

The Nag Hammadi Library

This eye-opening collection of texts sheds light on the esoteric knowledge of Gnosticism, revealing intimate conversations between Jesus and his Disciples. In 1945, several gospels, hidden since the first century, were found in the Egyptian Desert at Nag Hammadi. This discovery caused a sensation as the scrolls revealed the mysteries of the Gnostics—a movement which emerged during the formative period of Christianity. "Gnosis", from the Greek, broadly meaning "hidden spiritual knowledge", was associated with renouncing the material world, and focusing on attaining the life of the Holy Spirit. Many Christian sects are derived from the esoteric knowledge of Gnosticism. The gospels selected here by Alan Jacobs reveal intimate conversations between Jesus and his Disciples. The Gospel of Mary Magdalene sheds new light on his relationship with his favorite follower, while the Gospel of Thomas consists of mini-parables of deep inward and symbolic meaning—many of which are not found in the New Testament. The wisdom in this inspiring collection of texts is wholly relevant to our lives today, addressing the questions of good and evil, sin and suffering, and the path to salvation.

Among the Gnostic treasures uncovered at Nag Hammadi in 1945 is this extraordinary spiritual narrative. In it, a third-century narrator known as Allogenes--the Foreigner--recounts a series of visions and divine revelations. He describes his spiritual progress: how he overcomes fear and ignorance and ascends into the divine realm as he experiences the transcendent Unknowable God. Karen King, a contributor to The Nag Hammadi Library in English, provides a new English translation of this work, along with complete original-language Coptic text, introduction, and extensive notes.

*Includes excerpts from the texts *Includes online resources and a bibliography for further reading Many people interested in biblical themes know about the Dead Sea Scrolls and their guardians, the mysterious Essenes, the sect of Judaism that hid its priceless library in caves before marching against the Romans in an end-time war, certain that God would intervene at the decisive moment. The ancient texts found in their rock cabinets have produced tons of literature. Fewer people know about an equally fascinating finding in the same region of the planet, made only a few months apart: a collection of hitherto unknown Christian codices, buried in the 4th century AD, and found accidentally by peasants near the city of Nag Hammadi, Upper Egypt. Among the old codices was The Gospel of Thomas, lost for sixteen centuries, and other unfamiliar titles such as The Gospel of Philip and the Acts of Peter and the Twelve Apostles. In this case it was not Essenes who had entrusted them to the protection of the caves and the centuries, but monks who followed a now forgotten variant of Christianity called Gnosticism. The Gnostics were mystics who had no real use or hope for the world. Their writings became forbidden when the Church defined the canon of the books authorized to be read in the congregation. For some reason, instead of burning them, the monks of Nag Hammadi decided to entrust them to posterity, perhaps waiting for better times. The library of Nag Hammadi, Egypt is as significant in the study of early Christianity as the writings of the Essenes to the understanding of Judaism during the time of the Roman occupation. Considering the history of religions, they were composed at the opposite sides of that watershed that was the 1st century CE, which witnessed the birth of Christianity and the destruction of the temple of Jerusalem. The Dead Sea Scrolls belonged to a community that lived before the traumatic destruction of Holy City and its temple at the hands of the Romans. The library of Nag Hammadi was produced and buried by a group of Christians whose ancestors had left their place of origin many years before. Although all the titles of the Nag Hammadi library are not known, many people have heard about its most famous components: The Gospel of Thomas -at one time it was discussed whether it should be included in the New Testament- and The Gospel of Philip, which tried to revive the debate around the identity of Mary Magdalene: "Why do you love her more than all of us?" asks a disconcerted Peter to Jesus. Finally, the Nag Hammadi texts have led many scholars to reconsider the rigid canons imposed by the early Church, and the readers to find a more intimate religion that turned upside down many postulates of Christian orthodoxy. Along with the history of their discovery in 1945, the analysis of the main texts that form this collection, the exposition of their most important beliefs, and the reasons for their suppression in the 4th century CE, you will learn about the unknown gospels and the Gnostic texts of Nag Hammadi like never before.

In The Books of Jeu and the Pistis Sophia as Handbooks to Eternity Erin Evans offers an in-depth examination of the Coptic Books of Jeu and Pistis Sophia, demonstrating their system of cosmology and ritual practice, and their relationship to other contemporary Gnostic myths and ideas.

