NEW YORK TIMES BESTSELLER • A harrowing, moving memoir of the 1972 plane crash that left its survivors stranded on a glacier in the Andes—and one man’s quest to lead them all home—now in a special edition for 2022, commemorating the fiftieth anniversary of the crash, featuring a new introduction by the author “ In straightforward, staggeringly honest prose, Nando Parrado tells us what it took—and what it actually felt like—to survive high in the Andes for seventy-two days after having been given up for dead. ” —Jon Krakauer, author of *Into the Wild* “ In the first hours there was nothing, no fear or sadness, just a black and perfect silence. ” Nando Parrado was unconscious for three days before he woke to discover that the plane carrying his rugby team to Chile had crashed deep in the Andes, killing many of his teammates, his mother, and his sister. Stranded with the few remaining survivors on a lifeless glacier and thinking constantly of his father’s grief, Parrado resolved that he could not simply wait to die. So Parrado, an ordinary young man with no particular disposition for leadership or heroism, led an expedition up the treacherous slopes of a snowcapped mountain and across forty-five miles of frozen wilderness in an attempt to save his friends’ lives as well as his own. Decades after the disaster, Parrado tells his story with remarkable candor and depth of feeling. *Miracle in the Andes*, a first-person account of the crash and its aftermath, is more than a riveting tale of true-life adventure; it is a revealing look at life at the edge of death and a meditation on the limitless redemptive power of love.

*Days after the assassination of Federation President Nan Bacco on Deep Space 9, the unexpected appearance of a stranger on the station raises serious concerns. He offers his identity as Altek, of which there is no apparent record, and he claims not to know where he is or how he got there. A quick scan confirms the visitor is armed with a projectile weapon-a firearm more antiquated than, but similar to, the one that took President Bacco's life. But the Bajoran liaison to the station believes that Altek has been sent from the Prophets, out of a nearby wormhole. The last time such an event occurred, it was to reassure Benjamin Sisko of his place as the Emissary. For what purpose has Altek now been sent out of the Celestial Temple?*

And he has an inroad to acquiring it before anyone else. Or does he?

Darius has never really fit in at home, and he's sure things are going to be the same in Iran. His clinical depression doesn't exactly help matters, and trying to explain his medication to his grandparents only makes things harder. Then Darius meets Sohrab, the boy next door, and everything changes. Soon, they're spending their days together, playing soccer, eating faludeh, and talking for hours on a secret rooftop overlooking the city's skyline. Sohrab calls him Darioush—the original Persian version of his name—and Darius has never felt more like himself than he does now that he's Darioush to Sohrab. Adib Khorram's brilliant debut is for anyone who's ever felt not good enough—then met a friend who makes them feel so much better than okay.

A fun, fresh, timely debut novel about the uproarious adventures that befall the Palacio family during their disastrous illegal residence in Trinidad that poignantly captures the complexities of dysfunctional families and passionate (but sometimes messy) romance. After fleeing crumbling, volatile Venezuela, Yola Palacio wants nothing more than to settle into a peaceful new life in Trinidad with her family. And who cares if they're there illegally—aren't most of the people on the island? But life for the Palacios is far from quiet—and when Yola's Aunt Celia dies, the family once again find their lives turned upside down. For Celia had been keeping a very big secret—she owed a LOT of money to a local criminal called Ugly. And without the funds to pay him off, Ugly has the entire family do his bidding until Celia's debt is settled. What Ugly says, the Palacios do, otherwise the circumstances are too dreadful to imagine. To say that the year that follows is tumultuous for the Palacios is an understatement. But in the midst of the turmoil appears Roman—Ugly's distractingly gorgeous right-hand man. And although she knows it's terrible and quite possibly dangerous, Yola just can't help but give in to the attraction. Where, though, do Roman's loyalties lie? And could this wildly inappropriate romance just be the antidote to a terrible year of Ugly? Combining the spark of Junot Diaz with the irresistible wit of Maria Semple, *One Year of Ugly* brilliantly explores cross-cultural struggles and assimilation from a unique immigrant perspective and introduces us to an extraordinary new voice in contemporary fiction.

