In this sequel to Wallbanger, fan favorites Caroline Reynolds and Simon Parker negotiate the roller coaster of their new relationship while house-sitting in Sausalito. Playing house was never so much fun—or so confusing. With her boss on an extended honeymoon, Caroline’s working crazy-long hours to keep the interior design company running—especially since she’s also the lead designer for the renovation of a gorgeous old hotel. And with Simon, her hotshot photographer boyfriend, gallivanting all over the world for his job, the couple is heavy-duty into “absence makes the heart grow fonder” mode. No complaints about the great reunion sex, though! Then a trip back east to his childhood home has Simon questioning his nomadic lifestyle. He decides to be home more. A lot more. And he wants Caroline home more, too. Though their friends’ romantic lives provide plenty of welcome distraction, eventually Caroline and Simon have to sort out their relationship. Sure, more togetherness is a good thing—but does less traveling and working have to mean the other extreme? Apple pie and picket fences? With this second book in the Cocktail series, USA TODAY bestselling author Alice Clayton delivers another delicious, frothy confection of a book, shaking up her characters, stirring in laugh-out-loud humor, and serving sizzling romance straight up!

Considered the most brilliant map of one’s inner reality.

Mantle or Mays? A-Rod or Jeter? Biggio or Morgan? Clemens, Maddux, and Randy Johnson -- or Pedro, Palmer, and Carlton? These are questions baseball fans can spend endless hours debating. Former All-Star pitcher and National League Manager of the Year Larry Dierker has his own opinions, and he shares them in My Team, his fascinating discussion of the greatest players he has seen in his four decades in the major leagues. Dierker selects twenty-five players for My Team and another twenty-five for the opposition, the Underdogs, or "Dogs." There are two players at each position, five starting pitchers, and four relievers. (When your starters are the likes of Roger Clemens, Greg Maddux, Bob Gibson, Tom Seaver, Nolan Ryan, and Juan Marichal, you don't worry about bullpen depth.) All are players that Dierker has played with or against or watched in his years as player, coach, manager, and commentator. Each athlete must have played at least ten years in the major leagues to qualify, and players are judged on their ten best seasons. Leadership skills and personality -- critical components of team chemistry -- are highly valued. So how is it possible to select two teams composed of outstanding ballplayers from the past forty years and not have room for Sandy Koufax, Reggie Jackson, Carl Yastrzemski, or Cal Ripken Jr.? Dierker explains his choices, analyzing each position carefully, always putting the team ahead of the individual player. He provides statistics to back up his selections, and often relates personal anecdotes about the players. (From his first All-Star Game in 1969, Dierker offers a wonderful anecdote about Hank Aaron, by then an All-Star veteran.) My Team may start more debates than it settles, but Dierker’s insights, and his passion for the game, will enlighten and fascinate true baseball fans.

Few people realize how much is known about what happens at and after death. Roberta Grimes has spent decades studying nearly two hundred years of abundant and consistent afterlife evidence, principles of quantum mechanics and consciousness research, accounts of statements by acknowledged authorities on this side of life and the next, and other scientific insights to assemble a detailed understanding of the death process and the amazing realities that we enter at death. Every human mind is eternal! We know now that living forever in a greater reality more wonderful than our most optimistic imaginings is our universal birthright. In The Fun of Dying - Find Out What Really Happens Next, Roberta lays out these facts in simple and understandable terms for people who are just beginning to explore what is known about the afterlife. She includes an annotated bibliography of some seventy books organized by topic so you can research and learn to your heart’s content. Discovering what can now be demonstrated to be true about God, reality, death, the afterlife, and the meaning and purpose of human life turns out to be not about dying after all. It’s a way to conquer every fear so you can live your most peaceful and empowered life.