This is the most complete, up-to-date, one-volume, English-language edition of the renowned library of fourth-century Gnostic manuscripts discovered in Egypt in 1945, which rivaled the Dead Sea Scrolls find in significance. It includes the Gospel of Thomas, the Gospel of Mary, and other Gnostic gospels and sacred texts. This volume also includes introductory essays, notes, tables, glossary, index, etc. to help the reader understand the context and contemporary significance of these texts which have shed new light on early Christianity and ancient thought. This team of collaborators launched modern Gnostic studies and exposed a movement within Christianity whose teachings are in many ways as relevant today as they were centuries ago. The importance of their work has been underscored with the success of books by bestselling authors such as Elaine Pagels, Harold Bloom, and even Dan Brown. Opening the secrets of a religion which the Gnostics themselves had hoped would be kept sealed until the Last Day, this edition takes into account recent developments including the significance of the Gospel of Thomas and other lost gospels as a source of the authentic sayings of Jesus. This fascinating collection will become a welcome addition to the understanding of the formative years of the early Christian Church.

Nag Hammadi Codex VII

Exploring the Gnostic Mysteries of the Ineffable

A collection of extra-biblical scriptures written by the gnostics, updated with three ancient texts including the recently discovered Gospel of Judas This definitive introduction to the gnostic scriptures provides a crucial look at the theology, religious atmosphere, and literary traditions of ancient Christianity and Hellenistic Judaism. It provides authoritative translations of ancient texts from Greek, Latin, and Coptic, with introductions, bibliographies, and annotations. The texts are organized to reflect the history of gnosticism in the second through fourth centuries CE. This second edition provides updates throughout and adds three new ancient texts, including the recently discovered Gospel of Judas.

The Nag Hammadi Library in English Brill Archive The Nag Hammadi Library in English BRILL

The Meaning of the Nag Hammadi, now in paperback opens the with the thrilling adventure story of the discovery of the ancient Papyrii at Nag Hammadi. Muhammad Ali, the fellahin, discovered the sealed jar, he feared that it might contain a jinni, or spirit, but also had heard of hidden treasures in such jars. Greed overcame his fears and when he smashed open the jar, gold seemed to float into the air. To his disappointment, it was papyrus fragmenst, not gold, but for scholars around the world, it was invaluable. Meyer then discusses the pre-Christian forms of wisdom that went onto influence what Christians believe today. In addition, some Nag Hammadi texts are attributed to Valentinus, a man who almost became Pope, and whose rejection changed the church in significant ways. Text by text, Meyer traces the history and impact of this great find on the Church, right up to our current beliefs and popular cultural fascination with this officially suppressed secret knowledge about Jesus and his followers.

The Nag Hammadi Library After Fifty Years

The Facsimile Edition of the Nag Hammadi Codices

The Secret Book of John

The "Lost Gospels" refer to the Dead Sea Scrolls and the Nag Hammadi Library, both discovered in the 1940s. The Nag Hammadi Library consists of writings found by two peasants who unearthed clay jars in 1945 in upper Egypt. These did not appear in English for 32 years, because the right to publish was contended by scholars,

politicians, and antique dealers. The Dead Sea Scrolls, discovered in clay jars in Palestine by a goatherder in 1947, weathered similar storms. The first team of analysts were mostly Christian clergy, who weren't anxious to share material that frightened church leaders. As Dr. Hoeller shows, they rightly feared the documents would reveal information that might detract from unique claims of Christianity. Indeed, the Dead Sea Scrolls and Nag Hammadi Library both contradict and complement accepted tenets of the Old and New Testaments.

This volume contains 22 papers from the Society of Biblical Literature's 1995 commemoration of the 50th anniversary of the discovery of the Nag Hammadi Library, with special focus on the Apocryphon of John, the Gospel of Thomas, and the Gospel of Philip.

THE GNOSTIC BIBLE is by far the most comprehensive compilation of gnostic texts ever published - and the first aimed at rendering the texts in poetic, readable prose. The gnostics were religious thinkers engaged in the quest for wisdom and knowledge, and they proclaimed a salvation to be found through mystical knowledge and intuition. As the Gospel of Thomas puts it, "Know what is in front of your face and what is hidden from you will be disclosed. There is nothing hidden from you that will not be revealed." Dating from the first to the thirteen centuries, these gnostic texts represent Jewish, Christian, Hemitic, Mandaean, Manichaean, Islamic and Cathar forms of gnostic spirituality, and they derive from Egypt, the Greco-Roman world, the Middle East, Syria, Iraq, China, France and elsewhere. These texts show that gnosticism was a world religion that sought truths in a wide variety of religious traditions and expressed those truths in powerful and provocative mystical poetry and prose. The impact of gnosticism upon other religions of the world was considerable, and the influence of gnosticism continues to the present day. This volume represents the first time that such a diverse collection of gnostic texts is published in a single volume and some of the texts are translated into English for the first time here. The texts are accompanied by introductions and notes and additional study aids describe gnosticism, elucidate gnostic terms and suggest further readings.

