One by one they go missing. And in the lake a voice cries out: "Save them. . . ." In the darkness, in a lake in the middle of a prosperous college town, Rachel Matre feels the water caressing her bare skin, teasing her senses, drawing her body into a lush erotic embrace. For twenty years she has communed with the lake spirits this way—and told no one. The price is simple: She must help those in need. But now a series of young women have gone missing. The police don't have any bodies, or even a single suspect. Only the spirits seem to sense the truth. Through them, Rachel finds herself drawn into a madman's web. She alone can save the missing women. But who can save her?

An encyclopedia designed especially to meet the needs of elementary, junior high, and senior high school students. What have a deaf nun, the mother of the first baby born to Europeans in North America, and a condemned heretic to do with one another? They are among the virtuous virgins, marvelous maidens, and fierce feminists of the Middle Ages who trail-blazed paths for women today. Without those first courageous souls who worked in fields dominated by men, women might not have the presence they currently do in professions such as education, the law, and literature. Focusing on women from Western Europe between c. 300 and 1500 CE in the medieval period and richly carpeted with detail, *A Medieval Woman's Companion* offers a wealth of information about real medieval women who are now considered vital for understanding the Middle Ages in a full and nuanced way. Short biographies of 20 medieval women illustrate how they have anticipated and shaped current concerns, including access to education; creative emotional

outlets such as art, theater, romantic fiction, and music; marriage and marital rights; fertility, pregnancy, childbirth, contraception and gynecology; sex trafficking and sexual violence; the balance of work and family; faith; and disability. Their legacy abides until today in attitudes to contemporary women that have their roots in the medieval period. The final chapter suggests how 20th and 21st century feminist and gender theories can be applied to and complicated by medieval women's lives and writings. Doubly marginalized due to gender and the remoteness of the time period, medieval women's accomplishments are acknowledged and presented in a way that readers can appreciate and find inspiring. Ideal for high school and college classroom use in courses ranging from history and literature to women's and gender studies, an accompanying website with educational links, images, downloadable curriculum guide, and interactive blog will be made available at the time of publication.

The Lady in the Lake

For fans of Small Spaces, Doll Bones, and Mary Downing Hahn, a truly chilling (and historically inspired) ghost story from the talented author of The Forgotten Girl. Celeste knows she should be excited to spend two weeks at her grandparents' lake house with her brother, Owen, and their cousins Capri and Daisy, but she's not. Bugs, bad cell reception, and the dark waters of the lake... no thanks. On top of that, she just failed her swim test and hates being in the water—it's terrifying. But her grandparents are strong believers in their family knowing how to swim, especially having grown up during a time of segregation at public pools. And soon strange things start happening—the sound of footsteps overhead late at night. A flickering light in the attic window. And Celeste's cousins start accusing her of pranking them when she's been no where near them! Things at the old house

only get spookier until one evening when Celeste looks in the steamy mirror after a shower and sees her face, but twisted, different... Who is the girl in the mirror? And what does she want? Past and present mingle in this spine-tingling ghost story by award-winning author India Hill Brown. Private detective Philip Marlowe is looking for the missing wife of Derace Kingsley. Is she dead or not? And is she the lady in the lake?

For countless millennia, the dwarves of the Fifthling Kingdom have defended the stone gateway into Girdlegard. Sent out into the world to deliver a message and reacquaint himself with his people, the young foundling finds himself thrust into a battle for which he has not been trained. Not only his own safety, but the life of every man, woman and child in Girdlegard depends upon his ability to

embrace his heritage. Although he has many unanswered questions, Tungdil is certain of one thing: no matter where he was raised, he is a true dwarf. And no one has ever questioned the courage of the Dwarves. An epic battle between centuries-old enemies comes to the ultimate climax in the final volume of this post-apocalyptic Arthurian saga. King Arthur didn't ask to be reborn in the modern world. When the powerful witch Morgana returned to wreak her havoc, he was forced to play the reluctant hero. Now, as Morgana returns even stronger than before, Arthur is ready for battle. But is he ready to face the consequences of a victory? Is he prepared to face his only son a final time? Will Gwen be enough to tip the scales in a magical battle between Merlin and Morgana? Facing danger and uncertainty at every turn, Arthur must prepare Camelot for the battle that will decide the fate of the world.

Every year, 6 million companies and more than 100,000 products are launched. They all need an awesome name, but many (such as Xobni, Svbtle, and Doostang) look like the results of a drunken Scrabble game. In this entertaining and engaging

book, ace naming consultant Alexandra Watkins explains how anyone—even noncreative types—can create memorable and buzz-worthy brand names. No degree in linguistics required. The heart of the book is Watkins's proven SMILE and SCRATCH Test—two acronyms for what makes or breaks a name. She also provides up-to-date advice, like how to make sure that Siri spells your name correctly and how to nab an available domain name. And you'll see dozens of examples—the good, the bad, and the “so bad she gave them an award.” Alexandra Watkins is not afraid to name names.