Seth has repeatedly stressed the concept that we create our own reality according to our individual beliefs. But how do our realities merge and combine to form mass reactions such as the overthrow of governments, the birth of a new religion, wars, epidemics, earthquakes, and new periods of art, architecture, and technology? In this pioneering work, Seth explores the connection between personal beliefs and world events. He pinpoints the unconscious, and often negative, beliefs pervading science and religion, medicine and mythology, and offers thought-provoking reflections on Darwinism, Freudianism, religions, cults, and medical beliefs. With fascinating implications, Seth asserts that the personal impulses we are often taught to see as dangerous, chaotic, or contradictory, are instead crucial to the best interests of the species and the natural world, for they lead us to live “not only as loving caretakers, but as partners with other species.” “Only people who trust their spontaneous impulses can be consciously wise enough to choose from a myriad of probably futures the most promising events....” — Jane Roberts, Speaking for Seth

An off-the-beaten-path tour of the city’s hidden highlights, and the stories behind them. London is full of curiosities. Who knew that beneath the Albert Memorial lies a chamber resembling a church crypt? Or that there are catacombs under Camden? Who would expect to find a lighthouse in East London, sphinxes in South London, dummy houses in West London, or a huge bust of film director Alfred Hitchcock in North London? How many of those who walk past Cleopatra’s Needle pause to consider why a 3,000-year-old Egyptian monument stands beside the Thames? How many know that what was once London’s smallest police station can be seen in Trafalgar Square? Or that pineapples are used in the architectural design of so many buildings? Or why there are memorials to the Mayflower and Pilgrim Fathers in Rotherhithe? Learn more about the capital of curiosities in this delightful guide for lovers of history, trivia, and travel.

Las Vegas...it’s the town that lives up to the promise of its nickname, Sin City. A gamblers’ paradise for innocent tourists, it conceals a darker, sexual world where the ethereal and wraithlike meet to play a different game... If there’s one thing succubus Deitre understands it’s revenge. That, and enticing men into arousing, exciting and, okay, perilous sex (for him). Beautiful on the outside, demon on the inside, she’s going to get back at the naughty firefighter in Darkness...unless he plays his cards right... Bounty hunter Nell is a hell of a tracker. Now she’s in Vegas on the tail of the witch who dared to steal from her clan. She’s going to get to the unsavory harlot through the woman’s ex-fiancé, and nothing about their charged encounters will be shallow, quick or friendly. When the half-blood fae male comes to club Darkness, Elena can’t resist acting on the mind-blowing heat coursing between them. She might be betrothed to another, but fae culture says sex with other men until marriage is most definitely foretold. Tattoo artist Devi is the latent vampire the warlocks need to heal all wounds. But taking her power is a sexually exhausting and dangerous task requiring dark deception...and gambling on her life.

Psychic Sense

Find Out What Really Happens Next

In the first volume of Dreams, “Evolution,” and Value Fulfillment, Seth presented an in-depth picture of the origin of all life – from the inner dream world to the vast display of material creation. In Volume Two, Seth continues his explanation of the physical world as an ongoing self-creation – a direct and intentional outgrowth of the wisdom of the life forms that inhabit it, including humanity. He expands upon his vision of a thoroughly animate universe, where virtually every possibility not only exists, but is constantly encouraged to achieve its highest potential. In his typical awe-inspiring manner, Seth sheds light on many controversial and complex subjects, including:
• The ways in which our religions have stifled the human spirit
• Surprising insight into life’s meaning and purpose
• The genetic basis of faith, hope, and charity
• The pursuit of pleasure as a fundamental human need
• How each species keeps millions of characteristics within its genetic bank for various contingencies
Beyond our five senses lies a powerful, often unused sixth sense. In this book, America’s greatest psychic, Edgar Cayce, teaches us how to awaken and apply our psychic sense in our daily lives: physically, mentally, and spiritually.

Connor might need a pinch runner, pinch catcher, and pinch thrower, but can he ever hit a baseball out of the park! So when Connor ends up staying with his baseball-loving relatives in Winnipeg for the summer, he allows his cousin to talk him into trying out for the baseball team. Connor isn’t surprised when he doesn’t make it, but he is disappointed. It’s going to take some powerful coaching and more than a little help from his friends to get Connor on the team. Seth is the acclaimed non-physical teacher whose collected works are the most dynamic, brilliant and undistorted map of inner reality and human potential available today. His articulation of the furthest reaches of human potential, the eternal validity of the soul, and the concept that we create our own reality according to our beliefs, has been presented in books that have sold over 8 million copies and been translated into over a dozen languages. Seth’s empowering voice clearly stands out as one of the major forces which led to the current New Age philosophical movement. This book chronicles Seth’s first contact with author and medium Jane Roberts. It is a mixture of great Seth excerpts, selected by topic, and further explained by Jane. Topics covered include: afterdeath & between lives, how to get rid of illness, reincarnation, why people are born into different circumstances, God, All That Is, Dreams, exercises to develop the inner senses, and much more.

