Dwight Yoakam has long been known to country music fans as a musician who is as much artist as he is superstar. Over the course of his fifteen-year career, he has received fourteen Grammy nominations. One reviewer described his work this way: "Yoakam's lyrics--Leonard Cohen meets Ernest Tubb--work so well because they're literary without being high-minded. The artfulness of the words . . . doesn't always hit you until you read them on the lyric sheet." Newsweek called Yoakam's most recent record--titled, like his book, A Long Way Home--"a daring departure. It's lush and languid, more introspective than hit-driven. He's looking for subtle emotions, melodic evocations of the distances between people, and he draws on sources as varied as Bobby Darin, Chet Baker, and Buck Owens to get there." A Long Way Home is the first collection of Yoakam's lyrics in book form. It spans his career, from such early albums as Hillbilly Deluxe and Buenas Noches from a Lonely Room to the recently released, critically acclaimed A Long Way Home. Yoakam's songwriting is really storytelling--he poetically writes of subjects ranging from God to

drinking to love--and proves him to be as fine a writer as he is a musician.

“We do not take a trip; a trip takes us,” John Steinbeck noted in his 1962 classic, *Travels with Charley*. In 2008, Bill Barich decided to explore the mood of the United States as Steinbeck had done almost a half century before. He set off on a 5,943 mile cross-country drive from New York to his old hometown of San Francisco on Route 50, a road twisting through the American heartland. *Long Way Home* is the stunning result of his pilgrimage. From the Eastern Shore of Maryland to the spectacular landscape of Moab, Utah, to Steinbeck’s own Salinas Valley, the book is filled with memorable encounters and rich in history and local color; a truthful, inspired account of a once-in-a-lifetime trip. It offers an incisive portrait of a nation divided and the grassroots dissatisfaction that ultimately catapulted Donald Trump into the White House. From the Eastern Shore of Maryland to the

spectacular landscape of Moab, Utah, to Steinbeck's own Salinas Valley, filled with memorable encounters and redolent with history and local color, Long Way Home is a truthful, inspiring account of the country at a social and political crossroad.

The Long Way Home is set in the UK and 1950s Paris where the story really begins, spanning four generations of women and the secrets that get passed down through them.

painfully shy barmaid Alice Henshawe is employed as the lady's companion and whisked away to Versailles. There, she catches King Louis' eye and quickly becomes a court favorite as the muse for Charles Perrault's Cinderella. The palace appears to be heaven itself, but there is danger hidden beneath the facade and Alice soon finds herself thrust into a world of intrigue, murder, and Satanism at the heart of the French court. Having left his apprenticeship to serve King Charles as a spy, Jack Sharpe is given a mission that may just kill him. In the midst of the Franco-Dutch war, he is to investigate rumors of a poison plot by posing as a courtier, but he has a mission of his own. His childhood friend Alice Henshawe is missing and he will stop at nothing to see her safe. When he finds her in the company of the very people he is meant to be investigating, Jack begins to wonder if the sweet girl he grew up with has a dark side. When a careless lie finds them accidentally married, Alice and Jack must rely on one another to survive the intrigues of the court. As old affection gives way to new passion,

suspicion lingers. Can they trust each other, or is the real danger closer than they suspect?"

'Australia's own Frank McCourt!' Sally Loane, ABC Radio This is an important story that has long been neglected. We are familiar with stories of the stolen generation and the British child migrants, but there is a third group about whom very little has been written: their white Australian contemporaries who as a result of family breakdown, court orders or abandonment were institutionalised as children. Kate Shayler (pseudonym) grew up a 'homes kid' in the fifties and sixties. Her memoir is more than just an account of her experience as an institutionalised white kid: it's a heartbreaking story of what happens to a child in the absence of emotional support and affection. Far from being a litany of despair, Kate manages to weave into her journey of self-discovery a sense of community, camaraderie, and humour of a childhood of sorts - a 'family' that she was forced to create for herself. *The Long Way Home: The Story of a Homes Kid* will strike a chord with anyone who has ever suffered

discrimination, insecurity or the pain of separation from family. It's a timely and profound reminder that every child deserves to be cherished and valued.

I need you, Ava. I am desperate. For you. For touch. For a kiss. For the scrape of your hand down my stomach. For the slide of your lips across my hipbone. The sweep of your thigh against mine in the dulcet, drowning darkness. For the warm huff of your breath on my skin and the wet suck of your mouth around me and the building pressure of need reaching release...I am mad with need. Wild with it. I cannot have you. I have lost you, as I have lost myself. And so I go in search. Of myself, and thus the man who might return to you, and take you in his arms. I loathe each of the thousands of miles between us, but I cannot wish them away, for I hope at the end of my journey I shall find you. Or rather, find myself, and thus...you. Myself, and thus us. I am taking the long way home, Ava. * * * Christian, I'm losing my mind, and I don't know how to stop it. I shouldn't be writing to you, but I am. I'm friendless, loveless, and lifeless. You're out

there somewhere, and still you're all I really have. I hate my reliance and dependence on you, emotionally and otherwise, and that reliance is something I'm coming to recognize. I hate that I can't hate you as much as I want to. I hate that I still love you so much. I hate that there's no clear solution to our conundrum. Even if we could forgive each other, what then? I hate you, Christian. I really do. But most of all, I don't. It's complicated.

