

The Gender Game 3 The Gender Lie

We are women, we are men. We are refugees, single mothers, people with disabilities, and queers. We belong to social categories and they frame our actions, self-understanding, and opportunities. But what are social categories? How are they created and sustained? How does one come to belong to them? Ásta approaches these questions through analytic feminist metaphysics. Her theory of social categories centers on an answer to the question: what is it for a feature of an individual to be socially meaningful? In a careful, probing investigation, she reveals how social categories are created and sustained and demonstrates their tendency to oppress through examples from current events. To this end, she offers an account of just what social construction is and how it works in a range of examples that problematize the categories of sex, gender, and race in particular. The main idea is that social categories are conferred upon people. Ásta introduces a ‘conferralist’ framework in order to articulate a theory of social meaning, social construction, and most importantly, of the construction of sex, gender, race, disability, and other social categories.

Curt’s having the worst luck: his date just stood him up, he just sat in someone’s cheesy nachos at the movie theatre, and a crazy naked woman BIT him in the alley outside. It’s true what they say, weird things do happen at the full moon.Little does Curt know that the woman who bit him in the alley has infected him. His full moon nights are about to get a lot weirder, because from now on, he’ll become a sex-hungry woman when the moon is fully exposed.His female self’s appetites are insatiable when the full moon is in the sky. He can only refer to himself as a werewoman. He enlists Kathy, his oldest friend and the only person who will believe him, to help him deal with the werewoman. Together, they manage to find a bright spot in all the madness.Author’s note: This is a standalone romance story with a HAE ending! Two bonus gender swap romance stories have been included as a thank you to my readers!Warning: This 15,000-word novella contains graphic language and steamy descriptions of gender transformation and sex.

A fun, colorful, community-based resource that illustrates the beautiful diversity of gender - a gender 101 for everyone!

The Palgrave Handbook of Gender, Sexuality, and Canadian Politics offers the first and only handbook in the field of Canadian politics that uses ‘gender’ (which it interprets broadly, as inclusive of sex, sexualities, and other intersecting identities) as its category of analysis. Its premise is that political actors’ identities frame how Canadian politics is thought, told, and done; in turn, Canadian politics, as a set of ideas, state institutions and decision-making processes, and civil society mobilizations, does and redoes gender. Following the standard structure of mainstream introductory Canadian politics textbooks, this handbook is divided into four sections (ideologies, institutions, civil society, and public policy) each of which contains several chapters on topics commonly taught in Canadian politics classes. The originality of the handbook lies in its approach: each chapter reviews the basics of a given topic from the perspective of gendered/sexualized and other intersectional identities. Such an approach makes the handbook the only one of its kind in Canadian Politics.

Award-winning author and illustrator of My Colors, My World and Call Me Tree, Maya Gonzalez, shares a nature-based, inclusive, body positive story of gender. Inviting every body back to the circle. By providing an integrated foundation to talk to kids about gender, The Gender Wheel expands our thinking as we remember that we ALL belong.

2020 ALA Alex Award Winner 2020 Stonewall – Israel Fishman Non-fiction Award Honor Book In 2014, Maia Kobabe, who uses e/er pronouns, thought that a comic of reading statistics would be the last autobiographical comic e would ever write. At the time, it was the only thing e felt comfortable with strangers knowing about em. Now, Gender Queer is here. Maia’s intensely cathartic autobiography charts eir journey of self-identity, which includes the mortification and confusion of adolescent crushes, grappling with how to come out for family and society, bonding with friends over erotic gay fanfiction, and facing the trauma and fundamental violation of pap smears. Started as a way to explain to eir family what it means to be nonbinary and asexual, Gender Queer is more than a personal story: it is a useful and touching guide on gender identity—what it means and how to think about it—for advocates, friends, and humans everywhere. This special deluxe hardcover edition of Gender Queer features a brand-new cover, exclusive art and sketches, and a TK from creator Maia Kobabe.