The Impact of the Nag Hammadi Library

A Gnostic Book of Hours

The Pseudepigrapha and Apocrypha

From the Nag Hammadi Library with the different times of day and days of the week. She reveals for us the macrocosm of human experience in the microcosm of the passing hours and days. Reverent introspection in the moment yields recognition of the sacredness and eternity of who we are and what our lives mean. Book jacket.

Drawing on a wide array of sources, this anthology sets out to analyze the concepts of mystery and secrecy that occur in the ritual and rhetoric of antique Mediterranean religion, with an emphasis on Gnosticism, Christianity, and Paganism.

As an accompaniment to the corpus of the Griechischen Christlichen Schriftsteller (GCS), Adolf von Harnack created the monograph series Texte und Untersuchungen zur Geschichte der altchristlichen Literatur (TU) in 1882, which from that time on served as an "archive for the ... editions of older Christian writers". Still today, the series includes especially the old translations of the works published in the corpus - some in their original language, some in German or in another modern language. Moreover, the series is also open to preliminary studies of the editions and accompanying reviews.

Mystery and Secrecy in the Nag Hammadi Collection and Other Ancient Literature: Ideas and Practices

Nag Hammadi Codices XI, XII, XIII

The Woman Jesus Loved

First published in 1978, "The Nag Hammadi Library" was widely acclaimed by critics and scholars alike. Containing many of the writings of the Gnostics since the time of Christ, this was the work that launched modern Gnostic studies and exposed a movement whose teachings are in many ways as relevant today as they were sixteen centuries ago. Although some of the texts had appeared in other translations, the 1978 edition was the first and only translation of these ancient and fascinating manuscripts to appear in one volume. This new edition is the result of ten years of additional research, and editorial and critical work. Every translation has been changed or added to; many have been thoroughly revised. Unearthed in 1945 near the town of Nag Hammadi in Upper Egypt, the texts literally begin where the Dead Sea Scrolls end. Their discovery is seen as equally significant, bringing to light a long-hidden well of new information, sources, and insights into early Judaism

and the roots of Christianity. Each text is accompanied by a new and expanded introduction. Also included are a revised general introduction and an afterword discussing the modern relevance of Gnosticism, from Voltaire and Blake through Melville and Yeats to Jack Kerouac and science fiction writer Philip K. Dick. The translations and introductions to the Nag Hammadi texts are by members of the Coptic Gnostic Library Project, which includes such scholars as Helmut Koester, George McRae, and Elaine Pagels.

Too often the Septuagint is misunderstood or, worse, ignored in New Testament studies. In this book R. Timothy McLay makes a sustained argument for the influence of the Greek Jewish Scriptures on the New Testament and offers basic principles for bridging the research gap between these two critical texts. McLay explains the use of the Septuagint in the New Testament by looking in depth at actual New Testament citations of the Jewish Scriptures. This work reveals the true extent of the Septuagint's impact on the text and theology of the New Testament. Indeed, given the textual diversity that existed during the first century, the Jewish Scriptures as they were known, read, and interpreted in the Greek language provided the basis for much, if not most, of the interpretive context of the New Testament writers. Complete with English translations, a glossary of terms, an extensive bibliography, and helpful indexes, this book will give readers a new appreciation of the Septuagint as an important tool for interpreting the New Testament.

A comprehensive introduction to ancient wisdom literature, with fascinating essays on a broad range of topics. The Wiley Blackwell Companion to Wisdom Literature is a wide-ranging introduction to the texts, themes, and receptions of the wisdom literature of the Bible and the ancient world. This comprehensive volume brings together original essays from established scholars and emerging voices to offer a variety of perspectives on the "wisdom" biblical books, early Christian and rabbinic literature, and beyond. Varied and engaging essays provide fresh insights on topics of timeless relevance, exploring the distinct features of instructional texts and discussing their interpretation in both antiquity and the modern world. Designed for non-specialists, this accessible volume provides readers with balanced coverage of traditional biblical wisdom texts, including Proverbs, Job, Psalms, and Ecclesiastes; lesser-known Egyptian and Mesopotamian wisdom; and African proverbs. The contributors explore topics ranging from scribes and pedagogy in ancient Israel, to representations of biblical wisdom literature in contemporary cinema. Offering readers a fresh and interesting way to engage with wisdom literature, this book: Discusses sapiential books and traditions in various historical and cultural contexts Offers up-to-date discussion on the study of the biblical wisdom books Features essays on the history of interpretation and theological reception Includes essays covering the antecedents and afterlife of the texts Part of the acclaimed Wiley Blackwell Companions to Religion series, the Companion to Wisdom Literature is a valuable resource for university, seminary and divinity school students and instructors, scholars and researchers, and general readers with interest in the subject.