Complicatedly (still) yours, Ava

When Claire Barclay receives news that her beloved stepfather has had a stroke, she's more than a little shaken. Leo is her last real relative, and his own children rarely check up on the old man. Claire and her husband, Art, leave New York and fly back to Scotland to care for him during the summer. Their visit makes clear that Leo is no longer capable of living on his own, but he is determined to stay in his beloved old house. Art comes up with the idea of turning the place into a conference

center, thinking they could purchase the place from Leo and build him a cottage on the property. But the situation is much more complicated than it seems. Claire's old flame, Jonas Fairwether, has become Leo's caretaker and trusted confidant. Though Claire distrusts Jonas's motives, Leo chooses to take his advice to put the house up for public auction rather than sell directly to Art and Claire. Claire is immediately suspicious, and even more so when she finds out that another application has been submitted to develop the property. Does Jonas Fairwether want to knock down the Leo's house and build a development? It looks like whoever is behind the plan is being driven by financial gain, but there may be an even stronger motive. The Long Way Home will keep readers on the edge of their seats. This is a masterful novel from a master storyteller.

A cannon. A strap. A piece. A biscuit. A burner. A heater. A chopper. A gat. A hammer A tool for RULE Or, you can call it a gun. That’s what fifteen-year-old Will has shoved in the back waistband of his jeans. See, his brother Shawn was just murdered. And Will knows the rules. No crying. No snitching. Revenge. That’s where Will’s now heading, with that gun shoved in the back waistband of his jeans, the gun that was his brother’s gun. He gets on the elevator, seventh floor, stoked. He knows who he’s after. Or does he? As the elevator stops

And that's when Will sees that one bullet is missing. And the only one who could have fired Shawn's gun was Shawn. Huh. Will didn't know that Shawn had ever actually USED his gun. Bigger huh. BUCK IS DEAD. But Buck's in the elevator? Just as Will's trying to think this through, the door to the next floor opens. A teenage girl gets on, waves away the smoke from Dead Buck's cigarette. Will doesn't know her, but she knew him. Knew. When they were eight. And stray bullets had cut through the playground, and Will had tried to cover her, but she was hit anyway, and so what she wants to know, on that fifth floor elevator stop, is, what if Will, Will with the gun shoved in the back waistband of his jeans, MISSES. And so it goes, the whole long way down, as the elevator stops on each floor, and at each stop someone connected to his brother gets on to give Will a piece to a bigger story than the one he thinks he knows. A story that might never know an END...if Will gets off that elevator. Told in short, fierce staccato narrative verse, Long Way Down is a fast and furious, dazzlingly brilliant look at teenage gun violence, as could only be told by Jason Reynolds.

Beth Devoroux was born and raised in Darlington. Despite losing her parents at a young age, she is well loved by everyone who knows her. She leads a comfortable life with good job at Bramble University, a long-term but closeted relationship, friends that she can count on, and everything she thinks she wants, so why is she so drawn to a rabble-rouser like Raine St. James? Before becoming an MP, Dan Jarvis was a soldier for fifteen years, serving in Iraq and Afghanistan among other places. Every time he left the family home for a conflict zone Dan knew he was risking his life: many of his contemporaries were badly injured or killed. But he never imagined that the one to die would be his wife Caroline, who he lost to cancer at a tragically young age, leaving him to bring up their two small children. In Long Way Home the two stories run in parallel, Dan's service in the Parachute Regiment, for which he was subsequently awarded the MBE, becoming increasingly

untenable as Caroline's health declined. It's a soldier's story and a father's story: an extraordinary tale of fortitude, love and doing the best you can in horribly difficult circumstances. It is also be a fascinating insight into the day-to-day reality of military life. For the first time, Dan tells us about his time in the Parachute Regiment, his attempts to join the SAS (thwarted by a hair-raising and truly unique series of events) and missions in Afghanistan. He shares what he's learned about endurance, about the power of the human spirit, about fortitude, resilience and survival. About never giving up, and about finding ways to cope with the pressure. But also about taking nothing for granted and remembering to value those around you, all while trying to keep a smile on your face.

A Long Way Home

A Memoir of Fame, Family, and Redemption

NEW YORK TIMES BESTSELLER They met over their dogs. Gail Caldwell and Caroline Knapp (author of *Drinking: A Love Story*) became best friends, talking about everything from their love of books and their shared history of a struggle with alcohol to their relationships with men. Walking the woods of New England and rowing on the Charles River, these two private, self-reliant women created an attachment more profound than either of them could ever have foreseen. Then, several years into this remarkable connection, Knapp was diagnosed with cancer. With her signature exquisite prose, Caldwell mines the deepest levels of devotion, and courage in this gorgeous memoir about treasuring a best friend, and coming of age in midlife. Let 's Take the Long Way Home is a celebration of the profound transformations that come from intimate connection—and it affirms, once again, why Gail Caldwell is recognized as one of our bravest and most honest literary voices.