The GENDER Book

Transformation, Language, and Gender in the Interpretation of Ovid’s Metamorphoses

Ovid’s remarkable and endlessly fascinating Metamorphoses is one of the best-known and most popular works of classical literature, exerting a pervasive influence on later European literature and culture. A vast repository of mythic material as well as a sophisticated manipulation of story-telling, the poem can be appreciated on many different levels and by audiences of very different backgrounds and educational experiences. As the poem’s focus on transformation and transgression connects in many ways with contemporary culture and society, modern research perspectives have developed correspondingly. Metamorphic Readings presents the state of the art in research on this canonical Roman epic. Written in an accessible style, the essays included represent a variety of approaches, exploring the effects of transformation and the transgression of borders. The contributors investigate three main themes: transformations into the Metamorphoses (how the mythic narratives evolved), transformations in the Metamorphoses (what new understandings of the dynamics of metamorphosis might be achieved), and transformations of the Metamorphoses (how the Metamorphoses were later understood and came to acquire new meanings). The many forms of transformation exhibited by Ovid’s masterpiece are explored—including the transformation of the genre of mythic narrative itself.

"A essential and empowering exploration of identity and expression that both educates and celebrates."—School Library Journal
The Gender Identity Workbook for Kids offers fun, age-appropriate activities to help your child explore their idently and discover unique ways to navigate gender expression at home, in school, and with friends. Transgender and gender-nonconforming (TGNC) children need validation and support on their journey toward self-discovery. Unfortunately, due to stigma and misinformation, these kids can be especially vulnerable to bullying, discrimination, and even mental health issues such as anxiety or depression. The good news is that there are steps you can take to empower your child as they explore, understand, and affirm their gender identity. This important workbook will guide you both. In this guide, a licensed clinical social worker who specializes in gender-nonconforming youth offers real tools to help your child thrive in all aspects of life. You and your child will discover a more expansive way of understanding gender; gain insight into gender diverse thoughts, feelings, and experiences; and find engaging activities with fun titles such as ‘Apple, Oranges, and Fruit Bowls’ and ‘Pronoun Town’ to help your child to explore their own unique identity in a way that is age-appropriate and validating. No child experiences gender in a vacuum, and children don’t just transition—families do. Let this workbook guide you and your child on this important journey in their lives.

This title is part of American Studies Now and available as an e-book first. Visit ucpress.edu/go/americanstudiesnow to learn more. In the last decade, public discussions of transgender issues have increased exponentially. However, with this increased visibility has come not just power, but regulation, both in favor of and against trans people. What is once regarded as an unusual or even unfortunate disorder has become an accepted articulation of gendered embodiment as well as a new site for political activism and political recognition. What happened in the last few decades to prompt such an extensive rethinking of our understanding of gendered embodiment? How did a stigmatized identity become so central to U.S. and European articulations of self? And how have people responded to the new definitions and understanding of sex and the gendered body? In *Trans*, Jack Halberstam explores these recent shifts in the meaning of the gendered body and representation, and explores the possibilities of a nongendered, gender-optional, or gender-queer future. This study examines how the concept of “Korean woman” underwent a radical transformation in Korea’s public discourse during the years of Japanese colonialism. Theodore Jun Yoo shows that as women moved out of traditional spheres to occupy new positions outside the home, they encountered the pervasive control of the colonial state, which sought to impose modernity on them. While some Korean women conformed to the dictates of colonial hegemony, others took deliberate pains to distinguish between what was “modern” (e.g., Western outfits) and thus legitimate, and what was “Japanese,” and thus illegitimate. Yoo argues that what made the experience of these women unique was the dual confrontation with modernity itself and with Japan as a colonial power.

One teenager in a skirt. One teenager with a lighter. One moment that changes both of their lives forever. If it weren’t for the 57 bus, Sasha and Richard never would have met. Both were high school students from Oakland, California, one of the most diverse cities in the country, but they inhabited different worlds. Sasha, a white teen, lived in the middle-class foothills and attended a small private school. Richard, a black teen, lived in the crime-plagued flatlands and attended a large public one. Each day, their paths overlapped for a mere eight minutes. But one afternoon on the bus ride home from school, a single reckless act left Sasha severely burned, and Richard charged with two hate crimes and facing life imprisonment. The 57 Bus is Dasha Slater’s true account of the case that garnered international attention and thrust both teenagers into the spotlight.

