bestselling author of Explosive, comes a red-hot romance like no other—where the rules of attraction are broken with that first electrifying touch. Meet Francesca and Ian. The fantasies of what's to come begin... Because You Are Mine, Part I Because You Tempt Me It starts with that first look, when you know you have to have him... Francesca Arno has been commissioned to create a grand centerpiece painting for the lobby of Ian Noble's new skyscraper.

It's at a cocktail party in her honor that she first meets him—and the attraction is immediate for Francesca. It's also bewildering. She's not used to such a wholesale sexual response to a stranger. Enigmatic, darkly intense, with a commanding presence, Ian completely unnerves her. And she likes it. For Ian, she's the kind of woman he can't resist—one that comes all too rarely: a true innocent. But he can sense in her a desire to open up, to

inform scholars and practitioners on the subjects of pervasive racial inequity and the healing offered by restorative justice practices. Addressing the intersectionality of race and the US criminal justice system, social activist Fania E. Davis explores how restorative justice has the capacity to disrupt patterns of mass incarceration through effective, equitable, and transformative approaches. Eager to break the still-pervasive, centuries-long cycles of racial prejudice and trauma in America, Davis unites the racial justice and restorative justice movements, aspiring to increase

awareness of deep-seated problems as well as positive action toward change. Davis highlights real restorative justice initiatives that function from a racial justice perspective; these programs are utilized in schools, justice systems, and communities, intentionally seeking to ameliorate racial disparities and systemic inequities. She looks at initiatives that strive to address the historical harms against African Americans throughout the nation. This entry in the Justice and Peacebuilding series is a much needed and long overdue examination of the issue of race

The Little Book that Still Saves Your Assets

The Little Book of Cosmology

The cutting-edge science that is taking the measure of the universe The Little Book of Cosmology provides a breathtaking look at our universe on the grandest scales imaginable. Written by one of the world's leading experimental cosmologists, this short but deeply insightful book describes what scientists are revealing through precise measurements of the faint thermal afterglow of the Big Bang—known as the cosmic microwave background, or

CMB—and their findings are transforming our view of the cosmos. Blending the latest findings in cosmology with essential concepts from physics, Lyman Page first helps readers to grasp the sheer enormity of the universe, explaining how to understand the history of its formation and evolution in space and time. Then he sheds light on how spatial variations in the CMB formed, how they reveal the age, size, and geometry of the universe, and how they offer a blueprint for the formation of cosmic

structure. Not only does Page explain current observations and measurements, he describes how they can be woven together into a unified picture to form the Standard Model of Cosmology. Yet much remains unknown, and this incisive book also describes the search for ever deeper knowledge at the field's frontiers—from quests to understand the nature of neutrinos and dark energy to investigations into the physics of the very early universe.

spirited writing and shrewd investment guidance, Clements is the sane voice investors need to stay grounded in the midst of so much financial insanity.

Howard Zehr is the father of Restorative Justice and is known worldwide for his pioneering work in transforming understandings of justice. Here he proposes workable principles and practices for making Restorative Justice possible in this revised and updated edition of his bestselling, seminal book on the movement. (The original edition has sold more than

110,000 copies.) Restorative Justice, with its emphasis on identifying the justice needs of everyone involved in a crime, is a worldwide movement of growing influence that is helping victims and communities heal, while holding criminals accountable for their actions. This is not soft-on-crime, feel-good philosophy, but rather a concrete effort to bring justice and healing to everyone involved in a crime. In *The Little Book of Restorative Justice*, Zehr first explores how restorative justice is different from criminal

justice. Then, before letting those appealing observations drift out of reach into theoretical space, Zehr presents Restorative Justice practices. Zehr undertakes a massive and complex subject and puts it in graspable form, without reducing or trivializing it. This resource is also suitable for academic classes and workshops, for conferences and trainings, as well as for the layperson interested in understanding this innovative and influential movement.

and love found again -- that will win the heart of even the most reluctant reader. A concise, lively, and bracing exploration of an issue bedeviling our cultural landscape-plagiarism in literature, academia, music, art, and film-by one of our most influential and controversial legal scholars. Best-selling novelists J. K. Rowling and Dan Brown, popular historians Doris Kearns Goodwin and Stephen Ambrose, Harvard law professor Charles Ogletree, first novelist Kaavya