2018 Edition with Enoch, Jasher, and Jubilees

Proceedings of the 1995 Society of Biblical Literature Commemoration [in Philadelphia]

Nag Hammadi Codex I (the Jung Codex)

Including the Gospel of Thomas, the Gospel of Mary Magdalene

The Complete Apocrypha

The Gnostic Gospels

Tells the story of the devolution of God from perfect Oneness down to imprisonment in the material world. Original.

This is the only modern translation of the complete collection of deuterocanonical books known popularly as "The Apocrypha" that also includes Enoch, Jasher, and Jubilees. Aside from Jasher, they were included as secondary works in the canon of Scripture for most of the Church's history. The Literal Standard Version (LSV) is a modern translation that stays true to the original manuscripts. This handsome 6" x 9" edition features a matte finish with thick, high-quality, cream-colored pages and 8-point Times New Roman font for elegance and easy reading. The Complete Apocrypha offers a staggering two-thirds as much material as the canonical 66 books of the Holy Bible. Additionally, the apocryphal versions of Esther and Daniel are included in their entirety. The Complete Apocrypha includes Tobit, Judith, Wisdom, Sirach, Baruch, 1st, 2nd, 3rd, and 4th Maccabees, 1st and 2nd Esdras, Prayer of Manasses, Enoch, Jubilees, Jasher, Psalm 151, and all of the apocryphal additions to Daniel and Esther (including The Prayer of Azariah, Susanna, and Bel and the Dragon). This collection is published by Covenant Press, the publishing arm of the Covenant Christian Coalition.

A new edition of our classic, The Other Bible, including a new index, new cover, and a new introduction from the author to bring The Other Bible up to date. The Other Bible gathers in one comprehensive volume ancient, esoteric holy texts from Judeo-Christian tradition that were excluded from the official canon of the Old and New Testaments, including the Gnostic Gospels, the Dead Sea Scrolls, the Kabbalah, and several more. The Other Bible provides a rare opportunity to discover the poetic and narrative riches of this long-suppressed literature and experience firsthand its visionary discourses on the nature of God, humanity, the spiritual life, the world around us, and infinite worlds beyond this one. This new edition will include a full index and a new introduction from editor Willis Barnstone. o The interest in Gnostic texts begun with The Da Vinci Code has spread to include many

of the other "suppressed" early texts of Judaism and Christianity, and this book contains many of them in one volume.

Supplement

The Books of Jeu and the Pistis Sophia as Handbooks to Eternity

Revelation of the Unknowable God

A Complete Edition of the Nag Hammadi Codices

The Gnostic Scriptures, Second Edition

The Nag Hammadi Library was discovered in 1945 buried in a large stone jar in the desert outside the modern Egyptian city of Nag Hammadi. It is a collection of religious and philosophic texts gathered and translated into Coptic by fourth-century Gnostic Christians and translated into English by dozens of highly reputable experts. First published in 1978, this is the revised 1988 edition supported by illuminating introductions to each document. The library itself is a diverse collection of texts that the Gnostics considered to be related to their heretical philosophy in some way. There are 45 separate titles, including a Coptic translation from the Greek of two well-known works: the Gospel of Thomas, attributed to Jesus' brother Judas, and Plato's Republic. The word gnosis is defined as "the immediate knowledge of spiritual truth." This doomed radical sect believed in being here now--withdrawing from the contamination of society and materiality--and that heaven is an internal state, not some place above the clouds. That this collection has resurfaced at this historical juncture is more than likely no coincidence. --P. Randall Cohan --This text refers to the Paperback edition.

This book is the first comprehensive study on the picture and use of the figure of Mary Magdalene in those second and third century Coptic and Greek Gnostic texts in which Jesus' most famous female follower gains a prominent position.

