Jennifer Grant is the only child of Cary Grant, who was, and continues to be, the epitome of all that is elegant, sophisticated, and deft. Almost half a century after Cary Grant's retirement from the screen, he remains the quintessential romantic comic movie star. He stopped making movies when his daughter was born so that he could be with her and raise her, which is just what he did. Good Stuff is an enchanting portrait of the profound and loving relationship between a daughter and her father, who just happens to be one of America's most iconic male movie stars. Cary Grant's own personal childhood archives were burned in World War I, and he took painstaking care to ensure that his daughter would have an accurate record of her early life. In Good Stuff, Jennifer Grant writes of their life together through her high school and college years until Grant's death at the age of eighty-two. Cary Grant had a happy way of living, and he gave that to his daughter. He invented the phrase "good stuff" to mean happiness. For the last twenty years of his life, his daughter experienced the full vital passion of her father's heart, and she now—delightfully—gives us a taste of it. She writes of the lessons he taught her; of the love he showed her; of his childhood as well as her own . . . Here are letters, notes, and funny cards written from father to daughter and those written from her to him . . . as well as bits of conversation between them (Cary Grant kept a tape recorder going for most of their time together). She writes of their life at 9966 Beverly Grove Drive, living in a farmhouse in the midst of Beverly Hills, playing, laughing, dining, and dancing through the thick and thin of Jennifer's growing up; of the years of his work, his travels, his friendships with "old Hollywood royalty" (the Sinatras, the Pecks, the Poiters, et al.) and with just plain-old royalty (the Rainiers) . . . We see Grant the playful dad; Grant the clown, sharing his gifts of laughter through his warm spirit; Grant teaching his daughter about life, about love, about boys, about manners and money, about acting and living. Cary Grant was given the indefinable incandescence of charm. He was a pip. . . Good Stuff captures his special quality. It gives us the magic of a father's devotion (and goofball-ness) as it reveals a daughter's special odyssey and education of loving, and being loved, by a dad who was Cary Grant.

The Power of Appreciation

For centuries, philosophers, theologians, moralists, and ordinary people have asked: How should we live? What makes for a good life? In The Best Things in Life, distinguished philosopher Thomas Hurka takes a fresh look at these perennial questions as they arise for us now in the 21st century. Should we value family over career? How do we balance self-interest and serving others? What activities bring us the most joy? While religion, literature, popular psychology, and everyday wisdom all grapple with these questions, philosophy more than anything else uses the tools of reason to make important distinctions, cut away irrelevancies, and distill these issues down to their essentials. Hurka argues that if we are to live a good life, one thing we need to know is which activities and experiences will most likely lead us to happiness and which will keep us from it, while also reminding us that happiness isn't the only thing that makes

Life good. Hurka explores many topics: four types of good feeling (and the limits of good feeling); how we can improve our baseline level of happiness (making more money, it turns out, isn't the answer); which kinds of knowledge are most worth having; the importance of achieving worthwhile goals; the value of love and friendship; and much more. Unlike many philosophers, he stresses that there isn't just one good in life but many: pleasure, as Epicurus argued, is indeed one, but knowledge, as Socrates contended, is another, as is achievement. And while the great philosophers can help us understand what matters most in life, Hurka shows that we must ultimately decide for ourselves. This delightfully accessible book offers timely guidance on answering the most important question any of us will ever ask: How do we live a good life?