Viswanathan: all have rightly or wrongly been accused of plagiarism-theft of intellectual property-provoking widespread media punditry. But what exactly is plagiarism? How has the meaning of this notoriously ambiguous term changed over time as a consequence of historical and cultural transformations? Is the practice on the rise, or just more easily detectable by technological advances? How does the current market for expressive goods

inform our own understanding of plagiarism? Is there really such a thing as “cryptomnesia,” the unconscious, unintentional appropriation of another’s work? What are the mysterious motives and curious excuses of plagiarists? What forms of punishment and absolution does this “sin” elicit? What is the good in certain types of plagiarism? Provocative, insightful, and extraordinary for its clarity and forthrightness, The Little Book of Plagiarism is an analytical tour

New York Times Bestseller Embrace Hygge (pronounced hoo-ga) and become happier with this definitive guide to the Danish philosophy of comfort, togetherness, and well-being. Why are Danes the happiest people in the world? The answer, says Meik Wiking, CEO of the Happiness Research Institute in Copenhagen, is Hygge. Loosely translated, Hygge—pronounced Hoo-ga—is a sense of comfort, togetherness, and well-being. "Hygge is about an atmosphere and an experience," Wiking explains. "It is about being with the people we love. A feeling of home. A feeling that we are safe." Hygge is the sensation you get when you're cuddled up on a sofa, in cozy socks under a soft throw, during a storm. It's that feeling when you're sharing comfort food and easy conversation with loved ones at

can be agonising, gut-wrenching, soul destroying and extremely tiring. It can be exhausting. But you need to know it won't always be this way. You won't always feel this way. This little book is a pocket companion which is just what you need when you're feeling overwhelmed with the effects of grief. There is a notes section so you can jot things down as you go along and refer back to them, particularly helpful if your memory and concentration are being affected by grieving. It is a basic introduction to grieving and affordable to gift to friends, family, colleagues and others at a time of sadness and need. It is my heartfelt wisdom and experience condensed into a book, offering my help to you through these difficult days.

Can community-building begin in a classroom? The authors of this book believe that by applying restorative justice at school,

we can build a healthier and more just society. With practical applications and models. Can an overworked teacher possibly turn an unruly incident with students into an "opportunity for learning, growth, and community-building"? If restorative justice has been able to salvage lives within the world of criminal behavior, why shouldn't its principles be applied in school classrooms and cafeterias? And if our children learn restorative practices early and daily, won't we be building a healthier, more just society? Two educators answer yes, yes, and yes in this new addition to The Little Books of Justice and Peacebuilding series. Amstutz and Mullet offer applications and models. "Discipline that restores is a process to make things as right as possible." This Little Book shows how to get there. In this book the author of On Having No Head investigates the

most poignant problem our life poses - what lies at the end of it. He asks us to check four things. First, that to discover whether we are perishable, we must first discover what we are. Second, that outsiders are in no position to tell us this: they can only tell us what we look like at a distance. Third, that what we are is obvious as soon as we dare to look. And fourth, that we turn out to be in all respects the opposite of what we had been told. This revolutionary conclusion is arrived at by doing the nine "tests for Immortality" that form the backbone of the book. Then, our identity and immortality having been firmly established, we apply this knowledge to the fact of ageing and of dying itself, thus realizing their infinite potential for joy. Finally, the book explores in detail the true resurrection life - life lived in a Heaven which is none other than this earthly scene perceived as

it is. The "open secret" is no longer secret. Douglas Harding's Little Book of Life and Death makes the insights of the sages accessible to all. Courageous, personal and inspiring, this book asks the most difficult questions about life and death, and to our - and apparently even the author's - amazement, answers them. Like Harding's classic book On Having No Head, this work is written in a down-home, heartfelt style. Read this book. Do the "experiments" which are Harding's unique and powerful contribution to what might be called the technology of enlightenment. Get ready to die, and to live anew.' Rober W. Fuller. Former president, Oberlin College. 'The literature on dying will never be the same again.' Ram Dass

person, factions within communities, warring nations. He explores why "conflict transformation" is more appropriate than "conflict resolution" or "management." But he refuses to be drawn into impractical idealism. Conflict Transformation is an idea with a deep reach. Its practice, says Lederach, requires "both solutions and social change." It asks not simply "How do we end something not desired?", but "How do we end something destructive and build something desired?" How do we deal with the immediate crisis, as well as the long-
