continuity of the past and adaptability to the present. Home cooking is about much more than what is for dinner; it's about forging a connection to the past, displaying the self in the present, and leaving a lasting legacy for the future.

Ayobami dreams of going to school. But to reach the schoolhouse, she has to take a dangerous path: the one that leads through the jungle. This is a tale about the importance of education, the difficulties that many children have to overcome to go to school, and the

**Two powerful novels from “a superb
storyteller”: An Oprah’s Book Club
selection and New York Times bestseller
plus a National Book Award-nominated
debut (The Washington Post). The highly
acclaimed novelist Mary McGarry Morris
has been hailed as “a credible heir to

the damned, the desperate and the incomplete” (The New York Times Book Review). Morris’s gift for emotionally powerful, often bleak but always compassionate stories set in the small towns of New England is on display in the two novels collected here: the Oprah’s Book Club Selection and New York Times bestseller, Songs in Ordinary Time, and the National Book Award and PEN/Faulkner Award finalist, her debut novel, Vanished. Songs in Ordinary Time:

In the summer of 1960 in Atkinson, Vermont, Marie Fermoye is raising three children on the edge of poverty, with no help from her alcoholic ex-husband. Desperately lonely, Marie is easy prey for a con man like Omar Duvall. Her seventeen-year-old daughter, Alice, is involved with a local priest; her sixteen-year-old son, Norm, is a hothead; and twelve-year-old Benjy is hiding a secret about Duvall that could shatter all her hopes. “Teeming with incident and

characters, often foolish, even nasty, but always alive.” —The New Yorker “Deep and thick as a long, hot summer . . . The narrative of a town reminiscent of the collective ache of The Heart Is a Lonely Hunter.” —The Boston Globe Vanished: Aubrey Wallace is a simple laborer, the kind of man no one notices. Dotty Johnson is the kind of woman no man can ignore. The day after they both disappear from their small Vermont town, a toddler is taken from her home. For the next five

years, Aubrey, Dotty, and the kidnapped child are trapped in a nomadic existence, terrified of discovery. But when Dotty decides she's had enough, she hooks up with an ex-convict and the wheels of the little girl's return to her parents are wrenched fatally into motion. "An impressive debut . . . unusual and rich." —San Francisco Chronicle "[Hums] with both the authenticity of real life and the mythic power of fable." —The New York Times

Debunking A Moral Landscape takes on the ideas of Sam Harris using his own chosen tools -- namely, reason and science. When those tools are turned back on his book, The Moral Landscape, one comes to understand that his perspective is very much like an onion since, after one peels away the various decaying layers of philosophy, reasoning, and science, there is really nothing left at the heart of his worldview. Sam Harris has been raised by many his many

followers and admirers to an emperor-like status. Nonetheless, in reality, this would-be emperor has no genuine clothes of royalty since the material from which his conceptual garments are woven are fairly common, if not threadbare. In fact, his ideas are clothed in a way that gives them the appearance of being fashioned in a very sturdy and reliable manner, but such appearances are little more than an illusion. He often claims that his kingdom is ruled through reason and

science. Yet, when the topography of his ideas are carefully explored, there are many problems to be found hiding in the nooks and crannies of his thought processes. His reasoning is not always rational; his science is not always factual; and his explanations are often problematic. Furthermore, he asserts that faith is for the naive and foolish, but his perspective is glued together by a variety of different grades of faith -- some of them quite faulty -- which he

calls by other names such as: well-being, probability, theory, hypothesis, science, randomness, evolution, neurobiology, reason, and so on. Sam Harris has harsh words for religious extremists -- as well he should. However, he apparently fails to understand how his own position incorporates a brand of irreligious fundamentalism that is inclined to be just as blind and unyielding as the religious people whom he wishes to criticize. Debunking A Moral Landscape

doesn't just criticize the perspective which is developed in Sam Harris' latest book, The Moral Landscape, the former book introduces a variety of constructive ideas with respect to moral philosophy, political philosophy, evolution, science, the process of reasoning, and methodology that grows out of the process through which the problems and errors that are present in Sam Harris' The Moral Landscape are corrected and refined.