The Gender Lie

A Mistborn Novel

The House Next Door

Little Bee

A Story about Bodies and Gender for Every Body

Despite enormous changes in patterns of dating and courtship in twenty-first-century America, contemporary understandings of romance and intimacy remain firmly rooted in age-old assumptions of gender difference. These tenacious beliefs now vie with cultural messages of gender equality that stress independence, self-development, and egalitarian practices in public and private life. Through interviews with heterosexual and LGBTQ individuals, Ellen Lamont’s *The Mating Game* explores how people with diverse sexualities and gender identities date, form romantic relationships, and make decisions about future commitments as they negotiate uncertain terrain fraught with competing messages about gender, sexuality, and intimacy.

Presents a tale of a precarious friendship between an illegal Nigerian refugee and a recent widow from suburban London, a story told from the alternating and disparate perspectives of both women.

"I just had to believe we'd deal a death blow of our own. That today would be the beginning of the end..." Ready for the explosive PENULTIMATE BOOK in The Gender Game series? (As we move toward the grand finale in Book 7: The Gender End). Order now!

George R.R. Martin's acclaimed seven-book fantasy series A Song of Ice and Fire is unique for its strong and multi-faceted female protagonists, from teen queen Daenerys, scheming Queen Cersei, child avenger Arya, knight Brienne, Red Witch Mellsandyr, and many more. The Game of Thrones universe challenges, exploits, yet also changes how we think of women and gender, not only in fantasy, but in Western culture in general. Divided into three sections addressing questions of adaptation from novel to television, female characters, and politics and female audience engagement within the GoT universe, the interdisciplinary and international line-up of contributors analyze gender in relation to female characters and topics such as genre, sex, violence, adaptation, as well as fan reviews. The genre of fantasy was once considered a primarily male territory with male heroes. Women of Ice and Fire shows how the GoT universe challenges, exploits, and reimagines gender and why it holds strong appeal to female readers, audiences, and online participants.

The Hero of Ages is the thrilling conclusion to the epic fantasy Mistborn Trilogy for ages 13 and up by the #1 New York Times bestselling author, Brandon Sanderson. This epic fantasy adventure begins with Mistborn. To end the Final Empire and restore freedom, Vin killed the Lord Ruler. But as a result, the Deepness---the lethal form of the ubiquitous mists---is back, along with increasingly heavy ashfalls and ever more powerful earthquakes. Humanity appears to be doomed. Having escaped death at the climax of The Well of Ascension only by becoming a Mistborn himself, Emperor Elend Venture hopes to find clues left behind by the Lord Ruler that will allow him to save the world. Vin is consumed with guilt at having been tricked into releasing the mystic force known as Ruin from the Well. Ruin wants to end the world, and its near omniscience and ability to warp reality make stopping it seem impossible. She can't even discuss it with Elend lest Ruin learn their plans! The conclusion of the Mistborn trilogy fulfills all the promise of the first two books. Revelations abound, connections rooted in early chapters of the series click into place, and surprises, as satisfying as they are stunning, blossom like fireworks to dazzle and delight. It all leads up to a finale unmatched for originality and audacity that will leave readers rubbing their eyes in wonder, as if awaking from an amazing dream.

The Gender Effect

A Guide to Exploring Who You Are

Gender Inclusive Game Design

The Palgrave Handbook of Gender, Sexuality, and Canadian Politics

On a dare from her brother Charlie, Emma explores a spooky house, only to discover that the spirit inhabiting the house has been waiting for her, convinced that she has a role to play in the reenactment of a doomed love affair.

Have you ever been in a training and marveled at how quickly the time flew by? Genuinely enjoyed a meeting you were expecting to dread? Learned something powerful about a topic you thought wouldn't engage you? Experienced an intimate, vulnerable, transformative moment with a group of total strangers?Then you've witnessed the magic of facilitation.Like all magic tricks - though they seem to defy reason when you're spectating for the first time - once the secrets of facilitation are unveiled to you, you'll look back with a bland obviousness. Of course that's how it's done. In this book, co-authors and social justice facilitators Sam Killermann and Meg Bolger teach you how to perform the favorite tricks they keep up their sleeve. It's the learning they've accumulated from thousands of hours of facilitating, debriefing, challenging, and failing; it's the lessons from their mentors, channeled through their experience; it's the magician's secrets, revealed to the public, because it's about time folks have the privilege of looking behind the curtain of facilitation and thinking of course that's how it's done. This book is highlights 11 key concepts every facilitator should know, that most facilitators don't even know they should know. They are sometimes-tiny things that show up huge in facilitation. It's a book for facilitators of all stripes, goals, backgrounds, and settings - and the digestible, enjoyable, actionable lessons would benefit anyone who is responsible for engaging a group of people in learning.