The Unknown Reality

Poetry

In Volume Two of The “Unknown” Reality, Seth invites us to join in and discover the unknown reality for ourselves through a series of exercises geared to illuminate the inner structures upon which our exterior ones depend. Volume One provides the general background and information upon which the exercises and methods in Volume Two are based. The self is multidimensional when it is physically alive. It is a triumph of spiritual and psychological identity, ever choosing from a myriad of probable realities its own clear unassailable focus. When you don’t realize this, then you project upon life after death all of the old misconceptions. . . . The fact is that in life you poise delicately and yet perfectly between realities, and after death you do the same. -- Jane Roberts, Speaking for Seth

Seth, speaking through Jane Roberts, reveals a startling new concept of self, answering questions about the secret language of love, human sexuality, the real origins and incredible powers of dreams, and how we choose our physical death — sometimes years in advance. He also covers human sexuality as it relates to the private and mass psyche, and explains how distorted beliefs about sexuality can hold back spiritual progress. “The psyche is a gestalt of aware energy in which your own identity resides, inviolate, yet ever-changing as you fulfill your potentials. You are your psyche’s living expression, its human manifestation. Yet you allow yourselves often to become blind to brilliant aspects of your own existence.” — Jane Roberts, Speaking for Seth “The Seth books were of great benefit to me on my spiritual journey and helped me to see another way of looking at the world.” — Gerald G. Jampolsky, author of Love is Letting Go of Fear

For all those who journey to J.R.R. Tolkien’s Middle Earth, here is the complete guide to its lands, legends, histories, languages, and people. The Complete Tolkien Companion explains, translates, and links every single reference - names, dates, places, facts, famous weapons, even food and drink - to be found in Tolkien’s world, which includes not only The Hobbit and The Lord of the Rings but also The Simarillion and many other posthumously published works. A detailed explanation of the various Elvish writing systems, together with maps, charts, and genealogical tables, bring the remarkable genius of Tolkien and the unforgettable world and wonder of Middle Earth to life with focus and accuracy. Presented in alphabetical order for quick and easy reference, this is an indispensable accompaniment for anyone who embarks on the reading journey of a lifetime. First published in 1976, this edition has been fully revised and updated for a new century of Tolkien lovers.

In this perennial bestseller, Seth challenges our assumptions about the nature of reality, and shows us how we create our personal reality through our conscious beliefs about ourselves, others, and the world. His message is clear: we are not at the mercy of the subconscious, or helpless before forces we cannot understand. “We are Gods couched in creaturehood,” Seth says, “We are given the ability to form our experience as our thoughts and feelings become actualized.” “Seth was one of my first metaphysical teachers. He remains a constant source of knowledge and inspiration in my life.” — Marianne Williamson “I would like to see the Seth books as required reading for anyone on their spiritual pathway. The amazing in-depth information in the Seth books is as relevant today as it was in the early ‘70s when Jane Roberts first channeled this material.” — Louise Hay

The “Unknown” Reality: Volume Two

Republished by JZK Inc., “the best book ever published” is the cornerstone of Ramtha’s School of Enlightenment.

