

The Odd 1s Out How To Be Cool And Other Things I Definitely Learned From Growing Up

A highly anticipated memoir by Gabriel Byrne, the award-winning star of over 80 films, *Walking with Ghosts* is an exquisite portrait of an Irish childhood and a remarkable journey to Hollywood and Broadway success. "Make no mistake about it: *Walking with Ghosts* is a masterpiece. A book that will wring out our tired hearts. It is by turns poetic, moving, and very funny. You will find it on the shelf alongside other great Irish memoirs including those by Frank McCourt, Nuala O'Faolain and Edna O'Brien." —Colum McCann As a young boy growing up in the outskirts of Dublin, Gabriel Byrne sought refuge in a world of imagination among the fields and hills near his home, at the edge of a rapidly encroaching city. Born to working class parents and the eldest of six children, he harbored a childhood desire to become a priest. When he was eleven years old, Byrne found himself crossing the Irish Sea to join a seminary in England. Four years later, Byrne had been expelled and he quickly returned to his native city. There he took odd jobs as a messenger boy and a factory laborer to get by. In his spare time, he visited the cinema where he could be alone and yet part of a crowd. It was here that he could begin to imagine a life beyond the grey world of 60s Ireland. He reveled in the theatre and poetry of Dublin's streets, populated by characters as eccentric and remarkable as any in fiction, those who spin a yarn with acuity and wit. It was a friend who suggested Byrne join an amateur drama group, a decision that would change his life forever and launch him on an extraordinary forty-year career in film and theatre. Moving between sensual recollection of childhood in a now almost vanished Ireland and reflections on stardom in Hollywood and Broadway, Byrne also courageously recounts his battle with addiction and the ambivalence of fame. *Walking with Ghosts* is by turns hilarious and heartbreaking as well as a lyrical homage to the people and landscapes that ultimately shape our destinies.

A special fiftieth anniversary edition of Kurt Vonnegut's masterpiece, "a desperate, painfully honest attempt to confront the monstrous crimes of the twentieth century" (*Time*), featuring a new introduction by Kevin Powers, author of the National Book Award finalist *The Yellow Birds* Selected by the Modern Library as one of the 100 best novels of all time *Slaughterhouse-Five*, an American classic, is one of the world's great antiwar books. Centering on the infamous World War II firebombing of Dresden, the novel is the result of what Kurt Vonnegut described as a twenty-three-year struggle to write a book about what he had witnessed as an American prisoner of war. It combines historical fiction, science fiction, autobiography, and satire in an account of the life of Billy Pilgrim, a barber's son turned draftee turned optometrist turned alien abductee. As Vonnegut had, Billy experiences the destruction of Dresden as a POW. Unlike Vonnegut, he experiences time travel, or coming "unstuck in time." An instant bestseller, *Slaughterhouse-Five* made Kurt Vonnegut a cult hero in American literature, a reputation that only strengthened over time, despite his being banned and censored by some libraries and schools for content and language. But it was precisely those elements of Vonnegut's writing—the political edginess, the genre-bending inventiveness, the frank violence, the transgressive wit—that have inspired generations of readers not just to look differently at the world around them but to find the confidence to say something about it. Authors as wide-ranging as Norman Mailer, John Irving, Michael Crichton, Tim O'Brien, Margaret Atwood, Elizabeth Strout, David Sedaris, Jennifer Egan, and J. K. Rowling have all found inspiration in Vonnegut's words. Jonathan Safran Foer has described Vonnegut as "the kind of writer who made people—young people especially—want to write." George Saunders has declared Vonnegut to be "the great, urgent, passionate American writer of our century, who offers us . . . a model of the kind of compassionate thinking that might yet save us from ourselves." Fifty years after its initial publication at the height of the Vietnam War, Vonnegut's portrayal of political disillusionment, PTSD, and postwar anxiety feels as relevant, darkly humorous, and profoundly affecting as ever, an enduring beacon through our own era's uncertainties. "Poignant and hilarious, threaded with compassion and, behind everything, the cataract of a thundering moral statement."—*The Boston Globe*

An extra odd boxed set of the first two books in *The Odd 1s Out* series, by bestselling author and YouTube star James Rallison James Rallison has always felt like he was on the outside looking in. His YouTube videos are all about his odd behavior, and with over 15 million subscribers and millions more followers on social media, these animations have found their way into the hearts of fans who also feel like a bit of an odd one. This boxed set includes the first two books in *The Odd 1s Out* series, appealing to both established fans and new readers of all ages with their easy humor and handy advice.