Video games have long been seen as the exclusive territory of young, heterosexual white males. In a media landscape dominated by such gamers, players who do not fit this mold, including women, people of color, and LGBT people, are often brutalized in forums and in public channels in online play. Discussion of representation of such groups in games has frequently been limited and cursory. In contrast, Gaming at the Edge builds on feminist, queer, and postcolonial theories of identity and draws on qualitative audience research methods to make sense of how representation comes to matter. In Gaming at the Edge, Adrienne Shaw argues that video game players experience race, gender, and sexuality concurrently. She asks: How do players identify with characters? How do they separate identification and interactivity? What is the role of fantasy in representation? What is the importance of understanding market logic? In addressing these questions Shaw reveals how representation comes to matter to participants and offers a perceptive consideration of the high stakes in politics of representation debates. Putting forth a framework for talking about representation, difference, and diversity in an era in which user-generated content, individualized media consumption, and the blurring of producer/consumer roles has lessened the utility of traditional models of media representation analysis, Shaw finds new insight on the edge of media consumption with the invisible, marginalized gamers who are surprising in both their numbers and their influence in mainstream gamer culture.

Examining the relationship between women and computer games, this intriguing study of the computer gaming industry explains why such games appeal to a predominantly male audience and discusses the differences between male and female entertainment criteria and how to develop better games to attract a broader audience. Who Are You?

A Quick and Quirky Account of Gender Variability

How Trans Kids (and Their Parents) are Creating a Gender Revolution

Middlesex

Expanding the Market

Winner, 2019 PROSE Award for Anthropology, Criminology and Anthropology, presented by the Association of American Publishers
A groundbreaking look at the lives of transgender children and their families
Some ‘boys’ will only wear dresses; some ‘girls’ refuse to wear dresses; in both cases, as Ann Travers shows in this fascinating account of the lives of transgender kids, these are often more than just wardrobe choices. Travers shows that from very early ages, some as two and three years old, these kids find themselves to be different from the sex category that was assigned to them at birth. How they make their their voices heard—to their parents and friends, in schools, in public spaces, and through the courts—is the focus of this remarkable and groundbreaking book. Based on interviews with transgender kids, ranging in age from 4 to 20, and their parents, and over five years of research in the US and Canada, The Trans Generation offers a rare look into what it is like to grow up as a trans child. From daycare to birthday parties and from the playground to the school bathroom, Travers takes the reader inside the day-to-day realities of trans kids who regularly experience crisis as a result of the restrictive ways in which sex categories regulate their lives and put pressure on them to deny their internal sense of who they are in gendered terms. As a transgender activist and as an advocate for trans kids, Travers is able to document from first-hand experience the difficulties of growing up trans and the challenges that parents can face. The book shows the incredible time, energy, and love that these parents give to their children, even in the face of, at times, unsupportive communities, schools, courts, health systems, and government laws. Keeping in mind that all trans kids are among the most vulnerable to bullying, violent attacks, self-harm, and suicide, and that those who struggle with poverty, racism, lack of parental support, learning differences, etc. are extremely at risk, Travers offers ways to support all trans kids through policy recommendations and activist interventions. Ultimately, the book is meant to open up options for kids’ own gender self-determination, to question the need for the sex binary, and to highlight ways that cultural and material resources can be redistributed more equitably. The Trans Generation offers an essential and important new understanding of childhood.

The Gender Lie

The conclusion to Violet and Viggo’s journey and to the Gender Game series.

The Gender GameBy Bella Forrest

Extrait de la couverture : "Here, for the first time, is a book that brings women’s writings out of exile to rethink anthropology’s purpose at the end of the century. ... As a historical resource, the collection undertakes fresh readings of the work of well-known women anthropologists and also reclaims the writings of women of color for anthropology. As a critical account, it bravely interrogates the politics of authorship. As a creative endeavor, it

embraces new Feminist voices of ethnography that challenge prevailing definitions of theory and experimental writing."