First in the mystery series from the New York Times–bestselling author: “Anyone who loves novels that revolve around books will savor this tasty treat.”—Library Journal (starred review) A quirky club in small-town North Carolina holds the keys to health, happiness, friendship—and even solving a murder—all to be found within the pages of the right book... Strangers flock to Miracle Springs hoping the natural hot springs, five-star cuisine, and renowned spa can cure their ills. If none of that works, they often find their way to Miracle Books, where, over a fresh-baked “comfort” scene, they exchange their stories with owner Nora Pennington in return for a carefully chosen book. That’s Nora’s special talent—prescribing the perfect novel to ease a person’s deepest pain. So when a visiting businessman reaches out for guidance, Nora knows exactly how to help. But before he can keep their appointment, he’s found dead on the train tracks. Stunned, Nora forms the Secret, Book, and Scone Society, a group of damaged souls yearning to earn redemption by helping others. To join, members must divulge their darkest secret—the terrible truth that brought each of them to Miracle Springs in the first place. Now, determined to uncover the truth behind the businessman’s demise, the women meet in Nora’s cozy bookstore. And as they untangle a web of corruption, they also discover their own courage, purpose, and a sisterhood that will carry them through every challenge—proving it’s never too late to turn the page and start over... “Adams kicks off a new series featuring strong women, a touch of romance and mysticism, and both the cunning present-day mystery and the slowly revealed secrets of the intriguing heroines’ pasts.”—Kirkus Reviews

Volume One of two volumes Exploring the interdependence of multiple selves, Seth explains how understanding unknown dimensions can change the world as we know it. Readers are invited to discover their own unknown realities through a series of exercises.

Fleeing home from his military service in Afghanistan when his wife dies in an apparent freak household accident, Dr. Mike Scanlon struggles with the tragedy, his inability to bond with his new baby daughter and a downsizing in his medical practice only to discover a shocking secret that changes his understanding of everything. The Way Toward Health is an in-depth examination of the miracle of life in a human body, woven through the poignant story of Jane Roberts’ courageous attempt to understand why she had contracted the crippling condition that ultimately led to her death. The material in the book was evoked by the questions and considerations Jane and her husband Rob faced during her long illness. Expanding upon those questions, Seth discusses:
• Why medicine and therapy often perpetuate illness
• How the practice of naming diseases can work against us
• The influence of religion in creating disease
• How childrens’ health is influenced by parents’ beliefs
• Humor as an effective factor in healing
• The mechanics of self-healing: how our thoughts and beliefs affect our health
• The creative aspects of illness: how we sometimes contract an illness to give ourselves time to understand and integrate our life experiences

A richly illustrated celebration of the best in traditional American cookery presents a host of favorite recipes for such classic dishes as Maryland Crab Dip, Southern Fried Chicken, New England Clam Chowder, Bear Mountain Butternut Soup, Boston Creme Pie, Barbecued Pulled Pork, Huevos Rancheros, and Egg Foo Yong, accompanied by historical sidebars on the history of American cuisine.

One of the most powerful of the Seth Books, this essential guide to conscious living clearly and powerfully articulates the furthest reaches of human potential, and the concept that we all create our own reality according to our individual beliefs. Having withstood the test of time, it is still considered one of the most dynamic and brilliant maps of inner reality available today. “The Seth books present an alternate map of reality with a new diagram of the psyche . . . useful to all explorers of consciousness.” — Deepak Chopra “Seth was one of my first metaphysical teachers. He remains a constant source of knowledge and inspiration in my life.” — Marianne Williamson “I would like to see the Seth books as required reading for anyone on their spiritual pathway.

In The God of Jane, the most personal of her books, Jane Roberts addresses many of the same questions and doubts that readers have had in trying to incorporate Seth’s theories into their own lives. This book is the story of my efforts to put Seth’s material to work in daily life, Roberts writes, to free myself from many hampering cultural beliefs; and most of all, to encounter and understand the nature of impulses . . .What Roberts discovers in the process of this personal journey is her individual connection to the larger consciousness-God. The God of Jane, the God of Joe, the God of Lester, the God of Sarah . . . she writes, An appeal to that God would be an appeal to the portion of the universal creativity from which we personally emerge . . . It would stand for the otherwise inconceivable intersection between Being and our being . . . A new introduction by Susan M. Watkins, author of Conversations with Seth and Speaking of Jane Roberts, provides important biographical and historical information about Roberts and about the time period in which she was producing the Seth material.Jane Roberts (1929-1984) is considered one of the most important psychics of the twentieth century. From 1963 through 1984, Roberts channeled Seth, who described himself as an energy personality essence no longer focused in physical matter, while her husband, Robert Butts, took dictation. In addition to thirteen published books of her own, Roberts channeled nine books by Seth and a wealth of additional unpublished material all of which is housed at the Yale University Archives. Roberts’s work has inspired many of the most important figures in the New Age movement and her work has been studied byscientists from all over the world.

