It consists of several distinct areas, not only geographically but ethnically as well; along with Malays and related groups, the country has a very large Indian and Chinese population. The spoken languages obviously vary at home, although Bahasa Malaysia is the official language and nearly everyone speaks English. There is also a mixture of religions, with Islam predominating among the Malays and others, Hinduism and Sikhism among the Indians, mainly Daoism and Confucianism among the Chinese, but also some Christians

“An absorbing popular history of one of history’s most popular drinks” (Booklist). even to treat a lack of courage. In *The Book of Gin*, Richard Barnett traces the life of this beguiling spirit, once believed to cause a “new kind of drunkenness.” In the eighteenth century, gin-crazed debauchery (and class conflict) inspired Hogarth’s satirical masterpieces “Gin Lane” and “Beer Street.” In the nineteenth century, gin was drunk by Napoleonic War naval heroes, at lavish gin palaces, and by homesick colonials, who mixed it with their bitter anti-malarial tonics. In the early twentieth century, the illicit cocktail culture of Prohibition made gin—often dangerous bathtub gin—fashionable again. And today, with the growth of small-batch distilling, gin has once-again made a comeback. Wide-ranging,