Ellie is really the unfolding of two stories simultaneously. There is the story of Randy, a childcare worker who is employed at a small but successful children's home just outside the small town of Orangeburg South Carolina. In his mid fifties Randy has plans to retire soon but instead finds himself caught up in a mystery that will take him back to the early 1800's in his quest for answers. Extensive research in the basement of the Times and Diplomat, the towns local newspaper, and in the hot, dusty attic of the local Historical Society museum will provide him with many strange answers but unfortunately, with no solutions. Young boys are disappearing and Randy wants desperately to know how and why, as well as how to stop the disappearances before the reputation of the children's home is totally destroyed. Ellie is also the story of the Stroman family. There are the parents, Joseph and Martha, a daughter Ellie who at fourteen

is filled with dreams of knights in shining armor and wonderfully romantic experiences. There is also Robbie, her younger brother who at nine years old is, as they so often say of boys like Robbie, "all boy" and full of mischief. All is well for the Stroman family as they prepare to attend their church's annual Founders Day picnic one Sunday morning in early spring. Little did they know, at the time, how dramatically that picnic would change their lives. Ellie's first romantic picnic with her beau Will which she had been planning and anticipating for weeks is about to be completely ruined through a prank played on her by Robbie in revenge for her kicking him under the table at breakfast. Because of Robbie's prank and Will's failure to come to her rescue Ellie vows revenge, if necessary, from beyond the grave.

Deep in Siberia lies the oldest lake on Earth, Lake Baikal. When a small boy arrives on its banks, he is amazed by the beauty of the lake and surrounding mountains. As this astonishment yields to inquisitiveness, he begins to explore the fairytale of the area.

An immortal story of love, adventure, chivalry, treachery and death. Edited and first published by William Caxton in 1485, Le Morte D'Arthur is Sir Thomas Malory's unique and splendid version of the Arthurian legend. Mordred's treason, the knightly exploits of Tristan, Lancelot's fatally divided loyalties and his love for Guenever, the quest for the Holy Grail; all the elements are there woven into a

wonderful completeness by the magic of his prose style. The result is not only one of the most readable accounts of the knights of the Round Table but also one of the most moving. As the story advances towards the inevitable tragedy of Arthur's death the effect is cumulative, rising with an impending sense of doom and tragedy towards its shattering finale. Since 1898, residents of Laredo, Texas, and Nuevo Laredo, Tamaulipas, have reached across the US-Mexico border to celebrate George Washington's birthday. The celebration can last a whole month, with parade goers reveling in American and Mexican symbols; George Washington saluting; and "Pocahontas" riding on horseback. An international bridge ceremony, the heart and soul of the festivities, features children from both sides of the border marching toward each other to link the cities with an embrace. ¡Viva George! offers an ethnography and a history of this celebration, which emerges as both symbol and substance of cross-border community life. Anthropologist and Laredo native Elaine A. Peña shows how generations of border officials, civil society organizers, and everyday people have used the bridge ritual to protect shared economic and security interests as well as negotiate tensions amid natural disasters, drug-war violence, and immigration debates. Drawing on previously unknown sources and extensive fieldwork, Peña finds that border enactments like Washington's birthday are more than goodwill gestures. From the Rio Grande to the 38th Parallel, they do the meaningful political work that partisan polemics

“Maddie” Schwartz. Last year, she was a happy, even pampered housewife. This year, she’s bolted from her marriage of almost twenty years, determined to make good on her youthful ambitions to live a passionate, meaningful life. Maddie wants to matter, to leave her mark on a swiftly changing world. Drawing on her own secrets, she helps Baltimore police find a murdered girl—assistance that leads to a job at the city’s afternoon newspaper, the Star. Working at the newspaper offers Maddie the opportunity to make her name, and she has found just the story to do it: Cleo Sherwood, a missing woman whose body was discovered in the fountain of a city park lake. If Cleo were white, every reporter in Baltimore would be clamoring to tell her story. Instead, her mysterious death receives only cursory mention in the daily newspapers, and no one cares when Maddie starts poking around in a young Black woman’s life—except for Cleo’s ghost, who is determined to keep her secrets and her dignity. Cleo scolds the ambitious Maddie: You’re interested in my death, not my life. They’re not

the same thing. Maddie's investigation brings her into contact with people that used to be on the periphery of her life—a jewelry store clerk, a waitress, a rising star on the Baltimore Orioles, a patrol cop, a hardened female reporter, a lonely man in a movie theater. But for all her ambition and drive, Maddie often fails to see the people right in front of her. Her inability to look beyond her own needs will lead to tragedy and turmoil for all sorts of people—including Ferdie, the man who shares her bed, a police officer who is risking far more than Maddie can understand.