From the creator of the popular website *Ask a Manager* and New York's work-advice columnist comes a witty, practical guide to 200 difficult professional conversations—featuring all-new advice! There's a reason Alison Green has been called "the Dear Abby of the work world." Ten years as a workplace-advice columnist have taught her that people avoid awkward conversations in the office because they simply don't know what to say. Thankfully, Green does—and in this incredibly helpful book, she tackles the tough discussions you may need to have during your career. You'll learn what to say when • coworkers push their work on you—then take credit for it • you accidentally trash-talk someone in an email then hit "reply all" • you're being micromanaged—or

not being managed at all • you catch a colleague in a lie • your boss seems unhappy with your work • your cubemate's loud speakerphone is making you homicidal • you got drunk at the holiday party Praise for Ask a Manager "A must-read for anyone who works . . . [Alison Green's] advice boils down to the idea that you should be professional (even when others are not) and that communicating in a straightforward manner with candor and kindness will get you far, no matter where you work."—Booklist (starred review) "The author's friendly, warm, no-nonsense writing is a pleasure to read, and her advice can be widely applied to relationships in all areas of readers' lives. Ideal for anyone new to the job market or new to management, or anyone hoping to improve their work experience."—Library Journal (starred review) "I am a huge fan of Alison Green's Ask a Manager column. This book is even better. It teaches us how to deal with many of the most vexing big and little problems in our workplaces—and to do so with grace, confidence, and a sense of humor."—Robert Sutton, Stanford professor and author of The No Asshole Rule and The Asshole Survival Guide "Ask a Manager is the ultimate playbook for navigating the traditional workforce in a diplomatic but firm way."—Erin Lowry, author of Broke Millennial: Stop Scraping By and Get Your Financial Life Together

The Odd 1s Out : This Is Great Notebook for Work

The WEIRDest People in the World

The Odd 1s Out: The First Sequel

Homo Deus

How the West Became Psychologically Peculiar and Particularly Prosperous

A New York Times Notable Book of 2020 A Bloomberg Best Non-Fiction Book of 2020 A Behavioral Scientist Notable Book of 2020 A Human Behavior & Evolution Society Must-Read Popular Evolution Book of 2020 A bold, epic account of how the co-evolution of psychology and culture created the peculiar Western mind that has profoundly shaped the modern world. Perhaps you are WEIRD: raised in a society that is Western, Educated, Industrialized, Rich, and Democratic. If so, you're rather psychologically peculiar. Unlike much of the world today, and most people who have ever lived, WEIRD people are highly individualistic, self-obsessed, control-oriented, nonconformist, and analytical. They focus on themselves—their attributes, accomplishments, and aspirations—over their relationships and social roles. How did WEIRD populations become so psychologically distinct? What role did these psychological differences play in the industrial revolution and the global expansion of Europe during the last few centuries? In *The WEIRDest People in the World*, Joseph Henrich draws on cutting-edge research in anthropology, psychology, economics, and evolutionary biology to explore these questions and more. He illuminates the origins and evolution of family structures, marriage, and religion, and the profound impact these cultural transformations had on human psychology. Mapping these shifts through ancient history and late antiquity, Henrich reveals that the most fundamental institutions of kinship and marriage changed dramatically under pressure from the Roman Catholic Church. It was these changes that gave rise to the WEIRD psychology that would coevolve with impersonal markets, occupational specialization, and free competition—laying the foundation for the modern world. Provocative and engaging in both its broad scope and its surprising details, *The WEIRDest People in the World* explores how culture, institutions, and psychology shape one another, and explains what this means for both our most personal sense of who we are as individuals and also the large-scale social, political, and economic forces that drive human history. Includes black-and-white illustrations.

