Florence and a leading player in Renaissance Italian diplomacy. Kent's approach reveals Lorenzo's activities as an art patron as far more extensive and creative than previously thought. Known as "the Magnificent," Lorenzo was broadly interested in the arts and supported efforts to beautify Florence and the many Medici lands and palaces. His expertise was well regarded by guildsmen and artists, who often turned to him for advice as well as for patronage.

This captivating work charts the history of Tasmania from the arrival of European maritime expeditions in the late eighteenth century, through to the modern day. By presenting the perspectives of both Indigenous Tasmanians and British settlers, author Henry Reynolds provides an original and engaging exploration of these first fraught encounters. Utilising key themes to bind his narrative, Reynolds explores how geography created a unique economic and migratory history for Tasmania, quite separate from the mainland experience. He offers an astute analysis of the island's economic and demographic reality, by noting that this facilitated the survival of a rich heritage of colonial architecture unique in Australia, and allowed the resident population to foster a powerful web of kinship. Reynolds' remarkable capacity to empathise with the characters of

The acclaimed author of *Sweetness in the Belly* journeys to Vietnam in this rich and tantalizing new novel. Raised in the United States but Vietnamese by birth, Maggie has come to Hanoi seeking clues to the fate of her father, a dissident artist who disappeared during the war. Her search brings her to Old Man Hu'ng's pho stall. The old man once had a shop frequented by revolutionary artists, but now Tu', a hustling young entrepreneur, is his most faithful customer. Maggie, Hu'ng, and Tu' come together during a highly charged season that will mark them forever. Exploring the indelible legacies of war and art, as well as love's power to renew, *The Beauty of Humanity Movement* is a stellar achievement by a globally renowned literary light.

In 1944 the Australian literary world was rocked by a hoax which was to become a worldwide scandal. Ern Malley, deceased motor mechanic and poet, was the invention of two Sydney poets, James McAuley and Harold Stewart, who were

intent on proving that modern poetry was a sham. The work of Malley comprised lines and words selected randomly, everywhere from Shakespeare to an American report on the drainage of the breeding grounds of mosquitoes. Max Harris published the poetry in the literary magazine Angry Penguins but when the deception was revealed he was mercilessly lampooned, tried and convicted of publishing 'indecent advertisements'. This definitive edition contains all of the poems, a new introduction by artist Albert Tucker, and historical background by Max Harris, John Reed and Colin Wilson; augmented by the unique contribution of drawings and etchings by Garry Shead.

Perspectives on Discourse Analysis: Theory and Practice provides the student/reader with the basic theoretical

knowledge and the empirical tools of some of the most relevant approaches to the analysis of discourse. It has been mainly conceived of as a general (university) course on Discourse Analysis, but it can also be useful for any person or group whose main concern is to acquire the basic necessary knowledge and skills for analyzing any type of discourse. The subject matter of the book could not only be of use for linguists or prospective linguists: given its interdisciplinary character, its findings can be (and in fact are) used and applied by practitioners and scholars from different fields, such as sociology, psychology, medical science, computer science, and so on. Thus the book can be used by any person who, having certain linguistic knowledge, is interested in exploring the fascinating world of discourse. All the chapters contain both a

theoretical and an empirical section, the latter containing examples of analysis, as well as exercises (Practice) and self-evaluation questions, whose answers can be found at the end of the book (in the Practice key and Key to self-evaluation questions sections). The book is divided into 12 chapters. The first two introduce basic information about discourse analysis and text linguistics, as well as the necessary techniques for gathering data, including a very brief introduction to corpus linguistics. Chapters 3-11 present and discuss some of the most prominent and well-known approaches to discourse analysis, namely Pragmatics, Interactional Sociolinguistics, Conversation Analysis, The Ethnography of Communication, Variation Analysis and Narrative Analysis, Functional Sentence Perspective, Post-Structuralist Theory and Social Theory,

Finally, Chapter 12 deals with crucial and further issues, such as the type of discourse chosen for the analysis, the strategies and functions of discourse, or the problem of choosing an appropriate unit of analysis which will suit the aims of research. Perspectives on Discourse Analysis: Theory and Practice may prove of value to all those who are professionally involved in the area of discourse and pragmatic studies, or simply to those who wish to acquire the necessary basic knowledge and techniques for analyzing any type of discourse, from medical, journalistic or political discourse to computer-mediated, humoristic, or hegemonic discourse (where the use and abuse of power is an important issue), just to name a few of the innumerable

'That's how at six at night on 11 May 1928 I stopped being a Yanyuwa child and became a nowhere person... Motherless, cultureless and stuck in a government institution because my mother was Aboriginal and my father was not. I ceased to be an Aboriginal but I would never be white. I was not something bad, shameful, called a half-caste.' - Hilda Jarman Muir In the nineteenth and twentieth centuries, people of mixed Aboriginal and European ancestry - half-castes - were commonly assumed to be morally and physically defective, unstable and degenerate.

They bore the brunt of society's contempt, and the removal of their children created Australia's stolen generations. Nowhere People is a history of beliefs about people of mixed race, both in Australia and overseas. It explores the concept of racial purity, eugenics, and the threat posed by miscegenation. Award-winning author Henry Reynolds also tells for the first time of his own family's search for the truth about his father's ancestry, and gives a poignant account of the contemporary predicament facing people of mixed heritage.

Why Mahler? Why does his music affect us in the way it does? Norman Lebrecht, one of the world's most widely read cultural commentators, has been wrestling obsessively with Mahler for half his life. Following Mahler's every footstep from birthplace to grave, scrutinizing his manuscripts, talking to those who knew him, Lebrecht constructs a compelling new portrait of Mahler as a man who lived determinedly outside his own times. Mahler was—along with Picasso, Einstein, Freud, Kafka, and Joyce—a maker of our modern world. Why Mahler? is a book that shows how