Sexuality and Gender at the Margins of Gamer Culture

The Left Hand of Darkness

The Far Right Today

Immersion, Narrative, and Gender Crisis in Survival Horror Video Games

The Gender End

The Gender Game

The far right is back with a vengeance. After several decades at the political margins, far-right politics has again taken center stage. Three of the world’s largest democracies – Brazil, India, and the United States – now have a radical right leader, while far-right parties continue to increase their profile and support within Europe. In this timely book, leading global expert on political extremism Cas Mudde provides a concise overview of the fourth wave of postwar far-right politics, exploring its history, ideology, organization, causes, and consequences, as well as the responses available to civil society, party, and state actors to challenge its ideas and influence. What defines this current far-right renaissance, Mudde argues, is its mainstreaming and normalization within the contemporary political landscape. Challenging orthodox thinking on the relationship between conventional and far-right politics, Mudde offers a complex and insightful picture of one of the key political challenges of our time.

This is a single-volume guide to all the main analytical frameworks for gender-sensitive research and planning. It draws on the experience of trainers and practitioners, and includes step-by-step instructions for using the frameworks.

This book investigates the narrativity of some of the most popular survival horror video games and the gender politics implicit in their storyworlds. In a thorough analysis of the genre that draws upon detailed comparisons with the mainstream action genre, Andrei Nae places his analysis firmly within a political and social context. In comparing survival horror games to the dominant game design norms of the action genre, the author differentiates between classical and postclassical survival horror games to show how the former reject the norms of the action genre and deliver a critique of the conservative gender politics of action games, while the latter are more heterogeneous in terms of their game design and, implicitly, gender politics. This book will appeal not only to scholars working in game studies, but also to scholars of horror, gender studies, popular culture, visual arts, genre studies and narratology.

50TH ANNIVERSARY EDITION—WITH A NEW INTRODUCTION BY DAVID MITCHELL AND A NEW AFTERWORD BY CHARLIE JANE ANDERS Ursula K. Le Guin’s groundbreaking work of science fiction—winner of the Hugo and Nebula Awards—is sent to the icebound planet of Winter, a world without sexual prejudice, where the inhabitants’ gender is fluid. His goal is to facilitate Aurora’s inclusion in a growing intergalactic civilization. But to do so he must bridge the gulf between his own views and those of the strange, intriguing culture he encounters... Embracing the aspects of psychology, sociology, and human emotion on an alien world, The Left Hand of Darkness stands as a landmark achievement in the annals of intellectual science fiction.

Too much power. Wow. Too much energy. Wow. Too much ingenuity. WOW. It's the nationally bestselling memoir from the biggest star in gaming: Dr Disrespect. Dr Disrespect is a 6-foot-8 freak of nature with a 37-inch vertical, the two-time, back-to-back 1993–94 Blockbuster Video Game Champion, and in his factual opinion, the most dominant international gaming superstar in the history of the world. It was just a matter of time before Western civilization came begging Doc to save literature by writing a memoir that reads like a vicious, muscular lion clawing his way through the rocks, roaring in anger and dominance. Here you will find his deepest, most intimate secrets. The untold history of his mysterious, legendary origins and his rise to unparalleled dominance. And most of all, you will find out what, exactly, Doc's a doctor of. Are you ready for a book with the rhythm of a sleazy '70s muscleman and the ruthlessness of a '90s serial killer? A journey that stares down the long, dark alley of your fears and never looks back? Does your warrior's heart yearn to reach the tippy top of the mountain just to realize you're still only halfway up? If so, firm handshakes, Champion: Welcome to the salvation of literature.

"Beyond the Gender Binary will give readers everywhere the feeling that anything is possible within themselves"--Princess Nokia, musician and co-founder of the Smart Girl Club
"A fierce, penetrating, and empowering call for change."-- Kirkus Reviews, starred review
"Affirming, thoughtful read for all ages." -- School Library Journal, starred review
In Beyond the Gender Binary, poet, artist, and LGBTQIA+ rights advocate Alok Vaid-Menon deconstructs, demystifies, and reimagines the gender binary. Pocket Change Collective is a series of small books with big ideas from today's leading activists and artists. In this installment, Beyond the Gender Binary, Alok Vaid-Menon challenges the world to see gender not in black and white, but in full color. Taking from their own experiences as a gender-nonconforming artist, they show us that gender is a malleable and creative form of expression. The only limit is your imagination.