The Odd 1s Out How to Be Cool and Other Things I Definitely Learned from Growing Up

John Patrick Green's goofy graphic novel series follows the super spy alligator duo the InvestiGators as they travel through the sewers and fight the forces of evil. MANGO and BRASH are the INVESTIGATORS: sewer-loving agents of S.U.I.T.* and scourge of supervillains everywhere! With their Very Exciting Spy Technology and their tried-and-true, toilet-based travel techniques, the InvestiGators are undercover and on the case! And on their first mission together, they have not one but two mysteries to solve! Can Mango and Brash uncover the clues, crack their cases, and corral the crooks—or will the criminals wriggle out of their grasp? *Special Undercover Investigation Teams

The Southern Reach Trilogy begins with this Nebula Award-winning novel that "reads as if Verne or Wellsian adventurers exploring a mysterious island had warped through into a Kafkaesque nightmare world" (Kim Stanley Robinson). Area X has been cut off from the rest of the continent for decades. Nature has reclaimed the last vestiges of human civilization. The first expedition returned with reports of a pristine, Edenic landscape; the second expedition ended in mass suicide; the third expedition in a hail of gunfire as its members turned on one another. The members of the eleventh expedition returned as shadows of their former selves, and within weeks, all had died of cancer. In *Annihilation*, the first volume of Jeff VanderMeer's Southern Reach trilogy, we join the twelfth expedition. The group is made up of four women: an anthropologist; a surveyor; a psychologist, the de facto leader; and our narrator, a biologist. Their mission is to map the terrain, record all observations of their surroundings and of one another, and, above all, avoid being contaminated by Area X itself. They arrive expecting the unexpected, and Area X delivers—they discover a massive topographic anomaly and life forms that surpass understanding—but it's the surprises that came across the border with them and the secrets the expedition members are keeping from one another that change everything.

How to Navigate Clueless Colleagues, Lunch-Stealing Bosses, and the Rest of Your Life at Work

The Deliberate Dumbing Down of America

The Power of Passion and Perseverance

Cyanide and Happiness

"From the acclaimed author of *Wintering*: a thrilling ode to the spirit of adventure and the vagaries of loss and love. In 1897 Norway, Odd Einar Eide returns home from a harrowing disaster in the northernmost Arctic only to witness his own funeral in full swing. His wife Inger, stunned to see him alive, is slow to return his devoted affection: she'd spent countless sleepless nights convinced she had now lost both her husband and their daughter, Thea, who'd emigrated to America two years before and has yet to answer their many anxious letters. Further complicating their reconciliation, a newspaperman gets wind of Eide's miraculous survival and invites them both to the city of Tromsø so he can write what he is sure will be a bestselling story. In 2017 Minnesota, Greta Nansen, desperately unhappy, decides to leave her children in her father's care and follow her husband to Oslo, where he's on assignment, in order to end their marriage. But for reasons mystifying even to her, she travels instead to the upper fringe of Norway—to the town where her great-great grandmother Thea was born. A dual narrative told by blood relatives separated by five generations, *Northernmost* confronts the darkest recesses of the human heart and celebrates our astonishing ability to endure the most excruciating trials--

Dragons exist. They're ferocious. And they're smart: Before they were killed off by slayer-knights, they rendered a

select group of eggs dormant, so their offspring would survive. Only a handful of people know about this, let alone believe it – these "Slayers" are descended from the original knights, and are now a diverse group of teens that includes Tori, a smart but spoiled senator's daughter who didn't sign up to save the world. The dragon eggs have fallen into the wrong hands. The Slayers must work together to stop the eggs from hatching. They will fight; they will fall in love. But will they survive?

In this instant New York Times bestseller, Angela Duckworth shows anyone striving to succeed that the secret to outstanding achievement is not talent, but a special blend of passion and persistence she calls "grit." "Inspiration for non-genius everywhere" (People). The daughter of a scientist who frequently noted her lack of "genius," Angela Duckworth is now a celebrated researcher and professor. It was her early eye-opening stints in teaching, business consulting, and neuroscience that led to her hypothesis about what really drives success: not genius, but a unique combination of passion and long-term perseverance. In Grit, she takes us into the field to visit cadets struggling through their first days at West Point, teachers working in some of the toughest schools, and young finalists in the National Spelling Bee. She also mines fascinating insights from history and shows what can be gleaned from modern experiments in peak performance. Finally, she shares what she's learned from interviewing dozens of high achievers—from JP Morgan CEO Jamie Dimon to New Yorker cartoon editor Bob Mankoff to Seattle Seahawks Coach Pete Carroll. "Duckworth's ideas about the cultivation of tenacity have clearly changed some lives for the better" (The New York Times Book Review). Among Grit's most valuable insights: any effort you make ultimately counts twice toward your goal; grit can be learned, regardless of IQ or circumstances; when it comes to child-rearing, neither a warm embrace nor high standards will work by themselves; how to trigger lifelong interest; the magic of the Hard Thing Rule; and so much more. Winningly personal, insightful, and even life-changing, Grit is a book about what goes through your head when you fall down, and how that—not talent or luck—makes all the difference. This is "a fascinating tour of the psychological research on success" (The Wall Street Journal).