The “Unknown” Reality: Volume One

Specific, Practical Techniques for Solving Everyday Problems and Enriching the Life You Know

Many of us lived previous lives as keepers of sacred knowledge that was taught in the ancient mystery schools. Much of this knowledge was lost through time due to disasters and destruction or death. The knowledge was reserved for a select few who devoted their lives to understanding and teaching it.

Many of you on Earth are talking about ascension. You are talking about ascending, that is, raising frequency. We want to talk with you about this. First, there isn’t just one ascension. It is a process. It is happening now—on your planet and in other universes. It is a cooperation of energies working together. Many people on Earth are working together, and you are joined by the energies of other universes to assist you in your endeavor because they have the same goal. When you increase vibration, so do they. When you raise frequency, so do they. When you improve, so do they. When you vibrate at a faster speed, when you make corrections of earthly errors, so to speak, they benefit and there is a collective sigh of relief in the heavens. Death of the body is one form of ascension. It is a process, not a static state, and it is a rather effective and efficient one we might add, because one form of density is shed at the moment of death of the body and the spirit is free to soar and to vibrate more efficiently. Many of you on Earth are now learning to do this within the bodily framework, and we spirits are pleased with your work. We are proud of you. You are continuing a work that we understand because we did the best we could during our own earthly lives, and we love to see the work carried on. Things are the way they are. And that’s about the best we can do in the way of analyzing them. What had meaning for us only has energy now and, undiluted by our own false meaning-giving, it is pure energy. It is very relaxing to realize we don’t have to do anything with words or events. Except observe. Just notice. This state doesn’t do much for our accounting skills or our golf games, but those could be relearned if we return to Earth and put the effort into it. It is always a choice.

It’s been three miserable months since 13-year-old Chris Barton lost his little sister, Molly. “Missing, presumed drowned” was what the paper said, and surely that is what everyone believes. After all, the Bartons had been picnicking by the river when Molly disappeared. One night, Chris views a video he made the day Molly was lost. There doesn’t seem to be anything unusual here: a rest stop, lunch by the river, a hungry squirrel, a familiar ice cream van. But the video harbors an awful secret. In the middle of the night, Christ Barton wakes from fitful sleep—and begins a journey filled with fear, doubt, and impossible hopes.

In The Magical Approach, Seth invites us to look at the world through another lens — a magical one. Seth reveals the true, magical nature of our deepest levels of being, and explains how we have allowed ourselves to become inhibited by our own beliefs and conventional thinking. The Magical Approach teaches us how to live our lives spontaneously, creatively, and according to our own natural rhythms. It helps us to discover and tune into our natural, instinctive behavior. By applying the principles in this book, readers will learn to trust their impulses and discover the highest expression of their creativity. “We are speaking about an approach to life, a magical or natural approach to life that is man’s version of the animal’s natural instinctive behavior in the universe.” — Jane Roberts, Speaking for Seth An Anthology

Dreams, “Evolution,” and Value Fulfillment, Volume One

The Oversoul Seven Trilogy is one of the most imaginative tales ever written. Inspired by Jane Roberts’ own experiences with the Seth Material, it explores life, death, time and space, providing a fascinating and provocative perspective on the nature of reality. In The Education of Oversoul Seven, Seven learns to communicate with four of his “incarnations” whose lives are separated by centuries, yet who also co-exist. In The Further Education of Oversoul Seven, the adventure continues with Seven facing new lessons as his human incarnations struggle with the problems of sanity, free will, and even godhood. In Oversoul Seven and the Museum of Time, Seven journeys to the Museum of Time in search of the “Codicils,” which are eternal truths that bring about the greatest opportunities for vitality, understanding, and fulfillment. The adventures of Oversoul Seven are at once an intriguing fantasy, a mind-altering exploration of our inner being, and a vibrant celebration of life.