Three themes are drawn together in this book: gender and sexuality, the organisation of work, and the impact of technological change. Their inter-relationship is explored in six area studies: manufacturing, banking, retailing, computing, nursing and housework. Gender at Work presents an account of how each area has changed since the Second World War; sets out ways in which the notion of what constitutes ‘proper’ work for men and women changes with new work processes; and analyses the prospects for, and limits of, sexual ‘equality’ in the workplace. Based on the first-hand observations of workers, reflecting on their work experience, this book allows workers to speak for themselves: they reveal the centrality of gender to the way capitalism is organised. ‘A notable contribution, both to feminist and labour studies in Australia and beyond afield. Every woman, whether at home or in the paid workforce, should read this book. It will help her assess exactly what she is – and should be – worth to the community, and how she can help to ensure her true evaluation.’ – Newcastle Herald ‘A very readable book which makes a major theoretical and descriptive contribution to the analysis of gender in Australian Society.’ – Journal of Industrial Relations

'A convincing demonstration of the central place of gender in the work relationships between men and women. The insights it provides, into the underlying causes of the sex division of tasks and the way in which new jobs in any individual setting quickly become sex-typed, are important for any manager of a mixed workplace.' – Practising Manager

WINNER OF THE UK BLACK PRIDE LITERARY PRIZE FOR NON-FICTION DIVA AWARDS 2017
AS SEEN ON TRANSFORMATION STREET
‘Opens minds, breaks down myths and vaporises prejudice – I loved it!’ Rebecca Root, star of Boy Meets Girl
‘Funny, thoughtful and honest’ Stylist
‘It’s a boy!’ or ‘It’s a girl!’ are the first words almost all of us hear when we enter the world. Before our names, before we have likes and dislikes – before we, or anyone else, has any idea who we are. And two years ago, as Juno Dawson went to tell her mother she was – and actually, always had been) a woman, she started to realise just how wrong we’ve been getting it. Gender isn’t just screwing over trans people, it’s messing with everyone. From little girls who think they can’t be doctors to teenagers who come to expect street harassment. From exclusionist feminists to ‘alt-right’ young men. From men who can’t cry to the women who think they shouldn’t. As her body gets in line with her mind, Juno tells not only her own story, but the story of everyone who is shaped by society’s expectations of gender – and what we can do about it. Featuring insights from well-known gender, feminist and trans activists including Rebecca Root, Laura Bates, Gemma Cairney, Anthony Anaxagorou, Hannah Witton, Alaska Thunderfuck and many more, The Gender Games is a frank, witty and powerful manifesto for a world in which everyone can truly be themselves. The Gender Games has been optioned by SunnyMarch Productions to be turned into an original television series, written by Rose Lewenstein.

Spanning eight decades and chronicling the wild ride of a Greek-American family through the vicissitudes of the twentieth century, Jeffrey Eugenides' witty, exuberant novel on one level tells a traditional story about three generations of a fantastic, absurd, lovable immigrant family -- blessed and cursed with generous doses of tragedy and high comedy. But there's a provocative twist. Cal, the narrator -- also Callie -- is a hermaphrodite. And the explanation for this takes us spooling back in time, through a breathtaking review of the twentieth century, to 1922, when the Turks sacked Smyrna and Callie's grandparents fled for their lives. Back to a tiny village in Asia Minor where two lovers, and one rare genetic mutation, set our narrator's life in motion. Middlesex is a grand, utterly original fable of crossed bloodlines, the intricacies of gender, and the deep, untidy promptings of desire. It's a brilliant exploration of divided people, divided families, divided cities and nations -- the connected halves that make up ourselves and our world.

Full Moon Gender Swap

The Second Media Age

The Gender Fall

A True Story of Two Teenagers and the Crime That Changed Their Lives

Violence. Speed. Momentum.

What do you like? How do you feel? Who are you? This brightly illustrated children's book provides a straightforward introduction to gender for anyone aged 5-8. It presents clear and direct language for understanding and talking about how we experience gender: our bodies, our expression and our identity. An interactive three-layered wheel included in the book is a simple, yet powerful, tool to clearly demonstrate the difference between our body, how we express ourselves through our clothes and hobbies, and our gender identity. Ideal for use in the classroom or at home, a short page-by-page guide for adults at the back of the book further explains the key concepts and identifies useful discussion points. This is a one-of-a-kind resource for understanding and celebrating the gender diversity that surrounds us.