Rosenberg and Wan-Long Shang tell the story of a boy caught in the middle of cultures, friends, and growing up Chinese-Jewish-American in this hilariously witty and heartwarming coming-of-age.

"Julie Houts has cultivated a devoted following as "Instagram's favourite illustrator" (Vogue) by lampooning the conflicting messages and images women consume and share with the world every day. A collection of darkly comic illustrated essays, Literally Me chronicles the daily exploits of "slightly antisocial heroines" (Refinery29) in vivid, excruciatingly funny detail, including: -The beauty routine of a deranged bride who aspires to be "truly without flaws" on her wedding day -What happens when Kylie Jenner has an existential crisis and can no longer "step out" -A journey to Coachella by the Four Horsewomen of the Apocalypse -The true dating confessions of a fembot -The terrifying description for Alice Stauch's book How to be the Perfect Feminist -The diary of Fiddle Ficus, a tree that lives inside a CÉLINE store, and much more. Literally Me marks the launch of a brilliant new social satirist. Julie's singular voice and beautiful illustrations reveal the truth about the absurdity of life in the social media age: the line between becoming a total 'Girlboss' and a 21st-century American Psycho is razor-thin."--Dust jacket.

"The text is suitable for a typical introductory algebra course, and was developed to be used flexibly. While the breadth of topics may go beyond what an instructor would cover, the modular approach and the richness of content ensures that the book meets the needs of a variety of programs."--Page 1.

Introducing the first real, tangible, ignitable collection of the hit online comic Cyanide & Happiness, featuring a selection of your favorite comics and thirty brand-new strips. From the minds of Kris, Rob, Matt, and Dave comes a barrage of irreverent entertainment sure to keep you amused until the day you die. Just see what their mothers have to say! "Dave is a nice, young man with a bright future ahead of him. I always knew he was a gifted boy who would go on to do great things. I hope he settles down with a nice, young woman and ****s the **** out of her." —Dave's mom "I don't know how to get computer pictures, so I'm glad Kris finally has a book out. I haven't read it yet, but I hope he gives me a quote on the back." —Kris's mom "I hope Robert's book does well so he can finally afford to move out. He plays his hip-hop music too loud." —Rob's mom Matt's mom was unavailable for a quote due to being dead.

The idea of "The Green Book" is to give the Motorist and Tourist a Guide not only of the Hotels and Tourist Homes in all of the large cities, but other classifications that will be found useful wherever he may be. Also facts and information that the Negro Motorist can use and depend upon. There are thousands of places that the public doesn't know about and aren't listed. Perhaps you know of some? If so send in their names and addresses and the kind of business, so that we might pass it along to the rest of your fellow Motorists. You will find it handy on your travels, whether at home or in some other state, and is up to date. Each year we are

compiling new lists as some of these places move, or go out of business and new business places are started giving added employment to members of our race.

Come spend some time in Liz Climo's world! The artist and popular blogger returns with another collection of her comics--this time following the seasons with her most beloved characters. Fans love Liz Climo's charmingly funny animal kingdom, which was first featured in The Little World of Liz Climo and Lobster is the Best Medicine. Best Bear Ever! follows Bear and Rabbit, along with their other friends (including Otter, Sloth, Skunk, and Turtle), to commemorate special days throughout the year, while also embarking on fun adventures to celebrate the seasons. When you have good pals like these, any time of year can be the BEST EVER!

Draw, color, and create with The Odd 1s Out! In this official, one-of-a-kind activity book, fans of the New York Times bestselling Odd 1s Out series can step into the world of James Rallison to draw, create, and put yourself into the scene. Draw the future in James's crystal ball, scribble all over the walls like baby James, sketch out the lifecycle of Harry the Moth, come up with some entirely original phrases that no one has ever said out loud before, and so much more! Pop the caps on your markers, crack the spine, and get ready to create an odd world of your own!

