

# The Essentials Of English A Writers Handbook By Ann Hogue

Includes exercises designed to improve skills in writing essays, term papers, and other classroom assignments, as well as brush up on writing for business and personal correspondence. This innovative grammar text is an ideal resource for writers, language students, and classroom teachers who need an accessible refresher in a step-by-step guide to essential grammar. Rather than becoming mired in overly detailed linguistic definitions, Nancy Sullivan helps writers and students understand and apply grammatical concepts and develop the skills they need to enhance their writing. Along with engaging discussions of both contemporary and traditional terminology, Sullivan's text provides clear explanations of the basics of English grammar and a practical, hands-on approach to mastering the use of language. Complementing the focus on constructing excellent sentences, every example and exercise set is contextually grounded in language themes. This updated edition includes new sections in each chapter on Writing Matters (addressing key tools and concerns for writers) and Language Varieties (addressing issues of social and regional dialect variation). This is an ideal textbook for any writing course across disciplines where grammatical precision is important. Online resources including additional exercises, links, and an answer key are available at [Routledge.com/9780367148683](http://Routledge.com/9780367148683). Instructor materials accompanying the text provide teachers with activities designed for face-to-face, hybrid, and online instruction to enliven these basic grammar lessons as well as writing activities to integrate these concepts into students' own writing. Revised in this new edition, Minimum Essentials of English summarizes virtually the entirety of English grammar and

usage, and serves as a quick-reference guide, especially for high school and college students. It comes in handy notebook format for three-ring binders. Topics covered include grammar, spelling rules, diction, mechanics, punctuation, and style rules for all documentary systems--the MLA, the Chicago Manual, and the APA.

A concise guide to grammar, usage and style. Includes appendices on irregular verbs, verb-preposition combinations, commonly confused words, and misspelled words.

John Langan's English Essentials offers guidance through the grammar, punctuation, and usage skills needed for success in college and beyond. In short, English Essentials is an efficient, accessible, and helpful guide to mastering practical English skills. The book is divided into four parts -- Part One covers fifteen basic skills; Part Two offers more in-depth information about those and other skills; Part Three presents the essential skills of proofreading, and Part Four covers spelling improvement and dictionary use. This student-friendly organization and structure makes the book easy to navigate and a flexible guide. Each section provides essential instructions followed by ample activities to encourage learning in the best possible way: by doing.

English: An Essential Grammar is a concise and user-friendly guide to the grammar of modern English, written specifically for native speakers and based on genuine samples of contemporary spoken and written English. In the first four chapters, this book covers the essentials of English grammar, beginning with the basics and going on to deal with phrase, clause and sentence structure. A fifth chapter deals with English word formation and

Essentials of College English

**Excerpt from Essentials of English: A Textbook for Schools This book is planned to afford the learner a practice review of the essentials of English grammar, and a preparation for the study of formal and practical rhetoric. The book is, in brief, a manual of the working principles of English composition. It is designed to serve as a natural transition from the study of grammar to that of rhetoric proper. It is, for this reason, adapted to the needs of the higher classes in grammar schools and the lower classes in high schools. About the Publisher Forgotten Books**

Language and literacy instruction in English needs to begin early and continue throughout the elementary years. This book provides research-based, best practices for developing language and literacy from kindergarten through 5th grade. It encourages teachers to build on ELL students' linguistic and cultural background knowledge.

"English is so illogical!" It is generally believed that English is a language of exceptions. For many, learning to spell and

## Get Free The Essentials Of English A Writers Handbook By Ann Hogue

read is frustrating. For some, it is impossible... especially for the 29% of Americans who are functionally illiterate. But what if the problem is not the language itself, but the rules we were taught? What if we could see the complexity of English as a powerful tool rather than a hindrance? --Denise Eide

Uncovering the Logic of English challenges the notion that English is illogical by systematically explaining English spelling and answering questions like "Why is there a silent final E in have, large, and house?" and "Why is discussion spelled with -sion rather than -tion?" With easy-to-read examples and anecdotes, this book describes: - the phonograms and spelling rules which explain 98% of English words - how English words are formed and how this knowledge can revolutionize vocabulary development - how understanding the reasons behind English spelling prevents students from needing to guess The author's inspiring commentary makes a compelling case that understanding the logic of English could transform literacy education and help solve America's literacy crisis. Thorough and filled with the latest linguistic and reading research, Uncovering the Logic of English demonstrates why this systematic approach should be as foundational to our education as  $1+1=2$ .