The Ferengi are greedy, avaricious, ruthless, cowardly and completely unscrupulous. For centuries the famous Ferengi Rules of Acquisition have been the guiding principles of the galaxy's most successful entrepreneurs. These 285 Rules of Acquisition range from, #1 "Once you have their money, never give it back." to #21 "Never place friendship before profit." These rules and hundreds more have taken many successful Ferengi to new frontiers of profit. After the disastrous events in the Bajoran system, Captain Benjamin Sisko must confront the consequences of the recent choices he has made in his life. At the same time, the United Federation of Planets and its Khitomer Accords allies have come to the brink of war with the Typhon Pact. While factions within the Pact unsuccessfully used the recent gestures of goodwill—the opening of borders and a joint Federation-Romulan exploratory mission—to develop quantum-slipstream drive, they have not given up their goals. Employing a broad range of assets, from Romulus to Cardassia, from Ab-Tzenketh to Bajor, they embark on a dangerous new plan to acquire the technology they need to take control of the Alpha and Beta Quadrants. While UFP President Bacco and Romulan Praetor Kamemor work feverishly to reestablish peace, Captains Sisko, Jean-Luc Picard, and Ro Laren stand on the front lines of the conflict . . . even as a new danger threatens the Bajoran wormhole as it once more becomes a flashpoint of galactic history.

From the former editor-in-chief of *Nylon* comes a provocative and intimate collection of personal and cultural essays featuring eye-opening explorations of hot button topics for modern women, including internet feminism, impossible beauty standards in social media, shifting ideals about sexuality, and much more. Gabrielle Korn starts her professional life with all the right credentials. Prestigious college degree? Check. A loving, accepting family? Check. Instagram-worthy offices and a tight-knit group of friends? Check, check. Gabrielle's life seems to reach the crescendo of perfect when she gets named the youngest editor-in-chief in the history of one of fashion's most influential publications. Suddenly she's invited to the world's most epic parties, comped beautiful clothes and shoes from trendy designers, and asked to weigh in on everything from gay rights to lip gloss on one of the most influential digital platforms. But behind the scenes, things are far from perfect. In fact, just a few months before landing her dream job, Gabrielle's health and wellbeing are on the line, and her promotion to editor-in-chief becomes the ultimate test of strength. In this collection of inspirational and searing essays, Gabrielle reveals exactly what it's truly like in the fashion world, trying to find

love as a young lesbian in New York City, battling with anorexia, and trying not to lose herself in a mirage of women's empowerment and Instagram perfection. Through deeply personal essays, Gabrielle recounts her struggles to reconcile her long-held insecurities about her body while coming out in the era of The L Word, where swoon-worthy lesbians are portrayed as skinny, fashion-perfect, and power-hungry. She takes us with her everywhere from New York Fashion Week to the doctor's office, revealing that the forces that try to keep women small are more pervasive than anyone wants to admit, especially in a world that's been newly branded as woke. From #MeToo to commercialized body positivity, Korn's biting, darkly funny analysis turns feminist commentary on its head. Both an in-your-face take on impossible beauty standards and entrenched media ideals and an inspiring call for personal authenticity, this powerful collection is ideal for fans of Roxane Gay and Rebecca Solnit.

They fly two into the Tigris & Euphrates World Trade Towers in Baghdad, and a third into the Arab Defense Ministry in Riyadh. The fourth plane, believed to be bound for Mecca, is brought down by its passengers. The United Arab States declares a War on Terror. Summer, 2009: Arab Homeland Security agent Mustafa al Baghdadi interrogates a captured suicide bomber. The prisoner claims that the world they are living in is a mirage—in the real world, America is a superpower, and the Arab states are just a collection of "backward third-world countries." A search of the bomber's apartment turns up a copy of The New York Times, dated September 12, 2001, that appears to support his claim. Other captured terrorists have been telling the same story. The president wants answers, but Mustafa soon discovers he's not the only interested party. The gangster Saddam Hussein is conducting his own investigation. And the head of the Senate Intelligence Committee—a war hero named Osama bin Laden—will stop at nothing to hide the truth. As Mustafa and his colleagues venture deeper into the unsettling world of terrorism, politics, and espionage, they are confronted with questions without any rational answers, and the terrifying possibility that their world is not what it seems. Acclaimed novelist Matt Ruff has created a shadow world that is eerily recognizable but, at the same time, almost unimaginable. Gripping, subversive, and unexpectedly moving, *The Mirage* probes our deepest convictions and most arresting fears.