In this book you will discover "how good teachers across America have been forced to use controversial, non-academic methodology in their classrooms; how "school choice" is being used to further dangerous reform goals, and how home schooling and private education are especially vulnerable; how workforce training (school-to-work) is an essential part of an overall plan for a global economy, and how this plan will shortcircuit your child's future career plans and opportunities; [and] how the international, national, regional, state and local agendas for education reform are all interconnected and have been for decades. The deliberate dumbing down of America is a chronological history of the past 100+ years of education reform. Each chapter takes a period of history and recounts the significant events, including important geopolitical and societal contextual information. Citations from government plans, policy documents, and key writings by leading reformers record the rise of the modern education reform movement"--Website:

Winner of the Pulitzer Prize "A masterwork . . . the novel astonishes with its inventiveness . . . it is nothing less than a grand comic fugue." The New York Times Book Review A Confederacy of Dunces is an American comic masterpiece. John Kennedy Toole's hero, one Ignatius J. Reilly, is "huge, obese, fractious, fastidious, a latter-day Gargantua, a Don Quixote of the French Quarter. His story bursts with wholly original characters, denizens of New Orleans' lower depths, incredibly true-to-life dialogue, and the zaniest series of high and low comic adventures" (Henry Kisor, Chicago Sun-Times).

From the USA Today bestselling author who is a "master of witty banter" (Entertainment Weekly) come a "perfect rom-com" (Refinery29) that proves when opposites attract, sparks fly. With her bridezilla friend on a DIY project rampage, bridesmaid Jane Denning will do anything to escape - even if it means babysitting the groom's troublemaker brother before the wedding. It should be a piece of cake, except the "cake" is a sarcastic former soldier who is 100% wicked hotness and absolutely off-limits. Cameron MacKinnon is ready to let loose after returning from his deployment. But first he'll have to sweet talk the ultra-responsible Jane into taking a walk on the wild side. Turns out, riling her up is the best time he's had in years. But what happens when the fun and games start to turn into something real? "Delightfully sexy and sweet." -- Lauren Layne, New York Times bestselling author "Fantastic! Compelling characters, tons of heat, loads of heart. I highly recommend!" -- M. O'Keefe, USA Today bestselling author "When it comes to creating unputdownable

contemporary romances, Holiday is in it to win it." -- Booklist "Satisfying." --The New York Times Book Review What readers are saying about One and Only: "A fun, fast-paced, satisfying read." "Cam is my new book boyfriend....This book is going on my keeper shelf." "This book was SO ENJOYABLE. Every single page gave me all the feels. I loved the characters, the plot, the writing - everything." "A sweet, hilarious and powerful romance story that will warm your heart."

A Little Year of Liz Climo

"Spurious Correlations ... is the most fun you'll ever have with graphs."--Bustle Military intelligence analyst and Harvard Law student Tyler Vigen illustrates the golden rule that "correlation does not equal causation" through hilarious graphs inspired by his viral website. Is there a correlation between Nic Cage films and swimming pool accidents? What about beef consumption and people getting struck by lightning? Absolutely not. But that hasn't stopped millions of people from going to tylervigen.com and asking, "Wait, what?" Vigen has designed software that scours enormous data sets to find unlikely statistical correlations. He began pulling the funniest ones for his website and has since gained millions of views, hundreds of thousands of likes, and tons of media coverage. Subversive and clever, Spurious Correlations is geek humor at its finest, nailing our obsession with data and conspiracy theory.

Stephen King's legendary debut, the bestselling smash hit that put him on the map as one of America's favorite writers "Gory and horrifying. . . . You can't put it down." --Chicago Tribune Unpopular at school and subjected to her mother's religious fanaticism at home, Carrie White does not have it easy. But while she may be picked on by her classmates, she has a gift she's kept secret since she was a little girl: she can move things with her mind. Doors lock. Candles fall. Her ability has been both a power and a problem. And when she finds herself the recipient of a sudden act of kindness, Carrie feels like she's finally been given a chance to be normal. She hopes that the nightmare of her classmates' vicious taunts is over . . . but an unexpected and cruel prank turns her gift into a weapon of horror so destructive that the town may never recover.

