The Institute of Electrical Engineers of Japan (IEEJ) is a science corporation of membership system with scholars and engineers, founded in 1888. It is the traditional society with long history more than one century, while it always looks for innovation and encourages enterprise activities. Its membership has exceeded 28,000 today. IEEJ got participation and support from various people not only students putting their heart into learning electrical science but also scholars and engineers in the forefront of universities and companies.

Excerpt from Transactions of the American Institute of Electrical Engineers, Vol. 15: Meetings in 1898: January 26th, February 23d, March 23d, April 27th, May 17th, June 27th-30th, September 28th, October 26th, November 23d, December 28th The Present Status of Electrical Engineering - Inaugural Ad dress, by Arthur E. Kennelly, President. Dielectric Strength of A ir. Illustrated.) By Charles P. Steinmetz. About the Publisher Forgotten Books publishes hundreds of thousands of r

an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.

Purdue Institute of Electrical and Electronic Engineers (IEEECS) Computer Society

Year Book of the Institute of Radio Engineers

Papers Pres. at the Electric Welding Technical Conference, Engineering Society of Detroit, Detroit, Mich., Nov. 15-17, 1966

Proceedings, National Aerospace Electronics Conference // Institute of Electrical and Electronics Engineers : 24
