Getting What You Want by Being Who You Are

Jesus called the disciples to follow him in his ministry as God the Father called all the prophets to deliver his message to the people in the Old Testament: "As Jesus walked beside the Sea of Galilee, he saw Simon and his brother Andrew casting a net into the lake, for they were fishermen. "Come, follow me, Jesus said, and I will make you fishers of men" At once they left their nets and followed him." (Mark 1:16-17). The first calling of disciples is to follow Jesus and to know him personally as a result of this

relationship; they then lead others to a saving knowledge of Jesus Christ. Christ is still calling people today to follow him; if he calls you please answer his call the reward is great; he is waiting for you and me to take the gospel of God to the end of the earth.

Snowed in together at a chaotic Washington D.C. airport, they encounter a mysterious tattooed man, a flamboyant politician, and a rambunctious poodle named for an ancient king. Even stranger, news stations everywhere have announced that the famous flag that inspired "The Star-Spangled Banner" has been stolen! Anna, certain that the culprits must be snowed in too, recruits Henry and José to help catch the thieves and bring them to justice. But when accusations start flying, they soon realize there's more than justice at stake. As the snow starts clearing, Anna, José, and Henry find themselves in a race against time (and the weather!) to prevent the loss of an American treasure.**

**Intimacy has multiple meanings for preaching. It affirms the crucial role a messenger has in the message. It is the quality that helps to establish a relationship between the**

hearer and the speaker. It is a "holistic" approach to preaching. Designed to help both the student and the practicing minister communicate more effectively, *Preaching and Intimacy* begins with the preacher as a person before moving through the components that are essential to preaching. *Preaching and Intimacy* gives attention to a minister's relationship with God, his/her feelings about himself/herself, how to imaginatively engage a biblical text, how to think of the listeners, and how to use these tools to address and deliver a sermon. Emphasis is put on the preacher's investment in the sermon so that when it is spoken, it is authentic and real.

fantasy adventure!

Messenger tells the story of twenty-something journalist, Alana Peterson, who is convinced she's found her big break when she meets Messenger, a mysterious old woman who delivers life-changing messages to seemingly random people all over New York City. Alana investigates, trying to determine if Messenger is a crazy homeless woman, a shaman, an angel, or the prophet the planet needs to save it. Messenger channels her messages and knows exactly to whom to deliver them. How? Alana realizes it's not always the content of the message but the time in a person's life that creates the Clinamen-- the slight swerve-- that changes everything. Can a few words change a life? A city? The world? Through a series of mistakes, Alana bends the trajectory of the story to tragic results. Finally, Alana discovers what her journey with Messenger has really been all about. A new look at the man who gave us ideas "the medium is the message" and "globalvillage".

I Am the Messenger

"In the age of fake news, understanding who we trust and why is essential in explaining everything from leadership

to power to our daily relationships." -Sinan Aral We live

in a world where proven facts and verifiable data are freely and widely available. Why, then, are self-confident ignoramuses so often believed over thoughtful experts?

And why do seemingly irrelevant details such as a person's appearance or financial status influence whether

or not we trust what they are saying, regardless of their

wisdom or foolishness? Stephen Martin and Joseph Marks compellingly explain how in our uncertain and ambiguous

world, the messenger is increasingly the message. We

frequently fail, they argue, to separate the idea being communicated from the person conveying it, explaining

why the status or connectedness of the messenger has

become more important than the message itself.

Messengers influence business, politics, local

communities, and our broader society. And Martin and

Marks reveal the forces behind the most infuriating

phenomena of our modern era, such as belief in fake news and how presidents can hawk misinformation and flagrant lies yet remain.

In this accessible collection, leading academic economists, psychologists and philosophers apply behavioural economic findings to practical policy concerns.

Short-term missions expert J. Mack Stiles believes we can't separate who we are and how we live from what we say as we interact with people about the good news of Jesus. We need to live out the reconciling forgiveness of God as opposed to loving in the world's way. And when we leave things out of the gospel, not only is the message distorted but so are we as messengers. In this book Stiles shows us an integrated approach to knowing the gospel, living the gospel and speaking the gospel makes us whole, healthy evangelists.

Fifty of today's most prominent social psychologists describe their scholarship, focusing on the human and personal side of the "life of the mind." Each author spotlights his or her least appreciated work, and discusses theory, methods, findings, or application. The contributors also use this opportunity to provide the context behind their work. Some authors describe their mentors, the influential figures who led them to certain areas of research. Others offer advice to young researchers who are just entering the field and who can learn from their predecessors' mistakes and miscalculations. These contributors address issues like how to prepare for, and make the most of, a professorship in a liberal arts college context, and how to frame a research question, title an article, handle a controversy, pursue a passion, devise a method, think about a meta-analysis, and write persuasively. Still others discuss what makes their research important to them and to the field, describing the impact of their work on their own future research agendas. In fifty engaging and succinct essays, these eminent psychologists pull back the curtain on their professional lives. Their stories are personal and touch on

With this new thriller, The New York Times bestselling author Tami Hoag delivers her own message to suspense fans everywhere: Don't turn off the lights, and keep reading if you dare. From the gritty streets of Los Angeles to its most protected enclaves of prestige and power to the ruthless glamour of Hollywood, a killer stalks his prey. A killer so merciless no one in his way is safe—not even the innocent. At the end of a long day battling street traffic, bike messenger Jace Damon has one last drop to make. But en route to delivering a package for one of L.A.'s sleaziest defense attorneys, he's nearly run down by a car, chased through back alleys, and shot at. Only the instincts acquired while growing up on the streets of L.A. allow him to escape with his life—and with the package someone wants badly enough to kill for. Jace returns to Lenny Lowell's office only to find the cops there, the lawyer dead, and Jace himself considered the prime suspect in the savage murder. Suddenly he's on the run from both the cops and a

killer, and the key to saving himself and his ten-year-old brother is the envelope he still has—which holds a message no one wants delivered: the truth. In a city fueled by money, celebrity, and sensationalism, the murder of a bottom-feeding mouthpiece like Lenny Lowell won't make the headlines. So when detectives from the LAPD's elite robbery/homicide division show up, homicide detective Kev Parker wants to know why. Parker is on the downhill slide of a once-promising career, and he doesn't want to be reminded that he used to be one of the hotshots, working cases that made instant celebrities of everyone involved. Like the case of fading retty-boy actor Rob Cole, accused of the brutal murder of his wife, Tricia Crowne-Cole, daughter of one of the most powerful men in the city, L.A.'s latest "crime of the century." Robbery/Homicide has no reason to be looking at a dead small-time scumbag lawyer or chasing a bike messenger...unless there's something in it for them. Maybe Lenny Lowell had a connection to something big enough to be killed for. Parker begins a search for answers that will lead him to a killer—or the end of his career. Because if there's one lesson he's learned over the years, it's that in a town built on fantasy and

fame, delivering the truth can be deadly.