"As original as it is affecting . . . left me genuinely creeped out, unsettled, and shaken. An existentially frightening book." --Paul Tremblay, author of Survivor Song "Hold on, this isn't a ride, it's a slide, and it doesn't care whether you're ready or not." --Stephen Graham Jones, author of The Only Good Indians A widower battles his grief, rage, and the mysterious evil inhabiting his home smart speaker, in this mesmerizing horror thriller from Gus Moreno. It was Vera's idea to buy the Itza. The "world's most advanced smart speaker!" didn't interest Thiago, but Vera thought it would be a bit of fun for them amidst all the strange occurrences happening in the condo. It made things worse. The cold spots and scratching in the walls were weird enough, but peculiar packages started showing up at the house—who ordered industrial lye? Then there was the eerie music at odd hours, Thiago waking up to Itza projecting light shows in an empty room. It was funny and strange right up until Vera was killed, and Thiago's world became unbearable. Pundits and politicians all looking to turn his wife's death into a symbol for their own agendas. A barrage of texts from her well-meaning friends about letting go and moving on. Waking to the sound of Itza talking softly to someone in the living room . . . The only thing left to do was get far away from Chicago. Away from everything and everyone. A secluded cabin in Colorado seemed like the perfect place to hole up with his crushing grief. But soon Thiago realizes there is no escape—not from his guilt, not from his simmering rage, and not from the evil hunting him, feeding on his grief, determined to make its way into this world. A bold, original horror novel about grief, loneliness and the oppressive intimacy of technology, This Thing Between Us marks the arrival of a spectacular new talent.

Like any shy teen turned young adult, YouTube star James Rallison ("The Odd 1s Out") is used to being on the outside looking in. He wasn't partying in high school or winning football games like his older brother. Instead, he posted comics on the Internet. Now, he's ready to share his hard-earned advice from his 21 years of life in the funny, relatable voice his fans love. In this illustrated collection, Rallison tells his own stories of growing up as the "odd one out": in art class with his twin sister (she was more talented), in the middle school locker room, and up to one strange year of college (he dropped out). Each story is filled with the little lessons he picked up along the way, serious and otherwise, like: How to be cool (in seventh grade); Why it's OK to be second-best at something, and How to survive your first, confidence-killing job interviews. Filled with fan-favorite comics and never-before-seen material, this tongue-in-cheek take on some of the weirdest, funniest parts of life is perfect for both avid followers and new converts.

How to Be Cool and Other Things I Definitely Learned from Growing Up

A Confederacy of Dunces

1940 Edition

This Thing Between Us

Carrie

the asdf book

Hilarious stories and advice about the ups and downs of growing up, from a hugely popular YouTube artist and storyteller.

In 2008, Thomas "TomSka" Ridgewell uploaded a short animated film to YouTube; he called it asdfmovie. It has since been viewed more than 50 million times and has spawned eight sequels and many, many dedicated fans. Now, for the first time, the weird and wonderful world of asdf has exploded onto the page in ART IS DEAD, a book conceived and written by Tom and illustrated by

Matt Ley. Featuring much-loved characters from the films, as well as brand-new, never-before-seen comics and bonus material - including the asdf origin story and Tom's own sketches - ART IS DEAD is a comic book like no other. Expect trains, potatoes, suicidal muffins and jokes about "death, destruction and things talking that don't normally talk", all wrapped up in book so awkwardly shaped it will make your shelves look weird. (Sorry about that.)

Robert James Rallison (born May 14, 1996), known online as TheOdd1sOut (also spelled The Odd 1s Out and simply Odd1sOut), is an American YouTuber.[6] As of January 2020, his primary YouTube channel had 13.4 million subscribers. His secondary YouTube channel (TheOdd2sOut) had over 2.3 million subscribers.

An ancient evil, a terrible prophecy -- and five dragonets who could save the world . . . Don't miss the most thrilling adventure yet in the New York Times bestselling Wings of Fire series! Qibli knows Darkstalker must be stopped. And he knows he could stop him -- if he had magic. With even a sliver of the ancient dragon's all-powerful scroll, Qibli could rewrite history the right way: end war forever; make every dragon happy; perhaps even cast a very small spell so that everyone would like him . . . Instead, as Darkstalker's dangerous influence spreads across Pyrrhia, entrancing or killing every dragon in the seven tribes, Qibli can only grasp the small animus objects he's borrowed from Turtle. With some clever thinking, Qibli's talons finally hold the power to make a difference. But prophecies are not easy to rewrite. Can Qibli be the magical force Pyrrhia needs, or will he be the one to bring Jade Mountain -- and his family, his friends, his whole world -- crashing down?