Selected by the Modern Library as one of the 100 best nonfiction books of all time *The Gnostic Gospels* is a landmark study of the long-buried roots of Christianity, a work of luminous scholarship and wide popular appeal. First published in 1979 to critical acclaim, winning the National Book Award and the National Book Critics Circle Award, *The Gnostic Gospels* has continued to grow in reputation and influence over the past two decades. It is now widely recognized as one of the most brilliant and accessible histories of early Christian spirituality published in our time. In 1945 an Egyptian peasant unearthed what proved to be the Gnostic Gospels, thirteen papyrus volumes that expounded a radically different view of the life and teachings of Jesus Christ from that of the New Testament. In this spellbinding book, renowned religious scholar Elaine Pagels elucidates the mysteries and meanings of these sacred texts both in the world of the first Christians and in the context of Christianity today. With insight and passion, Pagels explores a remarkable range of recently discovered gospels, including the Gospel of Thomas and the Gospel of Mary Magdalene, to show how a variety of "Christianities" emerged at a time of extraordinary spiritual upheaval. Some Christians questioned the need for clergy and church doctrine, and taught that the divine could be discovered through spiritual search. Many others, like Buddhists and Hindus, sought enlightenment—and access to God—within. Such explorations raised questions: Was the resurrection to be understood symbolically and not literally? Was God to be envisioned only in masculine form, or feminine as well? Was martyrdom a necessary—or worthy—expression of faith? These early Christians dared to ask questions that orthodox Christians later suppressed—and their explorations led to profoundly different visions of Jesus and his message. Brilliant, provocative, and stunning in its implications, *The Gnostic Gospels* is a radical, eloquent reconsideration of the origins of the Christian faith.

The Discovery of the Nag Hammadi Texts

Jung and the Lost Gospels

The Other Bible

The Gnostic Discoveries

Details the momentous discovery and significance of the ancient gnostic texts hidden for sixteen centuries in Chenoboskion, Egypt • Author was a member of the party that discovered these ancient Coptic documents • Sheds new light on the vanished world in which Christianity was born • 40,000 copies sold of earlier editions • Includes the first translation of the Gospel of Thomas, with full commentary Hidden for sixteen centuries, the Nag Hammadi library, the most prodigious collection of sacred gnostic texts, were discovered in the late 1940s in Chenoboskion, a remote hamlet in upper Egypt. Among them was the Gospel according to Thomas, which aroused international publicity and alerted the world to the significance of this archeological find, believed by many scholars to surpass the Dead Sea Scrolls in importance. The Discovery of the Nag Hammadi Texts is the original survey of the contents of these documents and their significance to the world at large. Doresse's narrative allows readers direct contact with an ancient form of Christianity through the philosophical wealth of the texts-ranging from gnostic revelations and Christian apocrypha to Hermetic literature-Included in the book is the original English translation of the Gospel of Thomas first published in 1960.

This revised, expanded, and updated edition of The Nag Hammadi Library is the only complete, one-volume, modern language version of the renowned library of fourth-century manuscripts discovered in Egypt in 1945. First published in 1978, The Nag Hammadi Library launched modern Gnostic studies and exposed a movement whose teachings are in many ways as relevant today as they were sixteen centuries ago. James M. Robinson's updated introduction reflects ten years of additional research and editorial and critical work. An afterword by Richard Smith discusses the modern relevance of Gnosticism and its influence on such writers as Voltaire, Blake, Melville, Yeats, Kerouac, and Philip K. Dick. Acclaimed by scholars and general readers alike, The Nag Hammadi Library is a work of major importance to everyone interested in the evolution of Christianity, the Bible, archaeology, and the story of Western

civilization.

The collection of thirteen codices found in upper Egypt near Nag Hammadi in 1946 is one of the major archaeological discoveries of our time. Apparently the library of a Gnostic community in late antiquity, the codices are a repository of important spiritual materials from throughout the ancient world. Hence a thorough analysis of this new material is indispensable for any proper understanding of the history of religions in this period. The rich documentation which the codices add to early Coptic text material promises to raise to a new precision the historical analysis of that language. |This edition presents collotype reproductions in natural size of all folios of the thirteen codices as well as reproductions of the covers and photographs previously taken of fragments that are now lost.

Ancient Records and Modern Perspectives

A Firsthand Account of the Expedition That Shook the Foundations of Christianity

Mary Magdalene in the Nag Hammadi Library and Related Documents

This volume, with several contributors, contains the critical edition of Nag Hammadi Codes VII, with introductions, Coptic Text, English translations, and notes for each of the five tractates in the codex.

This is the third volume of the immensely useful Nag Hammadi Bibliography, the first volume of which covered 1948-1969 and was the first publication in the Nag Hammadi Studies series. The second volume covered 1970-1994. This third volume provides a complete integration of Supplements II/1-II/8 to the Bibliography as published in *Novum Testamentum* 1998-2008, with additions and corrections. This latest update contains 3,063 entries, with the set of three volumes containing 11,580 entries. Nag Hammadi and Gnostic studies continue to be of critical importance for the study of ancient religions in the Graeco-Roman world and for the study of the world of early Christianity, and the present bibliography provides an indispensable reference tool for work in these fields.