The province's premier journalist tells the story he was born to write. No journalist has travelled the back roads, hidden vales and fog-soaked coves of Nova Scotia as widely as John DeMont. No writer has spent as much time considering its peculiar warp and weft of humanity, geography and history. The Long Way Home is the summation of DeMont's years of travel, research and thought. It tells the story of what is, from the European view of things, the oldest part of Canada. Before Confederation it was also the richest, but now Nova Scotia is among the poorest. Its defining myths and stories are mostly about loss and sheer determination. Equal parts narrative, memoir and meditation, The Long Way Home chronicles with enthralling clarity a complex and multi-dimensional story: the overwhelming of the first peoples and the arrival of a mélange of pioneers who carved out pockets of the wilderness; the random acts and unexplained mysteries; the shameful achievements and noble failures; the rapture and misery; the twists of destiny and the cold-heartedness of fate. This is the biography of a place that has been hardened by history. A place full of reminders of how great a province it has been and how great—with the right circumstances and a little luck—it could be again.

‘ Great story... I would definitely recommend. ’ – NetGalley reviewer,

Memoirs of a Boy Soldier

A “gripping” memoir (Rolling Stone) of one man’s descent into the depths of addiction and self-destruction—and his successful renewal of family ties that had become almost irreparably frayed. On the surface, Cameron Douglas had everything: descended from Hollywood royalty (son of Michael Douglas, grandson of Kirk Douglas), he was born into a life of wealth, privilege, and comfort. But by the age of thirty, he had become a drug addict, a thief, and—after a DEA drug bust—a convicted drug dealer sentenced to five years in prison, with another five years added while he was incarcerated. Through supreme willpower, a belief in himself, and a steely desire to alter his life’s path, Douglas began to reverse his trajectory, to understand and deal with the psychological turmoil that tormented him for years, and to prepare for what would be a profoundly challenging but successful reentry into society at large.

First it was a media sensation. Then it became the #1 international bestseller A Long Way Home. Now it’s Lion, the major motion picture starring Dev Patel, Nicole Kidman, and Rooney Mara—nominated for six Academy Awards! This is the miraculous and triumphant story of Saroo Brierley, a young man who used Google Earth to rediscover his childhood life and home in an incredible journey from India to Australia and back again... At only five years old, Saroo Brierley got lost on a train in India. Unable to read or write or recall the name of his hometown or even his own last name, he survived alone for weeks on the rough streets of Calcutta before ultimately being transferred to an agency and adopted by a couple in Australia. Despite his gratitude, Brierley always wondered about his origins. Eventually, with the advent of Google

Earth, he had the opportunity to look for the needle in a haystack he once called home, and pore over satellite images for landmarks he might recognize or mathematical equations that might further narrow down the labyrinthine map of India. One day, after years of searching, he miraculously found what he was looking for and set off to find his family. Lion is a moving, poignant, and inspirational true story of survival and triumph against incredible odds. It celebrates the importance of never letting go of what drives the human spirit: hope. Previously published as A Long Way Home

Praised as a “master storyteller” (The Wall Street Journal) and hailed for his “flawless use of language” (Boston Herald), Irish author and playwright Sebastian Barry has created a powerful new novel about divided loyalties and the realities of war. Sebastian Barry's latest novel, Days Without End, is now available. In 1914, Willie Dunne, barely eighteen years old, leaves behind Dublin, his family, and the girl he plans to marry in order to enlist in the Allied forces and face the Germans on the Western Front. Once there, he encounters a horror of violence and gore he could not have imagined and sustains his spirit with only the words on the pages from home and the camaraderie of the mud-covered Irish boys who fight and die by his side. Dimly aware of the political tensions that have grown in Ireland in his absence, Willie returns on leave to find a world split and ravaged by forces closer to home. Despite the comfort he finds with his family, he knows he must rejoin his regiment and fight until the end. With grace and power, Sebastian Barry vividly renders Willie's personal struggle as well as the overwhelming consequences of war. Jon's figuring out who he is. Now he just needs to accept what he's learned. In 2019, artist Jon Claytor said good-bye to the Maritimes and hit the road. His destination: an artist's residency in Prince Rupert, where he planned to work on a graphic novel about his eight-week journey across

Canada. But this story, like most, isn't about the destination. When Jon sets out, he's less than two years sober, he's recently broken up with his girlfriend, and his mother has just revealed a startling family secret. As Jon drives, he makes frequent stops to visit exes and children, old friends and new, and attends meetings to support his sobriety. He sorts through memories of his past, reconciling them with his present--and makes amends, seeks wisdom from wildlife, and learns the value of getting lost along the way. In *Take the Long Way Home*, Claytor explores alcoholism, love, and family through heart-rending vignettes and expressive linework. This is the story of a man who unpacks a difficult past, only to discover that even at his lowest point, he was never truly alone.