One and Only

The Odd 1s Out Doodle Book

How to be Cool and Other Things I Definitely Learned from Growing Up

Darkness of Dragons (Wings of Fire #10)

"From the New York Times bestselling author of People I Want to Punch in the Throat comes a smart, funny, personal examination of what it's like to be at the crossroads of a woman's midlife crisis. Jen Mann had what appeared to be the perfect life: a successful career as a bestselling author and award-winning blogger, a devoted husband, teenage kids who weren't total jerks, and a badass minivan. So imagine her surprise when, at forty-seven years old, a midlife crisis kicked her straight in the ladybits. In an attempt to deal with the resulting range of emotions and physical changes in midlife, Jen posted a completely honest now-viral post, "Anyone Else Falling Apart Or Is It Just Me?" The response was instantaneous and overwhelming. Women from all over the country flooded the comments section, glad to see they weren't the only ones experiencing this feeling of isolation and dissatisfaction. It was the beginning of a movement. Midlife Bites encompasses these important conversations and observations, and creates a space and community for women to navigate through this major point in their lives, together, offering valuable insights and takeaways. Jen shares her own story as well as advice and wisdom from the online community she built. Please note, this is not your mother's midlife crisis. Different from the typical self-help book, Jen tackles everything that bites about midlife and nothing is off-limits with her no-nonsense approach. Subjects include: raging hormones; sex (after forty); finding your purpose; learning to make new friends (yes, even as a grown-up); moving out of your comfort zone; having conversations that count, no more small talk; and how to deal with rogue chin hairs (and other nuisances). Midlife Bites is Jen Mann's call to action. She is leading the movement to create a new space where middle-aged women can share openly and honestly with one another. This no-BS collection of essays will help start the conversation and keep it going, because as women, we all have a right to be happy, fulfilled, and to feel whole, no matter what stage of life"--

When things get scary, it's nice to know that Odd is on our side. The one and only Odd Thomas is back—in his second edgy and enthralling graphic-novel adventure from #1 New York Times bestselling suspense master Dean Koontz. It's Halloween in Pico Mundo, California, and there's a whiff of something wicked in the autumn air. While the town prepares for its annual festivities, young fry cook Odd Thomas can't shake the feeling that make-believe goblins and ghouls aren't the only things on the prowl. And he should know, since he can see what others cannot: the spirits of the restless dead. But even his frequent visitor, the specter of Elvis Presley, can't seem to point Odd in the right direction. With the help of his gun-toting girlfriend, Stormy, Odd is out to uncover the terrible truth. Is something sinister afoot in the remote barn guarded by devilish masked men? Has All Hallows Eve mischief taken a malevolent turn? Or is the pleading ghost of a trick-or-treater a frightening omen of doom?

Official U.S. edition with full color illustrations throughout. NEW YORK TIMES BESTSELLER Yuval Noah Harari, author of the critically-acclaimed New York Times bestseller and international phenomenon Sapiens, returns with an equally original, compelling, and provocative book, turning his focus toward humanity's future, and our quest to upgrade humans into gods. Over the past century humankind has managed to do the impossible and rein in famine, plague, and war. This may seem hard to accept, but, as Harari explains in his trademark style—thorough, yet riveting—famine, plague and war have been transformed from incomprehensible and uncontrollable forces of nature into manageable challenges. For the first time ever, more people die from eating too much than from eating too little; more people die from old age than from infectious diseases; and more people commit suicide than are killed by soldiers, terrorists and criminals put together. The average American is a thousand times more likely to die from bingeing at McDonalds than from being blown up by Al Qaeda. What then will replace famine, plague, and war at the top of the human agenda? As the self-made gods of planet earth, what destinies will we set ourselves, and which quests will we undertake? Homo Deus explores the projects, dreams and nightmares that will shape the twenty-first century—from overcoming death to creating artificial life. It asks the fundamental questions: Where do we go from here? And how will we protect this fragile world from our own destructive powers? This is the next stage of evolution. This is Homo Deus. With the same insight and clarity that made Sapiens an international hit and a New York Times bestseller, Harari maps out our future.