NEW YORK TIMES BESTSELLER • From the Pulitzer Prize-winning critic comes an impassioned critique of America's retreat from reason We live in a time when the very idea of objective truth is mocked and discounted by the occupants of the White House. Discredited conspiracy theories and ideologies have resurfaced, proven science is once more up for debate, and Russian propaganda floods our screens. The wisdom of the crowd has usurped research and

expertise, and we are each left clinging to the beliefs that best confirm our biases. How did truth become an endangered species in contemporary America? This decline began decades ago, and in *The Death of Truth*, former New York Times critic Michiko Kakutani takes a penetrating look at the cultural forces that contributed to this gathering storm. In social media and literature, television, academia, and politics, Kakutani identifies the

trends—originating on both the right and the left—that have combined to elevate subjectivity over factuality, science, and common values. And she returns us to the words of the great critics of authoritarianism, writers like George Orwell and Hannah Arendt, whose work is newly and eerily relevant. With remarkable erudition and insight, Kakutani offers a provocative diagnosis of our current condition and points toward a new path for our truth-

"I was captivated by the beautiful covers from the start and that captivation just carried straight through from page one to the end of each book." ~Jeannette R Holtham A Breathtaking Medieval Saga of Love, Duty, Loyalty, Failure and Triumph in the First Three Volumes of The Knights of England by Mary Ellen Johnson BOOK 1: The Lion and the Leopard - Maria Rendell wants to be a dutiful wife to husband Phillip, but can't deny her attraction to their liege lord, Richard of Sussex. Loving Philip should be easy. She has

married the knight of whom minstrels sing; the knight who saved Richard's life. But when Phillip abandons Maria to indulge his wanderlust, she turns to Richard, sparking a passionate affair amidst the crumbling kingdom of Edward II. Meanwhile, Edward II's barons are rebelling, executing his favorites, and across the channel in France, Isabella, Edward II's wife—the She-Wolf of France—plans to invade England. Then King Edward is captured as Richard and Maria prepare to flee to safety, and Phillip returns. Now the day of reckoning is at hand—not only for Maria, Richard, and Phillip, but for that most unfortunate of Plantagenet kings, Edward II. BOOK 2: A Knight There Was - Following his return from battle with a life-threatening sickness, Margery Watson nurses Golden Knight Matthew Hart back to health. A bond deepening between them, Matthew--who refuses to marry so his younger brother may inherit

all--begs Margery to openly live with him. Margery agrees. Like her grandmother before her, she will risk all for love. But a scheming adversary concocts a deception in Matthew's absence that leaves Margery the unwitting wife of a wealthy goldsmith--who seeks only to trade on her family name--while believing she was betrayed by Matthew. When Matthew returns from London to find Margery wedded and bedded, he accuses her of betraying HIM. Now, both Margery and Matthew foolishly believe that time, distance and heartbreak will be enough to keep them forever apart. BOOK 3: Within A Forest Dark - With his belief in the Perfection of Knighthood challenged by battlefield atrocities, Matthew Hart returns to London, wishing to reunite with his first love, Margery Watson. Margery's cruel husband is now dead. As a wealthy widow, she has no intention of returning to the bonds of marriage. But she

cannot turn away her handsome knight, no matter the depth of innocent blood he spilled in the name of honor and duty. As Matthew forces himself to fulfill feudal obligations, and Margery's unrest turns treasonous, the forces of king and kingdom may prove the lovers' ultimate undoing or their best hope. Publisher Note: Readers with a passion for history will appreciate the author's penchant for detail and accuracy. This story contains scenes of brutality which are true to the time and man's inhumanity. There are a limited number of sexual scenes and NO use of modern vulgarity. Fans of Elizabeth Chadwick, Bernard Cornwell and Philippa Gregory as well as Tamara Leigh and Suzan Tisdale will not want to miss this historically accurate series. "Author Mary Ellen Johnson strides through history with the reader in the front seat." ~Karen Lausa ". . . it challenged my intellect as well as my heart."
