"When Damon Tweedy first enters the halls of Duke University Medical School on a full scholarship, he envisions a bright future where his segregated, working class background will become largely irrelevant. Instead, he finds that he has joined a new world where race is front and center. When one of his first professors mistakes him for a maintenance worker, it is a moment that crystallizes the challenges he will face throughout his early career. Making matters worse, in lecture after lecture the common refrain for numerous diseases resounds: "more common in blacks than whites." [This book] examines the complex ways in which both black doctors and patients must navigate the difficult and often contradictory terrain of race and medicine"--

A Wrinkle in Time is the winner of the 1963 Newbery Medal. It was a dark and stormy night—Meg Murry, her small brother Charles Wallace, and her mother had come down to the kitchen for a midnight snack when they were upset by the arrival of a most disturbing stranger. "Wild nights are my glory," the unearthly stranger told them. "I just got caught in a downdraft and blown off course. Let me sit down for a moment, and then I'll be on my way. Speaking of ways, by the way, there is such a thing as a tesseract." A tesseract (in case the reader doesn't know) is a wrinkle in time. To tell more would rob the reader of the enjoyment of Miss L'Engle's unusual book. A Wrinkle in Time, winner of the Newbery Medal in 1963, is the story of the adventures in space and time of Meg, Charles Wallace, and Calvin O'Keefe (athlete, student, and one of the most popular boys in high school). They are in search of Meg's father, a scientist who disappeared while engaged in secret work for the government on the tesseract problem.

God goes to great lengths to rescue lost and hurting people. In this 8-session video Bible study (streaming included), enter the culmination of God's complex plan to deliver his people in the person of Jesus Christ, our Savior. Salvation is what the story of the Bible is all about: the final goal of God's narrative. But throughout the Bible, there are two parallel dramas unfolding: The lower story, which describes the events from our human perspective. The upper story, which reveals how the events unfold from God's perspective. The goal of the God the Savior Bible study is to introduce you to these lower and upper stories as told in the New Testament. As you read these stories—featuring characters such as Mary and Joseph, the Twelve Disciples, John the Baptist, Mary Magdalene, and the central figure, Jesus Christ—you will see how God has been weaving our lower story into the greater upper story that he has been writing. This study guide has everything you need for a full Bible study experience, including: The study guide

Hailed as one of the year's top five novels by *Time*, and selected as one of the best books of the year by nearly all major newspapers, national bestseller *Peace Like a River* captured the hearts of a nation in need of comfort. "A rich mixture of adventure, tragedy, and healing," *Peace Like a River* is "a collage of legends from sources sacred and profane -- from the Old Testament to the Old West, from the Gospels to police dramas" (Ron Charles, *The Christian Science Monitor*). In "lyrical, openhearted prose" (Michael Glitz, *The New York Post*), Enger tells the story of eleven-year-old Reuben Land, an asthmatic boy who has reason to believe in miracles. Along with his sister and father, Reuben finds himself on a cross-country search for his outlaw older brother who has been controversially charged with murder. Their journey is touched by serendipity and the kindness of strangers, and its remarkable conclusion shows how family, love, and faith can stand up to the most terrifying of enemies, the most tragic of fates. Leif Enger's "miraculous" (Valerie Ryan, *The Seattle Times*) novel is a "perfect book for an anxious time ... of great literary merit that nonetheless restores readers' faith in the kindness of stories" (Marta Salij, *Detroit Free Press*).

The word Disciple in Greek is transliterated mathetes (literally, the learning one) and is derived from the verb manthano which means "to learn". It means "one who learns instruction from another", or a disciple is likened to an apprentice who learns from his master tradesman. Thus, a disciple is a person that not only gains knowledge from the teacher but also acts upon it. A disciple therefore

follows and a disciple learns from the Teacher. The disciple never replaces the one true Teacher, or takes the role of the teacher. Jesus remains our Teacher and our Lord. This study guide explores what it really means to be a disciple, within the context of the Great Commission of Matthew 28. **The Star:** The public saw her as a gifted child star: the youngest actor to win an Oscar for her role as Helen Keller in *The Miracle Worker* and the youngest actor to have a prime-time television series bearing her own name. **The Nightmare:** What the public did not see was Anna Marie Duke, a young girl whose life changed forever at age seven when tyrannical managers stripped her of nearly all that was familiar, beginning with her name. She was deprived of family and friends. Her every word was programmed, her every action monitored and criticized. She was fed liquor and prescription drugs, taught to lie to get work, and relentlessly drilled to win roles. **The Legend:** Out of this nightmare emerged Patty Duke, a show business legend still searching for the child, Anna. She won three Emmy Awards and divorced three husbands. A starring role in *Valley of the Dolls* nearly ruined her career. She was notorious for wild spending sprees, turbulent liaisons, and an uncontrollable temper. Until a long hidden illness was diagnosed, and her amazing recovery began. **The Triumph:** *Call Me Anna* is an American success story that grew out of a bizarre and desperate struggle for survival. A harrowing, ultimately triumphant story told by Patty Duke herself—wife, mother, political activist, President of the Screen Actors Guild, and at last, a happy, fulfilled woman whose miracle is her own life.

The New York Times bestselling author of *Neuromancer* and *Agency* presents a fast-paced sci-fi thriller that takes a terrifying look into the future... Flynn Fisher lives down a country road, in a rural America where jobs are scarce, unless you count illegal drug manufacture, which she's trying to avoid. Her brother Burton lives on money from the Veterans Administration, for neurological damage suffered in the Marines' elite Haptic Recon unit. Flynn earns what she can by assembling product at the local 3D printshop. She made more as a combat scout in an online game, playing for a rich man, but she's had to let the shooter games go. Wilf Netherton lives in London, seventy-some years later, on the far side of decades of slow-motion apocalypse. Things are pretty good now, for the haves, and there aren't many have-nots left. Wilf, a high-powered publicist and celebrity-minder, fancies himself a romantic misfit, in a society where reaching into the past is just another hobby. Burton's been moonlighting online, secretly working security in some game prototype, a virtual world that looks vaguely like London, but a lot weirder. He's got Flynn taking over shifts, promised her the game's not a shooter. Still, the crime she witnesses there is plenty bad. Flynn and Wilf are about to meet one another. Her world will be altered utterly, irrevocably, and Wilf's, for all its decadence and power, will learn that some of these third-world types from the past can be badass.