¿ The role dreams play in creation of language and technology¿ How creativity provides a link with the source of all existence¿ The relationship between genetic heritage and reincarnationIn Volume One, Seth describes a conscious, self-aware universe where possibilities and potentials generate life forms. This book answers crucial questions about the significance of Seth’s thought system, while chronicling the worsening health problems that led to the death of Jane Roberts.In Volume Two, Seth continues his explanation of how the physical world is an ongoing self-creation. He explains how the human species keeps within its genetic bank millions of characteristics that might be needed in various contingencies, and how the soul employs both physical handicaps and advantages as springboards for further achievement. He also expands upon his vision of a thoroughly animate universe where virtually every possibility is not only implicit, but constantly encouraged to achieve its highest potential.

It is believed these magical books were translated from the ancient Hebrew. The Sixth Book contains Secret Seals used in magical rituals. Each is presented, followed by a matching conjurationa verbal spell summoning entities or energies beyond our reality that may respond and help to achieve the goal of the summoner. The Seventh Book contains magical tables, each of which performs a certain function. Carrying one with you or to a certain area may bring results like wealth, love, or good luck. Also included are examples of magic being performed in the Bible, followed by a Kabala section that reveals secret wisdom, the application of charms and remedies, and magical cures of the ancient Hebrews. If used with good intentions, this book claims to bring good fortune.

In this #1 New York Times bestseller, Nora Roberts takes readers deep into the rugged hills of South Dakota, where the shadows keep secrets, hunters stalk the land, and a friendship matures into something more.... Cooper Sullivan spent the summers of his youth on his grandparents’ South Dakota ranch, sharing innocent games and stolen kisses with the neighbor girl, Lil Chance. Now, twelve years after they last walked together hand in hand, fate has brought them back to the Black Hills. Though the memory of Coop’s touch still haunts her, Lil has let nothing stop her dream of opening the Chance Wildlife Refuge, but something—or someone—has been keeping a close watch. When small pranks and acts of destruction escalate into a heartless attack on Lil’s beloved cougar, memories of an unsolved murder have Coop springing to action to keep Lil safe. Both of them know the natural dangers that lurk in the wild landscape of the Black Hills. But a killer of twisted and unnatural instincts has singled them out as prey....

NEW YORK TIMES BESTSELLER The complete, uncensored history of the award-winning The Daily Show with Jon Stewart, as told by its correspondents, writers, and host. For almost seventeen years, The Daily Show with Jon Stewart brilliantly redefined the borders between television comedy, political satire, and opinionated news coverage. It launched the careers of some of today’s most significant comedians, highlighted the hypocrisies of the powerful, and garnered 23 Emmys. Now the show’s behind-the-scenes gags, controversies, and camaraderie will be chronicled by the players themselves, from legendary host Jon Stewart to the star cast members and writers-including Samantha Bee, Stephen Colbert, John Oliver, and Steve Carell - plus some of The Daily Show’s most prominent guests and adversaries: John and Cindy McCain, Glenn Beck, Tucker Carlson, and many more. This oral history takes the reader behind the curtain for all the show’s highlights, from its origins as Comedy Central’s underdog late-night program to Trevor Noah’s succession, rising from a scrappy jester in the 24-hour political news cycle to become part of the beating heart of politics-a trusted source for not only comedy but also commentary, with a reputation for calling bullshit and an ability to effect real change in the world. Through years of incisive election coverage, passionate debates with President Obama and Hillary Clinton, feuds with Bill O’Reilly and Fox, and provocative takes on Wall Street and racism, The Daily Show has been a cultural touchstone. Now, for the first time, the people behind the show’s seminal moments come together to share their memories of the last-minute rewrites, improvisations, pranks, romances, blow-ups, and moments of Zen both on and off the set of one of America’s most groundbreaking shows.

Throughout the time she spoke for Seth, Jane Roberts questioned not only the nature of trance-mediumship (who was Seth and how was she able to speak for him) but also alternate states of awareness that she experienced and witnessed in others-ESP, Ouija board messages, out-of-body experiences, dream encounters, reincarnational dramas, among other occurrences. In Adventures in Consciousness, Roberts sets out to discover the answers to the origins of this entire range of events for which science has found no official proof. What emerges is her theory of aspect psychology-nothing less than a revolutionary view of the human personality. In addition to the theory presented in Adventures in Consciousness, Roberts includes anecdotes and practical information that we can all use to develop our own "psychic" abilities, our own adventures in consciousness.
