

The Magic Ordinary Days Novel

Everything she loved could so easily be lost. The end of World War II should have brought joy to Gwen Mullen. But on V-J Day, her worst fear is realized. As celebrating crowds gather in Times Square, a soldier appears on her doorstep to claim Mary, the baby abandoned to Gwen one year earlier. Suddenly Gwen is on the verge of losing the child she has nurtured and loves dearly. With no legal claim to Mary, Gwen begins to teach Lieutenant John McKee how to care for his child, knowing that he will ultimately take Mary away. What starts as a contentious relationship, however, turns into something more, and Gwen must open her heart to learn that love means taking chances. *While You Were Mine* paints a vivid portrait of 1940s New York and tells an enchanting tale of the nature of love and trust.

Inspired by the true story of the World War I American Women's Hospital, *Mercy Road* is a novel about love, courage, and a female ambulance driver who risks everything. In 1917, after Arlene Favier's home burns to the ground, taking her father with it, she must find a way to support her mother and younger brother. If she doesn't succeed, they will all be impoverished. Job opportunities are scarce, but then a daring possibility arises: the American Women's Hospital needs ambulance drivers to join a trailblazing, all-female team of doctors and nurses bound for war-torn France. On the front lines, Arlene and her fellow ambulance drivers work day and night to aid injured soldiers and civilians. In between dangerous ambulance runs, Arlene reunites with a childhood friend, Jimmy Tucker, now a soldier, who opens her heart like no one before. But she has also caught the attention of Felix Brohammer, a charismatic army captain who harbors a dark, treacherous secret. To expose Brohammer means risking her family's future and the promise of love. Arlene must make a choice: stay in the safety of silence or take the greatest chance of her life.

A smart, funny take on the Charles Dickens classic *BLEAK HOUSE*—for anyone who's ever held on to a dream just a little too long. New York writer Ricki Carstone knows the odds of Hollywood actually turning her debut novel, *Jarndyce and Jarndyce*, into a movie are slim. But Moxie Bernard, the most famous teen on the planet, has signed on to star in the option. Plus, the producer is throwing her a super fabulous party in Hollywood (with Moxie!) to celebrate the relaunch of her book with a younger, sexier cover. Maybe it will happen after all. Quitting her dead-end paralegal job to move out to Los Angeles and keep an eye on the project, Ricki meets a handsome out-of-work actor who encourages her to try her hand at screenwriting, and an experienced screenwriter who is willing to help her for a fee, which only starts out small. And then there's her cute neighbor Simon, who thinks her new friends are just taking advantage of her. Will Ricki ever see her name in lights and make it big in Hollywood?

Gaby LeFevre is a suburban, Midwestern firecracker, growing up in the 80s and 90s and saving the world one homeless person, centenarian, and orphan at a time. With her crew of twin sister, Annie, smitten Mikhail, and frenemy Mel, she's a pamphlet-wielding humanitarian, tackling a broken world full of heroes and heroines, villains and magical seeds, and Northwyth stories. Beginning with a roadkill-burying nine-year-old and a gas-leak explosion, it follows Gaby as she traverses childhood and young adulthood with characteristic intensity and a penchant for disaster. Meanwhile, the large cast of compelling characters entertains and the Northwyth legends draw you into their magic.

From a pioneering researcher, this book synthesizes the best current knowledge on resilience in children and adolescents. Ann S. Masten explores what allows certain individuals to thrive and adapt despite adverse circumstances, such as poverty, chronic family problems, or exposure to trauma. Coverage encompasses the neurobiology of resilience as well as the role of major contexts of development: families, schools, and culture. Identifying key protective factors in early childhood and beyond, Masten provides a cogent framework for designing programs to promote resilience. Complex concepts are carefully defined and illustrated with real-world examples.

"A beautiful, simply remarkable read on every dimension."--Mike Lewis, author of *When to Jump: If the Job You Have Isn't the Life You Want* How do you want to "do life"? We are bombarded with messages to do more, be better, and live a life worth living, but how do we do this in an increasingly complicated and fast-paced world? These are the questions Anthea Stratigos has been asking herself for more than twenty years. And the answers she provides here have fostered a way of living and working that's led to an immensely satisfying result. Through ten guiding principles, her stories share simple changes you can start making today to follow your heart and find your opportunities to thrive. From a humble upbringing, Anthea built a career and a business serving some of the Fortune 500's most successful companies, all while raising a blended family and nurturing her relationships. The brightest minds across industries turn to Anthea for trusted advice and leadership, but she didn't achieve this success by "doing it all," as they say. She prioritized, set boundaries, and made choices that made magic from the ordinary aspects of life. Enhanced by her grandson's illustrations that capture the essence of her advice, this book offers the same poignant stories and wisdom Anthea has shared with her friends and colleagues. Where will you find your magic in the mundane?

What Looks Like Crazy On an Ordinary Day

The Gift of an Ordinary Day is an intimate memoir of a family in transition--boys becoming teenagers, careers ending and new ones opening up, an attempt to find a deeper sense of place, and a slower pace, in a small New England town. It is a story of mid-life longings and discoveries, of lessons learned in the search for home and a new sense of purpose, and the bittersweet intensity of life with teenagers--holding on, letting go. Poised on the threshold between family life as she's always known it and her older son's departure for college, Kenison is surprised to find that the times she treasures most are the ordinary, unremarkable moments of everyday life, the very moments that she once took for granted, or rushed right through without noticing at all. The relationships, hopes, and dreams that Kenison illuminates will touch women's hearts, and her words will inspire mothers everywhere as they try to make peace with the inevitable changes in store.

Imagine what it would be like to go back in time to the 15th century Venice. And imagine what it would be like to meet your lifelong hero, Michelangelo. And imagine what it would be like if, on first meeting, you spill a tray of pasta and wine on that very same hero. Well, that's what happens to serious young artist Mark Breen. As the result of a drunken bet, Mark knocks out a painting of a toilet bowl. Much to his amazement, he sells it. In short order he's hailed as the new Andy Warhol and becomes an overnight sensation—and a very wealthy man. Soon, images of his toilet bowls are on more t-shirts, mugs, and calendars than Edvard Munch's *The Scream*. His friend and mentor, Hugh Connelly, afraid that Mark is in danger of losing his "artistic soul," advises him to go back to Italy and acquaint himself with the "old masters." In Venice, Mark falls in love with Alexandra, a beautiful art restorer, but it's a one-sided affair. One night, hoping to win her over, he climbs up on a roof to find out who painted her favorite fresco. He falls off the roof and wakes up in 15th century Venice where he meets an innkeeper named Francesca, who looks exactly like Alexandra. And it gets curiouser and curiouser from there. During his stay—which is sometimes zany and sometimes frightening—he meets his hero, Michelangelo, who teaches him the true meaning of art.

Then she discovers that she is not living with family after all, that her "aunt" was a stranger who was paid money to take Valli off her own family's hands. She decides to leave Jharia ... and so begins a series of adventures that takes her to Kolkata, the city of the gods. It's not so bad. Valli finds that she really doesn't need much to live. She can "borrow" the things she needs and then pass them on to people who need them more than she does. Despite being given a chance to receive medical care, she cannot bear the thought that she is one of those monsters she has always feared, and she flees, to an uncertain life on the street.