WELCOME TO THE NEW DEEP SPACE 9 After the destruction of the original space station by a rogue faction of the Typhon Pact, Miles O'Brien and Nog have led the Starfleet Corps of Engineers in designing and constructing a larger, more advanced starbase in the Bajoran system. Now, as familiar faces such as Benjamin Sisko, Kasidy Yates, Ezri Dax, Odo, and Quark arrive at the new station, Captain Ro Laren will host various heads of state at an impressive dedication ceremony. The dignitaries include not only the leaders of allies—such as Klingon Chancellor Martok, Ferengi Grand Nagus Rom, the Cardassian castellan, and the Bajoran first minister—but also those of rival powers, such as the Romulan praetor and the Gorn emperor. But as Ro's crew prepares to open DS9 to the entire Bajor Sector and beyond, disaster looms. A faction has already set in action a shocking plan that, if successful, will shake the Alpha and Beta Quadrants to the core. And what of Kira Nerys, lost aboard a runabout when the Bajoran wormhole collapsed? In the two years that have passed during construction of the new Deep Space 9, there have been no indications that the Celestial Temple, the Prophets, or Kira have survived. But since Ben Sisko once learned that the wormhole aliens exist nonlinearly in time, what does that mean with respect to their fate, or that of the wormhole . . . or of Kira herself? An original novel set in the universe of *Star Trek: Deep Space Nine*—a direct sequel to the New York Times bestselling story arc, *The Fall!* The entire sector is waiting to see what the newly reopened Bajoran wormhole will mean for the shifting

political landscape in the Alpha Quadrant. On Deep Space 9, Captain Ro Laren is suddenly drawn into the affairs of the People of the Open Sky, who have come to the station in search of sanctuary. Despite the opposition of the station's security officer, Jefferson Blackmer, Ro Laren and Deep Space 9's new CMO, Doctor Beverly Crusher, offer the People aid. But when Dr. Crusher's highly secure files are accessed without permission—the same files that hold the secrets of the Shedai, a race whose powerful but half-understood scientific secrets solved the Andorian catastrophe—the People seem the likeliest suspects. As tensions rise on the station, the science vessel Athene Donald arrives as part of its journey of exploration. The brainchild of Doctor Katherine Pulaski, this ship is crewed by different species from the Khitomer Accords and the Typhon Pact. Pulaski's hope is that science will do what diplomacy has not: help the great powers put aside their hostilities and work together. But when the Athene Donald is summarily stopped in her voyage by the powerful vessel of a hitherto unknown species, Pulaski begins to wonder—will this first contact bring her crew together or tear them all apart? ™, ®, & © 2014 CBS Studios, Inc. But even penniless, he still has his cunning and his lobes, and those alone may be all he needs to come out on top -- and prevent an interstellar war!

*The first novel in a two-part Typhon Pact adventure set in the universe of Star Trek: The Next Generation! In the wake of the final Borg invasion, which destroyed entire worlds, cost the lives of sixty-three billion people, and struck a crippling blow to Starfleet, six nations adversarial to the United Federation of Planets—the Romulan Star Empire, the Breen Confederacy, the Tholian Assembly, the Gorn Hegemony, the Tzenkethi Coalition, and the Holy Order of the Kinshaya— joined ranks to form the Typhon Pact. For almost three years, the Federation and the Klingon Empire, allied under the Khitomer Accords, have contended with the nascent coalition on a predominantly cold-war footing. But as Starfleet rebuilds itself, factions within the Typhon Pact grow restive, concerned about their own inability to develop a quantum slipstream drive to match that of the Federation. Will leaders such as UFP President Bacco and RSE Praetor Kamemor bring about a lasting peace across the Alpha and Beta Quadrants, or will the cold war between the two alliances deepen, and perhaps even lead to an all-out shooting war?*

**IN A SINGLE MOMENT ...the lives of three men will be forever changed. In that split second, defined paradoxically by both salvation and loss, they will destroy the world and then restore it. Much had come before, and much would come after, but nothing would color their lives more than that one, isolated instant on the edge of forever. IN A SINGLE MOMENT ...Spock, displaced in time, watches his closest friend heed his advice by allowing the love of his life to die in a traffic accident, thereby preserving Earth's history. Returning to the present, however, Spock confronts other such crises, and chooses instead to willfully alter the past. Challenged by the thorny demands of his logic, he will have to find a way to face his conflicting decisions. IN A SINGLE MOMENT ...that stays with Spock, he preserved the timeline at the cost of Jim Kirk's happiness. Now, the death of that friend will cause Spock to reexamine the fundamental choices he has made for his own life. Unwilling to accept his feelings of loss and regret, he will seek that which has previously eluded him: complete mastery of his emotions. But while his quest for the perfect geometry of total logic will move him beyond his remorse, another loss will bring him full circle to once more face the fire he has never embraced.**

The two soon find themselves at odds with Garak and embroiled in the politics of the prestigious University of the Union, where a new head is about to be appointed. Among the front-runners is one of Cardassia’s most respected public figures: Professor Natima Lang.
