The Book Thousands of Trade Contractors Will Want by Their Sides. Trade contractors excel at mastery of their specific crafts. The plumber, the electrician, the carpet installer, the home builder...all these and the many other contractors and subcontractors servicing America's homes and businesses know the technical aspects of their craft inside out. But their knowledge of business systems often lags. Too many of them fail when it comes to understanding how to manage cash, use telemarketing techniques to get new business, minimize their inventories, and the dozens of other business techniques that spell the difference between success and failure. The Business Doctor's book Why Trade Contractors Fail and How to Prevent It, subtitled A Handbook of Financial, Operations, and Marketing Procedures to Help Trade Contractors Succeed addresses those issues. It attacks specific problems that contractors face. Most books addressing this market are too academic and excessively focused on theory. This one is hands-on practical, the way blue collar contractors understand it and like it.

An authoritative collection in this area of the law, New York Workers' Compensation Law is the official publication of the New York State Workers' Compensation Board. Complete with an introduction from Chair of the Board, this book contains Workers' Compensation Law, Emergency Workers' Benefit Law, and material from New York Codes, Rules, and Regulations. The text is enriched with special cross-references and full annotations from the New York Consolidated Laws Service.

The latest edition of Workers' Compensation Law of Maryland Annotated is a useful reference guide to workers' compensation law and many related statutes. This volume presents the statutes that you'll access most often. This edition of Workers' Compensation Law of Maryland Annotated contains a broad range of statues selected from the Annotated Code of Maryland. The publication also includes a complete index with references to every section in the book. Our staff of lawyer-editors has brought the statues up-to-date through the most recent legislative session, reviewing and expanding the contents to include important new legislation.
