Widely recognized as Willa Cather's finest book and one of the outstanding novels of American literature, *My Antonia* deals with the life of Bohemian immigrants and native American settlers in the vast frontier farmlands of Nebraska. It is a work particularly noted for its lucid and moving depiction of the prairie and the lives of those who live there. Kathryn Yarnan's narration brings this masterwork even greater spirit.

**A Jehovah's Witness is stabbed in her home by a stranger she once allowed in. A homeless woman masturbates on a park bench. A statue of the Virgin Mary, "plaster receptacle of petitions and foolish pleas," is found in a dump, a missing hand suggesting the sound of a one-handed rosary. Through images brutally honest and disarmingly off-center, Dixie Salazar explores the hidden lives of everyday people, objects, and experiences. And their transformation in the hidden realms of the heart. Charting furious descents into the darkest crevices of our souls, Salazar paints for us a lost city that exists below our mundane consciousness. Blood Mysteries is a tribute to lost souls, from a suicidal mental patient who doesn't believe she exists. To melting out of a landscape spotted with shadows, washing her hands in an empty basin of light. To Marilyn Monroe, victim even in the morgue. In finely tuned lyricism showing an uncanny grasp of frayed lives, she gives flesh and vitality to women normally encountered only as statistics. The incarcerated, the homeless, the hopeless. Missing young girls who turn up violated and murdered. Salazar presents us with blood mysteries not only of women, but of family as well. In poems invoking her dual heritage, she explores the identity crises brought on by having a Spanish father and a mother from the deep South, leaving her a product of American meltdown with a predisposition to check "other" for race on applications. "Other can be a place," she reminds us, "a residence for those of us without / papers, where halos of lightning bugs / swarm the rickety family tree." Salazar writes with toughness and grit "for all the shipwrecked saints / and wretches among us." But beneath the surface of words sometimes gritty, sometimes playful, lies a testament to the power of empathy, giving voice to those whose voices have been stifled and offering hope for those who have found none. Blood Mysteries is a forceful prayer for the disenfranchised that offers not merely hope, but transcendence.**

A New Translation From The French By Marion Wiesel Born in Sighet, Transylvania, Elie Wiesel was a teenager when he and his family were taken from their home in 1944 and deported to the Auschwitz concentration camp, and then to Buchenwald. Night is the terrifying record of Elie Wiesel's memories of the death of his family, the death of his own innocence, and his despair as a deeply observant Jew confronting the absolute evil of man. This new translation by his wife and most frequent translator, Marion Wiesel, corrects important details and presents the most accurate rendering in English of Elie Wiesel's seminal work.

If nobody wants him, that's fine. He'll just take care of himself. When his father dies, Dave knows nothing will ever be the same. And then it happens. Dave lands in an orphanage—the cold and strict Hebrew Home for Boys in Harlem—far from the life he knew on the Lower East Side. But he's not so worried. He knows he'll be okay. He always is. If it doesn't work out, he'll just leave, find a better place to stay. But it's not that simple. Outside the gates of the orphanage, the nighttime streets of Harlem buzz with jazz musicians and swindlers, exclusive parties and mystifying strangers. Inside, another world unfolds, thick with rare friendships and bitter enemies. Perhaps somewhere, among it all, Dave can find a place that feels like home.
